The minor is for students who are interested in gender, sexuality, and feminist perspectives. While it is an especially good complement to a major in the humanities, social sciences, health and human services, or natural sciences, it is open to students in any major in the university.

The interdisciplinary minor consists of two required courses and four electives. Students interested in feminist and gender issues choose their elective courses from a broad range of offerings. Those who wish to focus on LGBTQ (lesbian, gay, bisexual, transgender, and queer issues) issues, take an introductory course focused on these issues and two electives that incorporate more specifically such perspectives.

Admissions & Policies

Policies
Eight credits of coursework must be unique to the minor and students must complete all coursework with a minimum GPA of 2.00. For policies governing all minors, see AP.5.3.4 Minors.
