This 15-credit certificate provides supplemental training for practitioners, families, and caregivers who use assistive technology while working with people with disabilities. The certificate is appropriate for general and special educators, related service personnel, adult service providers, and families and caregivers who need to apply assistive technology solutions within their specific discipline or school, work, home, or community setting.

This certificate may be pursued on a part-time or full-time basis.

## Admissions & Policies

### Policies

For policies governing all graduate certificates, see AP.6.8 Requirements for Graduate Certificates.

## Requirements

### Certificate Requirements

Total credits: 15

#### Required Courses

EDAT 510	Introduction to Assistive Technology	3
