

LINGUISTICS MINOR

Banner Code: LING

Academic Advising

A487 Robinson Hall
Fairfax Campus

Email: english@gmu.edu

Website: english.gmu.edu/programs/la-minor-la-ling

Linguistics is the scientific study of language. Language is studied descriptively, theoretically, computationally, and psychologically, and as a social phenomenon. The field of linguistics thus informs and is informed by many other areas of study, including philosophy, psychology, sociology, computer science, the study of individual languages and literatures, literary studies, and education.

This minor introduces the fundamental concepts of modern linguistic theory and explores how these concepts relate to various other disciplines.

Faculty

Back, Goldin, Jones, Leeman, Levine, Morrill, Roman-Mendoza, Serafini, Weinberger (director), Wulf

Admissions & Policies

Policies

Eight credits of coursework must be unique to the minor and students must complete all coursework with a minimum GPA of 2.00. For policies governing all minors, see AP.5.3.4 Minors.
