Administration

- Ioannis Bellos, Director

The Graduate Certificate in Business Analytics will help analysts and professionals from diverse domains to effectively analyze data through the hands-on use of decision modeling and other techniques using popular software tools. The program covers a wide array of methodologies and techniques – from data collection, organization, reporting and mining to extraction of useful and actionable information for decision makers.

Courses (grades of C* or better) taken as part of the Graduate Certificate in Business Analytics can be applied toward the Mason MBA, MS in Business Analytics, or MS in Management degrees upon acceptance into the degree program. To see which certificate courses apply to the degree program, visit the Costello College of Business (<http://catalog.gmu.edu/colleges-schools/business/>) website.

*Students earning a C in a certificate course should refer to catalog policy AP.6.6 (<https://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-6>) for details on the impact of unsatisfactory passing grades on academic standing.

Non-MBA students enroll in GBUS courses while MBA students enroll in MBA courses.

The Graduate Certificate in Business Analytics operates on an 8-week module structure and can be pursued either as face-to-face or online format.

To verify if this certificate currently qualifies for Title IV Federal Financial Aid please visit the unit website (<https://business.gmu.edu/programs/graduate/admissions/>).
