Administration

- Victoria Grady, Academic Director, MBA and MS in Management Programs

Business analytics graduate certificate will help analysts and professionals from diverse domains to effectively analyze data through the hands-on use of decision modeling and other techniques using popular software tools. The program covers a wide array of methodologies and techniques — from data collection, organization, reporting and mining to extraction of useful and actionable information for decision makers.

This certificate may be completed on a part-time or full-time basis.

This certificate qualifies for Title IV Federal Financial Aid. For more information about program graduation rates, the median debt of students who completed the program, and other important information, please visit our disclosure page (https://irr2.gmu.edu/gedt/Business_Analytics/Gedt.html).

Admissions & Policies

Admissions

Eligibility Requirements
All students registering for School of Business graduate courses must have graduate standing. Non-degree student status is not available.

Full eligibility and admission requirements can be viewed at on the program website (http://business.gmu.edu/mba-programs/analytics).

Policies

Students may use the credits completed as part of their graduate degree requirements in accordance with program requirements and AP6 Graduate Policies. A maximum of 3 graduate credits taken at another institution can be transferred to the graduate certificate. The time limit for completion is four years from the date of admission to the graduate certificate. Students must have a minimum GPA of 3.00 to complete the certificate.

Requirements

Certificate Requirements
