Administration

• David Gallay, Assistant Director, School of Business Minor Programs

The business minor provides an introduction to the skills needed for success in the rapidly changing and evolving world of business. Because it is designed for non-business students who seek to learn business essentials to enhance their own area of expertise, the minor provides broad exposure to business concepts and theories. The minor also presents and integrates the major functional areas in business to solve management problems through the use of IT. Strong written and oral communication skills are expected.

Admissions & Policies

Policies

For policies governing all minors, see AP.5.3.4 Minors. The School of Business residency requirement for this minor supersedes the university requirement: at least nine credits must be earned at Mason.

At least eight credits of the minor courses must be unique to the Business Minor and not applied toward any other major, minor, or concentration. Students must achieve a grade of C or better in each course that is applied toward the minor.

Excluded Courses

These courses may not be taken for credit by School of Business majors.

Students who have already taken and received credit for relevant School of Business foundation or core course(s) shall substitute courses as follows and cannot receive credit for the equivalent MBUS course:

• ACCT 203 Survey of Accounting for MBUS 300 Accounting in a Global Economy
• FNAN 301 Financial Management or FNAN 303 Financial Management for MBUS 308 Corporate Finance and Investments in a Global Economy
