Website: <https://education.gmu.edu/special-education/med-certificate-autism-spectrum-disorders>

This 18-credit non-licensure certificate provides training in topic areas required to implement instructional programs for individuals with autism across their lifespan. The certificate is appropriate for educators, interventionists, psychologists, pathologists, behavior analysts, or family members who want to enhance their preparation for working with children and adults affected with autism spectrum disorders in a variety of educational, community and vocational settings.

This graduate certificate is offered in an asynchronous online format and may only be pursued on a part-time basis.

Admissions & Policies

Policies

For policies governing all graduate certificates, see AP6.8 Requirements for Graduate Certificates (<http://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-8>).
