HEALTH POLICY, MS (TITLE CHANGE PENDING SCHEV APPROVAL)

Banner Code: HH-MS-HTHP

Academic Advising

Website: https://chhs.gmu.edu/students/academic-advising/graduate-advising#hap

Note: As of catalog publication in April, the title for this program (formerly known as Health and Medical Policy, MS) has been approved by the Board of Visitors and sent to the State Council of Higher Education in Virginia.

The master's program in health policy prepares students to become analysts and informed decision-makers at the local, state, and national levels, to be policy consultants, to support the work of foundations, or to engage with public health and advocacy organizations in the U.S. and abroad. Students are expected to graduate with the knowledge and skills needed to analyze health policy issues; examine health system approaches; formulate new policies; and support policy development in health care financing, healthcare delivery system innovations, and the allocation of scarce resources.

Students will learn how health care services in the U.S. are delivered and paid for, how well the U.S. health care system performs from an individual and societal perspective, and how various key stakeholders influence the formation and development of health policy.

Admissions & Policies

Admissions

Requirements

Applicants must meet the admission standards and application requirements specified in Graduate Admissions and must apply using the online Application for Graduate Admission (https://www2.gmu.edu/admissions-aid). The application process is competitive, and applications are considered for the fall and spring semesters. For application deadlines and detailed application requirements, refer to the CHHS Admissions website (http://chhs.gmu.edu/admissions/graduate/deadlines.cfm).

Policies

For policies governing all graduate degrees, see AP.6 Graduate Policies.

Transfer of Credit

Students may transfer a maximum of 12 credits from graduate courses taken at other institutions or taken at Mason in non-degree status. Transfer credit is subject to university and college policies and must be approved by the program director and the dean. Students who enroll initially through non-degree studies should seek course advising through the department and should submit their application to the MS program in their first semester of study.

Requirements
