The PhD in linguistics trains students in the science of language. Students become specialists in the core areas of linguistics— phonology, syntax, and semantics –and learn to integrate this core with the study of second language acquisition. The program prepares students for positions in academia, industry, government, and a host of organizations concerned with language and second language acquisition. Graduates may become research and teaching professors, administrators of language-learning programs, and consultants in computational linguistic research.

## Admissions & Policies

### Admissions

Applicants to all graduate programs at George Mason University must meet the admission standards and application requirements for graduate study as specified in Graduate Admissions. Applicants must already have earned a master's degree in a relevant field.

For specific information, see Application Requirements and Deadlines (<http://linguistics.gmu.edu/programs/application/LA-PHD-LING>).

### Policies

For policies governing all graduate degrees, see Graduate Policies.

### Reduction of Credit

For students entering the doctoral program with a master's degree, the number of required credits may be reduced by a maximum of 30 credits, subject to approval of the program faculty and the dean. Requests for reduction of credit are reviewed only after acceptance to the doctoral program.

### Advancement to Candidacy

To advance to candidacy, students must complete all coursework required on their approved program of study. Students must also successfully pass a written qualifying exam and an oral qualifying exam. In addition, students must have a dissertation committee appointed by the Dean's Office as well as an approved proposal. Evidence of the approved proposal must be on file in the Dean's Office before a student can advance to candidacy.

### Dissertation

Once enrolled in LING 999 Doctoral Dissertation, students must follow the university's continuous registration policy as specified in AP6.10.6 Dissertation Research. Students who defend in the summer must be registered for at least 1 credit of LING 999 Doctoral Dissertation.

Students apply to this degree a minimum of 12 dissertation credits (LING 998 Doctoral Dissertation Proposal and LING 999 Doctoral Dissertation combined) with at least 3 credits of LING 999 Doctoral Dissertation. Because of the continuous registration policy, students may be required to register for additional credits of these courses.
