This course is graded on the Graduate Regular scale. (p. 84)

PHYS 695: Applied Fluid Mechanics. 3 credits.
Introduction to concepts of fluid mechanics and solving its equations using numerical techniques. The concepts and methods of computational fluid dynamics (CFD) will be introduced. Topics include fluid mechanics equations, spatial and temporal discretization, finite difference and finite volume schemes, accuracy and convergence. This course requires writing of code to solve the governing equations of fluid mechanics. Offered by Physics & Astronomy (p. 757). May not be repeated for credit.

Recommended Prerequisite: PHYS 620 or PHYS 705 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

700 Level Courses

PHYS 701: Theoretical Physics. 3 credits.
Study of the physical basis for selection of particular mathematical tools in physics; topics include curvilinear coordinates, tensors, matrices, differential equations, special functions, complex variables, and group theory. Offered by Physics & Astronomy (p. 757). May not be repeated for credit.

Recommended Prerequisite: Undergraduate degree in physics or permission of instructor.

Registration Restrictions:
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 703: Seminar in Physics. 1 credit.
A general seminar course that combines invited seminars from faculty (both internal and external) with graduate student seminars. Offered by Physics & Astronomy (p. 757). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PHYS 705: Classical Mechanics. 3 credits.
Study of classical mechanics; topics include variational principles, constrained motion, Lagrangian and Hamiltonian mechanics, canonical transformations, and applications (central forces, rigid-body motion, oscillations). Offered by Physics & Astronomy (p. 757). May not be repeated for credit.

Recommended Prerequisite: Undergraduate degree in physics or permission of instructor.

Registration Restrictions:
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 711: Statistical Mechanics. 3 credits.
Topics include thermodynamics, kinetic theory, ensemble theory, quantum statistics, and applications. Offered by Physics & Astronomy (p. 757). May not be repeated for credit.

Recommended Prerequisite: Undergraduate degree in physics or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 736: Computational Quantum Mechanics. 3 credits.
Study of the fundamental concepts of quantum mechanics from a computational point of view, review of systems with spherically symmetric potentials, many-electron-atom solutions to Schrodinger’s equation, electron spin in many-electron systems, atomic structure calculations, algebra of many-electron calculations, Hartree-Fock self-consistent field method, molecular structure calculations, scattering theory computations, and solid-state computations. Offered by Physics & Astronomy (p. 757). May not be repeated for credit. Equivalent to CHEM 736, CSI 783.

Registration Restrictions:
Required Prerequisites: PHYS 502B- and 510B-.

B- Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 760: Space Plasma Physics. 3 credits.
Covers plasma processes involved in today’s space physics research, including different regimes of plasma; basic concepts in kinetic, fluid, and MHD plasmas; and existent waves in these media. Also covers basics of shocks, discontinuities, transport and acceleration of particles such as cosmic rays, reconnection, and MHD instabilities. Offered by Physics & Astronomy (p. 757). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: PHYS 513B- or 685B-.

B- Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 780: Advanced Selected Topics in Physics. 3 credits.
Selected topics in physics not covered in fixed-content physics courses. Offered by Physics & Astronomy (p. 757). May be repeated within the term for a maximum 6 credits.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 784: Quantum Mechanics II. 3 credits.
Advanced topics in quantum mechanics. Covers density and tensor operators, approximation methods, scattering theory, and identical particles. Offered by Physics & Astronomy (p. 757). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: PHYS 684B-.

B- Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 785: Classical Electrodynamics II. 3 credits.
Advanced topics in electrodynamics. Covers radiation, scattering and diffraction, special relativity, relativistic particle dynamics, Lorentz transformation, 4-vectors, transformation of fields, charges and currents, Thomas precession, retarded potentials, and radiation from moving charges. Offered by Physics & Astronomy (p. 757). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: PHYS 685B-.

B- Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PHYS 786: Quantum Field Theory of Particles and Condensed Matter. 3 credits.
Introduction to quantum field theory and its applications in particle and condensed matter physics. Topics: second quantization, scalar bosonic and fermionic fields, symmetries and conserved currents, Dirac equation, gauge theory, quantum electrodynamics, Feynman diagrams, renormalization, Fermi liquid, symmetry breaking, superconductivity, magnetism, path integral, quantum phase transitions to topological order,
PHYS 796: Directed Reading and Research. 1-12 credits. Reading and research on a specific topic in physics or related field under the direction of a faculty member. Offered by Physics & Astronomy (p. 757). May be repeated within the term.

Required Prerequisite: PHYS 684

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

PHYS 798: Research Project. 3 credits. Project chosen and completed under the guidance of a graduate faculty member, which results in an acceptable technical report. Offered by Physics & Astronomy (p. 757). May be repeated within the degree for a maximum 6 credits.

Required Prerequisite: 9 graduate credits, and permission of instructor.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Research

Grading: This course is graded on the Graduate Special scale. (p. 84)

PHYS 998: Doctoral Dissertation Proposal. 1-12 credits. Covers development of a research proposal under the guidance of a dissertation director and the doctoral committee. The proposal forms the basis for the doctoral dissertation. Notes: No more than 24 credits in ASTR/PHYS 998 and ASTR/PHYS 999 may be applied toward satisfying doctoral degree requirements in the physics PhD program. Out of the 24, no more than 12 credits of ASTR/PHYS 998 may be applied. Offered by Physics & Astronomy (p. 757). May be repeated within the degree for a maximum 21 credits.

Recommended Prerequisite: Admission to physics doctoral program and permission of advisor.

Schedule Type: Dissertation

Grading: This course is graded on the Satisfactory/No Credit scale. (p. 84)

PHYS 999: Doctoral Dissertation. 1-12 credits. Doctoral research performed under direction of dissertation director. Notes: No more than 24 credits in ASTR/PHYS 998 and ASTR/PHYS 999 may be applied toward satisfying doctoral degree requirements in the physics PhD program. Offered by Physics & Astronomy (p. 757). May be repeated within the degree for a maximum 24 credits.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy.

Enrollment is limited to Graduate level students.

Schedule Type: Dissertation

Grading: This course is graded on the Satisfactory/No Credit scale. (p. 84)

Policy and Government (POGO)

500 Level Courses

POGO 511: Introductory Data Analysis for Policy and Government. 3 credits. Introduces fundamental statistical analysis for analyzing policy, government and other social science data. Focuses on problem definition, problem solving, and how to communicate results to general audience under conditions of uncertainty in public sector. Provides the core foundation for advanced graduate work in data analytics using contemporary statistical software packages. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to PUBP 511.

Registration Restrictions: Required Prerequisite: minimum score of 1 in 'Statistical Screening Exam'.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Graduate Regular scale. (p. 84)

POGO 550: Topics in Policy and Government. 1-3 credits.
Focuses on selected topics in policy and government not covered in fixed-content Schar school courses. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

POGO 580: Topics: Advanced Skills for Policy Professionals. 1-3 credits.
Practical seminar focusing on development of advanced qualitative and quantitative skills for the professional policy world. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 18 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading: This course is graded on the Graduate Regular scale. (p. 84)

600 Level Courses

POGO 611: Advanced Data Analysis for Policy and Government. 3 credits.
Introduces advanced statistical techniques to analyze policy, government and other social science data. Covers classical regression methods and their application to public policy analysis. Covers linear and non-linear regressions using cross sectional, time-series and panel data, and problems associated with applications including specification error, multicollinearity, qualitative variables, heteroskedasticity, serial correlation, and structural identification. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to GOVT 712, PUAD 612, PUBP 705.

Registration Restrictions:
Required Prerequisites: POGO 511C, PUAD 511C, PUBP 511C, GOVT 511C, HAP 502C or 719C.
C Requires minimum grade of C.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

POGO 646: Policy and Program Evaluation. 3 credits.
Practical exploration of assessment techniques used in studying results of public programs and policies, including evaluation of implementation strategies and impacts. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to PUAD 646, PUBP 713.

Registration Restrictions:
Required Prerequisites: POGO 511C, PUAD 511C, PUBP 511C, GOVT 511C, HAP 502C or 719C.
C Requires minimum grade of C.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

700 Level Courses

POGO 730: Global Economic and Human Development. 3 credits.
Interdisciplinary examination of economic and human development in world economy. Introduces alternative concepts and theories of economic and human development, and analytical frameworks for assessing important issues that arise in development process. Topics include colonialism, economic growth, population, health, education, industrialization, and rural development. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to ITRN 718.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

POGO 731: Business and Politics in Emerging Markets. 3 credits.
Examines developing countries that are major destination points for international financial flows and foreign direct investment. Emerging markets have become a major influence in the world economy both because of the potential for growth and the downside risks from economic crises. The course uses the new institutional economics to analyze the interplay of political, economic, and business conditions. Institutional economics is a combination of economics, economic history, and political science. Topics covered include the politics of economic reform, drivers of globalization and investment, the informal sector, and relationships of risk and reward. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to ITRN 757.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)
POGO 750: Topics in Policy and Government. 1-3 credits.
Focuses on selected topics in policy and government not covered in fixed-content Schar school courses. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

POGO 794: Internship. 1-3 credits.
Provides practical work experience in state, federal, or international agencies, or the private or non-profit sector. Requires written project integrating work experience and academic program. Requires permission of program director. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to ITRN 780, PUBP 794.

Recommended Prerequisite: 12 graduate credits in the program or permission of program director.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Internship
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

POGO 796: Directed Readings and Research. 1-3 credits.
Independent reading and research at master's or doctoral level on specific topic related to policy or government as agreed to by student and faculty member. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 12 credits. Equivalent to BIOD 996, ITRN 790, PUAD 796, PUBP 796.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

200 Level Courses
PORT 201: Intermediate Portuguese I. 3 credits.
Further development of skills in listening, speaking, and writing. Notes: PORT 201 and 202 must be taken in sequence. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: PORT 110, or permission of department.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PORT 202: Intermediate Portuguese II. 3 credits.
Further development of skills in listening, speaking, and writing. Notes: PORT 201 and 202 must be taken in sequence. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: PORT 201, or permission of department

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Professional Development in Education (EDPD)

400 Level Courses
EDPD 402: Professional Development in Elementary Literacy, and Secondary Education. 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in elementary, literacy and secondary education. Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Special scale. (p. 84)

EDPD 406: Professional Development in Special Education and Disability Research. 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in special education and disability research. Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Special scale. (p. 84)

500 Level Courses
EDPD 501: Professional Development in Advanced Teacher Research and Practice. 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in advanced teacher research and practices. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**EDPD 502: Professional Development in Elementary, Literacy, and Secondary Education.** 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in elementary, literacy and secondary education. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type: Lecture**

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**EDPD 503: Professional Development in Individual and Organizational Transformation.** 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in individual and organizational transformation. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type: Lecture**

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**EDPD 504: Professional Development in Learning Technologies.** 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in learning technologies. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

**EDPD 505: Professional Development in Educational Psychology, Research Methods and Education Policy.** 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in educational psychology, research methods and education policy. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type: Lecture**

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**EDPD 506: Professional Development in Special Education and Disability Research.** 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in special education and disability research. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type: Lecture**

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**EDPD 507: Professional Development in Health and Human Performance.** 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in health and human performance. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**EDPD 508: Professional Development in Sport, Recreation and Tourism.** 1-6 credits.
Provides opportunity for focused study on selected topics or emerging issues in sport, recreation and tourism. Notes: Course may not be applied to a degree program. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 15 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

---

**Provost (PROV)**

**100 Level Courses**

**PROV 110: Special Topics.** 1-3 credits.
Exploration of leadership in a specific career field(s); changing nature of that industry; understanding of organizational structures in the field(s); and introduction to career and internship opportunities for students who aspire to a career in that field. Offered by Provost's Office (p. 1190). May be repeated within the term.

**Registration Restrictions:**
Enrollment limited to Non-Degree or Undergraduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Non-Degree Undergraduate Special scale. (p. 84)

**PROV 150: International Experience: Global Understanding.** 0 credits.
This course is designed for students studying abroad for a full semester (e.g. 12-15 credits and not a three week course) to fulfill their Mason Core Global Understanding requirement. Offered by Provost's Office (p. 1190). Limited to three attempts.

**Mason Core:** Global Understanding (p. 142)

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**200 Level Courses**

**PROV 210: Comprehensive Topics in Leadership.** 1-3 credits.
Comprehensive exploration of leadership in a specific career field(s); changing nature of that industry; understanding of organizational structures in the field(s); and introduction to career and internship opportunities for students who aspire to a career in that field. Offered by Provost's Office (p. 1190). May be repeated within the degree for a maximum 3 credits.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**300 Level Courses**

**PROV 301: Great Ideas in Science.** 3 credits.
Nontechnical introduction to ideas that have shaped the growth of science, from the building of Stonehenge to modern theories of the Big Bang. The idea behind each major advance is treated in its historical context, with special attention to its importance in mankind’s understanding of the nature of the universe. Intended for nonscience majors; uses little mathematics. Offered by Provost's Office (p. 1190). Limited to three attempts.

**Mason Core:** Natural Science Overview (p. 142)

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PROV 342: The George Mason Debates in Current Affairs.** 3 credits.
In-depth investigation of one or more contemporary public policy issues. Examines the selected topics as discussed by scholars, public interest groups and think tanks, government officials, and the news media. Texts and guest lecturers presenting a wide range of perspectives are an important feature. Offered by Provost's Office (p. 1190). May be repeated within the degree for a maximum 6 credits.

**Mason Core:** Synthesis (p. 142)

**Recommended Prerequisite:** Completion or concurrent enrollment in all other required general education courses.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**600 Level Courses**

**PROV 601: Thriving in Your Graduate Program.** 1 credit.
Gaining greater insight into student learning theories, the nature of research and scholarship, higher education trends, and the various career paths available to individuals with graduate degrees is important for students in the early stages of their academic programs. This seminar is designed for early career MFA and doctoral students to facilitate their success as graduate students at Mason. Offered by Provost's Office (p. 1190). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

700 Level Courses

PROV 701: Preparing for Academic Careers. 1 credit.
This seminar will be devoted to helping doctoral students explore and prepare for future academic careers and to strengthening their instructional effectiveness. The seminar will provide a clearer understanding of the roles and responsibilities of being a faculty member. Participants will learn how to construct a meaningful statement of teaching philosophy and plan for a course through syllabus design.
Notes: This course does not apply to required credits for doctoral degrees. Offered by Provost’s Office (p. 1190). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

Psychology (PSYC)

100 Level Courses

PSYC 100: Basic Concepts in Psychology. 3 credits.
Introduces psychology as scientific discipline. Examines concepts and methods in learning, motivation, development, personality, and measurement. Offered by Psychology (p. 454). Limited to three attempts.

Mason Core: Social/Behavioral Sciences (p. 142)

Schedule Type: Lecture, Recitation

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

PSYC 211: Developmental Psychology. 3 credits.
Review of major developmental theories including perspectives of childhood, adolescence, adulthood, and old age. Offered by Psychology (p. 454). Limited to three attempts.

Mason Core: Social/Behavioral Sciences (p. 142)

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 231: Social Psychology. 3 credits.
Study of human behavior development in a social matrix, including such topics as socialization, cultural behavior, group norms, and attitude formation. Offered by Psychology (p. 454). Limited to three attempts.

Mason Core: Social/Behavioral Sciences (p. 142)

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 260: Basic Research Methods in Psychology. 1-3 credits.
Introduction to research methods in psychology in the context of assisting faculty with research; individualized sections by arrangement with faculty. Methods taught vary but generally include basic data collection and recordkeeping methods in research. Notes: Course culminates in a paper describing techniques learned. No more than 6 credits in PSYC 260, 350, and 460 can be used toward a psychology major. Offered by Psychology (p. 454). May be repeated within the term.

Recommended Prerequisite: A 3.0 overall G.P.A., and a written proposal approved before registration by the instructor and the department chair.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

PSYC 300: Statistics in Psychology. 4 credits.
Descriptive and inferential statistics in design, analysis, and interpretation of psychological research with practical application using computers in laboratory. Notes: Students are strongly encouraged to take PSYC 301 concurrently. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: 6 credits of PSYC and 3 credits of MATH course work or permission of instructor.

Recommended Corequisite: Students are strongly encouraged to take PSYC 301.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 301: Research Methods in Psychology. 4 credits.
General research design in psychology, with emphasis on experimental design and control. Topics include use of human participants in research, reliability and validity, observational methods, and survey and longitudinal designs. Notes: Students are strongly encouraged to take PSYC 300 concurrently. Laboratory work will include designing and running research studies and writing manuscripts using appropriate style and format. Offered by Psychology (p. 454). Limited to three attempts.

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: PSYC 100 and either PSYC 300, STAT 250, or STAT 350 or equivalent.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 304: Principles of Learning. 4 credits.
Principles of animal learning, including such topics as classical and operant conditioning, discrimination learning, and animal cognition. Notes: Laboratory projects require working with computer simulations. Offered by Psychology (p. 454). Limited to three attempts.

Specialized Designation: Writing Intensive in Major
Recommended Prerequisite: PSYC 300 or permission of instructor.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 309: *Sensation, Perception, and Information Processing.* 4 credits.
Principles of perception, including topics such as psychophysics, perceptual organization, perceptual learning, and perceptual constancies. Notes: Laboratory projects demonstrate and investigate perceptual phenomena. Offered by Psychology (p. 454). Limited to three attempts.

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: PSYC 300 and PSYC 301.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 311: *Educational Psychology.* 3 credits.
Enables students to apply psychological principles to the learning process in the classroom context. Examines the theoretical and applied aspects of learning, motivation, human development, personality, assessment, and evaluation in educational settings. Corresponding implications for effective teaching will be discussed. Offered by Psychology (p. 454). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 312: *Child Development.* 3 credits.
Study of human psychological development from conception to adolescence including such topics as genetic factors, emotional and intellectual growth, and environmental influences. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 or equivalent.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 313: *Adolescent Development.* 3 credits.
Study of the biological and cultural changes accompanying adolescence, including the effect of these changes on emotional, intellectual, and social development. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 or equivalent.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 317: *Cognitive Psychology.* 3 credits.
An in-depth overview of important topics in cognitive psychology, including memory, attention, pattern recognition, problem solving, reasoning, and psycholinguistics. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: Six credits of psychology or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 320: *Psychological Tests and Measurements.* 4 credits.
Examination and application of principles underlying the theory, interpretation, and administration of psychological tests, including a study of tests of intelligence, achievement, and ability. This course may count for both the Applied Psychology and Experimental Psychology lab requirements or for both the Applied Psychology and Technical Writing requirements. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 300 or permission of instructor.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 321: *Clinical Psychology.* 3 credits.
Exames evidence-based psychological assessment and psychotherapy techniques to understand, prevent, and treat psychological distress and dysfunction and promote well-being. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 325 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 322: *Behavior Modification.* 3-5 credits.
Examination of experimental principles of human and animal learning within theoretical framework of applied behavior analysis, including design, implementation, and evaluation of operant intervention programs across a wide variety of human situations. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 324 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 324: *Personality Theory.* 3 credits.
Introduction to classical and contemporary theories of personality, and comparative evaluation of major theories in terms of relevant studies. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 325: *Abnormal Psychology.* 3 credits.
Study of development of abnormal behavior patterns, including such topics as methods of diagnosis and prevention of serious mental disorders such as psychosomatic disorders, psychoses, character...
disorders, and mental retardation. Offered by Psychology (p. 454). Limited
to three attempts.

**Recommended Prerequisite:** PSYC 100 and either PSYC 211, 231, or 324
or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 326: Therapeutic Communication Skills.** 3 credits.
Introduction to understanding and use of basic therapeutic
communication skills used in clinical and counseling psychology. Offered
by Psychology (p. 454). Limited to three attempts.

**Registration Restrictions:**
**Required Prerequisites:** (PSYC 325 C or L325).
C Requires minimum grade of C-.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 327: Psychology in the Community.** 3 credits.
Individual placements in applied psychology settings. Notes: A maximum
of 6 credits of PSYC 327, 328, 421, and 422 can be applied to the
psychology major. Offered by Psychology (p. 454). May be repeated
within the degree for a maximum 6 credits.

**Recommended Prerequisite:** PSYC major with 6 hours of PSYC and
permission of associate chair for undergraduate studies.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 328: Psychology in the Community Laboratory.** 1 credit.
Consists of a one-hour service learning component linked to selected
psychology courses. Notes: A maximum of 6 credits of PSYC 327, 328, 421, and 422 can be applied to the
psychology major. Offered by Psychology (p. 454). May be repeated
within the degree for a maximum 6 credits.

**Recommended Prerequisite:** PSYC major with 6 hours of PSYC and
permission of instructor and associate chair for undergraduate studies.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 333: Industrial and Organizational Psychology.** 3 credits.
Examination of application of psychological principles and methods to
problems commonly encountered in business and industry. Offered by
Psychology (p. 454). Limited to three attempts.

**Recommended Prerequisite:** PSYC 100 and PSYC 300; or permission of
instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 335: Psychology of Creativity and Innovation.** 3 credits.
Creativity and innovation take place in many domains such business,
science and the arts. Learn the distinction between creativity and
innovation. Apply findings from the scientific literature about the
antecedents of creativity and innovation including emotions, cognition,
individual differences, and social contexts. Experiment with ways to
enhance your creativity and skills for innovation. Offered by Psychology
(p. 454). Limited to three attempts.

**Recommended Prerequisite:** PSYC 100 or permission of instructor.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 340: Human Factors Psychology.** 3 credits.
Reviews history and current practice of optimal product and system
design as a function of psychology. Includes a brief history of human
factors psychology, a review of human memory and attentional systems
as they relate to product and system design, and an introduction to
current methods used to analyze and redesign products and systems for
optimal human interaction. Offered by Psychology (p. 454). Limited
to three attempts.

**Recommended Prerequisite:** PSYC 100 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 350: Directed Reading and Research in Psychology.** 1-3 credits.
Library research in psychology, culminating in a substantial formal paper;
individualized sections by arrangement with faculty. Notes: No more
than 6 credits in PSYC 260, 350, and 460 can be used toward psychology
major. Offered by Psychology (p. 454). May be repeated within the term.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 362: Psychology of Gender.** 3 credits.
Behavior and attitudes of women; influence of chromosomes and
hormones on behavior, influence of culture on sex role differentiation, and
theories of sex role development. Offered by Psychology (p. 454). Limited
to three attempts.

**Recommended Prerequisite:** PSYC 100, BIOL 103, and BIOL 104 or
permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 372: Biopsychology.** 3 credits.
Survey of neuroscience, including basic neuroanatomy, neural and
synaptic transmission, neural mechanisms underlying normal and
abnormal behavior, and biological mechanisms of drug action. Students
may earn credit for PSYC 372 and either PSYC 375 or PSYC 376, but they
may not earn credit for all three. Offered by Psychology (p. 454). Limited
to three attempts.
Recommended Prerequisite: PSYC 100, BIOL 103 with BIOL 106 & BIOL 107; or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 373: Biopsychology Laboratory. 2 credits.
Functionality anatomy and physiology of the brain, including dissection of brain and eye, and a demonstration and practice in research methods for studying physiological mechanisms underlying behavior. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 372 or 375, or permission of instructor. Concurrent enrollment is also permitted.

Schedule Type: Laboratory

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 375: Brain and Sensory Processes. 3 credits.
First half of comprehensive survey of neuroscience, including basic neuroanatomy, neural and synaptic transmission, neural mechanisms underlying normal and abnormal behavior, and biological mechanisms of drug action. Notes: Students may earn credit for 372 and either 375 or 376, but they may not earn credit for all three. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 with a grade of C or better, and BIOL 103, BIOL 106 & 107, or BIOL 213; or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 376: Brain and Behavior. 3 credits.
Second half of comprehensive survey of neuroscience, including neural mechanisms underlying normal and abnormal behavior. Notes: Students may earn credit for 372 and either 375 or 376, but they may not earn credit for all three. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: PSYC 372C, L372 or L375.
C Requires minimum grade of C.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 379: Applied Cross-Cultural Psychology. 3 credits.
A review of important landmarks in cross-cultural research, showing how this research impacts psychology as a discipline. Emphasizes an empirical approach to cross-cultural study and includes topics such as theoretical and empirical developments in cross-cultural psychology, development of coherent schemas to guide cross-cultural research and interventions, comparison of psychology’s goals and assumptions in Western and other cultures, and integration of course materials into educational and career goals of students. Offered by Psychology (p. 454). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 380: Introduction to Forensic Psychology. 3 credits.
Explores the differing, yet varied facets of the field of forensic psychology including landmark legal cases relevant to psychology, potential careers in forensic psychology, police psychology, expert testimony, forensic psychological assessment, psychopathy, homeland security, ethics, correctional psychology, and issues in working in the juvenile justice system. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 325.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 381: Mental Illness and Criminal Justice. 3 credits.
Examines the frequent intersection of individuals diagnosed with severe mental illness and the criminal justice system. Includes case studies that demonstrate possible judicial, therapeutic, correctional, and post-adjudication outcomes. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 325.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 382: Psychology of Crime Victims. 3 credits.
Explores short-term and long-term psychological effects of crime on victims through interviews with survivors of childhood abduction, elder abuse, intimate partner violence, and child abuse, among others. Evaluates roles and responsibilities of mental professionals and law enforcement when interacting with crime victims. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 325.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 389: Psychology: College to Career. 3 credits.
Emphasizes development and readiness for a profession in the social sciences through self-assessment and professional skill acquisition. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: At least 30 hours of completed college coursework and a declared major in the social sciences or permission of the instructor.

Schedule Type: Seminar

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)
400 Level Courses

PSYC 405: Mystery, Madness, and Murder. 3 credits.
Multidisciplinary approach to taboo topics that fascinate and frighten us. Instructors from disciplines across the arts and sciences bring expertise and diverse perspectives to provocative issues such as cannibalism and serial murder. Students learn to think critically and objectively while examining use in myth, literature, and popular culture. Offered by Psychology (p. 454). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 406: Psychology of Communication. 3 credits.
An examination of the behavior of communicating across species and sensory modalities, with an emphasis on the evolutionary basis for the various communication strategies used by animals and humans. Offered by Psychology (p. 454). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 408: Psychological Fitness. 3 credits.
Evaluates and applies scientific research on psychological exercises to increase one's cognitive, behavioral, emotional, and physical health. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 414: Behavior Disorders of Childhood. 3 credits.
Review of the theories, methods, and research dealing with emotional and behavioral disorders of children. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 313 and 325 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 415: Psychological Factors in Aging. 3 credits.
Examination of the sensory, perceptual, intellectual, personality, health, and familial changes that occur as people age and adjust into their later years. Common and more serious adjustment difficulties and developments are discussed with attention to impacts on the individual and the family. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 417: Science of Well Being. 3 credits.
This course will examine and interpret the latest research in social, personality, and clinical psychology on well-being, character strengths, and personal growth. Emphasis will be placed on the ways in which scientists generate hypotheses regarding the nature of positive psychological traits and processes and the methods by which these ideas are tested. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 418: Death, Dying, and Grieving. 3 credits.
Advanced survey of processes of grieving and their relationship to death and dying. Topics include ways of dying, effects of death on loved ones, and care for the terminally ill. Offered by Psychology (p. 454). Limited to three attempts. Equivalent to PSYC 518.

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 423: Group Psychotherapy Techniques. 3 credits.
Review of theory and methods of group therapy with emphasis on humanistic and interpersonal approaches, including applications to family therapy, alcoholism, and drug abuse. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 324 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 427: Community Engagement for Social Change. 3 credits.
Explores social problems and interpersonal, intrapersonal, and social aspects of addressing them. Addresses both theoretical aspects of social problems through readings and class discussion and application through community service. This course may count for both Applied Psychology and Professional Development requirements. Offered by Psychology (p. 454). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 430: Clinical Practicum in Psychology. 3 credits.
Gain professional experience in a clinical setting. This course takes place at the GMU Center for Psychological Services, a mental health
training center that serves the community. Enrolled students provide reception room service to clients at the center, learning aspects of the center administration and acquiring relevant skills in the field. This course may count for both Applied Psychology and Professional Development requirements. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 6 credits.

Schedule Type: Fieldwork

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 435: Personnel Training and Development: A Psychological Perspective. 3 credits.
Overview and critique of training methods used in industry from viewpoint of psychological theory, including simulations, on-the-job training, supervisory/leadership skills training, computer-assisted instruction, and programmed texts. Principles of needs analysis, program development, and program evaluation are discussed within framework of industrial psychology. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 333, PSYC 320 (may be taken concurrently) or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 440: Forensic Psychology: Science and Pseudoscience. 3 credits.
Provides a critical, evidenced-based, examination of common psychological practices and constructs in the field of forensic psychology including psychological assessments, expert testimony, risk assessment, hypnosis, criminal profiling, polygraph examination, and methods of interrogation. Offered by Psychology (p. 454). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 441: Criminal Behavior: Psychological and Neurological Aspects. 3 credits.
Considers the psychological factors and structural and functional neurological differences that influence criminal behaviors including murder, sexual assault, fraud, intimate partner violence, and arson. The predictive and explanatory abilities of neuroimaging with respect to the criminal acts in question, as well as the role of neuroimaging in the judicial system, will also be explored. Offered by Psychology (p. 454). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 460: Independent Study in Psychology. 1-4 credits.
Advanced research methods in psychology in context of individual student projects or assisting with research on faculty projects; individual sections by arrangement with faculty. Notes: No more than 6 credits in PSYC 260, 350, and 460 can be used toward psychology major. Offered by Psychology (p. 454). May be repeated within the term.

Recommended Prerequisite: 18 credits of PSYC, including PSYC 301 (grade of C or better), a 2.500 GPA in PSYC, and a written proposal approved before registration by the instructor and the department.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 461: Special Topics. 1-3 credits.
Selected topics reflecting interest in specialized areas. Notes: Topic announced in advance. May be repeated when topic is different. Offered by Psychology (p. 454). May be repeated within the term.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 462: Selected Topics in Forensic Psychology. 3 credits.
Selected topics reflecting interest in forensic psychology. Notes: May be repeated for credit when topic is different. Offered by Psychology (p. 454). May be repeated within the term.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 465: Pioneering Ideas in Psychology. 3 credits.
Historical background and major theoretical systems in modern psychology. Approaches include behaviorism, cognitive/information processing approaches, and psychodynamic theories. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 466: Psychology of Intimate Relationships. 3 credits.
Advanced survey of theories and research related to intimate relationships, including romantic relations and those among family members and friends in diverse cultural and relationship contexts. Offered by Psychology (p. 454). Limited to three attempts.

Recommended Prerequisite: PSYC 100 and PSYC 231; PSYC 324 recommended.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

PSYC 467: The Psychology of Working in Groups and Teams. 3 credits.
Teaches knowledge and the skills to meet communication, interpersonal, and task-related challenges that arise when functioning in work teams. Through readings, classroom activities, and applied problem-solving exercises, students acquire or refine team-related competencies. Students study theory of group and team processes while gaining insight from feedback on their behavior in exercises to become more effective team members. Offered by Psychology (p. 454). Limited to three attempts.
**Recommended Prerequisite:** 60 credit hours, including PSYC 100, or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 472: Current Topics in Brain and Behavior.** 3 credits.
Rotating topics. Physiological mechanisms underlying behavior. Selected topics include neuronal bases of learning and memory, Alzheimer’s disease, and biological bases of addiction. Notes: May be repeated with approval of instructor. Offered by Psychology (p. 454). May be repeated within the term for a maximum 6 credits.

**Recommended Prerequisite:** PSYC 372 or PSYC 375, and PSYC 376; or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 480: Biological Bases of Alzheimer’s Disease.** 3 credits.

**Recommended Prerequisite:** PSYC 375, PSYC 376, equivalent course, or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 490: Psychology Honors I.** 3 credits.
Review of topics and issues in psychology, including historical overview, theory and supporting data, and influences on behavior. Notes: Topics vary. Offered by Psychology (p. 454). Limited to three attempts.

**Specialized Designation:** Impact Associated.

**Recommended Prerequisite:** Admission to psychology department Honors program.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 491: Psychology Honors II.** 3 credits.
Introduces advanced statistics, research methodologies, statistics packages, computing and information technology, and library technology appropriate for psychological research and pedagogy. Notes: Students required to complete proposal in preparation for admission to Psychology Honors III. Offered by Psychology (p. 454). Limited to three attempts.

**Specialized Designation:** Impact Associated.

**Recommended Prerequisite:** PSYC 300, 305 and 490.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 492: RS: Psychology Honors III.** 3 credits.
Completion of final honors project or thesis. Students must complete project or thesis, and present oral defense to committee and poster to class. Students also expected to prepare proposal to present project or thesis at regional or national conference, or prepare manuscript for publication in appropriate journal. Offered by Psychology (p. 454). Limited to three attempts.

**Specialized Designation:** Research/Scholarship Intensive

**Recommended Prerequisite:** PSYC 491 and approval of final honors project for thesis.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**PSYC 499: Senior Thesis.** 3 credits.
Directed research on topic agreed on by student and advisor. Notes: Students should take PSYC 460 with same advisor to develop thesis proposal before registering for PSYC 499. Students must complete thesis and defend it orally before advisor and two faculty members. Offered by Psychology (p. 454). Limited to three attempts.

**Recommended Prerequisite:** Psychology major with 84 hours, an experimental psychology laboratory course, PSYC 460, Permission of Instructor, and prior approval of thesis proposal.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**500 Level Courses**

**PSYC 518: Death, Dying, and Grieving.** 3 credits.
Advanced survey of processes of grieving and their relationship to death and dying. Topics include ways of dying, effects of death on loved ones, and care for the terminally ill. Offered by Psychology (p. 454). May not be repeated for credit. Equivalent to PSYC 418.

**Recommended Prerequisite:** PSYC 100

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 527: Introduction to Neurobiology.** 2 credits.
Introduction to neurobiology with overview of embryological development of nervous system in evolutionary context. Introduces regional and systems neuroanatomy by studying mammalian visual system with comparative perspective. Offered by Psychology (p. 454). May not be repeated for credit.
Application of cognitive theory to understand and predict interactions among human cognition, artifact, and task. Discusses recent research and case studies that emphasize empirical research, analytical modeling techniques, systems design, and development of tools and methods. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: An experimental lab course or permission of instructor.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Recommendations: Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 552: Histology/Histochemistry of the Brain. 4 credits.
Explores conceptual basics and provides hands-on experience in techniques for studying brain tissue, including stereotaxic surgery, perfusion, sectioning, Nissl and myelin stains, enzyme histochemistry, immunohistochemistry, in situ hybridization, and quantitative receptor autoradiography. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 372 or equivalent.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Recommendations: Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 555: Neuroimaging. 3 credits.
Covers functional magnetic resonance imaging (fMRI) methods, experimental design and analysis issues in fMRI, structural MRI techniques and how they can contribute to cognitive neuroscience, and event-related potential methods. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: Graduate enrollment in either Cognitive & Behavioral Neuroscience or Human Factors & Applied Cognition programs, or instructor approval.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Recommendations: Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 557: Psychometric Methods. 3 credits.
Examines concepts of psychological measurement with emphasis on predictor test and criterion development. Discusses reliability, validity, and specialized techniques to develop tests of ability, interest, and personality. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 611 or permission of instructor

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)
PSYC 558: Neuronal Bases of Learning and Memory. 3 credits.
Examines neuronal mechanisms involved in learning and memory, in animals ranging from invertebrates to humans. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 372, or 375 and 376; or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 559: Behavioral Chemistry. 3 credits.
Neurochemistry and neuroendocrinology, including neurotransmitter synthesis, genetic aspects of neural functioning, mechanisms of action of neurotransmitters and second messenger systems, regulation of neuroendocrine systems, neuroendocrine effects on behavior, and neuroimmunology. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 372, or 375 and 376; or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 561: Behavioral Biology of Substance Abuse. 3 credits.
Overview of biological effects of substance abuse, and biological mechanisms underlying addiction. Topics include alcohol, cocaine, marijuana, and other drugs; genetics of addiction; and neural systems underlying addiction and withdrawal. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 372 or equivalent.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 562: Research Methods in Human Experimental Psychology. 3 credits.
Hands-on approach to selected current and/or classical human experimental psychology research methods. Course topics include experimental design, including psychophysical and physiological experimentation. In addition, mathematical, cognitive modeling and simulation, as well as advanced statistical techniques will be covered. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: Graduate enrollment in either Cognitive and Behavioral Neuroscience or Human Factors and Applied Cognition programs.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 563: Laboratory Methods in Behavioral Neuroscience. 3 credits.
Laboratory work, to be completed in groups, will include surgical, histological and behavioral techniques. Proper use and handling of animals, ethical issues, evaluation of neuroscience literature, experimental design and data analysis are addressed in lecture. This course requires working with laboratory rodents. Offered by Psychology (p. 454). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 566: Cognitive and Perceptual Development. 3 credits.
Survey of theory and the research on development of perception, memory, concepts, problem solving, intelligence, and academic skills in children. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: 6 credits of child psychology and course in experimental psychology or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.
Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 592: Special Topics.** 1-6 credits.
Special topics reflecting interests in specialized areas. Notes: Topic announced in advance. May be repeated when topic is different. Offered by Psychology (p. 454). May be repeated within the term for a maximum 9 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 597: Directed Reading and Research.** 1-6 credits.
Independent reading or research on topic agreed on by student and faculty member. Notes: Directed reading or research for MA students in psychology. Offered by Psychology (p. 454). May be repeated within the term for a maximum 6 credits.

**Recommended Prerequisite:** Permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**600 Level Courses**

**PSYC 601: Applied Data Analysis in Psychology I.** 3 credits.
Introduces fundamental statistical concepts for applied psychological research. Concepts include descriptive statistics, inferential statistics and hypothesis testing, Analysis of Variance, and Linear Regression. The course presents these topics from an applied perspective and also covers data visualization and presentation of results to clients. Offered by Psychology (p. 454). Limited to three attempts.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 602: Applied Data Analysis in Psychology II.** 3 credits.
Covers advanced statistical concepts and approaches for applied psychological research, such as multivariate techniques, longitudinal analyses, and other more complex approaches. A key emphasis will be on using these techniques to assess applied issues, such as return on investment of interventions and utility analyses. Offered by Psychology (p. 454). Limited to three attempts.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 603: Psychological Research Methods.** 3 credits.
Covers basic principles of research methods for applied psychology contexts. The focus on this course is on learning how to interpret and design research studies and survey measures. Topics include basic concepts important to survey design and research methods, and overview of types of research design, and basic issues related to communication of research to lay audiences. Offered by Psychology (p. 454). Limited to three attempts.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 611: Advanced Statistics.** 4 credits.
Integrates basic psychological statistics and measurement issues from advanced perspective. Lab work includes using computer packages for data handling and analyses. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Corequisite:** Open only to degree students.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to students with a major in Psychology.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**PSYC 612: Advanced Statistics.** 4 credits.
Open only to degree students. Integrates basic psychological statistics with overview of research methodology including experimental, quasi-experimental, field approaches, and measurement issues from advanced perspective. Lab work includes use of computer packages for data handling and analyses. Notes: Students must enroll in 611 and 612 in sequential semesters. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Corequisite:** Open only to degree students.

**Registration Restrictions:**
Enrollment limited to students with a major in Psychology.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**PSYC 611**: Requires minimum grade of B.
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Laboratory, Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 614: The Psychology of Aging. 3 credits.**
Review of the experimental literature in psychology of aging, including intellectual functioning, personality and adjustment, minor and major adjustment problems, and role changes in later life. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 100 and undergraduate or graduate course in aging.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 615: Language Development. 3 credits.**
Seminar covering theory and research on acquisition of language, including biological and environmental influences and constraints; research methods; role of parents; individual and cultural differences; links between language and other domains of development including cognitive, behavioral, social, and emotional; language and the brain; animal language; bilingualism; and atypical language development. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: 3 credits graduate Developmental Psychology or permission of instructor.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Seminar

Grading: This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 616: Employee Selection. 3 credits.**
Study of administration, scoring, and interpretation of standard tests used by industry for selection and assessment of personnel. The focus is on understanding and applying evidence-based best practices. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions: Enrollment limited to students with a class of Graduate.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 617: Child Psychopathology. 3 credits.**
Intensive survey of major types of psychopathological disturbances of infancy and childhood. Offered by Psychology (p. 454). May not be repeated for credit. Equivalent to SPSY 617.

Recommended Prerequisite: PSYC 211 or 313 and 325.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 618: Applied Leadership and Teamwork. 3 credits.**
Covers major theories of leadership and teamwork in organizations. Includes a focus on strategies for leadership assessment, selection, and development, and also examines strategies for staffing and building high performance teams. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions: Enrollment limited to students with a class of Graduate.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 619: Applied Behavior Analysis: Principles, Procedures, and Philosophy. 3 credits.**
Focuses on basic principles and procedures of applied behavior analysis; identification of factors that contribute to behavioral problems and improved performance; and procedures that can be used to minimize behavioral problems, improve performance, teach new behaviors, and increase probability of behaviors occurring under appropriate circumstances. Offered by Psychology (p. 454). May not be repeated for credit.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.
PSYC 620: Motivation and Well-Being. 3 credits.
Covers major theories of work motivation and well-being, with an emphasis on understanding valid tools for measuring motivation and well-being and evidence-based approaches for enhancing motivation and well-being in organizational contexts. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions:
Enrollment limited to students with a class of Graduate.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 626: Organizational Change and Development. 3 credits.
Covers principles and strategies for facilitating effective organizational change and growth. Topics include principles of organizational growth, organizational diagnosis, the design of effective organizational interventions, leading and managing organizational change, and strategies for evaluating and calibrating organizational change. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions:
Enrollment limited to students with a class of Graduate.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 627: Performance Management. 3 credits.
Focuses on developing competencies in designing, implementing, and evaluating systems that measure and evaluate employees’ individual performance within the organizational context, as well as the performance of organizational units. Includes developing skills and knowledge to develop tools for providing feedback at the individual and the group/organizational level. Emphasis will be on evidence-based management practices and the dynamic nature of workplaces. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions:
Enrollment limited to students with a class of Graduate.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 628: Benefits and Compensation. 3 credits.
Provides an understanding of a variety of approaches for rewards, recognition, and compensation systems. Covers the underlying theoretical frameworks for the design and implementation of such systems on attraction, retention, motivation, and performance of employees, as well as the existing empirical evidence to support these propositions. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions:
Enrollment limited to students with a class of Graduate.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 629: Workplace Training. 3 credits.
Covers principles and strategies of effective training. Topics include assessment of training needs, development of effective instructional designs, strategies for facilitating training transfer, and techniques of program evaluation. Offered by Psychology (p. 454). Limited to three attempts.

Registration Restrictions:
Enrollment limited to students with a class of Graduate.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 630: Developmental Disabilities. 3 credits.
Lectures, seminars discuss state-of-the-art and evidence-based information about developmental disabilities across life span with emphasis on mental retardation. Includes epidemiology, etiology, diagnoses, risk factors, treatment, supports, and prevention of developmental disabilities. Pertinent philosophical, ethical, and legal issues concerning this special-needs population will be discussed. Notes: In addition to course work and assigned reading, students sign up for a 20-hour per semester practicum. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: 3 credit hours of graduate level developmental psychology courses or permission of the instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 631: Industrial and Personnel Testing and Evaluation. 3 credits.
Study of administration, scoring, and interpretation of standard tests used by industry for selection and assessment of personnel. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 300 and 320.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.
PSYC 633: Evaluative Research in Psychology. 3 credits. Examine research techniques specifically designed to evaluate human effectiveness of organizations and mental health programs. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 300 or Permission of Instructor.

Registration Restrictions:
Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 636: Survey of Industrial Psychology. 3 credits. Intensive survey of historical and current issues in major areas of applied (nonclinical) psychology. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 300 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 638: Training: Psychological Contributions to Theory, Design, and Evaluation. 3 credits. Focuses on applying learning principles derived from psychological research in development of training models and techniques of skill acquisition. Discusses research designs and empirical results appropriate to training evaluation. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 636 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 639: Survey of Organizational Processes. 3 credits. Trains at conceptual/theoretical and empirical levels in organizational processes. Includes individual, interpersonal, intra-group, and intergroup phenomena as they exist in context of organizational settings. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 333 or 632.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 640: Techniques in Industrial/Organizational Psychology. 3 credits. Skills-oriented course enabling students to construct instruments and perform functions critical to both researchers and practitioners in industrial/organizational psychology. Focuses on conducting job analysis interviews, developing and scoring task inventories, using critical incident and KSAO methods, and constructing performance appraisal and selection instruments. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 300 or Permission of Instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)
PSYC 644: Methods for Social Research. 3 credits.
Examines issues in basic and applied social science methodology including internal validity, causal generalization, and construct validity. Offered by Psychology (p. 454). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Seminar
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 645: Research Methods in Human Factors and Applied Cognition. 3 credits.
Hands-on approach to selected current or classical human factors/ applied cognition research methods; exact methods announced in advance. Potential methods include cognitive task analysis, usability evaluation methods, critical incident analysis, reliability analysis, workload measures, verbal protocol analysis, and engineering models of human performance. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 530 and 611.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 646: Longitudinal Data Analysis. 3 credits.
Examines techniques for measuring developmental change across lifespan. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 611

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 648: Developmental Psychopathology. 3 credits.
In-depth look at emerging discipline of developmental psychopathology. Discusses specific disorders and contexts to illustrate how knowledge of normal development, deviant development, and maladaptive behavior illuminates principles underlying adaptive functioning. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: 6 credits graduate developmental psychology.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Seminar
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 652: Quantitative Methods II: Analysis of Variance. 3 credits.
Basic concepts in experimental design, fundamental assumptions in analysis of variance, and analysis of variance and covariance designs. Reviews multiple comparison tests. Offered by Psychology (p. 454). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: PSYC 611B.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 654: Naturalistic Methods in Psychology. 3 credits.
Theory and techniques involved in studying people in their natural environment. Primary emphasis on quasiexperimental designs and methods of systematic observation. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 300 and either 304, 305, or 309.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 667: Behavior in Small Groups and Teams. 3 credits.
Theories, methods, and topics relevant to individual behavior in small group setting. Includes effects of individual on group, effects of group
on individual, and interaction effects among individuals. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 231.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to students with a major, minor, or concentration in Psychology.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 668: Personality: Theoretical and Empirical Approaches.** 3 credits.

Presents comprehensive overview of current theoretical and empirical approaches to personality. Emphasizes areas of special relevance to clinical, developmental, and industrial/organizational psychology. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 324 (or equivalent) or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 669: Social and Emotional Development.** 3 credits.

Surveys theory and research relevant to development of social relationships, emotional expressiveness and regulation, aggressive and altruistic behaviors, sex roles, and morality. Emphasizes influences on such development, including parents, other adults, peers, siblings, and broader culture. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** Six hours of developmental psychology or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 671: Role and Function of the School Psychologist.** 3 credits.

Considers roles, functions of school psychologist in educational environment, including certification and ethical standards, issues, and trends. Notes: Open only to school psychology MA students, or by permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 231.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 673: Prevention, Intervention, and Consultation in Schools.** 4 credits.

Examines theory and practice of behavior modification and consultation in school environment. Notes: Open to practicing school psychologists and students in school psychology, or by permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 685: Cognitive Neuroscience.** 3 credits.

Provides an overview of the neural basis of human mental functions. Uses neuroimaging (PET, fMRI, ERPs, TMS, etc.), computational, and information-processing methods to examine functions such as attention, memory, language, emotion, and decision making. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 231.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to students with a major in Psychology.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.
700 Level Courses

**PSYC 701: Cognitive Bases of Behavior.** 3 credits.
Surveys concepts in learning, cognitive, and affective processes, including theories and supporting data and their influences on behavior. Notes: Open only to degree students. Offered by Psychology (p. 454). May not be repeated for credit.

**PSYC 702: Biological Bases of Human Behavior.** 3 credits.
Surveys biological bases of behavior, including such topics as neural conduction, role of specific neurotransmitters, cortical functioning, and brain disorders. Notes: Open only to degree students. Offered by Psychology (p. 454). May not be repeated for credit.

**PSYC 703: Social Bases of Behavior.** 3 credits.
Surveys social influences on behavior, including group processes, person perception, and attitude formation. Notes: Open only to degree students. Offered by Psychology (p. 454). May not be repeated for credit.

**PSYC 704: Life-Span Development.** 3 credits.
Surveys theories and research regarding lifespan development and personality formation. Notes: Open only to degree students. Offered by Psychology (p. 454). May not be repeated for credit.

**PSYC 709: The Measurement of Intelligence.** 4 credits.
Administration, scoring, and interpretation of major infant, child, and adult intelligence tests, with emphasis on individual tests. Development of IQ tests, theories of intelligence, and current trends and developments in intellectual assessment. Notes: Open only to school psychology MA student. Offered by Psychology (p. 454). May not be repeated for credit.

**PSYC 710: Psychological Assessment.** 4 credits.
Study of major instruments used in clinical assessment and nature, problems, and predictive value; administration and scoring of major techniques for evaluation of personality; and principles of interpretation of these procedures. Notes: Open only to school psychology MA students. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 617, 709, 822, or 810; and permission of director of School Psychology Program.

**Recommended Corequisite:** PSYC 611.
PSYC 722: Advanced Child Assessment. 4 credits.
Problems involved in diagnostic assessment of children with various handicapping conditions such as learning disabilities, retardation, and emotional disturbances. Notes: Open only to school psychology MA or PhD students. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 709 and 710 or PSYC 810 and 811, and five intellectual assessments in the Psychology Clinic.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 730: Practicum in Applied Psychology. 1-6 credits.
Practical experience in organizational setting as assigned. Notes: PhD students may repeat course for a maximum of 15 credits; MA students for a maximum 6 credits. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 15 credits.

Registration Restrictions:
Enrollment is limited to students with a major in Adv Grad Studies in Sch Psych or Psychology.

Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Internship

Grading:
This course is graded on the Graduate Special scale. (p. 84)

PSYC 733: Issues in Personnel Psychology. 3 credits.
Examines psychological literature on job analysis, job evaluation and compensation, performance appraisal, training, and EEOL selection issues. Methodological and psychometric issues in interpretation and evaluation of personnel psychology research receive particular attention. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 636 or permission of instructor.

Registration Restrictions:
Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 734: Seminar in Human Factors and Applied Cognition. 3 credits.
Emphasizes current research and application of human factors, ergonomics, applied cognition, and applied perception. Notes: May be repeated when topic is different. Offered by Psychology (p. 454). May be repeated within the term for a maximum 9 credits.

Recommended Prerequisite: Six graduate credits in Human Factors and Applied Cognition or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 737: Psychology of Human-Technology Interaction. 3 credits.
Emphasizes current research and development in human-computer interaction, cognitive systems engineering, cognitive ergonomics, and cognitive engineering. Notes: May be repeated when topic is different. Offered by Psychology (p. 454). May be repeated within the term for a maximum 9 credits.

Recommended Prerequisite: 6 graduate credits in human factors and applied cognition or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 739: Seminar in Industrial/Organizational Psychology. 3 credits.
Rotating topics such as leadership theories and management development, and performance appraisal. Notes: Topics announced in advance. May be repeated when topic is different. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 12 credits.

Recommended Prerequisite: PSYC 333 and 636, or permission of instructor.

Registration Restrictions:
Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 741: Psychology of Work Motivation. 3 credits.
Examines psychological literature of need, cognitive, and reinforcement theories of motivation; organizational attachment (commitment, absenteeism, and turnover); job design and quality of work issues.
Emphasizes methodological and psychometric issues in interpreting and evaluating work-motivation research. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 333 or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students in the LA-MA-PSYC or LA-PHD-PSYC programs.

Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 750:** School Psychology Practicum I. 1 credit.
Practical experience in school psychology. Notes: Open only to school psychology MA students. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** Admission to school psychology concentration and PSYC 709.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may **not** enroll.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**PSYC 751:** School Psychology Assessment Practicum II. 2 credits.
Practical experience in school psychology. Notes: Open only to School Psychology MA students. Apply in writing for permission of department 60 days prior to beginning of semester. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 4 credits.

**Recommended Prerequisite:** PSYC 750.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may **not** enroll.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 754:** Quantitative Methods III: Psychological Applications of Regression Techniques. 3 credits.
Reviews psychological applications of regression techniques in variety of contexts including experimental, field, and survey settings. Offered by Psychology (p. 454). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisite: PSYC 611B.

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 756:** Quantitative Methods IV: Multivariate Techniques in Psychology. 3 credits.
Surveys multivariate statistical techniques as applied to psychological research. Emphasizes analysis of complex designs and interpretation of multivariate data analyses resulting from computer processing. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 611

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate.

Non-Degree level students may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 757:** Advanced Topics in Statistical Analysis. 3 credits.
Focuses on noncognitive individual differences that predict performance. Published work discussed in seminar format with emphasis on conceptual development, methodological adequacy, and new directions. Notes: May be repeated for credit when topic is different. Offered by Psychology (p. 454). May be repeated within the degree.

**Recommended Prerequisite:** PSYC 754.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 758:** Advanced Topics in Cognitive Science. 3 credits.
Emphasizes current research in cognitive science. Topics may include computational cognitive models, nature of expertise, diagrammatic reasoning, display-based problem solving, visual attention, decision making, goal-based versus event-based cognition, and situated action. Notes: May be repeated when topic is different. Offered by Psychology (p. 454). May be repeated within the term for a maximum 12 credits.

**Recommended Prerequisite:** PSYC 530 or 701.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may **not** enroll.

**Schedule Type:** Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 780: Applied Developmental Psychology. 3 credits.
Examines how developmental theory, knowledge base, and methodology can be used to promote health and welfare of individuals across lifespan. Topics include contemporary social issues and child development. Research in applied settings, developmental assessment and intervention, and program evaluation. Offered by Psychology (p. 454). May not be repeated for credit.

Recommended Prerequisite: PSYC 704 or 3 credits of other graduate developmental psychology courses and permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 790: School Psychology Internship. 3-6 credits.
Supervised field experience of one school year. Advanced school psychology student functions as full-time staff member in school system. Student completes paper on practical research project involving alternative school psychology role in school system. Notes: Enrollment is for total 9 credits (thesis option) or 12 credits (nonthesis option) in increments of 3 credits according to placement. Students enrolled in PSYC 799 are not required to complete the practical research project. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 12 credits.

Recommended Prerequisite: Completion of required courses in school psychology and permission of program coordinator.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Internship
Grading:
This course is graded on the Graduate Special scale. (p. 84)

PSYC 792: Psychology Practicum. 1-6 credits.
Supervised experience working in applied, school, or agency settings.
Notes: For School Psychology, interested students must apply to area coordinator 60 days before registration. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Admission to psychology graduate program.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Internship
Grading:

This course is graded on the Satisfactory/No Credit scale. (p. 84)

PSYC 794: Developmental Assessment. 1-6 credits.
Introduces considerations and methods needed for evaluating young children (ages two - six). Focus on the skills necessary for formulating, conducting, and reporting comprehensive developmental evaluations. Emphasizes evaluation of preschool children and includes information relating to infants, as well as older children functioning at lower developmental levels. Offered by Psychology (p. 454). May be repeated within the term for a maximum 9 credits.

Recommended Prerequisite: Admission to applied developmental psychology program.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Schedule Type: Thesis
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PSYC 798: Thesis Proposal. 1-6 credits.
Work on a proposal for master's thesis. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Permission of program coordinator.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Thesis
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PSYC 799: Master's Thesis. 1-6 credits.
Research on approved master's thesis topic under direction of thesis committee with approval of chair. Offered by Psychology (p. 454). May be repeated within the degree.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Thesis
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

800 Level Courses

PSYC 810: Psychological Assessment I. 4 credits.
First of required two-course sequence that provides comprehensive coverage of principles, strategies, and techniques of psychological assessment. Emphasizes empirically supported methods. Notes: Open to clinical psychology PhD students, or other students with permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 811: Psychological Assessment II.** 4 credits.
Second of required two-course sequence that provides comprehensive coverage of principles, strategies, and techniques of psychological assessment. Emphasizes empirically supported methods. Notes: Open to clinical psychology PhD students, or other students with permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** PSYC 810.

**Registration Restrictions:**
Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 822: Scientific Foundations of Clinical Psychology I.** 3 credits.
First of required two-course sequence that provides comprehensive coverage of major psychological problems, including review of empirically supported interventions. Notes: Open to clinical psychology PhD students, or other students with permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 823: Scientific Foundations of Clinical Psychology II.** 3 credits.
Second of required two-course sequence that provides comprehensive coverage of major psychological problems, including review of empirically supported interventions. Notes: Open only to clinical psychology PhD students. Offered by Psychology (p. 454). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 830: History, Systems, and Theories of Personality and Psychotherapy.** 3 credits.
Review of history, systems, and theories of clinical psychology emphasizing traditional theories of personality and psychotherapy. Notes: Open to clinical psychology PhD students, or other students with permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

**Recommended Prerequisite:** Admission to doctoral concentration in clinical psychology.

**Registration Restrictions:**
Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 833: Social And Cognitive Foundations Of Clinical Psychology.** 3 credits.
Review of theory and research in social psychology (particularly social cognition) relevant to understanding psychological adjustment, adjustment problems, and clinical interventions. Notes: Open to clinical psychology PhD students, or other students with permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PSYC 850: Teaching Practicum in Psychology.** 1 credit.
Workshop in effective teaching of selected undergraduate psychology courses. Required of and designed to guide graduate teaching assistants assigned to teach undergraduate course (not a lab) for first time. Topics include course planning, syllabus development, lecture resources, effective lecturing skills, use of audio visuals, leading of classroom discussion, construction and grading of exams, student writing, instructional technology, and handling of student questions and problems. Individual critiques of teaching. Offered by Psychology (p. 454). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major in Psychology.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

**PSYC 860: Introductory Helping Skills and Motivational Interviewing.** 3 credits.
Teaches fundamental interviewing skills and the theory, research, and practice of motivational interviewing. Offered by Psychology (p. 454). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
PSYC 861: Cognitive Behavioral Therapy for Youth. 3 credits.
Teaches the selection, evaluation, and application of empirically supported interventions for children and adolescents with a focus on cognitive-behavioral interventions. Instruction in evidence based assessments, cognitive-behavioral case conceptualization, outcome evaluation, and consultation. Supervision of cognitive-behavioral therapy with youth. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PSYC 862: Cognitive Behavioral Therapy for Adults. 3 credits.
Teaches the principles of cognitive-behavioral theory, conceptualization and psychotherapy techniques for psychological problems with adults. Supervision of cognitive-behavioral therapy with adults. Offered by Psychology (p. 454). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PSYC 881: Practicum in Clinical Psychology. 1-3 credits.
Supervised clinical work in a professional psychological services setting. Usually includes practice in psychological assessment and clinical interventions, but can also include supervision, consultation, and program evaluation. Offered by Psychology (p. 454). May be repeated within the term for a maximum 21 credits.

Recommended Prerequisite: Admission to doctoral concentration in clinical psychology and permission of director.

Registration Restrictions:
Enrollment is limited to students with a major in Psychology.

Enrollment is limited to Graduate level students.

Schedule Type: Lecture
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PSYC 883: Ethical and Professional Issues in Clinical Practice. 3 credits.
Examines ethical principles and professional guidelines to help develop ethical decision-making and behavior to meet the appropriate standards of care in providing clinical services. Notes: Open to clinical psychology PhD students, or other students with permission of instructor. Offered by Psychology (p. 454). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 885: Clinical Externship. 0 credits.
Individual placements in psychological assessment or psychotherapy service settings. Notes: Open only to clinical psychology PhD students in the third year or more of training. Offered by Psychology (p. 454). May be repeated within the degree.

Registration Restrictions:
Enrollment is limited to students with a major in Psychology.

Enrollment is limited to Graduate level students.

Schedule Type: Internship
Grading:
This course is graded on the Graduate Special scale. (p. 84)

PSYC 890: Seminar in Professional Psychology. 1-3 credits.
Each section limited to students in one concentration of MA or PhD program. See area coordinator for requirements for section in each track. Offered by Psychology (p. 454). May be repeated within the term for a maximum 3 credits.

Recommended Prerequisite: Student in psychology.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PSYC 892: Special Topics in Psychology. 1-6 credits.
Selected topics reflecting specialized areas in psychology. Notes: Open only to PhD students. Content varies. May be repeated when topic is different. Offered by Psychology (p. 454). May be repeated within the term for a maximum 17 credits.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 897: Directed Reading and Research. 1-3 credits.
Independent reading on topic agreed on by student and faculty member. Notes: PhD students in the clinical psychology concentration may not take this course for elective credit. May not be repeated for credit towards a degree by students who also register for PSYC 799. Offered by Psychology (p. 454). May be repeated within the term.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Independent Study
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PSYC 998: Doctoral Dissertation Proposal. 1-6 credits.
Work on research proposal that forms basis for doctoral dissertation. Notes: No more than 24 credits of PSYC 998 and 999 may be applied to

900 Level Courses

PSYC 998: Doctoral Dissertation Proposal. 1-6 credits.
Work on research proposal that forms basis for doctoral dissertation. Notes: No more than 24 credits of PSYC 998 and 999 may be applied to
doctoral degree requirements. Offered by Psychology (p. 454). May be repeated within the degree.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**PSYC 999: Doctoral Dissertation.** 1-9 credits.
Research on approved dissertation topic under direction of dissertation committee. Notes: Students must complete a minimum of 3 credits of 999. No more than 12 credits of PSYC 998 and 999 may be applied to doctoral degree requirements. Offered by Psychology (p. 454). May be repeated within the degree.

**Recommended Prerequisite:** PSYC 998.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy.

Enrollment is limited to Graduate level students.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

---

**Public Administration (PUAD)**

**500 Level Courses**

**PUAD 502: Administration in Public and Nonprofit Organizations.** 3 credits.
Graduate introduction to field of public administration. Focuses on structure, functions, and processes of executive branch agencies of national, state, and local governments. Emphasizes nonprofit organizations as co-actors with government in policy-making/policy implementation nexus. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 504: Managing in the International Arena: Theory and Practice.** 3 credits.
Theoretical and empirical examination of international system that both affects and is affected by decisions, behaviors, and subsystems of state and nonstate (organizational) actors. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

**PUAD 505: Introduction to Management of Nonprofits.** 3 credits.
Examines nonprofit organizations and their role in contemporary society. Explores unique aspects of nonprofits including voluntary governance, tax-exempt status, nonprofit corporation law, accounting practices, fund raising, finance, and management of volunteers. Emphasizes board/executive relationship, and value of establishing and maintaining nonprofit organization's reputation. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 509: Justice Organizations and Processes.** 3 credits.
Examines structures, practices, and performance of organizations involved in administration of justice (law enforcement, courts and legal agencies, corrections, regulatory and related agencies, private organizations) Explores applicability of various theoretical perspectives on organizational processes, and considers extent to which processes operate as a system. Focuses on comparing formal goals and system expectations to actual practice. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to CRIM 509.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 520: Organization Theory and Management Behavior.** 3 credits.
Considers behavior in context of public organization, and consequent changes required in management. Focuses on such issues as perception, attitude formation, motivation, leadership, systems theory, communication and information flow, conflict theory, and decision theory. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 540: Public Policy Process. 3 credits.
Processes of making public policy, including detection of public issues, consideration of alternatives, and adoption and implementation of solutions. Highlights major actors in policy process, and environment within which they work. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 502.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

600 Level Courses

PUAD 613: Economic Analysis in Public Administration. 3 credits.
Covers major economic issues about role of markets and government in global world. Applies fundamental economic concepts such as cost benefit analysis to public sector. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: PUAD 511B, GOVT 511B or PUBP 511B.
B- Requires minimum grade of B-

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 615: Administrative Law. 3 credits.
Covers law as guiding and controlling force in public-sector operations. Includes application of legal processes to administrative practices and situations, and administrative determination of private rights and obligations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Major management theories applicable to American federal system. Emphasizes organization, structure, and operations. Explores relationship of theories to management practices in contemporary American administration. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 520.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 622: Program Planning and Implementation. 3 credits.
Practical exploration of implementing public law in American federal system. Studies construction of organizational apparatus, development of operational plans, and systems of control and evaluation necessary to implement government programs. Emphasizes coordinating tasks and resources required for effective program implementation. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 520.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 623: Managing Government Contracting. 3 credits.
Explores unique management and administrative challenges of providing public goods and services through contracts. Examines debates over privatization, and explores tools managers need to address unique
accountability challenges associated with this governance tool. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 624: Public and Private Partnerships. 3 credits.
Emphasizes entrepreneurial efforts where governments, nonprofit organizations and private companies establish goals and combine resources and talents. Issues of efficiency, accountability, and democratic responsiveness will be examined. Various tools for promoting and implementing such partnerships will be explored. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 631: Disaster Response Operations and Recovery. 3 credits.
Explores the principles and practices that promote effective disaster response operations and management. Examines nature of disasters, models for response operations in the United States and roles and responsibilities of various emergency management-related organizations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.
nature of the terrorist threat, and counterterrorism strategies. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 633: Hazard Mitigation Policy. 3 credits.**
Examines the complex interplay and policy approaches to hazard prevention and protection of known hazards in terms of land use, zoning, infrastructure, and building code management. Focuses on understanding the relative roles of proactive policy design and implementation at the federal, state, and local levels of government. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 634: Management of International Security. 3 credits.**
Examines theory and practice of managing international security. Emphasizes interplay of organizational structure and bureaucratic dynamics in international context. Presents theory and practice of crisis management, and coordination and comparison of security methods and techniques. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 635: Emergency Preparedness: Interagency Communication and Coordination. 3 credits.**
Considers complex relationships within governments and across sectors and levels of government for effective emergency management in planning, response, recovery, and mitigation phases. Explores intergovernmental management and network management theories and research to understand the nature of interorganizational problems and potential models for collaboration. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
**PUAD 642: Environmental Policy.** 3 credits.
In-depth examination of environmental policy making. Examines U.S. efforts from 1970 to present to mitigate pollution of nation's air, land, and water; and addresses issues of global concern including biodiversity loss, ozone depletion, and climate change. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to EVPP 642.

**Specialized Designation:** Green Leaf Focused Course

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 644: Public Policy Models.** 3 credits.
Approaches to modeling policy problems. Includes analysis and comparison of dominant paradigms in policy sciences. Reviews assumptions and implications of different models and their utility for analysis, implementation, and evaluation. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** PUAD 540.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 645: Policy Analysis.** 3 credits.
Introduces concepts and techniques for formal policy analysis, development of skills in applying policy analysis techniques through case studies, and exploring legitimacy and utility of policy analysis. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
**Required Prerequisites:** or GOVT 511\textsuperscript{B} or PUBP 511\textsuperscript{B}: \textsuperscript{B} Requires minimum grade of B-

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 649: Advocacy and Lobbying.** 3 credits.
Explores how nonprofit organizations advocate and lobby for social change. Considers the different steps in the advocacy process and the broad range of strategies used by non-profits seeking to influence public policy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 651: Virginia Politics, Policy, and Administration.** 3 credits.
Covers governmental agencies, legislative functions, executive leadership, staff agencies, state-local relationships, intrastate regionalism, administer customs peculiar to Virginia. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** PUAD 502.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 652: Leading in the Nonprofit Sector.** 3 credits.
Introduces students to a broad range of nonprofit leadership issues. Examines the challenges leaders face within nonprofit organizations and considers how nonprofit staff lead in communities. Also explores critical nonprofit issues which those aspiring to leadership in the nonprofit sector should be informed and have opinions about, such as the argument that there are too many nonprofit organizations or that more philanthropy should be directed to helping the poor. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
PUAD 654: The Community, Marketing, and Public Relations. 3 credits.
Focuses on marketing concepts and communications issues of nonprofit organization as they apply to identifying market, ability to formulate public image and reputation, and capability to raise money and retain membership or volunteers. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 502 or 505.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 655: Nonprofit Fund Raising and Resource Development. 3 credits.
Explores how nonprofit organizations raise funds from a variety of sources, including: fees for service and other enterprise activity; federal, state, and local governments; and private donations from individuals, foundations, and corporations. Also considers how nonprofits manage the fundraising process within their organizations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 502 or 505.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 657: Association Management. 3 credits.
Practical application of management theory in context of professional and trade associations. Covers legal structures, tax-exempt status, and general organizational structure. Topics include volunteer management, budgeting and accounting practices in associations, fund raising, media relations, media and event planning, and human resource management. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 502 or 505.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 658: Social Entrepreneurship and Social Enterprise. 3 credits.
Explores innovative approaches for addressing social problems. Organized around the steps in the entrepreneurial process: identifying social needs, formulating program strategies, mobilizing resources, managing growth tracking results, and maximizing impact. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 502 or 505.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 659: Nonprofit Law, Governance, and Ethics. 3 credits.
Overview of nonprofit governance as well as basic contract, labor, and tax law issues within nonprofit corporation law. Covers relationship between board and executive, and ethics topics typical to nonprofit organizations such as self-dealing, fiduciary responsibility, and human resource issues. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUAD 502 or 505.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 660: Public and Nonprofit Accounting and Finance. 3 credits.
Studies fundamental normative debates in public and nonprofit financial management arena with focus on resulting implementation principles and techniques in governmental accounting, financial reporting, budget and revenue decisions, debt management, cash and investment management, pensions and employee benefits, and risk management. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: Course open only to admitted MPA or Association/ Nonprofit Management Certificate students.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to students with a major in Association Management, Nonprofit Management or Public Administration.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

PUAD 661: Public Budgeting Systems. 3 credits.
Survey focusing on policy and theoretical framework of revenue and expenditure choices at all levels of government. Topics include development, theories, structure of budgeting; political, economic, and managerial aspects of public budgeting; public policy implications; and budgetary reform movements and successes and failures. Offered by Schar School of Policy & Gov't (p. 961). May not be repeated for credit.

Registration Restrictions:

**Recommended Prerequisite:** To be taken during final semester of student’s MPA program.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 703: Third-Party Governance.** 3 credits.
Examines design and management of government programs relying on other levels of government and private sector for delivery, with focus on such governmental tools as contracts, grants, loans, regulation, and tax credits. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
**Required Prerequisites:** (PUAD 502$^B$) and (PUAD 511$^B$ or 611$^B$) and (PUAD 520$^B$ or 620$^B$) and (PUAD 540$^B$ or 640$^B$).

$^B$ Requires minimum grade of B.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 727: Seminar in Risk Assessment and Decision Making.** 3 credits.
Examines decision making under risk and uncertainty. Readings introduce major intellectual perspectives on topic and are drawn from variety of disciplines, including biology, economics, law, and psychology. Emphasizes making actual decisions under uncertainty. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** 12 graduate credits.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 729: Issues in Public Management.** 3 credits.
Current issues in management of public organizations in contemporary American government. Includes practical applications of theories and analysis to managerial problems. Emphasizes competence in improving management in selected government settings. Notes: May be repeated for credit when topic is different. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term.

**Recommended Prerequisite:** PUAD 502 and 9 graduate credits.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 730: Professional Development Workshop.** 1-3 credits.
Explores external and internal factors reshaping public and nonprofit organizations. Investigates processes and techniques that managers and staff can use to respond to rapid environmental change. Emphasizes case studies and application of techniques and processes. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 12 credits.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 731: Homeland/Transportation Security Administration.** 3 credits.
Examines the terrorist attacks of 9/11, the vulnerabilities of the aviation security system at that time, reasons why elected leaders and officials did not act more decisively to improve security before 9/11, and the policy and administration responses to the 9/11 attacks, including the creation of the Transportation Security Administration and the Department of Homeland Security. Management and policy formulation in American local governments. Addresses environments, institutions, and actors involved. Examines contemporary problems such as education, criminal justice, transportation, land use, economic development, and environmental impact. Notes: May be repeated with different topic. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term.

Recommended Prerequisite: PUAD 502 and 9 graduate credits.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 769: Issues in Public Financial Management. 3 credits.
Current issues in budgeting and financial management in contemporary American government. Emphasizes practical applications of administration and management issues and policy choices at all levels of government. Notes: May be repeated for credit when topic is different.
Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 15 credits.

**Recommended Prerequisite:** PUAD 502 and 9 graduate credits.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 781: Information Management: Technology and Policy.** 3 credits.
Examines challenges that organizations encounter as they move to a more technologically sophisticated information and communication environment. Studies organizational policy issues evolving from new technologies, including privacy, security, authentication, content control, intellectual property, and taxation, focusing on effectiveness of previous policy solutions and analyzing proposed solutions. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** PUAD 680 or Permission of Instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 790: Justice Organization and Administration.** 3 credits.
Examines organization and administration of justice and security organizations. Covers organization theory and behavior as applied to justice and security organizations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to CRIM 740.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 791: Justice Program Evaluation.** 3 credits.
Practical exploration of assessment techniques used to study need for and consequences of justice programs and policies. Covers needs assessments, process, and impact evaluations. Includes design and measurement issues for assessing performance of justice programs, and interpreting and presenting results. Emphasizes designing program evaluation for justice agency. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to CRIM 781.

**Recommended Prerequisite:** PUAD 511 and 612.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**PUAD 792: Advanced Seminar in Applied Public Administration Research.** 3 credits.
An applied research experience. Students will apply skills in problem definition, issue framing, collection of data and information, interviewing, selection and analysis of alternatives, presentation of findings and recommendations, design of implementation tools and administrative procedures and organizations, report writing and oral presentation to policymakers. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** 30 PUAD credits and permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 793: Conduct of Justice Organizations at the Street Level.** 3 credits.
Explores how justice organizations behave at lowest levels, where service is delivered and discretion is greatest. Includes suspects, victims, witnesses, police officers, prison guards, parole officers, attorneys, and others who interact with the justice system. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to CRIM 741.

**Recommended Prerequisite:** CRIM 740/PUAD 790 or permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUAD 794: Internship.** 3 credits.
Open only to MPA students. Contact internship coordinator one semester before enrollment. Credit determined by the department. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 6 credits.

**Recommended Prerequisite:** 12 PUAD credits or permission of instructor.

Open only to MPA students. Enrollment is controlled. See http://pia.gmu.edu/internships for registration application.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

PUAD 795: Leadership in Justice and Security Organizations. 3 credits.
Examines leadership theories, and explores fundamental questions about leadership in justice and security organizations today. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: Admission to the doctoral program or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 841: Research Seminar in Policy Governance II. 2-4 credits.
Second of two-semester sequence (PUAD 840, 841) in governance and public management policy concentration. Focuses on division of responsibilities among several levels of government, and between public and private sectors. Explores impact of these divisions on development of public policy in several policy areas, such as urban governance, environmental policy, and health care. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to PUBP 841.

Recommended Prerequisite: Admission to doctoral program.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Public Policy (PUBP)

500 Level Courses

PUBP 500: Theory and Practice in Public Policy. 3 credits.
Introduces tools and concepts to navigate the world of public policy. Explores theories and assesses their strengths, weaknesses and applicability to public policy in order to understand different varieties of theory, their uses and application. Introduces several perspectives on and tools for the practice of policy analysis, and provides an opportunity to engage in an analytical policy project. Strong ethical and international components are built into the course. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: Admission to doctoral program.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUAD 840: Research Seminar in Policy Governance I. 2-4 credits.
Surveys major institutions that formulate and implement public policy in United States. Examines translation of public preferences into public policy, and decisions about which societal and economic functions are most appropriately carried out by governments, and which are best accomplished by private institutions and individuals. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to PUBP 840.

Recommended Prerequisite: Admission to the doctoral program or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)
PUBP 501: Policy and Organizational Analysis. 4 credits.
Prepares students to engage in systematic analysis, both qualitative and quantitative, and constitutes the basis for advanced analytical techniques. Emphasis on research design, information acquisition, application of data analysis techniques, and presentation, including writing for professional and lay audiences. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 502: Governance and Policy Processes. 1-4 credits.
Assesses governance processes in public and private organizational settings on the basis of economic and political standards such as efficiency, accountability, and responsiveness to societal needs in a rapidly changing global environment. Using cases, simulations, and fieldwork, students learn to evaluate the quality of institutional governance in specific venues and appraise implications for public policy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 503: Culture, Organization, and Technology. 1-4 credits.
Focuses on the dynamic interplay of technology, organization and culture in societal, political, and economic processes, nationally and internationally. Using theory and case studies, students learn pertinent approaches to the study of culture, including digital culture, from the analysis of organization and social networks to that of belief systems and identities. Key issues of technological politics, the role of values and identity, cultural bases of intergroup conflict, and the political implications of globalization and technological change are addressed. Students develop practical skills in observation and become familiar with appropriate tools, methods, and frameworks for analyzing public policy and its context. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)
**PUBP 533: Topics in Public Policy Processes.** 1-3 credits.
Focuses on selected topics in public policy processes and procedures on an introductory level. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 6 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 550: Topics in Public Policy.** 1-3 credits.
Focuses on selected topics in public policy not covered in fixed-content public policy courses. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Not Gradeable (NG) scale. (p. 84)

**PUBP 555: Economics Math Workshop.** 0 credits.
Short course covering math and calculus skills required for master's level managerial economics course PUBP720. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the degree.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Not Gradeable (NG) scale. (p. 84)

**PUBP 570: Policy Writing Fundamentals.** 3 credits.
Designed for entering students whose writing skills and style must satisfy the demands of a rigorous graduate program; aims to give students the ability and confidence to write clearly and concisely for a variety of policy audiences; reviews basic rules and develops essential techniques for effective writing in graduate school and beyond. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 601: Theory and Practice of Regional Economic Development.** 3 credits.
Helps students develop real-world skills to be a successful economic developer, consultant, policymaker, or change agent in this rapidly changing environment. Designed to provide a framework for understanding regional and national economic growth and prosperity, and provide tools to conduct concrete analyses to help decision makers, clients, and constituents make better-informed decisions. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
Introduces range of methods for tracking the performance of metropolitan economies, identifying opportunities for economic development, and assessing effectiveness of public and private investments designed to achieve region's economic growth. Also examines strategies and case results of economic development plans and projects. Offered by Schar School of Policy & Gov't (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Examines state and local government policies and processes to promote local economic development, including institutional arrangements, financing and tax incentives, nonfinancial strategies and approaches, land use, environmental and other relevant regulations, and relationships across government and nongovernmental organizations. Offered by Schar School of Policy & Gov't (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

This introduction to organizations, management, and work examines ideas and practices from two perspectives: conventional ones that go back to the industrial age and scientific management; and contemporary ones that have to do with organizing knowledge-work. Covers contributions of a range of writers and deals with foundations of OD from the standpoint of both theory and practice. Offered by Schar School of Policy & Gov't (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 611: *Critical Infrastructure Protection in Theory, Policy and Practice*. 2 credits.
Introduces critical infrastructure protection as a policy field, examines its institutional framework, and considers its foundations in political and economic theory. Offered by Schar School of Policy & Gov't (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

First course of two-semester sequence on international peace operations. Focuses on emerging theory of peace operations, including peacemaking activities of United Nations and other diplomatic initiatives; peace-building activities of international organizations and nongovernmental organizations; and peace support provided by international militaries. Offered by Schar School of Policy & Gov't (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 651: *Peace and Stabilization Operations*. 3 credits.
Second course of two-semester sequence on international peace operations. Focuses on application of emerging theory of peace operations, including peace-making activities of United Nations and other diplomatic initiatives; peace-building activities of international organizations and nongovernmental organizations; and peace support provided by international militaries. Several guest lectures from past and present peace operations provide practical information for future staff of peace operations. Offered by Schar School of Policy & Gov't (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 652: Strategies for Peace and Stabilization Operations. 4 credits.**
This course concentrates on the institutional mindsets, characteristics, and behaviors of the actors involved in peace operations. Readings, role-plays, and research underpin the class. Special attention is also paid to developing students' graduate-level research and writing skills. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 653: Interagency Operations in Conflict and Post-Conflict Settings. 3 credits.**
Examines the U.S. Interagency process as it relates to peace operations. Various departments and agencies maintaining equities in overseas missions will be identified and explored. Case studies highlight instances of success or failure in application of a "whole-of-government" approach to intervention. Examines significant problems hampering Interagency cooperation today and recent policy directives, frameworks, and initiatives developed to address this situation. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 654: Analysis for Peace Operations. 3 credits.**
Examines theories of human behavior and social systems as they relate to conflict at the interpersonal, community, and international level. The class provides a foundation of academic thinking about the role of conflict in violent and peaceful social change. At the end of the course, students should be able to think systematically and critically about conflict, and engage in practical application of conflict analysis techniques to peace operations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 655: State- and Institution-Building. 4 credits.**
Ending prolonged civil conflicts often necessitates building stronger state institutions as well as addressing broader social, economic, and political issues affecting particular places and peoples. This course examines the literatures on state formation and state building from a historic, regional, and functional perspective paying special attention to polities exiting civil conflicts. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 700: Theory and Practice in Public Policy. 1-4 credits.**
Theories of public policy emphasizing historical intellectual development, and role theory and ethics may play in public policy making. Assumptions made by policy professionals examined against broad range of philosophical, social, political, and economic imperatives affecting public policy environment. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 702: Comparing Political Institutions. 3 credits.**
Examines political institutions and processes from comparative and international perspectives, and role of political environment in economic trade and investment policy decisions. Examines how generalizability, objective knowledge and understanding, and nature of evidence impact public policy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 704: Statistical Methods in Policy Analysis. 3 credits.
Graduate-level introduction to statistical methods and techniques used in policy sciences. Topics include descriptive statistics, sampling and probability theory, graphical data display, estimation and significance testing, contingency tables, bivariate regression and correlation, and multiple regression, with introduction to computer based statistical analysis. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Studies analytical concepts and techniques used in public-sector overall budgetary and specific project decision making. Includes conceptual concerns and quantitative techniques used in benefit-cost analysis, capital budgeting, financial analysis, and various specialty applications, such as economic and fiscal impact analysis. These are all interrelated by the desire to measure the benefits versus the costs of various alternative public decisions. Attention is given to measuring results over time and the use of present value techniques. Assesses strengths and weaknesses of analytical techniques. Emphasizes the process of defining the appropriate stakeholders affected by decisions, the sources and quality of data, and the rigor of conducting studies. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 709: Professional Writing for Policy. 3 credits.
Professional Writing teaches effective writing for the professions. The course includes the fundamentals of writing – grammar, word usage and paragraphing and instruction in selected genres, including news stories, editorials, and research writing. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Post-Baccalaureate or Non-Degree Undergraduate degrees may not enroll.

Enrollment limited to students in the Schar School of Policy and Gov college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 710: Topics in Public Policy. 1-3 credits.
Focuses on selected topics in public policy not covered by fixed-content public policy courses. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 15 credits.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 712: Policy Systems Analysis and Management Science. 3 credits.
Introduces analytical models and analysis to support decisions. Primary emphasis on understanding techniques of operation research and management science, cost benefits, and cost effectiveness for public decision making. Using mathematical details of algorithms to solve models not emphasized except as it contributes to understanding reliability and validity of methodologies. Through case studies and computer solutions, offers appreciation of when, where, and how to use models. Students demonstrate their understanding of techniques by applying them to term research project on government program. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 714: Topics in Transportation Policy, Operations, and Logistics. 1-3 credits.
Issues in transportation policy, operations and logistics in United States and abroad. Includes practical applications of theories and analysis to policy problems, and emphasizes competence in improving policy in selected domains. May be taken up to three times and simultaneously for sections addressing different subject matter. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 9 credits.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)
PUBP 715: Introduction to Transportation Systems. 3 credits. Transportation is a service that contributes substantially to well-being of advanced economies. Resource requirements and byproducts of transportation also pose sobering environmental challenges for society. Course examines history and development of transportation systems; contribution to and impact on society; institutions and practices that govern planning, design, construction, operation, maintenance, and retirement from service; and policy and managerial challenges, and tools and techniques for addressing them. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students. Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Graduate Regular scale. (p. 84)

PUBP 716: Transportation Operations and Logistics. 3 credits. Provides survey of issues, methods, problems, and strategies. Topics include origins of logistics, industry structure, pricing, underwriting, rate making, compliance, inventory effects, just-in-time inventory management (JIT), materials requirements planning (MRP), customer service and order processing operations, sales functions and operations, dispatch and fleet management functions and operations, rate-setting among three parties, typical electronic and paper document flow, routing and scheduling, route selection, satellite load tracking through dispatch-customer web inquiry, role of ITS in route selection, toll system use, congestion, training activities, and logistics markets. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Graduate Regular scale. (p. 84)

PUBP 717: Analysis for Transportation Managers. 4 credits. Introduces basic methods of transportation analysis and evaluation relating them to policy framework. Covers descriptive statistics, hypothesis testing, contingency tables (Chi-Square analysis), regression, optimization, demand elasticities, and gravity model. Also covers sources of transportation data and research design. Teaches mathematical base and logic of each technique, but primary emphasis is applying methods to relevant policy and management problems. Students required to complete series of assignments along with research proposal focused on applying one or more methods to problem of their own interest. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Graduate Regular scale. (p. 84)

PUBP 718: Transportation Planning and Policy. 3 credits. Introduces highway, rail, air, and water transport planning in United States. Teaches legislative, organizational, fiscal, legal and political environment within which planning for transportation facilities and services takes place. Introduce technical and analytical methods for transportation planning. Focus is largely on public sector, but also considers commercial transport planning and role of private sector in helping to design, manage, and finance transport systems. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students. Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Graduate Regular scale. (p. 84)

PUBP 719: Transportation Law. 3 credits. Examines legal environment of transportation. Topics include basic legal concepts and institutions, history and evolution of price and service regulation, environmental law and regulation, labor relations, and property. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students. Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Graduate Regular scale. (p. 84)

PUBP 720: Managerial Economics and Policy Analysis. 3 credits. Introduces microeconomics theory and its application in analyzing public policy issues. Provides capability to understand economic literature and theories. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students. Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Graduate Regular scale. (p. 84)

PUBP 721: Transportation Economics. 3 credits. Provides basis for understanding economics of transport system, and how transportation relates to urban and regional development. Treats transport generically, but includes case studies of specific modes. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students. Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 722: Practicum in Transportation Policy, Operations, and Logistics. 3 credits.
In-depth field study of ongoing transportation policy, operations, or logistics situations; and design and delivery of actions to manage or resolve problems and opportunities. Range of application areas depends on interests of student body and opportunities faculty identify for “clients” or real-world projects. Illustrative domain areas include surface transportation (highways and transit), airports, and aviation. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 723: Metropolitan Transportation Policy. 3 credits.
Recent changes in federal legislation have led to renewed importance for transportation policy and planning. Considerations of clean air, economic development, congestion management, and changing urban form have greatly increased importance of well-planned transportation facilities and policies. Course introduces basic methods of transportation policy analysis and evaluation. Topics include data collection, simplified demand estimation techniques, transportation choice modeling, transportation supply analysis, and ex-ante and ex-post evaluation methods. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 726: Telecommunications Policy. 3 credits.
Examines salient issues associated with telecommunications and electronic commerce in context of public policy questions facing decision makers in government, education, and business. Examples include privacy, electronic signatures, digital divide, bandwidth auctions, IP telephony, CRM, Bluetooth, and Internet taxation. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 730: US Institutions and the Policy Process. 3 credits.
Explores the United States constitutional system of government, including the principal governmental and non-governmental institutions shaping American public policy. Investigates the national policy making process and the interplay between politics and policy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 731: Macroeconomic Policy Assessment. 3 credits.
Covers monetary theory, theories of consumption and saving, budget deficits, economic growth, international finance, and monetary and fiscal policy. Investigates national income and product accounts, savings, employment, and investment, and alternatives to Keynesian principles. Evaluates theories of inflation, investment, capital accumulation, and nonproportional growth. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 732: Labor Markets and Policies. 3 credits.
Analysis of labor market issues and policies, including those affecting employment, wages, working conditions, and unemployment – issues central to current policy debates on job creation, inequality, discrimination, immigration, education, and social programs. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 733: Urban Politics and Policy. 3 credits.
This course explores the factors that guide and affect urban politics and policy including, but not limited to, housing, public education, criminal justice, employment, and economic development. It is designed to provide students with an introduction to the major theories and some of the significant research in urban politics and policy. The primary focus will be on large American cities. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 734: Administrative Law and Public Policy.** 3 credits.
Covers administrative discretion, rule-making and agency proceedings, public participation, political accountability, regulatory processes, oversight, formal adjudication and informal action, lobbying agency administrators, and political and legal nature of the administrative process. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 735: Lobbying and Interest Representation.** 3 credits.
To work effectively within a democratic political environment, policy analyst must understand contemporary methods used to influence policy. Course focuses on roles and techniques of organized influence, and its impact on policy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 736: International Migration and Public Policy.** 3 credits.
Examines demographic, economic, political, and social forces driving international migration on a global basis in the twenty-first century. Considers policy responses within sending and receiving countries and at the global level, including the role of international cooperation and institution-building. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 737: Cases and Concepts in E-Government.** 3 credits.
Electronic government has become a significant public policy issue worldwide. It offers the prospect of dramatic improvements in delivering government services, but also portends major debate about government intrusion. Course covers emerging public policy issues associated with electronic government: job displacement in public sector, privacy, procurement and supply chain management, voter profiling, scope of government services, challenges to "digital democracy," Internet-based voting, land management, the "digital divide," and others. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 739: Media and Public Policy.** 3 credits.
Explores complex relationship between media and public policy. Examines how these forces collide in our modern media, how coverage decisions regarding public policy are made in newsrooms, how advocates use and rely on the media to advance message, and how different media reflect different strengths and vulnerabilities. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 740: U.S. Foreign Policy: Formulation and Practice.** 3 credits.
Focuses on policy formulation and policy implementation. The principal arenas of foreign policy are explored, including the White House, the State Department, the defense and intelligence communities, and the Congressional committees. These arenas are both affected by and influential upon the exogenous systems, such as the media, public opinion, interest groups, foreign governments, and international organizations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

Examines the design and operation of expenditure and revenue systems and programs at federal, state, and local levels of U.S. government. Covers a variety of public finance topics including mobilization of resources through planning, adoption, and execution of budget; theory, policy objectives, and microeconomic impact of tax policy and spending programs; and financial controls, cash and debt management, and accounting and financial reporting systems. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** PUBP 720.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 742: Transportation Safety and Security. 3 credits.
Examines transportation safety and security from multimodal perspective for both passenger and freight. Topics include historical context and policy framework, regulation, institutional issues, new security arrangements for preventing organized terrorist attacks, infrastructure design, vehicle design, operating protocols, and information systems. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 743: National Security Management and Policy. 3 credits.
Examines hierarchies in national security from the president to military establishment, including National Security Council, secretary of defense, joint chiefs of staff, commanders-in-chief of unified and specified commands, and intelligence agencies. Covers policies involving national defense, peace-keeping operations, embargoes and other sanctions, defense conversion, and military acquisition policy. Also covers significant legislation affecting national security, such as National Security Act of 1947 and Goldwater-Nichols Act of 1986. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 744: Federal Institutions and Management. 3 credits.
Covers management and policy in federal government, examining policy problems within context of national system of governance, including political environment, evolution and constitutional framework of American government, U.S. Congress, executive branch from White House to agencies, and role of interest groups and political parties. Special attention to implementing legislation, regulatory process, and intergovernmental relations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 745: Transportation and the Environment. 3 credits.
Multidisciplinary examination of implications of transportation and ways public policy has attempted to handle them, and how policy may move in the future. Explores all modes of transportation and most environmental ramifications. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 747: Air Transportation Policy, Operations and Logistics. 3 credits.
Reviews evolution of various forms of air transport such as airlines, general aviation, and military aviation; and includes basics of airline economics, especially as they intersect with airline operations and the management of hub and spoke networks; air traffic control technologies and operations and their intersection with airline economics; safety and security technologies and regulations; future of various elements of air transportation; and effects of deregulation on air travel. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 748: Public Transportation Policy, Operations and Logistics. 3 credits.
Provides general system description for components comprising typical publicly funded transit property. Topics include organizational structure, historical context, budget development including operating and capital budgets, personnel and labor relations, regulatory framework, operations management (bus and commuter rail), reporting structure, customer service, and contracted operations. Also discusses current topics of interest, such as security of transit systems and transit’s role in air quality. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 750: History of Military Operations Other than War. 3 credits.
Focuses on history of military activity in support of noncombat missions. Uses historical examples of early days of United States and colonial histories of Western and Eastern powers. Also touches on use of military force in support of multinational peace operations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 751: International Police Operations. 3 credits.
Analyzes role of international police monitors and domestic police forces in international peace operations. Focuses on how using international police monitors and developing indigenous law-enforcement capabilities can improve prospects for success of international peace operations. Examines origins, mandates, planning, and deployment of international civilian police forces; problems of coordinating international police operations with international military forces and local security forces; international role in developing democratically oriented police forces; relationship of police to the entire judicial system; and the need to continue assistance to all parts of the judicial system beyond initial intervention. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 752: Infrastructure Finance. 3 credits.
Covers planning, budgeting, and financing of infrastructure, including air, water and surface transportation, public utilities, and other major public works. Focuses on private capital markets for projects funding as well as domestic and international loan and grant programs. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 753: Ethics in Public Policy. 3 credits.
Inquiry into ethical and moral issues in public policy. Explores issues that are controversial and often confusing to public policy makers such as health care, secrecy in government, surrogate motherhood, and disability. Perspectives are national as well as global, and deal with impact of culture and politics on ethical dilemmas confronting society. Also looks at processes by which specific ethical systems are incorporated into governing bodies. Larger issues, such as war and peace, just and unjust wars, capital punishment, medical and legal ethics, and communitarian vs. individual liberties are also included, with emphasis on how they affect public policy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 754: Geographic Information Systems and Spatial Analysis for Public Policy. 3 credits.
Introduces Geographic Information Systems (GIS), including spatial data tools, to answer applied policy questions. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Applies behavioral, economic, strategic, and other decision theories to U.S. government and other actors in historical national security crisis cases and current policy issues. Explores tension in decisions between rational goal seeking by actors vs. organizational process, and aims to develop usable decision tools. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 756: Global Medical Systems Policy Analysis. 3 credits.
EQUIPS students with knowledge and skills to critically analyze structures, functions, governing policies, and performance of healthcare systems; to identify problems and solutions; and to devise alternative courses of action and reform policies that would contribute to achieving goals. Prepares students in policy analysis rooted in systems analysis, while linking issues, objectives, and solutions with the larger context in which a system is embedded. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 757: Public Policy in Global Health and Medical Practice. 3 credits.
Introduces international medical policy. Covers globalization of health and medical policies directed at removing disparities, financing, ethical considerations of biomedical research, and use of emerging technologies. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 758: Global Threats and Medical Policies.** 3 credits.
Explores medical and health governance, biosecurity and biosafety, health and natural and human-made disasters, humanitarian and emergency assistance, vaccine development, behavior and health, critical infrastructures, bioethics and resource allocations in global context. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 759: National Security Law and Public Policy.** 3 credits.
Introduces legal and policy issues concerning current U.S. national security. Its emphasis is on developments since 9/11. It focuses on the legal rules governing the formulation and execution of U.S. national security policy. It examines U.S. and international law as well as general domestic and foreign policy considerations. In particular, the course considers the principal cases, legislation and treaties impacting U.S. national security. Special emphasis is on the interplay of national security concerns and civil liberties in this age of global and transnational terrorism. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 760: Science and Technology Policy in the 21st Century.** 3 credits.
Investigates roles dynamic scientific research and technological innovation play in contemporary society. Focuses on design and analysis of alternative public policies intended to influence rate and direction of technological change in societies, and use of scientific and technical knowledge in public policy making. Uses historical and international comparative approaches to assess politics and pragmatics of science and technology policy. Includes material from policy evaluation and analysis, organization theory, economics of innovation, and sociology of science and technology. Applications focus on areas of concern to “new economy” such as biotechnology, networked telecommunications and computing, and globalization of technology-based production. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 761: Social Entrepreneurship and Public Policy.** 3 credits.
This course is about people who start new ventures with the explicit objective of creating social as well as private value. As societies and the challenges they face become ever more complex, existing institutions and incentive structures may or may not be adequate to address new generations of problems. Social entrepreneurs innovate new organizational forms with the objective of finding solutions in the public interest. Students in this course will be challenged to integrate elements of business strategy and policy analysis toward the objective of crafting a practical plan for the launch of a novel and needed social venture. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 762: Social Institutions and Public Policy.** 3 credits.
Limited government involvement in social policies changed drastically during the 1960s, with an explosion of social programs designed to ameliorate poverty, reduce crime, and eliminate racial segregation. These new social policies affect many institutions, including family, schools and colleges, criminal justice system, and government agencies. Many of these policies have been controversial, with debates over efficacy and whether they have cured or exacerbated social problems. Course examines evolution and status of selected American social policies, including civil rights policies, education reform, family policy, crime prevention, and other topics chosen by students. Readings and discussions on policy issues linked to readings and discussions on social theories and value systems that underpin social policies. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 763: Illicit Trade.** 3 credits.
Examines the role that illicit trade assumes in international trade and commerce. Studies diverse international forms of illicit trade, the role that it assumes in perpetuating conflicts and the most pervasive forms of this illicit trade. Examines the actors who perpetrate this trade and the policies which are needed to stem its growth. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 764: Transnational Crime and Corruption.** 3 credits.
Provides an overview of transnational crime and corruption and its effects on the political, economic, and social development of countries globally. Focuses on the growing problem of transnational crime in conflict regions. The course addresses the links among crime groups, corruption and terrorism. It analyzes diverse range of activities of transnational crime groups in both the legitimate and illegitimate economy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 766: Modern Counterinsurgency: Theory and Practice.** 3 credits.
This course is intended to give students a broad understanding of the nature of counterinsurgency, the policy implications of the U.S. becoming involved in an insurgency, and the multifaceted, interagency approach that is required to successfully combat an insurgency. The course includes case studies, a review of contemporary U.S. counterinsurgency practices, and insights on what the future might hold in this important type of conflict. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 767: Ethics in Health Policy.** 3 credits.
Examines major ethical issues raised in health policy and medical practice around the world. Studies issues comparatively and applies various ethical frameworks to study them. Considers various legal and policy solutions derived to deal with them. Principles of biomedical ethics as well as consideration of several major schools of thought in political philosophy, including utilitarianism, libertarianism and communitarianism will be considered. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 768: Education and Public Policy (Topic Varies).** 3 credits.
Explores current issues and policy initiatives in education policy at federal, state, and local levels, with emphasis on education reform. Issues and topics vary. Typical policy issues include raising academic standards, high-stakes testing, alternative governance including school choice and voucher policies, teacher quality and certification, role of school resources in academic outputs, and equity topics. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 769: Political Violence and Terrorism.** 3 credits.
Examines the persistent threat of terrorism and political violence to international stability generally, and U.S. national security interests in particular. Provides students with a long-term analytical and substantive foundation to deepen their knowledge and effectiveness as policy-makers in national security, diplomacy, homeland security, law enforcement, humanitarian law, peace operations, postconflict reconstruction, development assistance, public diplomacy and other related areas. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 770: Health Policy Analysis.** 3 credits.
Prepares students in global health policy analysis with a focus on processes, roles, expenditures, alternatives and tradeoffs in different country settings. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.
Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 775: Economics of Electronic Commerce. 3 credits.
Focuses on gaining competitive advantage through electronic commerce implementation; identification and growing of new market opportunities and electronic enabling of existing business relationships; and business-to-consumer relationships and economics of strategic procurement, ERP hosting, customer relationship management, catalog hosting, portal operations, and supplier management. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 777: Critical Infrastructure Protection: Policy and Practice. 3 credits.
Introduces critical infrastructure protection and resilience as a policy field, examines its governance framework, and considers its foundations in institutional theory and risk analysis. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 780: Evolution of the Washington Metropolitan Economy. 3 credits.
Includes historical context, role of federal spending, tourism, technology sector, international business, regional organizations, local government policies, and forecasts. Evaluates development patterns in Washington, D.C., Northern Virginia, and suburban Maryland. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 781: Entrepreneurship and Economic Development. 3 credits.
A knowledge spillover theory of entrepreneurship is employed to link between theories of entrepreneurship and theories of innovation and regional development. Other interconnections are explored at the regional level as firms forge networks, clusters, and specialized markets. The public policy issues of these constructs, including competition policy, industrial policy, and cluster policy, are examined within a regional and global context. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 782: International Financial Policy. 3 credits.
Addresses theory of international finance, application to financial policy such as exchange rate regimes, and institutions of international finance. Covers operations of International Monetary Fund and World Bank, development of European Monetary Union, and debate over “international financial architecture.” Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 783: Global Governance. 3 credits.
Surveys important issues in global governance given changes in contemporary world. Explores dynamics and complexity of formal and informal actors, institutional arrangements, organizations, and roles in process of governance in international sphere. Considers states, governmental and nongovernmental organizations, international regimes, social movements, regional associations, and multinational corporations as actors bearing on transnational authority. Examines various vehicles for international coordination and conflict in terms of relevance and opportunities for global governance. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 784: Entrepreneurship, Economics, and Public Policy. 3 credits.
To demonstrate that global capitalism is a process driven by entrepreneurship, students study the Austrian school of economics, which views capitalism as a process of creative destruction, as well as other economists who emphasize entrepreneurship and change. The course reviews the history of capitalism, focusing on the so-called industrial revolutions in Britain, Germany, Japan, and the United States, and on particular historical and current entrepreneurs. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

Teaches how to analyze the framing of policy questions and examine culture and organization at group, organizational, interorganizational, and societal levels. Covers case study research, open-ended interviewing, participant-observation, social network analysis, and historical and archival research. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 792: Advanced Economic Analysis for Policy Research. 4 credits.
Builds analytical skills in economic analysis for policy research for students with competence in elementary calculus. Reviews mathematical techniques and covers consumer theory, demand estimation and forecasting, production theory, cost-benefit analysis, technological change and productivity analysis, growth theory, market structure and competition, game theory, capital budgeting, and public sector's role in the economy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** PUBP 720 or equivalent.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 793: Large-Scale Database Construction and Management for Policy Research. 4 credits.
Explores data resources for macro-comparative policy research, and how to use these to inform decision making and evaluate policy performance. Emphasizes how social science data is generated, coded, and managed; and methods for successful presentation of evidence in support of policy recommendations. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 795: Final Project. 1-3 credits.
Project developed drawing on key themes of the program, in consultation with the program director. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

PUBP 799: Master's Thesis. 1-6 credits.
Individualized section form required. Original research endeavor related to student's program concentration. Research must result in document meeting public policy and university standards. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the degree.

**Recommended Prerequisite:** Degree candidacy in a Public Policy Master’s program, completion of required credits of graduate course work, and approval of a thesis proposal by the faculty advisor, two committee members, and the program director.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Thesis

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

800 Level Courses

PUBP 800: Culture and Public Policy. 1-4 credits.
Comparative analysis of the role of culture in shaping policy environments and outcomes. Introduces analytical methods for studying culture, including measurement of social and cultural change, surveys, and field studies. Presents major findings and research issues regarding the role of culture in democracy, ethnic and gender relations, economic growth and other policy issues. Focuses on differences among national and regional cultures, and their policy implications. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 801: Research Design for Public Policy. 1-4 credits.
Provides an introduction to the theory and practice of research in public policy. Gives students an understanding of issues in the philosophy of science and different approaches to social science research. Provides
broad overviews of quantitative and qualitative methodologies, with a major emphasis on research design, including conceptualization, the role of theory, hypothesis generation, inference and bias. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUBP 720 and PUBP 730, or their equivalents strongly recommended.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 802: The Logic of Policy Inquiry. 1-4 credits.
Defines policy research problems, questions, and hypotheses. Explores modes of policy research, analysis, and rhetoric, including interdisciplinary research strategies. Uses information sources to emphasize written communication of policy research results. Also discusses professional practice issues. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 804: Multivariate Statistical Analysis in Public Policy. 4 credits.
Explores multivariate techniques of contingency table analysis, reliability and validity assessment, factor analysis and scaling, multivariate regression and path analysis, analysis of variance and covariance, and other selected multivariate techniques. Emphasizes applying these techniques to real policy data using sophisticated statistical packages. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUBP 704 or equivalent.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 805: Foundations of Social Science for Public Policy. 4 credits.
Grounds doctoral students in core concepts of political science and economics through critical analysis of classic sources, old and new. Topics may include theory of the state, state-market relations, democratic governance, markets and economic institutions, and other relevant frameworks for public policy research. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUBP 730 or equivalent.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 806: Advanced Management Science for Public Organizations. 3 credits.
Primary emphasis is to understand techniques of operations research and management science, cost benefits, and cost effectiveness for public policy decision making. Some familiarity with elementary calculus and linear algebra helps with understanding mathematical basis of algorithms used to solve models, and reliability and validity of these techniques. Case studies and computer solutions help students understand when and how to use OR models. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Recommended Prerequisite: PUBP 712 or equivalent.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

PUBP 810: Regional Development and Transportation Policy. 4 credits.
Introduces and critiques theory and methods used in regional and transportation policy analysis. Explores central place, growth pole, and economic base theories as well as other theoretical constructs used in regional policy analysis. Introduces and examines methodological tools such as regional econometric modeling, multiobjective programming, shift-share analysis, economic base analysis, location quotient analysis, and input-output analysis. Examines selected regional and transportation public issues using theoretical and methodological constructs. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.
Enrollment limited to students in the Schar School of Policy and Government.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 811: Applied Methods in Regional Development and Transportation Policy.** 4 credits.

Students develop research papers that investigate aspects of regional and transportation policy, with a goal of producing publishable papers. Students are expected to prepare a two-page proposal followed by a detailed proposal and finally, a completed paper. Each is critiqued in the seminar, which is organized to conform to the process of review and critique. The instructor works with students individually as well as in seminar sessions. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
- Enrollment is limited to Graduate level students.
- Enrollment limited to students in a Doctor of Philosophy degree.
- Enrollment limited to students in the Schar School of Policy and Government.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 817: Policy Research Topics: Transportation Policy.** 3 credits.

Research workshop examining the development of policy research and relevant methodologies linked directly to faculty and student interests. Students identify cutting-edge policy concerns and execute a research program. The 4-credit version of the course requires a discussion section and research laboratory. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
- Enrollment is limited to Graduate level students.
- Enrollment limited to students in a Doctor of Philosophy degree.
- Enrollment limited to students in the Schar School of Policy and Government.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

Explores how political and economic institutions and cultural values shape pace, direction, costs, and benefits of technological innovation and scientific research. Special emphasis on the interaction between national institutions and the processes of globalization. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
- Enrollment is limited to Graduate level students.
- Enrollment limited to students in a Doctor of Philosophy degree.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 823: Topics in Public Policy.** 1-4 credits.

Focuses on selected topics in public policy not covered in fixed-content public policy courses. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 9 credits.

**Registration Restrictions:**
- Enrollment is limited to Graduate level students.
- Enrollment limited to students in a Doctor of Philosophy degree.
- Enrollment limited to students in the Schar School of Policy and Government.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 834: Entrepreneurship, Growth, and Public Policy.** 1-4 credits.
Focuses on a closer consonance among entrepreneurship, geography, and economic growth. Studies the creation and incubation of new knowledge and features three theoretical fields: the new growth theory; the new economic geography; and the new economics of innovation. Develops a knowledge spillover theory of entrepreneurship. Examines public policy issues arising from these constructs, including competition, within a regional and global context. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to Graduate level students.
Enrollment limited to students in a Doctor of Philosophy degree.
Enrollment limited to students in the Schar School of Policy and Govt college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 835: Entrepreneurship, Creativity, and Innovation.** 1-4 credits.
Provides multidisciplinary foundation for the study of entrepreneurship, creativity, and innovation, and their effects on regional and national economic growth. Draws from seminal thinkers and emphasizes creativity and innovation. Examines how organizational change, institutional structure, and geographic clustering drive the development of regional and national economies. Explores these issues through the lens of the three Ts of economic growth: technology, talent, and tolerance. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to Graduate level students.
Enrollment limited to students in a Doctor of Philosophy degree.
Enrollment limited to students in the Schar School of Policy and Govt college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

Examines major institutions that formulate and implement policy at national level. Emphasizes presidency, Congress, and executive branch bureaucracies. Also considers agenda-building institutions such as media, interest groups, political parties, and elections. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to PUAD 840.

**Registration Restrictions:**
Enrollment limited to Graduate level students.
Enrollment limited to students in a Doctor of Philosophy degree.
Enrollment limited to students in the Schar School of Policy and Govt college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 841: U.S. Policy-Making Processes.** 4 credits.
Analyzes major U.S. public policy processes. Attention to major instruments for implementing policy, including regulation, grants, tax policy, and market-based mechanisms; and how different methodologies are appropriate for understanding aspects of policy inquiry. Covers ethical and accountability aspects of policy, including federalism, intergovernmental relations, and state and local governance. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit. Equivalent to PUAD 841.

**Registration Restrictions:**
Enrollment limited to Graduate level students.
Enrollment limited to students in a Doctor of Philosophy degree.
Enrollment limited to students in the Schar School of Policy and Govt college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 850: Seminar in Public Policy.** 1 credit.
Weekly colloquium series, required of public policy PhD students. Features variety of speakers from universities, government, and nonprofit sectors. Topics include policy formulation and analysis, and theoretical and methodological foundation. Offered by Schar School of Policy & Govt (p. 961). May be repeated within the term for a maximum 4 credits.

**Registration Restrictions:**
Enrollment limited to Graduate level students.
Enrollment limited to students in a Doctor of Philosophy degree.
Enrollment limited to students in the Schar School of Policy and Govt college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**PUBP 860: Social Theory, Culture, and Public Policy.** 4 credits.
Covers major social and cultural theories that underlie public policies. Selections from classical and contemporary social theorists relevant to studying social change, social capital, and social organization. Focuses on interplay among culture, social institutions, social processes, and policy. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to Graduate level students.
Enrollment limited to students in a Doctor of Philosophy degree.
Enrollment limited to students in the Schar School of Policy and Govt college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
**PUBP 861: Culture and Social Policy Analysis.** 4 credits.
Applies social and cultural theories to policy topics, including methodological approaches and empirical studies. Emphasizes linkage between theory and empirical research, and methods appropriate for social policy study. Policy topics may include poverty and inequality, family, education, crime and corruption, immigration, and health. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 862: Institutional Analysis and Policy.** 4 credits.
Policy analysts are increasingly cognizant of the influence of societal institutions in shaping public policy, not only in terms of policy design, but also as a determinant of implementation. This course reviews the growing literature regarding institutional analysis; furthermore, it considers the ways in which institutions help shape the policies that emerge within a given society and the context by which they are evaluated. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 870: Organizational and Policy Aspects of Informatics.** 1-4 credits.
Examines effects of informatics on national and international policy; setting international policy on informatics; ethical and social change in governments and organizations; shaping national policy in informatics; industry growth; and research methods from various scientific disciplines. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 871: Organizational and Information Technology Challenges of the Knowledge Society.** 4 credits.
Explores links of policy, managing organizations, and information technologies in postmodern era. Includes issues related to contradictions among conventional models of organizational and process design, policy and regulatory structures, ideologies, and information technologies. Provides framework for becoming a sophisticated analyst of policy, organizations, and information technology. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** PUBP 870.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 872: Managing Knowledge-Based, Information-Intensive Organizations.** 4 credits.
Deals with challenges of planning, creating, integrating, and managing contemporary information-technology enabled public and private sector organizations, and managing relationships between public and private enterprises enabled by information technology initiatives. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 880: Global and International Public Policy I.** 4 credits.
Explores multiple dimensions of globalization and internationalization relative to public policy processes and consequences. Offers substantive insight into contemporary public policy dynamics from global and comparative perspectives. Accordingly, it examines a broad range of international cultural, political, technological, and economic policy issues, and their interactions and implications at all levels of analysis. Engages relevant theoretical and methodological approaches and debates to provide tools for analyzing various world problems and policies. Offered by Schar School of Policy & Govt (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**PUBP 881: International Trade Policy.** 4 credits.
Addresses international trade theory, trade policy analysis, regional economic integration, and institutional arrangements governing world trade. Covers World Trade Organization (including constituent agreements in goods, services, intellectual property and trade-related investment measures), regional trade agreements such as NAFTA, dispute settlement regimes, and relations between trade and the environment. Offered by Schar School of Policy & Gov (p. 961). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

### 900 Level Courses

**PUBP 997: Field Statement.** 1 credit.
Requires work on field statement in preparation for field exam. Notes: Must register in semester during which field exam will be taken. Does not apply to credit degree requirements. Note: Restricted to public policy PhD students. Students must contact program coordinator for permission and CRN number to register via Patriot Web. Offered by Schar School of Policy & Gov (p. 961). May not be repeated for credit.

**Recommended Prerequisite:** Permission of field committee chair.

**Registration Restrictions:**
Enrollment limited to Graduate level students.

Enrollment limited to students in a Doctor of Philosophy degree.

Enrollment limited to students in the Schar School of Policy and Gov college.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**PUBP 999: Dissertation.** 1-9 credits.
Requires research on approved dissertation topic under director on dissertation committee. Notes: No more than 24 credits of PUBP 998 and 999 may be applied to doctoral degree requirements. Offered by Schar School of Policy & Gov (p. 961). May be repeated within the degree.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy.

Enrollment limited to students in a Doctor of Philosophy degree.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

### Reading (EDRD)

#### 300 Level Courses

**EDRD 300: Literacy and Curriculum Integration.** 3 credits.
Introduces K-12 content area reading, writing, and language arts. Emphasizes integration of reading and other language arts across curriculum. Notes: Intended as an introduction to educational issues and is not applicable in Mason's graduate-level teacher education programs. School-based field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**EDRD 301: Facilitating Literacy in School or Community Settings.** 3 credits.
Provides knowledge, teaching strategies, and support for students working with developing readers and writers. Emphasizes implementation strategies that foster literacy development; incorporation of trade books and technology resources into individual and small group work; and reflection. Note: Requires 45 hours of school-based field experience during course. Offered by Graduate School of Education (p. 162). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

#### 400 Level Courses

**EDRD 419: Literacy in the Content Areas.** 3 credits.
Assists students in understanding the language and literacy process as it applies to teaching in middle and high schools. Focuses on instructional strategies to support literacy development, including adaptations for culturally diverse and exceptional learners. Offered by Graduate School of Education (p. 162). Limited to three attempts. Equivalent to EDRD 619.

**Registration Restrictions:**

**Required Prerequisites:** (EDCI 469C, 372C or 473C) and (EDCI 479C, 472C or 473C).

*C May be taken concurrently.
*C Requires minimum grade of C.

Enrollment is limited to students with a major, minor, or concentration in Secondary Ed - Biology 6-12, Secondary Ed - Chemistry 6-12, Secondary Ed - Mathematics 6-12, Secondary Ed - English 6-12, Secondary Ed - Physics 6-12 or Second Ed - Earth Science 6-12.
**EDRD 501: Literacy and Curriculum Integration, PK-12.** 3 credits.
Introduces PK-12 content area reading, writing, and language arts. Emphasizes integration of reading and other language arts across curriculum; instructional planning; needs of diverse learners. Field experience in public schools required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**500 Level Courses**

**EDRD 515: Language and Literacy in Global Contexts.** 3 credits.
Focuses on the relationship of language to reading and the connection between language structure and how we learn to read. Examines theories of language acquisition and the complexity of language development and the reading process. Explores key factors that influence and enhance language learning and development. Introduces literacy instruction and assessment for all learners, and explores sociocultural perspectives on literacy. Offered by Graduate School of Education (p. 162). May not be repeated for credit. Equivalent to EDRD 525.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDRD 619: Literacy in Content Areas.** 3 credits.
Offers understanding of language and literacy processes as it applies to teaching in secondary schools. Emphasizes reading and writing in content areas, and instructional strategies to support students' literacy development. Focuses on ways reading, writing, speaking, and listening are developed and used in learning discipline-specific curriculum, including adaptations for culturally diverse and exceptional learners. Offered by Graduate School of Education (p. 162). May not be repeated for credit. Equivalent to EDRD 419.

**Registration Restrictions:**
Required Prerequisites: (EDC1 567\(^{B-}\), 569\(^{B-}\), 572\(^{B-}\) or 573\(^{B-}\)) and (EDCI 667\(^{B-}\), 669\(^{B-}\), 672\(^{B-}\) or 673\(^{B-}\)).

\(^*\) May be taken concurrently.

B\(^{-}\) Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDRD 620: Reading/Writing in Foreign/World Languages.** 3 credits.
Introduces reading and writing processes in foreign and second languages, research on reading comprehension, and effective teaching and assessment approaches for students in PK-12 schools. Topics include reading goals and standards for foreign language learning, sociocultural perspectives, multimedia computer-assistance, research on related strategies and skills, and performance-based assessments. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisites: EDCI 520\(^{B-}\), 560\(^{B-}\) and 684\(^{B-}\).

\(^*\) May be taken concurrently.

B\(^{-}\) Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
EDRD 629: Literacy Foundations and Instruction for School Psychologists. 3 credits. Examines literacy theory, research, and practice as it relates to children in order for school psychologists to effectively work with teachers and families to improve students' literacy learning. Includes reading, writing, and oral communication. Addresses sociocultural, cognitive, linguistic, psychological, and developmental influences on literacy. Explores evidence-based strategies for reading instruction. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** Admission to school psychology program or permission of the literacy program coordinator

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 630: Literacy Foundations and Instruction for Diverse Populations: Birth through Middle Childhood. 3 credits. Study of literacy theory, research, and practice as it relates to younger learners. Includes teaching of reading to English Language Learners and language acquisition for diverse populations (Special Education students who access the general curriculum). Addresses sociocultural, cognitive, linguistic, psychological, and developmental influences on children's literacy. Includes reading, writing, and oral communication. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** Admission to the literacy emphasis, or permission of program coordinator.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 631: Literacy Foundations and Instruction for Diverse Populations: Adolescence Through Adulthood. 3 credits. Study of literacy theory, research, and practice as it relates to adolescents and adults. Addresses sociocultural, cognitive, linguistic, psychological, and developmental influences on literacy. Includes reading, writing, and oral communication. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** EDRD 630, admission to literacy emphasis or permission of the program coordinator.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 632: Literacy Assessments and Interventions for Groups. 3 credits. Provides literacy assessments and interventions for groups of learners. Includes exploration of assessment tools for classrooms and large populations. Class members conduct related practice in their own classrooms or specified field settings. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** EDRD 630 and 631; admission to literacy emphasis, or permission of the program coordinator.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 633: Literacy Assessments and Interventions for Individuals. 3 credits. Provides literacy assessments and interventions for individuals. Includes diagnosis and remediation for learners who find reading and writing difficult. Requires assigned practicum experience. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** EDRD 630, 631, and 632; admission to literacy emphasis; or permission of program coordinator.

**Recommended Corequisite:** EDRD 637

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
EDRD 634: School-Based Leadership in Literacy. 3 credits.
Prepares reading specialist as a school leader. Expands knowledge of literacy gained in prerequisite courses, and applies it to professional development work with teachers at their own site. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDRD 630, 631, 632, 633, and 637; admission to the literacy emphasis or permission of the program coordinator

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 635: School-Based Inquiry in Literacy. 3 credits.
Capstone course in literacy emphasis focusing on research-based inquiry related to literacy in school settings. Includes review of literature and teacher inquiry project. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDRD 630, 631, 632, 633, 634, and 637; admission to literacy emphasis; or permission of program coordinator.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 637: Supervised Literacy Practicum. 2-3 credits.
Provides supervised experiences assessing students identified as needing additional support in literacy, followed by designing and implementing appropriate data-based instruction. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDRD 630, 631, 632.

Recommended Corequisite: EDRD 633.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDRD 680: Foundations of Coaching and Fostering Professional Learning. 3 credits.
Reviews theoretical, conceptual, and evidence-based foundations of comprehensive literacy programs designed to meet the needs of all learners. Develops specific understandings of the evidence-based foundations of effective professional learning and adult learning theory, including learning strategies appropriate for individual, small-group, and schoolwide professional development settings. Provides experiences with leading effective professional development. Note: This course requires students to conduct related practice in their own schools or specified field settings. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: Admission to the Literacy Coaching Graduate Certificate program

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 681: Collaboration and Communication in Literacy Coaching. 3 credits.
Examines research-based coaching models used in school settings. Explores approaches to coaching interactions with a variety of stakeholders in school-based contexts. Provides experiences with facilitating an observation-feedback cycle with individual teachers. Note: This course requires students to conduct related practice in their own schools or specified field settings. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: Admission to the Literacy Coaching Graduate Certificate program

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 682: Creating Change through Data-Oriented Coaching. 3 credits.
Explores supports and barriers to school change and improvement. Examines the importance and appropriate use of assessment within a comprehensive literacy program, including strategies for communicating assessment information to relevant stakeholders. Provides experiences with designing and leading professional learning experiences focused on analysis and appropriate uses of assessment data. Note: This course requires students to conduct related practice in their own schools or specified field settings. Offered by Graduate School of Education (p. 162). May not be repeated for credit.
Recommended Prerequisite: Admission to the Literacy Coaching Graduate Certificate program

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 683: Trends and Issues in Literacy Instruction and Literacy Coaching. 3 credits.
Provides insight into current trends and issues in literacy instruction and literacy coaching, including, but not limited to, leading and learning with digital technology, diversity and equity in literacy instruction, and challenges in today’s changing schools. Note: This course requires students to conduct related practice in their own schools or specified field settings. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: Admission to the Literacy Coaching Graduate Certificate program

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

700 Level Courses

EDRD 797: Advanced Topics in Education. 1-6 credits.
Advanced study of selected topics in education for students preparing for doctoral studies or who have been admitted to the PhD program in education. Notes: May be repeated for credit with CEHD approval. Offered by Graduate School of Education (p. 162). May be repeated within the degree.

Registration Restrictions:
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

800 Level Courses

EDRD 829: Advanced Foundations of Literacy Education. 3 credits.
Explores advanced foundational theory, research, and methodology across the broad field of literacy both nationally and internationally. Includes analysis of historical and current trends, research, practice, and policy in literacy. Individual projects will connect literacy to students’ areas of interest. Appropriate for PhD in Education students in any specialization. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDUC 800, EDRS 810, or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 830: Theory, Research, and Practice in Literacy: Birth through Middle Childhood. 3 credits.
Explores emergent through intermediate literacy. Topics include literacy acquisition and development in academically and linguistically diverse young children; historical and current trends in theories of literacy development; cognitive, linguistic, sociocultural, and instructional influences on literacy development; and assessment. Implications for teacher education and policy are explored. Individual research projects will connect literacy to students’ areas of interest. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDUC 800 and EDRS 810.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 831: Theory, Research, and Practice in Literacy: Early Adolescence through Young Adulthood. 3 credits.
Explores youth culture and socio-historical constructions of adolescence; literacy in the lives of culturally and linguistically diverse learners; multimodal literacy; international literacy contexts; adolescent literacy policy and leadership; content area and disciplinary literacy; literacy needs of special learners; and adult literacy. Individual projects will connect adolescent literacy to students’ areas of interests. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDUC 800 and EDRS 810.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDRD 832: Research Methodologies and Trends in Literacy. 3 credits.
Develops knowledge and skills in the application of research methodologies in literacy to current national and international trends. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDUC 800, EDRS 810, permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**Real Estate Development (REAL)**

**600 Level Courses**

**REAL 605: Policy and Planning of the Built Environment.** 3 credits.
This class takes a holistic approach to examining the complex environment in which all development occurs. Students will be introduced to the public policy, social considerations, and infrastructure involved in creating and supporting the built environment. Emphasis will be placed on evaluating what constitutes “good development” and how enacted public policies impact decision making at the individual project level and on the overall development of communities. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**REAL 615: Brokerage and Market Analysis.** 3 credits.
Students will learn how to analyze market data, evaluate sites in the context of the market, and work with brokerage professionals to maximize sales and/or leasing opportunities. The data component of the class will focus on using industry market analytics resources to identify and interpret trends in the real estate market life cycle. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**REAL 625: Financial Analysis and Valuation.** 3 credits.
Teaches key financial concepts necessary to evaluate real estate investment and development opportunities, such as: cash flow analysis, project financing options, and basic asset valuation. Various quantitative techniques for evaluating project returns, including proforma modelling, will be presented with emphasis placed on understanding the time value of money and the relationships between money, time, and risk. Explores the risks and rewards of using financial leverage and the consequences of default. Considers the economic consequences of public-sector policy and regulation of the real estate and finance industries. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**REAL 635: The Development Process.** 3 credits.
Outlines the development process and the interrelated activities of the key disciplines involved. Introduces students to vocabulary and concepts from multiple industry sectors and teaches them how each respective sector can influence project outcomes. The role of the developer as a leader and coordinator of both the project and development team is stressed. Various product types are considered, including: office, multifamily, retail, and industrial properties. In their final project, students will make portfolio recommendations by analyzing different development scenarios and examining critical decisions at each project stage and the resulting impact on project costs and outcomes. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisite: REAL 625.\(^\text{B-}\).
* May be taken concurrently.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Enrollment is limited to students with a major in Real Estate Development.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**REAL 645: Law and Entitlements.** 3 credits.
Provides students with a basic understanding of the relevant law and legal concepts involved in real estate development. Addresses legal issues through the life cycle of a real estate development, including: acquisition, entitlement, construction, leasing, and disposition. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisites: REAL 605\(^\text{C}\) and 635\(^\text{C}\).
C Requires minimum grade of C.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Enrollment is limited to students with a major in Real Estate Development.

Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**REAL 655: Design and Construction.** 3 credits.
Introduces the principles of site and building design and the basic technical aspects of construction. The design portion of the class includes both site and building layouts and challenges students to consider the relationship between design, function, and cost. The construction component features both horizontal and vertical
construction challenges. Throughout the course, students will analyze how related decisions impact project costs/viability. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: REAL 605C and 635C.
Requires minimum grade of C.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Enrollment is limited to students with a major in Real Estate Development.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

700 Level Courses

REAL 710: Real Estate Entrepreneurship. 3 credits.
Explores real estate development from an applied, entrepreneurial perspective. Emphasis is placed on understanding the unique challenges, risks, and opportunities faced by entrepreneurial developers as opposed to those operating in a larger, institutional context. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: REAL 615C and 625C.
Requires minimum grade of C.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Enrollment is limited to students with a major in Real Estate Development.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

REAL 720: Real Estate Leadership and Project Management. 3 credits.
Focuses on the differences, similarities, and applications of both Leadership and Management in the context of the real estate industry. Students will study characteristics of industry leaders, both historical and contemporary, to assess different leadership styles and how to effectively manage organizations. Emphasis will be placed on different organization structures and organizational management theories including their applications, risks, effectiveness, and best practices. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

REAL 730: Financing Real Estate Projects. 3 credits.
Students will study the key drivers of successful real estate capital deals from the perspectives of both suppliers and users of funds. Emphasis will be placed on exploring the intricacies of financing alternatives, primary and secondary markets, and evaluating the impact of different financing scenarios on project returns. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: REAL 625C.
Requires minimum grade of C.

Enrollment is limited to Graduate level students.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

REAL 740: Real Estate Investments. 3 credits.
Focuses on the analysis of complex real estate investment opportunities with an emphasis on evaluating investment feasibility. Students will be provided with case study materials for actual commercial real estate offerings in the greater Washington, DC metropolitan area over the past decade. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: REAL 615C, 625C, 635C and 645C.
Requires minimum grade of C.

Enrollment is limited to Graduate level students.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

REAL 750: MSRED Capstone. 3 credits.
The Capstone Project will be the culmination of the master’s program, offered at the end of the program. The course will combine the theoretical teachings from the program with real world, practical situations. Students will apply concepts learned to current development and construction projects in the Washington, D.C. metropolitan area. One of the sample cases involves the potential future uses of a plot of land in the metro area, a mixed-use high-density area that is slated to undergo significant transformation. The case will request project teams to explore the various options, employing a decision-tree approach to fully analyze the options, and examining the SWOT, local urban management policies, future valuation streams, and environmental impacts of each. A site visit will be required, as well as visits to various developers engaged in similar projects. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: REAL 605C, 615C, 625C, 635C, 645C and 655C.
Requires minimum grade of C.

Enrollment is limited to students with a class of Graduate or Non-Degree.

Enrollment is limited to students with a major in Real Estate Development.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

REAL 790: Special Topics in Real Estate. 3 credits.
Explores contemporary issues and challenges in the management and development of real estate. Topics not covered in the regular real estate development offerings. Course may be repeated with change in topic. Offered by School of Business (p. 888). May be repeated within the term for a maximum 15 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Enrollment is limited to students with a major in Real Estate Development.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

REAL 796: Directed Reading. 1-6 credits.
Admission to the MSRED program or permission of the program director. Offered by School of Business (p. 888). May be repeated within the degree for a maximum 12 credits.

Recommended Prerequisite: Admission to the MSRED program or permission of the program director.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

RECR 100: Brazilian Jiu-Jitsu: Intro. 1 credit.
Instructs students in self defense Brazilian Jiu-Jitsu techniques. Appropriate for students who have no prior experience in martial arts or Brazilian Jiu-Jitsu. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 102: Judo: Introduction. 1 credit.
Introduces basic body mechanics of throwing, sweeping, grappling, and submission skills used in Judo and for self-defense. Presents the history of Judo, rules of the sport and proper safety and falling techniques. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 103: Judo: Intermediate. 1 credit.
Emphasizes the execution of proper skills and movements rather than the contact itself. Incorporates both offensive and defensive movements. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 102 or permission of instructor.

Schedule Type: Activity-Based

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 104: Karate: Introduction. 1 credit.
Emphasizes techniques, forms (kata), and sets (drills) from Karate, which combines art and science. Relates techniques with motion and principles and builds on the previous skills to create a web of knowledge. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 105: Karate: Intermediate. 1 credit.
Reviews information and refines skills developed in the introductory class. Introduces new forms and techniques to increase skill performance at the next level. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 104.

Schedule Type: Activity-Based

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 106: Krav Maga: Introduction. 1 credit.
Introduces students to the principles and practice of Krav Maga, an Israeli system of self-protection. Involves knowledge of threat response, skill training in self-protection, and mental preparation for defensive tactics. Prepares students in appropriate protective action in situations of
Continued training in Krav Maga skills for experienced students. Explores multiple opponents, defending third parties, decision making skills, using & defending against weapons, and fight strategy. Notes: Students with injuries or pre-existing conditions that affect performance must inform the instructor. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 106.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 107: Krav Maga: Intermediate. 1 credit.
Continues training in Krav Maga skills for experienced students. Explores multiple opponents, defending third parties, decision making skills, using & defending against weapons, and fight strategy. Notes: Students with injuries or pre-existing conditions that affect performance must inform the instructor. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 110.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Teaches beginner level of self-defense such as defensive techniques to be used against an attacker along with escapes and submissions from a variety of different attacks. Requires participation in basic sparring with particular attention to safety. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 108.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Teaches more advanced defensive and offensive techniques, building on the student's previous training. Emphasizes continuous improvement in physical and mental fitness. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 108.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 110: Tae Kwon Do: Introduction. 1 credit.
Develops intermediate-level skills of Tae Kwon Do, a Korean martial art that predominantly emphasizes kicking. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 110.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 111: Tae Kwon Do: Intermediate. 1 credit.
Develops intermediate-level skills of Tae Kwon Do, building on basic skills learned in the introduction course. Continues to focus on the student's mental development, as well as physical training. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 110.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 112: Tae Kwon Do: Advanced. 1 credit.
Continues to enhance skills of Tae kwon do, focusing on the student's mental development as well as physical training. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 111.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 113: Fencing. 1 credit.
Introduces students to fencing as it relates to a healthy lifestyle and improved quality of life. Covers design, implementation, and evaluation of a personal walking plan based on current fitness levels. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 114: Cardio Conditioning. 1 credit.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 115: Fitness Walking. 1 credit.
Introduces students to cardiovascular exercise as it relates to a healthy lifestyle and improved quality of life. Covers design, implementation, and evaluation of a personal walking plan based on current fitness levels. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 116: Weight Training/Body Conditioning. 1 credit.
Introduces students to fitness and healthy lifestyles. Provides students with an overview of the various types of weight training, with an emphasis on circuit weight training method. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 117: Backpacking. 2 credits.
Introduces practical and experiential activities for students with starting knowledge of backpacking. Involves discussions, demonstrations,
and activities that teach the basics of backpacking. Covers equipment selection, map and compass skills, backcountry cooking, staying healthy in the outdoors, safety and emergency procedures, backcountry ethics (Leave No Trace), and natural history. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 122: Exploring Outdoor Adventure.** 2 credits.
Provides students an introduction to leadership theory and practice in planning outdoor adventure activities. Focuses on building skills necessary to engage in a wide range of individual outdoor adventure activities such as orienteering, geocaching, canoeing, rock climbing, and challenge course team building. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 123: Geocaching.** 1 credit.
Introduces geocaching using a map, compass, and GPS to navigate to a location. Involves discussion, practical application, and research. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the degree for a maximum 3 credits.

**Schedule Type:** Studio

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 124: Horsemanship: Introduction.** 1 credit.
Introduces the basics of horseback riding and horsemanship. Emphasizes how to care for a horse, tack a horse, and basic riding skills such as walking, trotting, and jumping small obstacles. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 125: Horsemanship: Intermediate.** 1 credit.
Builds the intermediate skills of horseback riding and horsemanship. Emphasizes technical riding and advancing basic horseback riding skills (e.g. figure S’s, serpentines, and change of direction). Focuses on how equitation affects the horse and horse behavior affects riding and safety. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 124.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 129: Mountain Biking.** 2 credits.
Provides students with the fundamentals of mountain biking through skills aimed to master techniques in descending and ascending hills, negotiating obstacles, and stopping. Skills in maintaining a bike and appreciation of terrain, navigation, and safety will also be covered.

Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 130: Introduction to Marksmanship.** 1 credit.
Orients users of air powered rifles and pistols in firearm safety during international level target shooting and other competitive marksmanship. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 131: Downhill Skiing.** 1 credit.
Teaches and refines basic skills and techniques of downhill skiing including becoming familiar with use of ski equipment, terminology, and safety rules. Includes lecture and field experience to improve downhill skiing skills. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 132: Snowboarding.** 1 credit.
Teaches and refines basic skills and techniques of snowboarding; includes becoming familiar with use of equipment, terminology, and safety rules. Includes lecture and field experience to improve snowboarding skills. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 133: Indoor Rock Climbing: Intro.** 1 credit.
Introduces equipment, techniques, safety, and planning related to basic rock climbing. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 134: Rock Climbing: Introduction.** 2 credits.
Teaches basic climbing terms, techniques, equipment, and safety practices for top rope belay climbing and rappelling. Builds on communication skills and trust. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 136: Pistol Marksmanship.** 1 credit.
Introduces students to marksmanship skills in Olympic sport and target shooting. Increases students' knowledge of shooting safety,
position shooting, equipment care and maintenance, and shooting sports competition methods and techniques. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 137: Trap and Skeet Shooting: Intro. 2 credits.
Designed to educate the student on gun and range safety. Includes hands-on learning of the games trap and skeet, where competitors fire at clay targets (approximately 4 1/4 inches in diameter and 1 1/2 inches in height) launched from a trap at varying angles. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 138: Trap and Skeet Shooting: Intermediate. 2 credits.
Increases the skill competencies in trap shooting. Includes hands-on learning of the different trap games (16-yard, handicap, doubles, and Olympic trap shoot on a wobble trap) where competitors fire at clay targets (approximately 4 1/4 inches in diameter and 1 1/2 inches in height) launched from a trap at varying angles. Emphasizes gun and range safety. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 137 or permission of instructor.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 139: Archery: Introduction. 1 credit.
Introduces students to competitive archery. Provides instruction for shooting safety, proper form and technique, equipment maintenance, and rules for competing in Olympic style FITA tournaments. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 140: Rifle Marksmanship. 1 credit.
Introduces students to marksmanship skills in Olympic style small bore competition target shooting. Increases students' knowledge of firearm safety, international target shooting styles, equipment care and maintenance, and shooting sports competition methods and techniques for rifle target shooting. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 141: Basketball: Introduction. 1 credit.
Introduces the basic elements of basketball, including dribbling, passing, shooting, tactics, and strategy. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 143: Soccer: Introduction. 1 credit.
Introduces the basic elements of soccer including dribbling, kicking, passing, trapping, tactics, and strategy. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 144: Soccer: Intermediate. 1 credit.
Prepares the experienced soccer player in the aspects of the competitive game. Applies skills-training to competitive and recreational play. Covers strategies of offense and defense and variation of different systems of play. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 143.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 145: Volleyball: Introduction. 1 credit.
Introduces students to fundamental knowledge and basic skills of volleyball. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 151: Badminton: Introduction. 1 credit.
Introduces the fundamental skills, rules, and strategies of badminton. Covers basic techniques and etiquette of both singles and double play. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 153: Racquetball: Introduction. 1 credit.
Introduces basic racquetball terms, rules, scoring, safety, and techniques for the forehand, backhand, overhead, and serve, as well as singles and doubles strategies. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 154: Racquetball: Intermediate. 1 credit.
Teaches intermediate skills, including ceiling shots, kill shots, passing shots, back wall strokes, advanced serves, court positions, and tactics and strategies for singles and doubles. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.
Recommended Prerequisite: RECR 153 or permission of instructor.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 155: Tennis: Introduction. 1 credit.
Teaches tennis terms, rules, scoring, techniques for the forehand and backhand ground strokes, volley, overhead, and serve, as well as basic strategy for singles and doubles. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 156: Tennis: Intermediate. 1 credit.
Prepares experienced tennis player in advanced skills: point play, control of pace, direction, and depth of forehand and backhand, ground strokes, and topspin and underspin. Instructs tactical use of volley, styles of play, and strategies for singles and doubles. Introduces principles to refereeing. Applies skills-training to competitive and recreational play. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 155.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 157: Squash: Introduction. 1 credit.
Introduces basic squash terms, rules, scoring, safety, and techniques for drives, volleys, wall boasts, and serves, as well as singles and doubles strategies. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 161: Scuba Diving: Basic. 2 credits.
Provides training toward certification as an open water SCUBA diver. Emphasizes snorkeling (free diving introduction) and SCUBA skills. Covers safe diving skills, the physics of diving, equipment care and maintenance, diving fitness, underwater navigation, record keeping, and other basic SCUBA knowledge. Qualifies students for open water certification by Scuba Schools International (SSI). Requires strong swimming skills, high comfort level under water and physical and mental conditioning compatible with SCUBA industry diving safety standards. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 162: Swimming: Beginning. 1 credit.
Develops a knowledge base and basic swimming skills for the weak swimmer and non-swimmer, and makes them water safe. Includes, but are not limited to, locomotion and propulsive movements in a prone and supine position, breath control, rhythmic breathing, beginning diving techniques, personal safety, and rescue skills to maintain a water-safe environment. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 163: Swimming: Intermediate. 1 credit.
Builds on basic-level swimming skills by providing practice for confidence, refinement of coordination, and improvement of other aquatic skills. Presents more advanced swimming strokes and focuses on physical conditioning and aquatic safety. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 162.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 169: Golf: Introduction. 1 credit.
Teaches basic golf terms, rules, and techniques for the full swing, putting, chipping, and pitching, as well as playing on a golf course. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 153 or permission of instructor.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 170: Golf: Intermediate. 1 credit.
Designed for students with basic golf knowledge and skills. Includes course strategies, course management, the proper use of the rules, club selection, speed of play, skill building, and different golf formats. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: RECR 169.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 171: Latin Dance. 1 credit.
Provides knowledge base of dance fundamentals and skill development in various Latin dances and will include basic rhythms, dance positions, floor alignments, techniques of leading and following, and maintenance of dance frame in partner dancing. Introduces dances which may include but not restricted to Merengue, Mambo, Samba, Salsa, and Bachata. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Activity-Based

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RECR 172: Social Dance. 1 credit.
Provides a knowledge base of dance fundamentals and skill development in various ballroom dances and includes basic rhythms, dance positions, floor alignments, techniques of leading and following, and maintenance
of dance frame in partner dancing. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 173: Social Dance II.** 1 credit. Provides an introduction to the tango and additional patterns for popular social dance that may include the fox trot, waltz, cha-cha, rumba, and Eastern swing. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 174: Competitive Latin and Ballroom Dance.** 1 credit. Increase knowledge base of dance fundamentals and skill development in the competitive style of Latin and Ballroom dances. Focuses on alignments, techniques of leading and following, and maintenance of dance frame in partner dancing in competitive dances. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 171 or 172 or 173.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 181: Meditation: Introduction.** 1 credit. Introduces students to philosophical foundations of meditation. Guides in the practice of meditation and its application to daily mental focus and concentration. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 182: Pilates: Introduction.** 1 credit. Provides the history and basic foundations of Pilates including an introduction to beginning Pilates exercises and their proper execution; exploration of modifications for certain exercises and the various props which may be used in the group class setting. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 183: Pilates: Intermediate.** 1 credit. Provides students with advanced knowledge and skills in Pilates techniques and exercises. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 182.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 184: Tai Chi: Introduction.** 1 credit. Increase awareness of the mind and body. Introduces basic principles of Chi (energy) and Yin Yang (polarity) and how they apply to the body through practicing the Tai Chi movements. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 185: Tai Chi: Intermediate.** 1 credit. Teaches Tai Chi Weapon (Tai Chi Straight Sword), as well as basic principles of Tai Chi. Increases awareness of the mind and body. Indicate number. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 184.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 186: Yoga: Introduction.** 1 credit. Emphasizes mastery of yoga asanas (postures) and pranayama (breathing exercises) to enhance physical fitness and mental concentration. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 186.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RECR 187: Yoga: Intermediate.** 1 credit. Emphasizes mastery of yoga asanas (postures) and pranayama (breathing techniques) to enhance physical fitness and mental concentration. Focuses on 10 new yoga poses and practice of the complete Sun Salutation. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** RECR 186.

**Schedule Type:** Activity-Based

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**Rehabilitation Science (RHBS) 200 Level Courses**

**RHBS 201: Introduction to Rehabilitation Science.** 3 credits. Introduces the field of rehabilitation science. Surveys various topics within rehabilitation science including development of the field, models of disablment-enablement, facilitators and barriers to enablement across the lifespan. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)
RHBS 270: Applied Human Anatomy and Physiology I. 4 credits.
Develops a comprehensive understanding of the interrelationships of anatomy and physiology as observed in the human organism, and introduces application of knowledge to health, disease and dysfunction. Emphasis on musculoskeletal, nervous, cardiovascular, respiratory and integumentary systems. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Schedule Type: Laboratory, Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 271: Applied Human Anatomy and Physiology II. 4 credits.
Develops a comprehensive understanding of the interrelationships of anatomy and physiology as observed in the human organism, and introduces application of knowledge to health, disease and dysfunction. Emphasis on digestive, endocrine, lymphatic, genitourinary, and reproductive systems. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Recommended Prerequisite: RHBS 270.

Schedule Type: Laboratory, Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

RHBS 340: Health, Disease and Dysfunction. 3 credits.
Focuses on basic epidemiology, health promotion and disease prevention, as well as impairments in normal function of the individual resulting in disease and dysfunction. Exploration of the individual and societal impact of health and disease. Introduces current rehabilitation and intervention strategies as well as classification of disease and disability. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 345: Applied Biomechanics in Rehabilitation. 3 credits.
Introduces basic concepts and principles of biomechanics in the study and analysis of functional human movement. Discusses the biomechanical principles as applied in both healthy and clinical populations. Develops an understanding of the scientific and clinical applications of biomechanics to rehabilitation interventions. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Recommended Prerequisite: College level physics or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 350: Clinical Physiology and Human Performance. 3 credits.
Investigates the study of human physiology and how it relates to physical activity, health, and functional ability. Specifically, examines the metabolic, locomotive, endocrine, cardiovascular, and pulmonary responses to physical activity and their contributions and limitations to human performance. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Recommended Prerequisite: College-level chemistry or permission of instructor or department chair.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 375: Gait and Functional Movement Analysis. 3 credits.

Recommended Prerequisite: RHBS 270 and RHBS 271 or similar courses in human anatomy and physiology.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 380: Neural Basis of Movement. 3 credits.
Introduces major topics in sensory and motor neurophysiology as they relate to motor control and motor learning. Includes organization of sensory and motor systems, neural mechanisms of learning and memory, and current neurophysiological testing techniques. Special emphasis is placed on the implications for motor impairment and recovery following nervous system disease or injury. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Recommended Prerequisite: RHBS 270 and RHBS 271 or equivalent anatomy and physiology course.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 390: Clinical Assessment of Functional Capacity. 3 credits.
Examines the scientific basis and theory for exercise assessments in healthy persons and those with chronic disease and disability. Covers cardiorespiratory fitness measurements, cardiac function, body composition, muscular strength and endurance. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Recommended Prerequisite: Undergraduate course in anatomy and physiology or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

RHBS 410: Physical Activity and Public Health. 3 credits.
Investigates the basic principles and concepts of epidemiology and the influence of exercise and physical activity on the most common risk factors for prevalent chronic diseases in the United States of America. Offered by Rehabilitation Science (p. 274). Limited to three attempts.
RHBS 420: Adult Health and Function. 3 credits.
Approaches the study of function and normal development, how it is attained and how it is optimized with a multi-systems viewpoint. Focuses on the components of functional movement. Addresses strategies for assessing, promoting and maintaining functional independence. Highlights current treatment approaches of disease and dysfunction. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 430: Advanced Functional Clinical Assessments. 3 credits.
Examines the theory behind functional assessments used in those with chronic diseases and/or disability. Current measures used to assess function in clinical populations will be performed and discussed. Established clinical and research measures will also be examined and conducted. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: RHBS 390C.
C Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 450: Psychosocial Adaptation in Rehabilitation. 3 credits.
Examines the psychosocial impacts of rehabilitation and disability. Provides a disability perspective from the individual and society and explores the interaction between them. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Recommended Prerequisite: Completed RHBS 201 or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 455: Research in Rehabilitation Science. 3 credits.
Describes central principles of scientific method and ethical and regulatory responsibilities of rehabilitation science researchers. Explores application of scientific method in basic, interventional, clinical and translational research. Develops ability to read literature critically and make appropriate scientific inferences. Introduces basics of grant writing. Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Mason Core: Capstone (p. 142)
Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: STAT 250 or equivalent.

Registration Restrictions:
Enrollment limited to students with a class of Senior.
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 489: Introduction to Clinical Research. 1 credit.
Provides students with a basic understanding of what clinical research is and the scientific principles on which it is based. Starts with a historical perspective on clinical research and then goes on to explore the following topics: purpose of clinical research, ethical and regulatory implications of clinical research, and the roles and responsibilities of all parties involved in clinical research. Offered by Rehabilitation Science (p. 274). Limited to three attempts.
Recommended Prerequisite: Course is open to honors college students only or by permission of instructor.

Schedule Type: Seminar

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 490: RS: Clinical Research Internship. 3 credits.
Practical experience in a clinical research setting under the direction of a mentor. Each student is required to work with an experienced clinical investigator who agrees to provide the trainee mentorship. Clinical research embraces a spectrum of scientific disciplines that use a variety of study methods. Therefore, the multidisciplinary approach to clinical research is emphasized during didactic interactions. Note: In addition, an application must be submitted in the semester prior to enrollment in the course. During the semester prior to entry, students may be asked to acquire certain competencies/certifications in order to fully participate at their research site (for example, human subjects research protections training, lab safety certification, HIPAA training). Offered by Rehabilitation Science (p. 274). Limited to three attempts.

Specialized Designation: Research/Scholarship Intensive

Recommended Prerequisite: Course is open to honors college students only.

Schedule Type: Internship

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RHBS 491: Directed Research. 1-3 credits.
Engages students in a directed research project under the guidance of a faculty member. Offered by Rehabilitation Science (p. 274). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Permission of the instructor.

Schedule Type: Independent Study

Grading: This course is graded on the Satisfactory/No Credit scale. (p. 84)

600 Level Courses

RHBS 606: Clinical Exercise Physiology. 3 credits.
Examines acute and chronic alterations and adaptations associated with exercise and training. Covers role of exercise therapy in preventing and rehabilitating from disease across lifespan. Particular emphasis on role of exercise therapy in cardiorespiratory, musculoskeletal, and metabolic diseases. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading: This course is graded on the Graduate Regular scale. (p. 84)

RHBS 620: Psychosocial Aspects of Rehabilitation. 3 credits.
Explores social and psychological impacts of disability. Processes by which people with disabilities adapt to limitations will be examined, as will the influence society has in promoting independence/dependence among people with disabilities. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading: This course is graded on the Graduate Regular scale. (p. 84)

RHBS 650: Foundations of Rehabilitation Science. 3 credits.
Examines the field of rehabilitation science with emphasis on the core theories and models of this emerging discipline. Surveys various topics within rehabilitation science including the history and development of the field, assistive technologies, pathology and impairment research, functional limitations research, disability research, translational research, and ethical considerations in clinical and research settings. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Schedule Type: Seminar

Grading: This course is graded on the Graduate Regular scale. (p. 84)

RHBS 651: Research Design and Methods I. 3 credits.
Explores quantitative and qualitative research methods, principles and techniques necessary for implementation of health science research. Offered by Rehabilitation Science (p. 274). May not be repeated for credit. Equivalent to GCH 651.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 652: Research Design and Methods II. 3 credits.**
Explores advanced experimental and quasi-experimental research methods frequently utilized in rehabilitation research. Develop theoretical and practical knowledge necessary to conduct independent research. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

Recommended Prerequisite: RHBS 651 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**700 Level Courses**

**RHBS 706: Clinical Assessment of Fatigability. 3 credits.**
Reviews the scientific literature describing the theories of fatigue and fatigability. Assessments and methodologies used to evaluate fatigue and fatigability will be performed. Students will apply the theories of fatigue to further their understanding of specific clinical problems. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

Recommended Prerequisite: Enrolled in RHBS program, or with permission of the course instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 710: Applied Physiology I. 3 credits.**
Examines the primary bio-regulatory and communication systems. A detailed study of physiology for graduate students interested in health and human movement, chronic illness, and disability. Covers energy metabolism, endocrine, immune, neurological, and muscular systems. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

Registration Restrictions:
course sequence in anatomy and physiology (100 level or above) or one course in animal or comparative physiology (300 level or above) or one course in human physiology (300 level or above).

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 745:** Metabolic Basis of Disability. 3 credits.
Examines anatomy and physiology of organs and systems involved in regulating metabolism; assesses relationships among hormonal and central nervous system regulation in the production and regulation of energy. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

**Recommended Prerequisite:** RHBS 710

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 746:** Movement Control and Learning. 3 credits.
Describes how the human nervous and musculoskeletal systems work together to move the human body, with a special emphasis on movement disorders and disabilities. Topics include movement and motion principles, muscle force production, physiology, and adaptation, along with the measurement of muscle activity, body movements, and body forces. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

**Recommended Prerequisite:** RHBS 710

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 750:** Physiology of Clinical Exercise Interventions. 3 credits.
Critiques current knowledge of exercise prescription in both healthy and clinical populations. Examines physiological effects of exercise interventions, with emphasis on chronic disease and disability. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

**Recommended Prerequisite:** RHBS 606.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 754:** Movement Disorders: Etiology, Assessment, and Analyses. 3 credits.
Applies concepts of neuromechanics to the assessment and analysis of normal and pathological movement using both existing clinical assessments and laboratory-based measures of body kinematics, kinetics, muscle activity, and perception/cognition interactions with movement. Discusses benefits and limitations of assessment and analysis techniques as well as current research with regard to advancing these techniques. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

**Recommended Prerequisite:** RHBS 746.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 772:** Applied Biomechanics in Rehabilitation. 3 credits.
Describes concepts and principles of biomechanics for the study and analysis of functional human movement within the scope of rehabilitation science. Describes the biomechanical principles as applied in both healthy and clinical populations. Develops an understanding of the scientific and clinical applications of biomechanics to rehabilitation interventions. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RHBS 776:** Movement Analysis of Function. 3 credits.
Applies biomechanical principles to record and analyze functional activities, including walking, sit-stand, and reaching. Focuses on data acquisition, processing, and compiling of kinematic and kinetic data
including motion capture, center of pressure, and electromyography. Evaluates movement from a joint, total body, and muscular perspective related to performance. Addresses how age and injuries affect functional performance. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

---

### 800 Level Courses

**RHBS 816: Rehabilitation Efficacy and Effectiveness Research.** 3 credits.
Examines the theory and methods of comparative effectiveness studies and their relationship to developing Rehabilitation Science and other disciplines to effect better clinical practice by identifying benefits/harms of prevention and treatment and explores the implications of evidence for comparative effectiveness in developing health care policy. Offered by Rehabilitation Science (p. 274). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate level students.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

---

**RHBS 850: Teaching Practicum.** 3 credits.
Prepares students for teaching role as an academic through direct teaching experiences in undergraduate courses in Rehabilitation Science under the supervision of a graduate faculty member, including syllabus development, lecture preparation, presentation skills, grading, and course evaluation. Offered by Rehabilitation Science (p. 274). May be repeated within the degree for a maximum 6 credits.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment limited to students in the HH-PHLD-RHBS program.

Enrollment is limited to Graduate level students.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

---

**RHBS 894: Special Topics in Rehabilitation Science.** 3 credits.
In-depth study of contemporary topics in Rehabilitation Science. Course topics vary each semester. Notes: Students may take up to 9 credits of RHBS 894 with permission of program director. Offered by Rehabilitation Science (p. 274). May be repeated within the term for a maximum 9 credits.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate level students.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

---

### 900 Level Courses

**RHBS 940: Independent Study.** 1-6 credits.
In-depth study of selected area of rehabilitation science under the direction of faculty. Offered by Rehabilitation Science (p. 274). May be repeated within the degree for a maximum 24 credits.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment limited to students in the HH-PHLD-RHBS program.

Enrollment is limited to Graduate level students.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**RHBS 960: Directed Research.** 1-6 credits.
Research on a pertinent topic in rehabilitation science. Must be arranged with instructor before registering. Offered by Rehabilitation Science (p. 274). May be repeated within the term for a maximum 24 credits.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate level students.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**RHBS 998: Doctoral Dissertation Proposal.** 1-9 credits.
Work on research proposal that forms basis for doctoral dissertation. Offered by Rehabilitation Science (p. 274). May be repeated within the degree for a maximum 9 credits.

**Recommended Prerequisite:** Advancement to PhD candidacy.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Rehabilitation Science.

Enrollment is limited to Graduate level students.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**RHBS 999: Dissertation Research.** 1-9 credits.
Dissertation research on a specific topic under the direction of a faculty member. Offered by Rehabilitation Science (p. 274). May be repeated within the degree for a maximum 24 credits.

**Registration Restrictions:**
Religious Studies (RELI)

100 Level Courses

RELI 100: The Human Religious Experience. 3 credits.
Examines main forms of religious expression as embodied in several important religious traditions in contemporary world. Investigates religious experience; myth and ritual; teachings and scripture; ethical, social, and artistic aspects of religion; and nature and function of religion in human society. Offered by Religious Studies. (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

RELI 211: Religions of the West. 3 credits.
Focuses on Judaism, Christianity, and Islam from historical, comparative, and cross-cultural perspectives. May also include modern developments of those faiths such as Mormonism and Baha’ism, as well as Zoroastrianism and religions of ancient Near Eastern cultures. Offered by Religious Studies. (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 212: Religions of Asia. 3 credits.
Surveys religions of India, Hinduism, Jainism, Sikhism, Buddhism, and the religions of the Far East, China, and Japan, including Daosim, Confucianism, Shinto, from origins to present. Offered by Religious Studies. (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 235: Religion and Literature. 3 credits.
Explores the relationship between religion and literature in different times and cultures, the influence of religion on literary works, and how literature expresses major religious themes such as death and immortality, divine will and justice, suffering and human destiny, and religion and state. Offered by Religious Studies. (p. 490). Limited to three attempts.

Mason Core: Literature (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 240: Death and the Afterlife in World Religions. 3 credits.
Explores how selected world religions address the universal experience of death and express their beliefs in an afterlife. Focuses on the scriptures, beliefs, rituals and customs of selected world religions as they reflect each tradition’s response to the most basic question about human destiny - how human beings face death and attempt to transcend it. Offered by Religious Studies. (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 272: Islam. 3 credits.
Introduces basic religious beliefs and practices of Islam, with view to diverse manifestations of Islamic culture in different ethnic and social contexts. Provides overview of essential rituals of Islamic life, mystical practices of Sufis, certain popular forms of religious practice, sources and application of Islamic law, and distinctive Islamic artistic and literary forms. Offered by Religious Studies. (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

RELI 313: Hinduism. 3 credits.
Introduces Hindu religion and thought, beliefs, rituals, ethics and religious practices. Emphasis on classical Hinduism, but also covers Hinduism and modernity, modern Hindu movements, and Hinduism as a global religion. Offered by Religious Studies. (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 314: Chinese Philosophies and Religious Traditions. 3 credits.
Surveys major religious traditions and philosophical themes of China including Confucianism, Taoism, and Chinese Buddhism and Neo-Confucianism. Examines foundation of Chinese world view and spirituality by investigating diverse religious traditions that have created tensions and harmony among them. Offered by Religious Studies. (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture
Recommended Prerequisite: RELI 212 or permission of instructor.

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 315: Buddhism. 3 credits. 
Surveys Buddhist religious traditions. Includes historical development of Buddhism in India, China, and Japan, examining both Theravada and Mahayana traditions; philosophical and religious significance of Buddhism; and social and political implications of Buddhist traditions in South Asian and East Asian countries. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 316: Modern Christian Thought. 3 credits.
Examines influential Christian thinkers and Christian intellectual trends of the modern period, from the Enlightenment through the present. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 317: Daoism. 3 credits.
Explores philosophical ideas, spiritual orientation, religious practice, and social and political values in Daoist tradition reading classic Daoist texts including Dao De Jing, Chuang-tzu, and other sources. Discusses Daoism in light of comparative and cross-cultural studies for global understanding of issues on concepts of nature, human nature, and good and evil. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 320: Religion and Revolution in Latin America. 3 credits.
Explores the intersection between Christian and revolutionary thought, such as Marxism and existentialism, in Latin America after the 1960s that formed liberation theology. Emphasis on historical, philosophical and interdisciplinary issues. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 322: Religions of Africa. 3 credits.
Explores traditional religious practices and world views in Africa south of the Sahara, the spread of African religions to the Caribbean and the Americas, the forms that religions imported or imposed from the north have taken in Africa south of the Sahara, and the interaction among the religious cultures of Africa, European Christianity and Islam. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 330: Religion, Fantasy and Imagination. 3 credits.
Explores the worlds of religion, fantasy and imagination, presented in selected writings of 20th century fantasy authors, including Lewis, Tolkien, Pullman, Rowling. Covers ideas of quest for enlightenment, redemption or salvation, conflict between good and evil, worlds of the supernatural, parallel dimensions and their inhabitants. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 331: Religion in America. 3 credits.

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 332: Mormonism. 3 credits.
Examines the origins and development of Mormonism, as embodied in the Church of Jesus Christ of Latter-day Saints and other related churches. Introduces students to a critical analysis of Latter-day Saint scriptures, rituals, and history. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 333: Spiritual Autobiography. 3 credits.
Investigates the genre of autobiography as employed by religious authors, both classical and modern. Introduces students to personal, historical, and religious doctrinal contexts that shape the autobiographical literature. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Literature (p. 142)

Schedule Type: Lecture

Grading: 
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 334: American Scriptures. 3 credits.
In this course, students will analyze texts that Americans have treated as "scripture." Students will read texts that present themselves as scripture, such as selections from the Book of Mormon and a Holy Sacred and Divine Roll and Book (a Shaker text). They will also read texts that have attained a sort of canonicity within American culture, such as the Declaration of Independence and Martin Luther King Jr’s "Letter from
Religious Studies (RELI)

Birmingham Jail." Students will thus gain more than a valuable familiarity with a variety of American religious traditions. They will also reflect on the way that, even in a digital age, texts continue to shape American identity. Offered by Religious Studies (p. 490). Limited to three attempts. Equivalent to HIST 334.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 337: Mysticism. East and West. 3 credits.
Comparative treatment of major expressions of mysticism in East and West through exploration of various ways of understanding mystical experience. Readings and discussion emphasize one or more of the Eastern (Hinduism, Buddhism, Taoism, Zen) and Western (Judaism, Christianity, Islam) traditions. Offered by Religious Studies (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 341: Global Perspectives on Spirituality and Healing. 3 credits.
Cross-cultural investigation of human understandings of relationship between spirituality and health. Beliefs about spiritual causes of sickness and health and spiritual techniques of healing in variety of world cultures placed in context of religious beliefs of those cultures. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Global Understanding, Encore: Well-Being (p. 142)

Recommended Prerequisite: 30 credits or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 350: Religion and History of Ancient Israel. 3 credits.
Examines religion and history of ancient Israel from origins around 1250 BCE to Babylonian Exile in 587 BCE. Topics include debate on historical value of biblical narratives, extra-biblical texts mentioning Israel, move from polytheism to monotheism, archaeology and artifacts, and development of Israel's unique religious and historical self-understanding. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 352: Judaism from Exile to Talmud. 3 credits.
Examines Jewish religion, history, and literature from the Babylonian Exile to third century C.E. Special attention to development of Hebrew Bible, Apocalyptic and Apocryphal literature, belief in resurrection and final judgment, Dead Sea Scrolls, Jewish sects, and emergence of Christianity and Rabbinic Judaism. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 353: Jewish Political Tradition. 3 credits.
Explores Jewish thinkers' attitudes towards politics and state. Topics include traditional sources, theological and political crisis of modern times, liberal Jewish thought, Zionist ideology, Israel as a separate state, relationship between religion and politics in modern Israel. Offered by Religious Studies (p. 490). Limited to three attempts.

Recommended Prerequisite: RELI 211, 251 or 252, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale.

RELI 355: Sufism. 3 credits.
Examines the tradition of Islamic mysticism, Sufism, through an exploration of the literature produced by Sufis themselves. Provide general introduction to Sufism and its spiritual perspective and investigates various genres of Sufi literature, including hagiography, symbolic scriptural exegesis, spiritual autobiography, didactic allegory and love poetry. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale.

RELI 356: Jesus and the Gospels. 3 credits.
Examines Gospel accounts of Jesus in context of first-century Christianity. Applies variety of historical and literary methods to gain understanding of Jesus and history and theology of early church. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale.

RELI 357: Gender and the Body in Judaism. 3 credits.
Explores distinctively Jewish approaches to questions of gender, sexuality, and the body as described in the legal, religious, ethical, and literary material in the Jewish tradition. Topics include the "body of God," circumcision, laws of purity, rites of passage, the synagogue, feminist theology, and masculine and feminine stereotypes. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale.

RELI 360: Religion and Politics. 3 credits.
Explores the roles of religion in contemporary political life in the United States and abroad. Emphasizes religion in current political debates. Includes history, political theory, sociology, and theology to present a comprehensive understanding of the topic. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 361: Evangelical America. 3 credits.
Introduces the intellectual and social sources of evangelical Protestant traditions in the United States. Examines varieties of evangelical beliefs and practices. Surveying a range of themes, including science, sexuality, politics, and environmentalism, students examine how evangelicals have defined themselves in opposition to secular society but also have engaged the secular in an effort to convert souls, manage personal behavior, and transform American society in their image of Christian community. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 362: Religion and Film. 3 credits.
Surveys representations of religious beliefs, practices, persons, and institutions in popular film. Focuses on the media consumption of box office movies in the United States. Examines how religion is imaged in film and how that religious imagination relates to social constructions of national, ethnic, racial, gender, and sexual identities. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 363: Catholicism. 3 credits.
Focuses on the beliefs of the over one billion Roman Catholics in today's world. Probes the history, doctrine, symbols, rituals, practices, and material culture of the world's largest church. Considers Catholicism's dialog with secularism and discusses controversies and challenges facing the church today. Offered by Religious Studies (p. 490). Limited to three attempts.

Recommended Prerequisite: 3 credits in religious studies or philosophy or permission of instructor
Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 364: Religion and Law in the United States. 3 credits.
Explores issues relating to law and religion. Focuses on the legal doctrines that have arisen in cases under the Establishment and Free Exercise Clauses of the First Amendment. Topics include religion and public schools, government aid to religious institutions, including school vouchers, government endorsement of religious symbols, freedom of religious expression, and freedom of religious practice. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 365: Muhammad: Life and Legacy. 3 credits.
Examines life and character of the founder of Islam, as remembered and understood by Muslims, as well as explores influence of his paradigmatic life and teachings on Islamic religious discourse and culture. Addresses Western critical studies of the accounts of Muhammad's life and contemporary controversies regarding Muhammad. Offered by Religious Studies (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture
Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 370: Judaism. 3 credits.
Studies Judaism from origins to present. Includes origins of Judaism B.C.E.; Rabbinic Judaism; Jews in the Middle Ages; Hasidic and Mystical Judaism; Enlightenment; persecution and Holocaust; contemporary American Judaism; and Jewish, Christian, and Muslim relations. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 372: American Judaism. 3 credits.
Surveys Jewish religious life focusing on various types of American Judaism such as orthodox, conservative, reform, reconstructionist, as they have developed historically and continue to evolve. Emphasizes issues and challenges facing contemporary Judaism. Offered by Religious Studies (p. 490). Limited to three attempts.

Recommended Prerequisite: 3 credits in RELI or PHIL or permission of instructor
Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 374: Islamic Thought. 3 credits.
Examines Islamic views on fundamental issues in religious thought, such as nature of God, nature of man, and relationship between God and man as reflected in both divine revelation and human religious vocation. Investigates intellectual approaches to these problems within Islamic tradition, including those of theological, philosophical, and mystical thinkers. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)
Specialized Designation: Non-Western Culture
Recommended Prerequisite: RELI 211, 3 credits in religious studies, or permission of instructor
Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 375: Qur'an and Hadith. 3 credits.
Explores two primary sources of Islamic belief and practice: Qur'an and Hadith. Discusses thematic structure and literary quality, and examines theological and moral issues. Also introduces various methods of interpretation and critical analysis applied to texts in both Islamic and Western scholarship. Lecture and discussion. Offered by Religious Studies (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture
Recommended Prerequisite: 3 credits in philosophy and religious studies, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 376: Special Topics in Religious Thought. 3 credits.
Selected topics from a philosophical perspective. Offered by Religious Studies (p. 490). May be repeated within the term for a maximum 12 credits.

Recommended Prerequisite: 3 hours of Religious Studies or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 379: Islamic Law, Society, and Ethics. 3 credits.
Introduces foundational sources and principles of Islamic Law or shariah. Examines the historical development and application of Islamic law, its role in Muslim societies, and its relationship to Islamic social ideals and ethical discourse. Offered by Religious Studies (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 381: Beginnings of Christianity. 3 credits.
Examines early Christian church from time of Jesus to 700 C.E. Covers internal development of Christianity as it formed official doctrines and institutions, and external relations of Christians with followers of other religions in Roman Empire. Special attention to reasons for success of Christianity in Roman world. Offered by Religious Studies (p. 490). Limited to three attempts.

Recommended Prerequisite: 3 credits of religious studies, RELI 252, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 384: Global History of Christianity. 3 credits.
Explores the history of Christianity around the world in the context of political and social structures as well as religious beliefs and practices. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 386: Islam in the Modern Age. 3 credits.
Covers the study of the Islamic tradition and its peoples during the last two centuries—the period of Islamic reform in the wake of Western hegemony—and the efforts of the community to readjust itself in light of Westernization and modernization, as well as the broader challenges of the secular, liberal, and technical age. Offered by Religious Studies (p. 490). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 387: Islam, Democracy, and Human Rights. 3 credits.
Evaluates the political and religious goals of Muslim societies and governments, and whether these goals are conducive to the development of democratic institutions to promote democratic cultures and explicit support for human rights, as well as to these societies' full integration in an international order founded upon secularism and modernism. Offered by Religious Studies (p. 490). Limited to three attempts.

Specialized Designation: Non-Western Culture

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

RELI 403: Scripture and Authority in World Religions. 3 credits.
Examines origins, development, and role of Scripture (religious texts) in world religions, concentrating on issues of divine inspiration, authority, authenticity, and canon. Offered by Religious Studies (p. 490). Limited to three attempts.

Recommended Prerequisite: 60 credits including 6 credits of Religious Studies or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 405: Religion, Values, and Globalization. 3 credits.
Explores diverse value systems, ethical norms, and teaching found in different religious traditions and cultures. Examines assumption that globalization is attempt to universalize Western culture. Offered by Religious Studies (p. 490). Limited to three attempts.

Recommended Prerequisite: 60 credits, including 6 credits in Religious Studies or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 407: Women in the World’s Religions. 3 credits.

Recommended Prerequisite: 60 credits; 6 credit hours in Philosophy or Religious Studies.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
RELI 420: Seminar. 3 credits.
Senior seminar on a specific topic of relevance to religious studies. Content varies. Notes: May be repeated when topic varies. Students with other majors may be take the course if the topic is sufficiently close to their field of study. Offered by Religious Studies (p. 490). May be repeated within the term for a maximum 12 credits.

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: Major in religious studies with 60 credits including 9 credits or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 425: Directed Readings in Religious Studies. 1-3 credits.
Individual readings and research in religious studies on a topic selected in consultation with instructor. Offered by Religious Studies (p. 490). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Major in religious studies with 60 credits including 9 credits in religious studies.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 426: Religious Studies Internship. 3 credits.
Course rubric to be used for acquiring academic credit in Religious Studies for religious studies related internships. Offered by Religious Studies (p. 490). Limited to three attempts.

Recommended Prerequisite: The completion of 60 undergraduate credits and 12 credits toward the Religious Studies major or minor.

Schedule Type: Internship

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RELI 490: Comparative Study of Religions. 3 credits.
Cross-cultural examination of comparative aspects of religious phenomena. Examines significance of religious phenomena from diverse religious and cultural perspectives, and investigates patterns of religious phenomena that have appeared in world cultures and civilizations. Offered by Religious Studies (p. 490). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Specialized Designation: Non-Western Culture

Recommended Prerequisite: 9 credits in religious studies including RELI 211 and RELI 212, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

500 Level Courses

RELI 591: Special Topics in Religious Studies. 3 credits.
Topics in religious studies selected by importance in the field and pertinent to the role of religion in society and culture. Emphasis on historical, interdisciplinary, and cross-cultural issues. Notes: May be repeated when topic is different with permission of department. Offered by Religious Studies (p. 490). May be repeated within the term for a maximum 12 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

600 Level Courses

RELI 600: Interdisciplinary Pathways in the Study of Religion. 3 credits.
A co-taught course by Religious Studies faculty that introduces students to the graduate study of religion through a survey of different lines of inquiry in the field and different methodological approaches in the discipline. Offered by Religious Studies (p. 490). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

RELI 630: Theories and Methods in the Study of Religion. 3 credits.
Examines study of religion as academic discipline. Evaluates various intellectual approaches and methods used in study of religious phenomena. Offered by Religious Studies (p. 490). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

RELI 632: Interreligious Dialogue. 3 credits.
Examines the philosophical and theoretical foundation for religious pluralism and dialogue and different approaches to interreligious dialogue and understanding among leading interreligious thinkers. Offered by Religious Studies (p. 490). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 633: Issues in Religious Ethics.** 3 credits.
Examines how perceptions of ultimate reality shape ethical values and behaviors of various religious traditions. Addresses problems in interpretation of authoritative foundational teachings in contemporary contexts. Special attention to non-Western religions. Offered by Religious Studies (p. 490). May be repeated within the degree for a maximum 9 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 634: Topics in American Religion.** 3 credits.
Examines key issues related to religion in North America and the United States. Topics may include evangelicalism/revivalism; religion and the American founding; religious conversion; the intersection of religion and race; new religious movements; religion and immigration. Offered by Religious Studies (p. 490). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 635: World Religions in Transition and Transformation.** 3 credits.
Explores transitions and transformations in selected world religions as they respond to and influence forces of cultural change, social values, and the crises of history. Fresh or modified constructions of the sacred and their relationship to world and humans will be examined. Offered by Religious Studies (p. 490). May be repeated within the degree for a maximum 6 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 636: Religion and the Natural Environment.** 3 credits.
Explores contemporary religious thought on the morality and ethics of environmental responsibility. Begins with an exploration of this issue in Western Christian thought and examines religious approaches to the environment in the traditional and contemporary thought of other major world religions, including Judaism, Islam, Hinduism, Buddhism, and the Chinese traditions. Offered by Religious Studies (p. 490). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 637: Religion and Secularity in State and Society.** 3 credits.
Examines the relationship between religion, state, society, and law in modern contexts, and across the global and religious spectrum, through the lens of different theoretical approaches to this issue. Offered by Religious Studies (p. 490). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 640: Religion and Law.** 3 credits.
Focuses on United States Supreme Court decisions on religion clauses over the last 50 years. Provides a close reading of court’s opinions and considers material from religious legal traditions. Covers contemporary political debates on issues like prayer in public schools, displays of religious symbols, ceremonial references to God, and public aid to religious schools. Offered by Religious Studies (p. 490). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 642: Sacred Language, Scripture, and Culture.** 3 credits.
Explores how sacred languages and scriptures develop in major global religious traditions: study of grammar, syntax, and morphology of sacred languages; issues of inspiration, authority and canon. Also examines cultural dimensions of sacred language. Notes: May be repeated once when languages are different. Offered by Religious Studies. May be repeated within the degree for a maximum 6 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 644: Islamic Texts and Contexts.** 3 credits.
Introduces foundational Islamic texts; scholarly traditions of commentary, criticism and analysis on these texts; and application and significance of these texts in contemporary Islamic discourses. Offered by Religious Studies. May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 645: Muslim Comparative Theologies: Sunni-Shi`i Religious Thought.** 3 credits.
Compares and analyzes Sunni and Shi`ite theologies, with particular attention to the historical development of Muslim creed in the context of social and political conditions, and the essential differences between the Sunni and Shi`ite schools of thought. Offered by Religious Studies. May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 646: Islam and Human Rights.** 3 credits.
Compares the conception of human rights in international human rights documents and accords with conceptions of human rights in classical Islamic theological, legal, and ethical texts. Examines various relevant issues, including but not limited to religious and gender discrimination, slavery, freedom of religion and belief and apostasy, and questions of punishment. Offered by Religious Studies. May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**RELI 660: Islamic Biomedical Ethics.** 3 credits.
Examination of the foundations of religious ethics and ethical principles developed by Muslims to solve bioethical problems. Relates ethical principles to the moral experience of contemporary Muslims, and explores the role of human experience and intuitive reasoning in deriving ethical decisions. Offered by Religious Studies. May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

---

**Russian (RUSS)**

**100 Level Courses**

**RUSS 101: Elementary Russian I.** 3 credits.
For students with no knowledge of Russian. Introduces elements of grammar, vocabulary, oral skills, listening comprehension, and reading. Lab work required. Notes: Students may not receive credit for RUSS 101 and RUSS 110. Offered by Modern & Classical Languages. Limited to three attempts. Equivalent to RUSS 110.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**RUSS 102: Elementary Russian II.** 3 credits.
Continuation of RUSS 101. Notes: Students may not receive credit for RUSS 102 and RUSS 110. Offered by Modern & Classical Languages. Limited to three attempts. Equivalent to RUSS 110.
Recommended Prerequisite: RUSS 101 or permission of department.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 110: Elementary Russian. 6 credits.
Introduces elements of grammar, vocabulary, oral skills, listening comprehension, and reading. Notes: Students may not receive credit for RUSS 110 and RUSS 101, 102. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to RUSS 101, RUSS 102.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

RUSS 201: Intermediate Russian I. 3 credits.
Further development of skills in listening, speaking, reading, and writing. Notes: RUSS 201 and 202 must be taken in sequence. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 102, RUSS 110, appropriate placement score, or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 202: Intermediate Russian II. 3 credits.
Application of language skills to reading, composition, and discussion. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 201, appropriate placement score, or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

RUSS 302: Russian Conversation and Composition. 3 credits.
Develops in students ability to express themselves orally on topics of current interest and everyday situations. Provides practice in more difficult forms of written expression. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: RUSS 202, appropriate placement score, or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 303: Russian Advanced Conversation. 3 credits.
Development of oral proficiency. Includes current colloquial expressions. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 202, appropriate placement score, or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 310: Readings in Russian Literature. 3 credits.
Readings of Russian literary works in original language with lectures, discussions, and exam in Russian. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 202, appropriate placement score, or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 311: Contemporary Russian Short Fiction. 3 credits.
Reading and discussion of recent short stories by best-known Russian writers of today. Notes: Readings in original language. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 202, appropriate placement score, or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 325: Major Russian Writers. 3 credits.
Study of works of major Russian writers in translation. Writers to be studied vary. Notes: May be repeated once for credit when course content is different. Offered by Modern & Classical Languages (p. 424). May be repeated within the term for a maximum 9 credits.

Mason Core: Literature (p. 142)

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: ENGL 101/ENGH 101 or equivalent or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 326: A Survey of Russian Literature. 3 credits.
Surveys Russian literature from its beginning to 1880. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Mason Core: Literature (p. 142)

Recommended Prerequisite: Completion of 60 hours or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 327: A Survey of Russian Literature. 3 credits.
Surveys Russian literature of late 19th and 20th centuries. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Mason Core: Literature (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 353: Russian Civilization. 3 credits.
Civilization and culture of Russia and former Soviet Union. Includes films, slides, and music in addition to readings and lectures. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Specialized Designation: Non-Western Culture

Recommended Prerequisite: 60 credits and completion or concurrent enrollment in all other required Mason Core courses.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 354: Contemporary Post-Soviet Life. 3 credits.
Social life, art, economics, education, view of life, and personal aspirations of Russian citizen today. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Specialized Designation: Non-Western Culture

Recommended Prerequisite: 54 hours or Permission of Instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 380: Advanced Russian I. 3 credits.
Comprehensive study of the more difficult characteristics of contemporary standard Russian in areas of grammar, style, and vocabulary usage. Emphasizes developing fluency in oral and written expression. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 202 or equivalent, appropriate placement score, or permission of instructor

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 381: Advanced Russian II. 3 credits.
Comprehensive study of the more difficult characteristics of contemporary standard Russian in areas of grammar, style, and vocabulary usage. Emphasizes developing fluency in oral and written expression. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 202 or equivalent, appropriate placement score, or permission of instructor

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 401: Readings in the Social Sciences. 3 credits.
Reading, translation, and discussion of Russian materials in fields of history, politics, geography, and sociology. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 407: Russian Drama and Theater. 3 credits.
Development of Russian theater including directing techniques in Moscow Art Theater. Reading and discussion of major Russian plays of 19th and 20th centuries. Notes: Course work in English; knowledge of Russian not required. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: 60 hours or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 410: Russian Poetry. 3 credits.
Historical development of Russian poetry and representative works of major poets. Notes: Reading in Russian; course work in English and Russian. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 470: Topics in (Post) Soviet Film. 3 credits.
Russian, Soviet, and post-Soviet films selected by type, period, or director with emphasis varying from year to year. Required viewings, student discussion, and written critiques. Notes: May be repeated once with permission of department or film studies adviser. Offered by Modern & Classical Languages (p. 424). May be repeated within the degree for a maximum 9 credits.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 480: Fourth-Year Russian. 3 credits.
Advanced work in major grammatical and lexical topics of Russian. Application of theoretical principles in guided written and oral exercises. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.
Recommended Prerequisite: RUSS 380 and 381 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 491: Fourth-Year Russian. 3 credits. Advanced work in major grammatical and lexical topics of Russian. Application of theoretical principles in guided written and oral exercises. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: RUSS 380, 381, or equivalent.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 490: Independent Study. 1-3 credits. Research and analysis of selected problem in language, literature, or culture in consultation with member of Russian studies faculty. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: Russian studies major with 84 hours and Permission of Instructor.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 380 and 381 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

RUSS 491: Independent Study. 1-3 credits. Research and analysis of selected problem in language, literature, or culture in consultation with member of Russian studies faculty. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: Russian studies major with 84 hours and Permission of Instructor.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

School Psychology (SPSY)

600 Level Courses

SPSY 617: Child Psychopathology. 3 credits. Surveys major types of psychopathological disturbances of infancy and childhood. Provides an overview of atypical development in children and adolescents focusing on cognitive, emotional, social, and adaptive domains. Examines etiologies, symptoms, effects, and treatments of major psychological disorders. Introduces students to major classification systems that are commonly applied to diagnose psychological disorders in children. Offered by Graduate School of Education (p. 162). May not be repeated for credit. Equivalent to PSYC 617.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPSY 619: Consultation and Applied Behavioral Analysis. 3 credits. Examines the theoretical framework and elements of applied behavioral analysis, foundational principles of behavioral approaches to learning, as well as the framework of behavioral consultation. Provides acquisition and practical application of behavioral consultation skills through the process of the consultant-consultee relationship. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPSY 671: Role and Function of the School Psychologist. 3 credits. Considers roles and functions of school psychologist in the educational environment, including all National Association of School Psychologists (NASP) practice standards. Includes certification process, relevant school law, ethical standards and practice, current and historical issues, and trends. Notes: Open only to school psychology MA students, or by permission of instructor. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Corequisite: SPSY 672

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPSY 672: Schools as Systems Practicum in School Psychology. 3 credits. Provides contextual understanding of how districts, schools and classrooms operate; job responsibilities of the school psychologist; role of colleagues in the schools; special education process; various team structures and functioning; MTSS implementation; systems-level initiatives; organizational change; program evaluation; and use of data for school/student improvement. Requires semester-long practicum in the schools shadowing a school psychologist, and weekly class meetings. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Corequisite: SPSY 671

Registration Restrictions:
Enrollment limited to students with a class of Graduate.

Enrollment is limited to students with a major in Psychology.

Enrollment limited to students in the Education Human Development college.

Schedule Type: Internship
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPSY 692: Counseling in the Schools. 3 credits.
Examines theories, techniques, and counseling issues relevant to children and adolescents. Develops basic and advanced counseling skills, and provides experience receiving verbal and written feedback on simulated counseling sessions. Explores range of community agencies providing mental health services. Counseling practice provides an emphasis on process and culturally competent counseling strategies. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDCD 603B.
B Requires minimum grade of B.

Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.
Enrollment limited to students in the Education Human Development college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

700 Level Courses

SPSY 709: Cognitive Assessment. 4 credits.
Introduces school psychology graduate students to issues and methods of cognitive/intellectual assessment. Provides experience in administration, scoring, and interpretation of major infant, child, and adult tests of cognitive ability, with emphasis on individual tests. Examines the development of IQ tests, theories of intelligence, and current trends and developments in intellectual assessment. Notes: Open only to school psychology MA students. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.
Enrollment limited to students in the Education Human Development college.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPSY 710: Social, Emotional, and Behavioral Assessment. 4 credits.
Examines major instruments used in clinical assessment of social, emotional and behavioral functioning of children and adolescents. Provides practice in administration and scoring of major techniques for evaluation of social emotional behavioral adjustment. Explores nature, problems, and predictive value, and principles of interpretation of these procedures. Notes: Open only to school psychology MA students. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: SPSY 709B or PSYC 810B.
B Requires minimum grade of B.

Enrollment is limited to students with a major in Psychology.
Enrollment is limited to Graduate level students.
Enrollment limited to students in the Education Human Development college.

Schedule Type: Internship

Grading:
This course is graded on the Graduate Special scale. (p. 84)

SPSY 751: Advanced Assessment Practicum in School Psychology I. 3 credits.
Provides practical, applied, supervised experience conducting comprehensive psychoeducational evaluations with children and
adolescents to develop assessment and diagnostic skills. Requires interviewing, test selection and administration, scoring, report writing, and feedback sessions with clients. Focuses on integration of data and recommendation development. Requires practicum in training clinic, and individual and group supervision. Notes: Open only to School Psychology MA students. Offered by Graduate School of Education (p. 162). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Required Prerequisites: SPSY 709B, 710B, 722B and 750B.
B- Requires minimum grade of B-.

Enrollment is limited to students with a major in Psychology.

Enrollment is limited to Graduate level students.

Enrollment limited to students in the Education Human Development college.

Schedule Type: Internship

Grading:
This course is graded on the Graduate Special scale. (p. 84)

SPSY 752: Advanced Assessment Practicum in School Psychology II. 3 credits.
Provides practical, applied, supervised experience conducting comprehensive psychoeducational evaluations with children and adolescents to refine assessment and diagnostic skills. Requires interviewing, test selection and administration, scoring, report writing, and feedback sessions with clients. Focuses on integration of data and recommendation development. Requires practicum in training clinic, and individual and group supervision. Notes: Open only to School Psychology MA students. Offered by Graduate School of Education (p. 162). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Required Prerequisites: SPSY 709B, 710B, 722B, 750B and 751B.
B- Requires minimum grade of B-.

Enrollment is limited to students with a major in Psychology.

Enrollment is limited to Graduate level students.

Enrollment limited to students in the Education Human Development college.

Schedule Type: Internship

Grading:
This course is graded on the Graduate Special scale. (p. 84)

SPSY 753: Multiculturalism in Schools. 3 credits.
Introduces school/educational/developmental psychology graduate students to issues and recent research on multicultural competence and multiculturalism in schools. Develops self-awareness around issues of cultural diversity and expands knowledge base in the area of diversity. Provides an opportunity to read research in the field on RTI, Consultation, Intervention, and Assessment that has a multicultural perspective or component. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPSY 773: Prevention, Intervention, and Consultation in Schools. 3 credits.
Examines psychological theory and practice of prevention, intervention, and consultation in the school environment. Provides an overview of consultation approaches, prevention models that promote academic and social success, strategies and methods for targeted intervention, and crisis response. Focuses on current models of direct/indirect service-delivery in a MTSS/RtI model to support academic achievement and social emotional adjustment of all children. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPSY 790: School Psychology Internship. 3 credits.
Requires supervised field experience and semi-monthly seminar over course of one school year as students work as full-time staff members in schools. Requires professional portfolio demonstrating integration of skills/knowledge across all professional practice domains. Emphasizes evidence based interventions, direct and indirect services, and measurement of student outcomes. NOTE: Students must register for 2 consecutive semesters for a total of 6 credits. Offered by Graduate School of Education (p. 162). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Completion of required courses in school psychology and permission of program coordinator.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Internship

Grading:
This course is graded on the Graduate Special scale. (p. 84)

SPSY 792: Prevention Intervention Consultation Practicum. 3 credits.
Requires school-based practicum under the supervision of school psychologist, and weekly seminar. Focuses on teacher consultation and implementation of prevention/intervention services. Application of a variety of concrete methods/strategies designed to support successful academic achievement and positive social-emotional adjustment for children in schools. Focuses on delivery of evidence-based direct and consultative psychological services to individuals and groups within the school community. Offered by Graduate School of Education (p. 162). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Required Prerequisite: SPSY 773B.
B- Requires minimum grade of B-.
Enrollment is limited to students with a major in Psychology.

Enrollment is limited to Graduate level students.

Enrollment limited to students in the Education Human Development college.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

### Social Work (SOCW)

#### 200 Level Courses

**SOCW 200: Introduction to Social Work.** 3 credits.
Introduces historical roots of social work profession and social welfare. Person-in-environment perspective discussed as framework for social work knowledge, values, and skills. Initial course in social work curriculum introduces social work profession, professional values, ethics, fields of practice, and settings in which social workers are employed. Highlights profession's commitment to diverse and at-risk populations and social and economic justice. Presentations by social work professionals in different fields of practice supplement classroom lecture, discussion, and small-group exercises. Notes: Open to all majors. Offered by Social Work (p. 279). Limited to three attempts.

**Specialized Designation:** Discovery of Scholarship.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

#### 300 Level Courses

**SOCW 311: Building Professional Social Work Skills.** 3 credits.
Apply basic social work concepts and the planned change process to beginning-level professional generalist practice. Develop a professional sense of self, and how to work in a social work setting. Practice course material in an agency setting through a 40 hour service learning experience. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** SOCW 200.

**Registration Restrictions:**
Enrollment is limited to students with a major in Social Work.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 312: Knowledge Building for Helping Professionals.** 3 credits.
Integrates critical thinking skills with an understanding of how knowledge is created and associated with the scientific paradigms that are used to study and understand individuals in the context of the environment. Examines ways of knowing used in the social sciences and social work by being actively engaged in exercises and activities. Offered by Social Work (p. 279). Limited to three attempts.

**Specialized Designation:** Scholarly Inquiry.

**Recommended Prerequisite:** SOCW 200.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 357: Methods of Social Work Intervention I.** 3 credits.
Social work practice from systems perspective. Particular emphasis on problem-solving activities with microsystems. Analyzes common core of knowledge, values, and skills essential to social work practice to gain insight into social work functions and role of social worker as change agent. Note: SOCW 361 must be taken in the same semester as SOCW 357. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** SOCW 200, SOCI 101, PSYC 100, or permission of the instructor.

**Registration Restrictions:**
Required Prerequisite: SOCW 361.<sup>C</sup>

* May be taken concurrently.

* Requires minimum grade of C.

Enrollment is limited to students with a major in Social Work.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 358: Methods of Social Work Intervention II.** 3 credits.
Continues generic problem-solving model, focusing on group and macro intervention systems, settings, and skills. Emphasizes working with both treatment and task groups. Group processes, such as goal formulation, contract setting, composition, and termination necessary for effective worker intervention, are part of knowledge base. Note: SOCW 362 must be taken in the same semester as SOCW 358. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** SOCW 200, 357, and 361

**Registration Restrictions:**
Required Prerequisite: SOCW 362.<sup>C</sup>

* May be taken concurrently.

* Requires minimum grade of C.

Enrollment is limited to students with a major in Social Work.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 361: Methods of Social Work Intervention I: Laboratory.** 3 credits.
Develop proficiency in social work and communication skills. Increase competency in practice knowledge and behaviors through experiential learning in the classroom laboratory. Apply knowledge of biological, psychological, social, spiritual, and cultural influences to those who need and those who give help. Examine personal behavioral and learning patterns, values, ethics, and attitudes to increase ability to understand and help clients. Note: SOCW 357 must be taken in the same semester as SOCW 361. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** SOCW 200.

**Registration Restrictions:**
Required Prerequisite: SOCW 357.<sup>C</sup>

* May be taken concurrently.

* Requires minimum grade of C.
Enrollment is limited to students with a major in Social Work.

**Schedule Type:** Laboratory

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 362: Methods of Social Work Intervention II: Laboratory.** 3 credits.
Provides students the opportunity to integrate theory, research, and practice in the area of group work and family interventions. Classroom simulation of group skills and how to work with families will occur. Note: SOCW 358 must be taken in the same semester as SOCW 362. Offered by Social Work (p. 279). Limited to three attempts.

**Registration Restrictions:**
Required Prerequisites: SOCW 200C, 357C, 361C and 358C.
May be taken concurrently.
C Requires minimum grade of C.

Enrollment is limited to students with a major in Social Work.

**Schedule Type:** Laboratory

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 375: Human Behavior and the Family Life Course.** 3 credits.
This course utilizes an integrative ecological approach to understanding individual human behavior in the context of the family and the transitions over the life course. The family life course perspective recognizes the interdependent nature of life course experiences and highlights the impact of life events, transitions and change, timing, and historical and social context. Offered by Social Work (p. 279). Limited to three attempts.

**Mason Core:** Synthesis (p. 142)

**Recommended Prerequisite:** SOCW 200; BIOL 103; PSYC 100; SOCI 101.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 380: Changing Social Policies and Systems.** 3 credits.
Equips students with basic macro social work practice skills necessary to create change that will result in a more socially and economically just society. Examines the historical development, central concepts, and institutional nature of current social policies and systems and how to create change at various levels. Applies practice skills to developing strategies for change. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** SOCW 200.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

Provides a basic introduction to quantitative and qualitative analytic methods for the social worker. The course will emphasize a conceptual understanding of analyses so that students will be able to engage in social debates with the ability to both support their assertions with rigorously generated analyses, as well as question the generalizability and utility of others’ analyses. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** SOCW 200.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**400 Level Courses**

**SOCW 400: Legal and Ethical Issues in Human Services.** 3 credits.
Overview of ethical and legal issues related to human services professions. Topics include responsibility, competence, duty to warn, confidentiality, professional relationships, and research. Emphasizes models of ethical decision making and critical thinking. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** 45 credits or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 410: Alcohol and Substance Abuse: Policies and Programs.** 3 credits.
Primary issues related to alcoholism and drug abuse including key concepts, theories, policies, and research regarding use and abuse of alcohol and other drugs. Emphasizes impact of policies and programs on well-being of ethnic minority and disadvantaged service populations. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** 45 credits or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 415: Child and Family Welfare.** 3 credits.
Emphasizes viewing human development and child and family welfare services critically, holistically, and contextually. Integrates ecological systems, human rights, and empowerment perspectives for understanding delivery systems and persons in relation to their environment across levels from individual to global. Provides overview of existing child welfare system with focus on current issues, challenges, and at-risk populations. Offered by Social Work (p. 279). Limited to three attempts.

**Recommended Prerequisite:** 45 credits or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCW 435: Introduction to Gerontology.** 3 credits.
Surveys issues related to working with older adults, their families, and care providers. Studies biological, psychological, and sociocultural aspects of aging, and unique problems with service delivery to older persons. Examines forces that impinge on an older person, and explores critical issues related to extended life span, family changes, institutionalization, and role of older persons in society. Offered by Social Work (p. 279). Limited to three attempts.
Recommended Prerequisite: 45 credits or permission of the instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCW 445: Social Determinants of Health. 3 credits.
Examine the social determinants of health and the application of this framework to social work and public health policy and practice interventions. Explore the many social justice factors that affect health and consider which community systems and social change approaches may decrease or eliminate health inequities. Offered by Social Work (p. 279). Limited to three attempts. Equivalent to GCH 445.

Recommended Prerequisite: 45 credits or permission of the instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCW 471: Research in Social Work. 3 credits.
Principles and theory underlying scientific inquiry. Emphasizes use of research in social work practice, steps in conducting research, and research efforts in developing and evaluating social work knowledge and skills. Notes: Must be completed with minimum grade of C. Offered by Social Work (p. 279). Limited to three attempts.

Specialized Designation: Scholarly Inquiry, Writing Intensive in Major

Recommended Prerequisite: SOCW 200; SOCW 312; ENGH 302.

Recommended Corequisite: SOCW 495; Choose one of the following: SOCW 390, STAT 250, SOCI 313, or PSYC 300.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Uses generalist social work practice concepts with large systems and provides students with a hands-on opportunity to apply concepts and principles of intervention with large systems. Students will work with organizations and communities on a local, national, or global level to promote social action and social change. The course will also focus on evaluating interventions addressing the social justice needs of diverse, at-risk, and oppressed populations. Offered by Social Work (p. 279). Limited to three attempts.

Mason Core: Capstone (p. 142)

Specialized Designation: Research/Scholarship Intensive

Recommended Prerequisite: SOCW 495 and SOCW 471.

Registration Restrictions:
Enrollment is limited to students with a major in Social Work. Students cannot enroll who have a minor in Social Work.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCW 475: Selected Topics in Social Work Policy. 1-3 credits.
In-depth study of special areas of social work of interest to students, faculty, and social work community. Notes: May be repeated for credit when topic is different. Offered by Social Work (p. 279). May be repeated within the term for a maximum 9 credits.

Recommended Prerequisite: 45 credits or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCW 483: Selected Topics in Social Work Intervention. 1-3 credits.
Opportunity to examine personal use of different approaches to social work intervention currently employed in practice settings. Students use technical skills with clients that these approaches require. Notes: May be repeated for credit when topic is different. Offered by Social Work (p. 279). May be repeated within the term for a maximum 9 credits.

Recommended Prerequisite: 45 credits or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCW 495: Field Practicum and Seminar I. 5 credits.
Under supervisory instruction provided by field agencies and faculty liaisons, students are involved two days per week in a social work field practicum, which provides entry level generalist social work training. Both the field practicum and the associated seminar provide learning activities designed to facilitate the demonstration of competencies identified by the Council on Social Work Education. Requires faculty-agency visits. Offered by Social Work (p. 279). Limited to three attempts.

Recommended Prerequisite: SOCW 200, 311, 312, 357, 358, 361, 362, 375, and 380 with a minimum grade of C and recommendation of faculty.

Registration Restrictions:
Enrollment is limited to students with a major in Social Work.

Schedule Type: Internship

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCW 496: Field Practicum and Seminar II. 5 credits.
Continuation of supervised instruction begun in SOCW 495. Students continue to spend two days per week in a social work field practicum, which provides entry level generalist social work training. Both the field practicum and the associated seminar provide learning activities designed to facilitate the demonstration of competencies identified by the Council on Social Work Education. Requires faculty-agency visits. Offered by Social Work (p. 279). Limited to three attempts.

Recommended Prerequisite: SOCW 495 with a minimum grade of C.

Registration Restrictions:
Enrollment is limited to students with a major in Social Work.

Schedule Type: Internship

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
Investigates research problem in field of social work. Offered by Social Work (p. 279). May be repeated within the degree for a maximum 3 credits.

Recommended Prerequisite: 60 credits and a research proposal approved by instructor before enrollment.

Schedule Type: Independent Study
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

600 Level Courses
Introduces issues in social welfare by highlighting the social work profession's commitment to serve diverse and at-risk populations, as well as promote social, economic, and environmental justice. Provides students with opportunities to examine how historical, political, economic, and cultural contexts influence the structure and functions of oppression and the social welfare delivery system. Students gain knowledge and develop critical analysis skills for examining systems of privileges and oppression based on race and ethnicity, gender, sexual orientation, social and economic status, age, ability status, religion, and nativity status. Emphasis is also placed on professional values and ethics. Offered by Social Work (p. 279). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 623: Human Behavior and Social Systems I. 3 credits.
Ecological approach to behavior of individuals, families, groups, organizations, and communities. Integrates and applies theories from psychology, sociology, biology, and anthropology to study of infants, children, and adolescents. Emphasizes human diversity. Offered by Social Work (p. 279). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 624: Human Behavior and Social Systems II. 3 credits.
Continues study of human behavior and diversity by exploring application of development theory and ecological principles to those in young adulthood, middle adulthood, and older adulthood. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: SOCW 623.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 630: Forensic Social Work Practice. 3 credits.
Explores the social work role in legal processes relating to such issues as family violence, child custody, behavioral health, disabilities, aging, and juvenile/criminal justice. Apply skills in forensic interviewing, risk assessment, expert testimony, mitigation, mediation, treatment, victim advocacy, and multidisciplinary collaboration. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: SOCW 624, 652, 658, and 673.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 640: Advanced Clinical Practice. 3 credits.
Prepares students at the advanced level to apply diagnostic, assessment, prevention, treatment, and intervention skills with individuals, families, and groups in clinical mental health and health settings. Trains students in differential diagnosis and assessment using the Revised Diagnostic and Statistical Manual (DSM IV-TR). Currently accepted treatment interventions within the context of contemporary social work theory are also presented. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: All foundation year coursework: SOCW 623, 624, 651, 652, 657, 658, 670, 671, 672, 673, and 680.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 645:** Community-Centered Clinical Practice. 3 credits.
Students use an ecosystems framework for assessment, risk-reduction, prevention, and intervention with communities in a local, national, or international context. Possible areas of exploration include violence prevention and intervention, suicide prevention and intervention, emergency response efforts, and behavioral health or wellness interventions at the community level. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 624, 652, 658, and 673.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 651:** Social Policies, Programs, and Services. 3 credits.
History of American social welfare policy and social work profession. Explores political, economic, social, cultural, and ideological influences on policy making with emphasis on consequences for populations at risk. Introduces historical policy analysis. Offered by Social Work (p. 279). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 652:** Influencing Social Policy. 3 credits.
Introduces students to the knowledge, skills, and values needed to influence policy outcomes. Explores the role of social workers in electoral politics and policy advocacy. Students gain skills in legislative research, coalition building, testifying, constituent organizing, and lobbying, while developing strategies for promoting social justice through policy change. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 651.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 653:** Immigration Policy. 3 credits.
Prepares students for advocacy on behalf of immigrants from a human rights and social justice perspective. Explores policies, economic forces and historical precedence abetting global migration. Abets development of an in-depth knowledge of national and local policies as they pertain to immigrants, and how issues relate to social work advocacy. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** Completion of all first-year graduate coursework or advanced standing.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 654:** Social Policy for Children and Youth. 3 credits.
Examines social policies, programs, and services on behalf of children and youth with implications for social work; including child welfare, child and adolescent health and mental health, juvenile justice, and school social work. Explores how societal norms regarding family and definitions of children’s well-being influenced these policies over time. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** Completion of MSW foundation coursework.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 655:** *Aging Programs and Policies.* 3 credits.
Analyzes the evidence-based benefits and challenges of social welfare and health care policy at the local, state, and federal levels on programs and services for older persons and their families. Fosters an understanding of the context of administrative structures, and legislative context of social policy and aging with attention to diversity and ethics. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 652 or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 657:** *Direct Social Work Practice I.* 3 credits.
Introduces role of social workers as change agents and the core knowledge, values, and skills that guide social work practice with individuals, families, small groups, organizations, and communities. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Corequisite:** SOCW 672.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 658:** *Direct Social Work Practice II.* 3 credits.
Continuation of social work theory and practice with individuals, families, groups, organizations, and communities. Emphasizes intervention, evaluation, follow-up, and termination, with attention to incorporating social work knowledge, values, and skills. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 657.

**Recommended Corequisite:** SOCW 673.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 663:** *Global Human Rights Policy.* 3 credits.
Examines meaning and benefits of transforming social work policy practice to a global perspective and focus on a human rights-based rather than a needs-based approach. Demonstrates how human rights can serve as conceptual framework for policy practice to effect social change promoting human development and social and economic justice across levels, from the micro through macro and local through global. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** Completion of MSW Foundation curriculum or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 664:** *Creative Arts in Social Work Practice.* 3 credits.
Explores the principles and techniques of creative arts for social work practice, examining assessment, intervention and evaluation strategies that supplement traditional social work treatment. Course covers theory, research, and interventions applied to individuals, families, groups, and communities. Notes: Previous training in the visual arts and/or artistic ability is not required. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** Completion of MSW Generalist curriculum or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 670: Social Work Program Planning, Communications, and Technology. 3 credits.
Studies various forms of written communication pertinent to social work practice. Examines impact of audience, status, culture, and purpose on effective professional writing. Offered by Social Work (p. 279). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 671: Research Methods for Social Workers. 3 credits.
Examines role of scientific inquiry in social work. Emphasizes construction and use of measurement instruments, data collection, analysis, and interpretation, and application of computer technologies relevant to social work practice. Offered by Social Work (p. 279). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 672: Generalist Field Practicum and Seminar I. 3 credits.
Provides supervised social work learning experience in human service agencies. Students complete 16 hours per week in field practicum, and attend bimonthly seminar in which they share learning and integrate theory with practice. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Corequisite: SOCW 657.

Recommended Prerequisite: All foundation year coursework (SOCW 623, 624, 651, 652, 657, 658, 670, 671, 672, and 673).

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 673: Psychopathology. 3 credits.
Overview of adult and child psychopathology presented within the contexts of the lives of people experiencing mental disorders and the social contexts that can have a bearing on symptom maintenance. Learn to formulate competency-based assessments and DSM IV-TR-based differential diagnoses. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: All foundation year coursework (SOCW 623, 624, 651, 652, 657, 658, 670, 671, 672, and 673).

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 675: Selected Topics in Clinical Practice. 3 credits.
In-depth study of special topics related to clinical social work practice at the individual, family, small group, or community level. Notes: May be repeated for credit when topic is different. Offered by Social Work (p. 279). May be repeated within the term for a maximum 12 credits.
Recommended Prerequisite: 30 graduate credits or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 676: Selected Topics in Social Work and Social Change. 3 credits.
Critical examination of special topics related to understanding and improving community and societal conditions through policy practice, program development, and social action. Notes: May be repeated for credit when topic is different. Offered by Social Work (p. 279). May be repeated within the term for a maximum 12 credits.

Recommended Prerequisite: 30 graduate hours or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 677: Family Therapy. 3 credits.
Examines research and theory relevant for assessment and intervention with families. Students will learn to conduct a family assessment, taking cultural diversity, non-traditional family structures including single-parent and GLBTQ families, and socioeconomic factors into account. Students will develop skills in implementing an intervention based on the family’s strengths and challenges. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: Completion of MSW foundation coursework.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 678: Trauma and Recovery. 3 credits.
Explores complex traumatic stress disorders, the process of recovery, and the etiology of healing in contemporary North American Culture. Diagnostic criteria, assessment strategies and evidence-based treatment options for complex traumatic stress disorders across diverse populations including sexual trauma, war, early childhood trauma and natural disasters will be addressed. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: Completion of MSW foundation coursework.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 679: Military Social Work. 3 credits.
Examines research and theory relevant for social work practice with service members, veterans, and their families. The course addresses the military as a workplace culture, evidence-based approaches for post-traumatic stress and co-morbid conditions, clinical practice with military families, preventive care and the service delivery system in military and civilian settings. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: Completion of MSW foundation coursework.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 682: Substance Abuse Interventions. 3 credits.
Develops knowledge and skills for direct practice in the field of addictions. The course covers the knowledge base regarding evidence-based interventions at all stages in the process of intervention with individuals, families, and groups that promote recovery from addiction to drug and alcohol abuse. Offered by Social Work (p. 279). May not be repeated for credit.
Recommended Prerequisite: Completion of MSW foundation coursework.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 685: Organizational Leadership for Social Workers. 3 credits.
Examines functions and structure of human service organizations in context of service delivery. Development of theoretical knowledge, professional ethics, and skills in administration, leadership, management, organization, and supervision. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: SOCW 624, 652, 658, 673.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 687: Empowering Communities for Change. 3 credits.
Explores social work interventions at community level, including organization, planning, and development. Strategies for mobilizing community members, using community organizations, formulating coalitions, engaging in participatory planning, and social and economic development. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: SOCW 624, 652, 658, and 673.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 688: Program Evaluation for Social Workers. 3 credits.
Explores social work intervention research, needs assessment, formative and summative program evaluation, and cost analyses. Discusses applications of systematic inquiry at the practice, organizational, and policy levels. Addresses ethical, pragmatic, and political considerations; qualitative approaches; quality performance; evidence from empirical research; and evaluation design. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: SOCW 624, 652, 658, 671, 673. Open to degree seeking students only.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCW 689: Clinical Practice with Older Adults. 3 credits.
Examines age-associated changes and challenges faced by older adults. Focus is strengthening assessment and intervention skills with older adults, their family members and caregivers within the community and long-term care facilities, determining the best standardized instruments to use, and developing effective questions for assessment. Attention is given to the resilience of elders, ethical issues and diversity. Offered by Social Work (p. 279). May not be repeated for credit.

Recommended Prerequisite: SOCW 674 or permission of the instructor.
**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 692: Specialist Clinical Field Practicum and Seminar I.** 3 credits.
Students participate in a supervised clinical social work field practicum for 20 hours per week. The clinical field seminar accompanies the clinical concentration year practicum. The seminar is designed to assist the student in critically analyzing their field experiences in the application of mental health assessment, risk reduction and interventions working with individuals, families, groups, and communities. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 623, 624, 651, 652, 657, 658, 670, 671, 672, and 673.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 693: Specialist Clinical Field Practicum and Seminar II.** 3 credits.
Students participate in a supervised clinical social work field practicum for 20 hours per week. The clinical field seminar accompanies the clinical concentration year practicum. The seminar is designed to assist the student in critically analyzing their field experiences in the application of mental health assessment, risk reduction and interventions working with individuals, families, groups, and communities. Notes: This is a continuation of SOCW 692 taken in the Fall semester. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 623, 624, 630, 651, 652, 657, 658, 670, 671, 672, 673, 674, 688, and 692.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 694: Specialist Social Change Field Practicum and Seminar I.** 3 credits.
Students participate in a supervised clinical social work field practicum for 20 hours per week. The clinical field seminar accompanies the concentration year practicum. The seminar is designed to assist students in processing their field experiences and analyzing their successes and challenges. Students are expected to apply social work knowledge, values, and skills from across the curriculum. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 623, 624, 651, 652, 657, 658, 670, 671, 672, and 673.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCW 695: Specialist Social Change Field Practicum and Seminar II.** 3 credits.
Students continue to work in a supervised social work field practicum for 20 hours per week. At the end of this semester students will have completed 300 hours of field work to meet the total number of 600 hours required for the concentration year practicum. The field seminar accompanies the concentration year practicum. The seminar is designed to assist students in processing their field experiences and analyzing their successes and challenges. Students are expected to apply social work knowledge, values, and skills from across the curriculum. Notes: Continuation of SOCW 693 from the Fall semester. Offered by Social Work (p. 279). May not be repeated for credit.

**Recommended Prerequisite:** SOCW 623, 624, 651, 652, 657, 658, 670, 671, 672, 673, 684, 685, 688, and 694.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
Investigates research problem in field of social work. Offered by Social Work (p. 279). May be repeated within the term for a maximum 4 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Social Work.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Sociology (SOCI)

100 Level Courses

SOCI 101: Introductory Sociology. 3 credits.
Introduction to basic sociological concepts. Examines aspects of human behavior in cultural framework, including individual and group interaction, social mobility and stratification, status and class, race and gender relations, urbanism, crime and criminology, and social change and reform. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Social/Behavioral Sciences (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 120: Globalization and Society. 3 credits.
Examines and analyzes important global issues and processes. Considers historical development of globalization and implications for different societies and cultures. Investigates perceptions of global processes by different cultures and nations, and efforts of international institutions to address social, political, economic, and cultural changes in global society. Notes: Students may not receive credit for both SOCI 120 and GLOA 101. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

SOCI 208: Introduction to Race and Ethnicity. 3 credits.
Introduces students to individuals and ideas which have shaped and influenced racial and ethnic interactions and relations in the past and present. Attention will focus on historical meanings and sentiments attached to race and ethnicity as concepts, ideas, and images, and the ways these concepts and images have co-joined to allocate differential social, political, economic, and educational rewards to individuals and groups designated as racial groups, ethnic groups, or both. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

SOCI 301: Criminology. 3 credits.
Focuses on causes and meaning of crime, with emphasis on adults. Patterns of criminal behavior, including property crimes, violent crimes, organized crime, white-collar crime, and victimless crime. Critical assessment of criminal justice system as a response to crime. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 302: Sociology of Delinquency. 3 credits.
Examines social factors involved in development of delinquency, including family, political economy, schooling, community environment and culture. Examines various theories of delinquency; rates of delinquency in relation to age, race, gender and social class; and legal system that addresses causes, consequences, and policies of punishment and rehabilitation. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 303: Methods and Logic of Inquiry. 3 credits.
Actively engages students in original inquiry meaningful to themselves and their communities. Demonstrates the reciprocal relationship between theory and empirical research. Explores the complementarity of interpretive and explanatory logics, employing basic sociological methods. Guides students to formulate problems and design research, culminating in a public presentation of their proposals to the sociology faculty. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: SOCI 101C.
C Requires minimum grade of C.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
SOCI 304: *The Future of Work.* 3 credits.
Introduces the basic concepts of economic sociology. Explores how the world of work has changed due to globalization, deindustrialization, new technologies, and economic crisis. Focuses on providing students with a better understanding of how markets and corporations work, and about new economic approaches to create new, potentially less alienating work environments. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 307: *Social Movements and Political Protest.* 3 credits.
Explores processes for organizing resistance to current social and power arrangements, from terrorism to nonviolent civil resistance to create alternative institutions, policies, or leadership that promote human rights and social justice. Uses historical and contemporary case studies of local and global change to explore, how, why, and to what effect individuals have organized to protest the status quo and create social change. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

Explores how race and ethnicity have been shaped by policies and practices in Western and non-Western societies. Explores the evolution of racial and ethnic attitudes from a global and historical perspective. Examines how changing demographic racial patterns may affect definitions of race and ethnicity and the ways in which people individually and collectively act to create new futures. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 309: *Marriage, Families, and Intimate Life.* 3 credits.
Uses a sociological framework to analyze and understand the diverse forms of contemporary families—traditional marriages, cohabitation, domestic partnerships, single-parent families, stepfamilies, and gay and lesbian families. Explores topics such as changes in sexual mores, reflected in new dating practices; shifting parenting roles; effects of social class, race and ethnicity; and the outcomes of divorce for couples and children. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 310: *Sociology of Deviance.* 3 credits.
Analyzes macro- and microlevel deviance-producing processes, meaning and control of deviance, and major theoretical approaches to deviance. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 311: *Classical Sociological Theory.* 3 credits.
Explores sociological tradition through readings and discussions of ideas drawn from writings of selected sociological thinkers such as Comte, Marx, Weber, Durkheim, and others. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Recommended Prerequisite:** 6 credits of upper level (300 or 400 level) sociology courses, or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 312: *Qualitative Research Methods.* 3 credits.
Introduces ethnography, field work methods, interviewing, life histories, and other qualitative methods to generate data about cultures in which various groups and classes are immersed. Students learn by applying qualitative methods to term projects, developed under guidance of instructor. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Recommended Prerequisite:** 9 credits of Sociology including SOCI 101 or SOCI 102 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 313: *Statistics for the Behavioral Sciences.* 4 credits.
Fundamentals of applied statistics as used in behavioral science to include descriptive statistics, inferential statistics, correlation regression, analysis of variance, factor analysis, nonparametric statistics, and practical experience with calculators in applying statistical analysis to actual problems of the behavioral sciences. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Mason Core:** Quantitative Reasoning (p. 142)

**Recommended Prerequisite:** SOCI 101 or permission of instructor.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 314: *Sociology of Culture.* 3 credits.
Examines how culture, encompassing high art or participatory culture, expressive agency or traditional constraint, is produced and reproduced in everyday social practices and across a wide range of social institutions. Explores the role of culture in public life and political discourse. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 315: *Contemporary Gender Relations.* 3 credits.
Considers the ways in which gender structures social life on both the micro level of individual experience and the macro level of social structure. Addresses contradiction between legal equality between the
sexes and persistent workplace discrimination and sexual violence; how normative ideals of femininity and masculinity affect our bodies, identities and intimate relationships; how these ideals are circulated through the media, reproduced in social institutions, and articulated in different national, cultural and religious contexts. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 320: Globalization and Social Change. 3 credits.
While focusing on nature and process of change in human society, considers social impact of political, economic, and environmental change and how lives are shaped by complexities of global social forces. Examines specific global issues such as conflict and security; economic disparity; ecological deterioration; populations and migration; legitimization of commerce; diffusion of innovations; and impact of class, status, and power in modern societies. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Global Understanding, Encore: Sustainability (p. 142)

Specialized Designation: Green Leaf Focused Course

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 321: Sociology of Post-Socialism. 3 credits.
Explores the end of socialism, and how the former Soviet Union and Eastern Europe, as well as the rest of the world, transformed since 1989. Examines art, music, criminality, oligarchs, workers, gender, commodification, nationalism, violence, the self, religion, public health, and the environment during socialism and afterwards. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 326: Conflict, Violence, and Peace. 3 credits.
Explores the sociology of conflict, violence, and peace to examine these crucial issues from a scholarly viewpoint. Focuses on the causes and consequences of violence. Examines a wide variety of remedies from conventional deterrence and arms control strategies to alternative perspectives from nonviolent civil resistance to peacebuilding, international law, and restorative justice, as well as conflict transformation and resolution strategies. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 330: US Immigrants and Immigration. 3 credits.
Explores theoretical, empirical, and policy-related issues pertaining to immigration. Examines case studies of immigrant communities and their adaptation patterns, paying particular attention to immigrants from Latin America, Asia, the Caribbean, and the Middle East. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 332: The Urban World. 3 credits.
Examines cities and the people who live in them in the United States and around the world. Includes topics such as: social and economic development, inequality, political protests, urban democracy, and the environment. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 340: Power, Politics, and Society. 3 credits.
Analyzes how power is defined, attained and sustained in society. Students analyze political power as related to social realities such as democratic elections, class conflict, elite networks, power sharing, protest, and revolution. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 341: Sociology of Aging. 3 credits.
Examines aging from a sociological perspective. Topics include demographic trends and aging population in America, social construction of life stages and creation of “old age,” cultural labeling, and human resistance. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 352: Social Problems and Solutions. 3 credits.
Examines contemporary social problems and their solutions using sociological perspectives. Topics may include housing and homelessness, student debt, mass incarceration, hunger and food insecurity, environment and sustainability, human rights, wealth and global poverty, war and peace. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Social/Behavioral Sciences (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 355: Social Inequality. 3 credits.
Studies class structures and implications for individuals and groups in modern society. Explores issues of race and ethnicity, language and immigration status, sex and gender, social class, age, and sexual orientation. Examines critically the theory and research that explore the construction, experience, and meaning of such differences. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.
Mason Core: Social/Behavioral Sciences (p. 142)

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 360: Youth Culture and Society. 3 credits.
Introduces sociology of youth and youth culture. Investigates social, economic, and political realities of youth as a group and different groups of youth, including youth cultural production, formation of youth culture, and youth identities in variety of social settings. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Seminar

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 373: The Community. 3 credits.
Examines small to moderate-size communities ranging through village, rural community, small town, and city subcommunity. Latter category includes city localities, ethnic villages, and suburban communities. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 377: Art and Society. 3 credits.
Introduces the many ways in which art reflects social tendencies, comments on social problems, and contributes to discussions about a wide range of social issues. Students attend theatrical performances and visit exhibition spaces on campus, and learn to analyze what they experience through both aesthetic and sociological approaches. Explores contemporary issues such as debates about artistic freedom and public morality, commercialization of art, and relationship between cultural and social hierarchies. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Recommended Prerequisite: 3 credits of ARTH.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 382: Education in Contemporary Society. 3 credits.
Examines classrooms and schools as social institutions that function as socializing agents for both stability and societal change. Emphasizes the influence of inequality on educational processes and outcomes and critically examines the social organization of the U.S. public school system. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 385: Religion and Society. 3 credits.
Studies places of religious consciousness in human action and institutional and organizational networks created to sustain religious beliefs. Emphasizes comparative and historical analysis of role religion has played in human society. Examines theories of nature of religious experience, religious symbolism, and basis of religious community. Explores changing demographics in relation to older traditional religious faiths and newer nontraditional faiths. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 388: Violence and Religion. 3 credits.
Explores the relationship between religion and violence, especially warfare, cross-culturally and historically from a sociological, transdisciplinary, and global politics perspective. Examines the interface between politics and morality and the interface between national and transnational governance institutions (nations states, the UN, etc.) and cultural and religious institutions, NGOs, and social movements. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 390: Sociology of Health, Illness, and Disability. 3 credits.
Examines social context of health, illness, and disability; relationships of health care professionals and patients; and structure and delivery of health care in different medical systems. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 391: Big Data, Technology, and Society. 3 credits.
Examines the transformations in the relationships between self and society taking place at the interface between social networks, digital information and communication technologies, new media, and Big Data. Explores what these changes mean for the future of the social sciences and humanities, and what these disciplines in turn can teach us about these changes that the “analytics” of computational and data sciences cannot. Introduces students to cutting-edge methods in digital sociology and digital ethnography, exploring a variety of emerging technology developments, such as augmented reality, digital fabrication, cryptocurrency, blockchain, automation, machine learning, and artificial intelligence. Examines new forms of inequality and intimacy, technologically mediated and distributed practices of human empathy and discernment, and emerging ethical questions for research and university education. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 394: Sociology of Human Rights. 3 credits.
Provides an overview of sociological, theoretical, and methodological approaches to understanding human rights. Examining connections between inequality, conflict, social justice, governance, and human rights, the course focuses on the contexts of meaning within which human rights are invoked and practiced as well as the role that non-state actors...
play in shaping the development and institutionalization of human rights. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCI 395:** *Special Topics in Sociology*. 3 credits.
Introduces the research interests of the faculty, offering new courses that reflect current issues not yet incorporated into the curriculum. Offers, in addition, advanced study into topics covered in the standing curriculum. Topics change by semester. Offered by Sociology & Anthropology (p. 496). May be repeated within the term for a maximum 6 credits.

**Recommended Prerequisite:** SOCI 101

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCI 399:** *Independent Study*. 1-3 credits.
Individual study of sociological topic of interest to student. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree for a maximum 3 credits.

**Recommended Prerequisite:** 6 hours of Sociology and approval of a written proposal.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

### 400 Level Courses

**SOCI 405:** *Analysis of Social Data*. 4 credits.
Overview of management and analysis of empirical social science data, including file construction, scaling and measurement, data transformation, and treatment of missing data. Emphasizes manipulation, management, and analysis of data sets using computers. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Recommended Prerequisite:** 60 hours, SOCI 313, or Permission of Instructor.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCI 410:** *Social Surveys and Attitude and Opinion Measurements*. 3 credits.
Surveys research methods and techniques to collect, measure, and analyze social data, attitudes, and opinions with special emphasis on using computer software, the Internet, and other information technologies for social research. Highlights ethical issues for social research, computing, and information technology. Offered by Sociology & Anthropology (p. 496). Limited to three attempts. Equivalent to SOCI 431.

**Mason Core:** Info Tech (without Ethics) (p. 142)

**Recommended Prerequisite:** SOCI 303 and 313, or equivalents, or Permission of Instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCI 412:** *Contemporary Sociological Theory*. 3 credits.
Presents for analysis and discussion the significant theorists and themes in contemporary sociological theory. Designed to enhance student’s skills in reading and analyzing primary texts and to encourage reflection on contemporary social reality. Fulfills writing intensive requirement. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

**Specialized Designation:** Writing Intensive in Major

**Registration Restrictions:**
**Required Prerequisite:** SOCI 311C.
C Requires minimum grade of C.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCI 416:** *Internship in Sociology I*. 3-6 credits.
Intended to provide students with hands-on experience in sociology and to deepen sociological knowledge. The internship experience links theory and practice. Students work in approved setting as applied sociologists. Notes: Minimum 45 hours of work for each credit required. A research paper or project is required for this course. Offered by Sociology & Anthropology (p. 496). May be repeated within the term for a maximum 6 credits.

**Recommended Prerequisite:** Must have completed at least 85 credits (21 credits must be in sociology) of coursework. Enrollment in or completion of SOCI 313.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCI 417:** *Internship in Sociology II*. 1-2 credits.
Intended to provide students with hands-on experience in sociology and to deepen sociological knowledge. The internship experience links theory and practice. Students work in approved setting as applied sociologists. Notes: Minimum 45 hours of work for each credit required Offered by Sociology & Anthropology (p. 496). May be repeated within the term for a maximum 2 credits.

**Recommended Prerequisite:** SOCI 313 (can be enrolled concurrently) or permission of instructor.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SOCI 431:** *Survey Research*. 3 credits.
Surveys research methods and techniques to collect, measure, and analyze social data, attitudes, and opinions with special emphasis on using computer software, the Internet, and other information technologies for social research. Highlights ethical issues for social research, computing, and information technology. Offered by Sociology & Anthropology (p. 496). Limited to three attempts. Equivalent to SOCI 410.

**Recommended Prerequisite:** SOCI 303 and 313, or equivalents, or permission of instructor.
SOCI 485: Anthropology and Education. 3 credits. Focuses on the role of education in society, including its historical development and current status. Explores the sociological aspects of education, such as the impact of educational systems on society and the role of education in different cultures. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Recommended Prerequisite: Admission to honors in the sociology major.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 480: Honors Seminar in Sociology I. 3 credits. Develop research proposals and an appropriate bibliography for honors thesis under the guidance of a sociology faculty member. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Specialized Designation: Impact Associated.

Recommended Prerequisite: Admission to honors in the sociology major.

Schedule Type: Independent Study

Grading: This course is graded on the Undergraduate Special scale. (p. 84)

SOCI 481: RS: Honors Seminar in Sociology II. 3 credits. Pursue independent research and write honors thesis under the guidance of a faculty mentor. Present work in a colloquium at the end of the semester. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Specialized Designation: Research/Scholarship Intensive

Recommended Prerequisite: Successful completion of SOCI 480.

Schedule Type: Independent Study

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 483: The Sociology of Higher Education. 3 credits. Exposes students to sociological theory and research on evolution of higher learning in United States. Explores social forces that have shaped the distinctively American approach toward higher education and have led to transformation of higher education in contemporary society. Particular attention to relation between universities and elites within surrounding society, linkage between education and industry, norms and values that are presupposed by educational institutions, and bearing of sports on values and traditions of higher education. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 485: RS: Sociological Analysis and Practice. 3 credits. Provides an in-depth examination of historical and contemporary issues facing sociological scholars. Focuses on the philosophies, practices, and procedures used by individuals and organizations to answer sociological questions. Engages a variety of materials, experiences and resources to answer a specific research question. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Mason Core: Capstone (p. 142)

Specialized Designation: Research/Scholarship Intensive

Recommended Prerequisite: SOCI 303.

Schedule Type: Seminar

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 492: Sociology of Organizations. 3 credits. Theories, analysis of types of organizations from informal voluntary associations to large complex ones. Explores nonprofit organizations and alternatives to bureaucracies, such as feminist collectives, cooperatives, self-help groups, and social movement organizations. Students do field work in organizations applying theories and concepts to observations. Offered by Sociology & Anthropology (p. 496). Limited to three attempts.

Recommended Prerequisite: Admission to honors in the sociology major.

Schedule Type: Independent Study

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

SOCI 499: Independent Research in Sociology. 1-4 credits. Investigation of sociological problem according to individual interest, with emphasis on research. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree for a maximum 8 credits.

Recommended Prerequisite: 18 hours of SOCI including SOCI 303, 311, 313 and 412; a 3.0 GPA in SOCI; and a research proposal approved by instructor and department chair prior to enrollment.

Schedule Type: Independent Study

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

500 Level Courses

SOCI 516: Internship in Sociology. 1-6 credits. Learning experience in the application of sociological knowledge and skills in different work settings. Students work in approved setting as applied sociologists. Notes: Minimum 45 hours of work for every 1 credit. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: 21 hours of SOCI, including research methods, or permission of instructor.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Internship

Grading: This course is graded on the Graduate Regular scale. (p. 84)

SOCI 599: Issues in Sociology. 1-3 credits. Contemporary topics in sociology including sociological theory, crime and delinquency, advanced research methods, social and cultural change, urban sociology, medical sociology, sociology of aging, and rural sociology. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

600 Level Courses

SOCI 601: Proseminar in Public and Applied Sociology. 3 credits.
Core course devoted to the philosophical, historical, theoretical, and methodological dimensions of public and applied sociology within the United States. Traces the evolution of the field during the 20th century, from its inception in the Chicago school and the studies of W.E.B. DuBois to more recent formulations, as these bear on the interplay between social scientific knowledge and public decisions and debates. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 602: Writing for the Social Sciences. 3 credits.
Develops strategies for successful social scientific writing, self-evaluation, and managing anxiety around the production of written work. Provides practice in different types of writing undertaken by social scientists including research reports, scholarly journal articles, and research proposals. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 605: Gender and Social Structure. 3 credits.
Reviews theories explaining the development and maintenance of gender. Using historical and comparative data, examines perceived, prescribed, and actual sex differentiation in social, political, and economic roles. Begins with gender as a social structure and then examines contemporary research as support or refutation for variety of theoretical paradigms. Includes discussion of gender in intimate relationship and the public sector. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 608: Juvenile Delinquency. 3 credits.
Sociology of adolescent behavior. Sociological factors that determine which behaviors and social categories of adolescents are likely to be labeled and treated as delinquent. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 607: Criminology. 3 credits.
Crime and crime causation. Topics include social basis of law, administration of justice, and control and prevention of crime. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 614: Sociology of Culture. 3 credits.
Analyzes 20th-century debates in American culture and cultural politics, with emphasis on art and popular culture, news media, and competing notions of "the public." In-depth readings in cultural sociology cover variety of theoretical and methodological approaches. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 620: Methods and Logic of Social Inquiry. 3 credits.
Emphasizes gathering, interpreting, and evaluating scientific evidence. Covers logic of scientific inquiry, including the application of various research designs and data collection methods. Develops critical-thinking skills by using set of rules and logical criteria for evaluation of social science research. Focuses both on how results are obtained and disseminated via research reports. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Recommended Prerequisite: Undergraduate statistics and research methodology, or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to students with a major in Sociology.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 623: Racial and Ethnic Relations: American and Selected Global Perspectives. 3 credits.
Covers demographic purview of U.S. and other global racial and ethnic groups and racial and ethnic groups as human-social-minority and dominant groups. Explores factors contributing to dominant and minority status and means of altering dominant groups assessment of minority group status. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to students with a major in Sociology.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 624: International Migration in the Age of Globalization. 3 credits.
Focuses on theoretical, methodological, and policy-related issues on international migration from a sociological perspective. Explores case studies of immigrant communities and their adaptation patterns, paying particular attention to immigrants from Latin America, Asia, and the Caribbean. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Recommended Prerequisite: Undergraduate statistics and research methodology, or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 631: Survey Research. 3 credits.
Introduces theory, method, and practice of survey research design and analysis. Students complete survey research project. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Recommended Prerequisite: SOCI 530 and 531, or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 632: Evaluation Research for Social Programs. 3 credits.
Studies methodological issues related to evaluation of social programs. Explores conceptual and research design issues in relation to social programs, particularly delivery of social services. Includes examination of methods used to assess need for programs, impact of delivery systems, and efficiency and effectiveness of social programs. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Recommended Prerequisite: SOCI 530 and 531, or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 633: Special Topics in Sociology. 3 credits.
Specialized inquiry of topics of contemporary sociological research and scholarship. Content varies. Notes: May be repeated for credit when
topic is different. Offered by Sociology & Anthropology (p. 496). May be repeated within the term for a maximum 12 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCI 634: Qualitative Research Methods.** 3 credits.
Examines basic research methods involving observational techniques and procedures used in description and analysis of patterns, configurations, ethnics, eidos, structures, functions, and styles typical of whole societies and cultures. Emphasizes case studies, unobtrusive methods, participant observation, longterm residence, choices of observer status role, recording data, uses of technical equipment, key informants, interviewing techniques, and ethical considerations in employing such methods and procedures. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCI 635: Environment and Society.** 3 credits.
Overview of human ecology and environmental sociology, emphasizing selected topics. Focuses on theory, since theory makes it possible to generalize from understandings derived in an analysis of a particular problem and apply them to other problems. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCI 636: Statistical Reasoning.** 3 credits.
Intermediate treatment of quantitative analytic techniques used in sociology. Topics include sampling, inference, hypothesis testing, analysis of variance, and bivariate and multiple correlation and regression. Introduces logic of multivariate analysis. Focus on how results are obtained and disseminated via research reports. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Recommended Prerequisite:** Undergraduate statistics and research methodology, or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCI 641: Micro Sociology: Inequality and Everyday Life.** 3 credits.
Analyze the relationship between everyday life and social inequalities, with a particular focus on examining theoretically and empirically the relationship between governing structures of society and the structure of situational and interactional terrains as it plays out in the lives of everyday people. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCI 655: Ethnography.** 3 credits.
Introduces ethnography in sociology to graduate students. Teaches techniques for collecting, analyzing and writing-up ethnographic materials. Considers some of the central methodological issues relevant to doing ethnography. Explores some of the critical ethical and political questions that arise within ethnographic research practice. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
**SOCI 660: Historical and Comparative Sociology.** 3 credits.
Seminar in theory and methods of historical and comparative sociology, primarily for students with background in sociological theory and methods. Examines basic approaches and research data of history and sociology, surveys development of field, and analyzes exemplary studies. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit. Equivalent to SOCI 860.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

---

**SOCI 670: Social Networks, New Media, and Inequality.** 3 credits.
Examines the internet and other new technologies from a sociological perspective. Focuses on how technologies mitigate or exacerbate-transform or reproduce-existing and new forms of inequality. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

---

**SOCI 686: Sociology of Aging.** 3 credits.
Analyzes sociological issues in aging, including class and cultural factors, problems of work, retirement, attachment and loss, and ageism. Examines different theories of aging. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

---

**SOCI 696: Independent Study.** 1-3 credits.
Theoretical and research literature chosen by student and instructor. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree for a maximum 6 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Graduate Special scale. (p. 84)

---

**SOCI 711: Classical Sociological Theory.** 3 credits.
In-depth examination of major issues in classical (pre-1930) sociological theory. Analyzes Durkheim, Marx, Weber, Mead, and others, and emphasizes social and intellectual context of their theories. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a major in Sociology.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 730: Analytic Techniques of Social Research. 3 credits.
Introduces multiple regression and causal analysis to sociological researchers, with a focus on obtaining and disseminating results. Moves from linear regression to the general linear model with several variables, its extensions, assumptions, and regression diagnostics. Examines the use of dummy variable and the analysis of interaction effects. Considers systems of equations and nonlinear outcomes. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Recommended Prerequisite: Undergraduate statistics and research methodology, or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 797: Master’s Capstone Paper. 3 credits.
MA paper completion under the direction of one faculty member. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Recommended Prerequisite: Admission to graduate program in sociology or permission of graduate director.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SOCI 799: Thesis. 1-6 credits.
Master’s thesis research under direction of thesis committee. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Thesis
Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

800 Level Courses
SOCI 803: Institutions and Inequality. 3 credits.
Analyzes the interrelations between social inequalities and institutional structures, including markets, the press, prisons, mental institutions, cultural organizations, and corporations. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 804: Sociology of Globalization. 3 credits.
Addresses the social, political, cultural, and economic process of globalization. Explores the limits on globalization during the precapitalist era, the relation between empire and the internal structure of imperialist societies, theoretical debates over the contemporary world system, the relation between cities and globalization, and the link between globalization and social inequality within both developed and developing societies. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Recommended Prerequisite: Have completed either 6 credits of coursework at the 600 level or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 833: Special Topics in Sociology. 3 credits.
Specialized inquiry of topics of contemporary sociological research and scholarship. Content varies. Notes: May be repeated for credit when topic is different. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree for a maximum 9 credits.

Recommended Prerequisite: Have completed either 6 credits of coursework at the 600 level or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate level students.
of distinct youth cultures within and outside formal school settings, including schooling and commodity culture, how markets promote and hinder particular educational ideologies, and how corner markets operate as spaces of cultural learning. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 845: Society and Education. 3 credits.
Exposes students to the major theories, debates, and findings within the sociology of education, emphasizing the reciprocal influences of schooling and social inequalities within contemporary societies. Emphasis on the historical evolution of public schooling in the United States, the complex relation between schooling and economic institutions, class differences in educational opportunity, and the politics of educational reform. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 850: Sociology of Development. 3 credits.
Analyzes socioeconomic and political change, focusing on the poor countries of Asia, Africa, and Latin America. Offers a basic descriptive understanding of processes of change in these countries and an introduction to major theoretical perspectives on development and globalization, from classical theories of comparative advantage to theories of imperialism, modernization, dependency, and globalization. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 851: Globalization and Social Movements. 3 credits.
Analyzes current issues in the study of social movements, with an emphasis on the ways in which globalization shapes and in turn is shaped by social movements. Emphasis is placed on the relations among the strategies, identities, and organizations bound up with transnational social movements and the relation between the dynamics of global political and economic developments and protest movements in core and peripheral societies. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 853: Cities in a Global Society. 3 credits.
Examines the scholarly literature on cities and globalization with a focus on the impact of globalization on urban environments and the effects of urbanization on the processes of globalization. Emphasis on the ways in which globalization restructures urban life in the core and periphery of the world economy with attention paid to the effects of spatial dispersion on the character of economic institutions within the advanced societies, the shifting nature of crime and security, immigration, and the cities of the Global South. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 857: Sociology of Human Rights. 3 credits.
Examines the connections among inequality, conflict, social justice, and human rights in an age of globalization. Drawing from case studies from around the world, course examines institutional and structural violence and inequality as they relate to state, corporate, and military power; international law and order; welfare and social policy; global justice; regionalism, multilateralism, and transnationalism; environmental protection; gender inequality; ethnic conflict; resource wars; and national security policy before and after September 11, 2001. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 860: Historical and Comparative Sociology. 3 credits.
Seminar in theory and methods of historical and comparative sociology, primarily for students with background in sociological theory and methods. Examines basic approaches and research data of history and sociology, surveys development of field, and analyzes exemplary studies. Offered by Sociology & Anthropology (p. 496). May not be repeated for credit. Equivalent to SOCI 660.

Registration Restrictions:
Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SOCI 870: Directed Readings Sociology. 3 credits.
Intensive reading course to develop comprehensive understanding of specific field in sociology as agreed on with advisor. Notes: Content varies. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree.

Recommended Prerequisite: 6 credits of 600 level SOCI courses

Registration Restrictions:
Enrollment is limited to Graduate level students.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SOCI 880: Independent Study in Sociology.** 3 credits.
Reading and research on selected topic, resulting in a written project as agreed on with supervising faculty. Notes: Content varies. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree.

**Recommended Prerequisite:** 6 credits of 600 level SOCI courses

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

### 900 Level Courses

**SOCI 998: Doctoral Dissertation Proposal.** 1-9 credits.
Work on research proposal for doctoral dissertation. Notes: A maximum of 9 credits of 998 may be applied to the degree. Students may enroll in 998 in their final year of coursework while preparing for comprehensive exams. Contact department for approval and CRN to register. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree.

**Recommended Prerequisite:** Completion of all but final year of coursework and permission of graduate director.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**SOCI 999: Doctoral Dissertation.** 1-12 credits.
Doctoral dissertation research and writing on approved dissertation topic under direction of committee. Notes: Maximum of 12 credits may be applied toward degree. Offered by Sociology & Anthropology (p. 496). May be repeated within the degree.

**Recommended Prerequisite:** Successful completion of SOCI 998.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy.

Enrollment is limited to Graduate level students.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

### Sociology and Anthropology (SOAN)

#### 500 Level Courses

**SOAN 510: Culture and Globalization.** 3 credits.
Provides continuing exposure to the range of disciplinary perspectives necessary for understanding crucial issues in the global arena. Through case examples, focuses on the intersections of culture and globalization.

**Recommended Prerequisite:** SOAN 500.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

### Software Engineering (SWE)

#### 200 Level Courses

**SWE 205: Software Usability Analysis and Design.** 3 credits.
Principles of user interface design. Concepts for objectively and quantitatively assessing the usability of software user interfaces. Outcomes include knowledge of quantitative engineering principles for designing usable software interfaces and an understanding that usability is more important than efficiency for almost all modern software projects, and often the primary factor that leads to product success. Major topics include cognitive models for human perceptions and needs, which are used as a basis for analytical and critical thinking about user interfaces; specific engineering principles for designing usable menus, forms, command languages, web sites, graphical user interfaces and web-based user interfaces. Assessments will include written analytical evaluations of existing user interfaces, exams, and HTML-based design projects. Offered by Computer Science (p. 1049). Limited to two attempts.

**Registration Restrictions:**

**Required Prerequisites:** ENGH 101C or 100C.
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

SWE 301: Internship Preparation. 0 credits.
Preparation for Internship Educational Experience. Intended for, but not limited to, students planning internships in the Applied Computer Science Software Engineering Program. Internship employment opportunities. Basic interview skills. Techniques for applying academic knowledge to practical software development. Techniques for extracting knowledge from practical experience. Peer presentation from students who have completed internships. Offered by Computer Science (p. 1049). Limited to two attempts.

Recommended Prerequisite: Limited to ACS or CS majors with junior standing or permission of instructor.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SWE 310: Software Engineering. 3 credits.
An introduction to concepts, methods, and tools for the creation of large-scale software systems. Methods, tools, notations, and validation techniques to analyze, specify, prototype, and maintain software requirements. Introduction to object-oriented requirements modeling, including use of case modeling, static modeling, and dynamic modeling using the Unified Modeling Language (UML) notation. Concepts and methods for the design of large-scale software systems. Fundamental design concepts and design notations are introduced. A study of object-oriented analysis and design modeling using the UML notation. Students participate in a group project on software requirements, specification, and object-oriented software design. Offered by Computer Science (p. 1049). Limited to two attempts. Equivalent to CS 321.

Recommended Prerequisite: Completion of internship.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SWE 321: Internship Reflection. 1 credit.
Reflection on Internship Educational Experience. Intended for, but not limited to, students completing internships in the Applied Computer Science Software Engineering Program. Analysis of techniques for applying academic knowledge to practical software development. Analysis of techniques for extracting knowledge from practical experience. Student presentations summarizing internships relating them to academic program goals. Offered by Computer Science (p. 1049). Limited to two attempts.

Recommended Prerequisite: SWE 301.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SWE 332: Object-Oriented Software Design and Implementation. 3 credits.
In-depth study of software design and implementation using a modern, object-oriented language with support for graphical user interfaces and complex data structures. Topics covered are specifications, design patterns, and abstraction techniques, including typing, access control, inheritance, and polymorphism. Students will learn the proper engineering use of techniques such as information hiding, classes, objects, inheritance, exception handling, event-based systems, and concurrency. Offered by Computer Science (p. 1049). Limited to two attempts. Equivalent to CS 332.

Registration Restrictions:
Required Prerequisites: CS 310 and MATH 125.

C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

SWE 410: Web Application Development. 3 credits.
A comprehensive introduction to the design and implementation of applications for the web, including client and server-side development. Exploration of principles for the design of web applications that are robust, scalable, and secure, that enable change and reuse, and that are usable for their intended purpose. Topics include client-server communication, asynchronous programming, persistence, security, web development tools, the document object model, templates and data-binding, interaction techniques, and site design for the web. Offered by Computer Science (p. 1049). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: (MATH 125) and (CS 321).

C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SWE 437: Software Testing and Maintenance. 3 credits.
Concepts and techniques for testing and modifying software in evolving environments. Topics include software testing at the unit, module, subsystem, and system levels; developer testing; automatic and manual techniques for generating test data; testing concurrent and distributed software; designing and implementing software to increase maintainability and reuse; evaluating software for change; and validating software changes. Offered by Computer Science (p. 1049). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: (MATH 125\(^C\) and CS 310\(^C\)).
\(^C\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SWE 443: Software Architectures. 3 credits.
Teaches how to design, understand, and evaluate software systems at an architectural level of abstraction. By end of course, students will be able to recognize major architectural styles in existing software systems, describe a system’s architecture accurately, generate architectural alternatives to address a problem and choose from among them, design a medium-size software system that satisfies a specification of requirements, use existing tools to expedite software design, and evaluate the suitability of a given architecture in meeting a set of system requirements. Offered by Computer Science (p. 1049). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: CS 321\(^C\), 421\(^C\), SWE 321\(^C\) or 421\(^C\).
\(^C\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

500 Level Courses

SWE 510: Object-Oriented Programming in Java. 3 credits.
Introduces students to programming in the Java language. Topics include problem-solving methods and algorithm development, program structures, abstract data types, simple data and file structures and program development in a modular, object-oriented manner. Introductory use of OO language features, including data hiding, inheritance, polymorphism, and exception handling. Goals include design and development of Java classes and class type hierarchies. An introduction to Java servlets and applets is included. Emphasis on program development is reinforced through several programming projects. Notes: Credit cannot be applied to a graduate degree in the Volgenau School or the BS degree in computer science. Offered by Computer Science (p. 1049). May not be repeated for credit.

Recommended Prerequisite: Undergraduate courses or equivalent knowledge in programming in a high-level language.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SWE 619: Object-Oriented Software Specification and Construction. 3 credits.
In-depth study of software construction using modern, object-oriented language with support for graphical user interfaces and complex data structures. Specifications, design patterns, and abstraction techniques, including procedural, data, iteration, type, and polymorphic. Information hiding, classes, objects, and inheritance. Exception handling, event-based systems, and concurrency. Offered by Computer Science (p. 1049). May not be repeated for credit.

Recommended Prerequisite: SWE foundation courses or equivalent.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SWE 620: Software Requirements Analysis and Specification. 3 credits.
In-depth study of object-oriented requirements modeling, including use case modeling, static modeling and dynamic modeling with Unified Modeling Language (UML) notation. Students participate in group project on software requirements and specification using modern method. Offered by Computer Science (p. 1049). May not be repeated for credit.

Recommended Prerequisite: SWE foundation courses or equivalent.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SWE 621: Software Design and Architecture. 3 credits.
An examination of the methods, processes, and notations for working with architecture and design in software. Exploration of design as the enumeration, evaluation, and selection of design alternatives to achieve quality attributes. Surveys perspectives on design from risk minimization, domain modeling, abstraction, architectural styles, design patterns, and reuse. Offered by Computer Science (p. 1049). May not be repeated for credit.

Recommended Prerequisite: SWE foundation courses or equivalent.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SWE 622: Distributed Software Engineering. 3 credits.
Hands-on introduction to techniques and programming interfaces for distributed software engineering. Networking protocols at several layers. Construction of distributed and concurrent software using network protocol services. Applications of Internet and web-based software. Offered by Computer Science (p. 1049). May not be repeated for credit.

Recommended Prerequisite: SWE foundation courses or equivalent.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SWE 625: Software Project Management. 3 credits.
Lifecycle and process models; process metrics; planning for a software project; mechanisms for monitoring and controlling schedule, budget, quality, and productivity; and leadership, motivation, and team building. Offered by Computer Science (p. 1049). May not be repeated for credit.

Recommended Prerequisite: SWE foundation courses or equivalent.

Recommended Prerequisite: SWE 619,620, and 621; or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SWE 631: Software Design Patterns. 3 credits.

Recommended Prerequisite: SWE 621.
Recommended Prerequisite: component-based software development, middleware, and reusable components. Offered by Computer Science (p. 1049). May not be repeated for credit.

Recommended Prerequisite: SWE 619 or CS 540 and CS 571, or permission of instructor.

Recommended Prerequisite: SWE 619 or CS 540 and CS 571, or permission of instructor.

Recommended Prerequisite: SWE 619 or CS 540 and CS 571, or permission of instructor.

Recommended Prerequisite: SWE 619 or CS 540 and CS 571, or permission of instructor.

Recommended Prerequisite: SWE 619 or CS 540 and CS 571, or permission of instructor.

Recommended Prerequisite: SWE 619 or CS 540 and CS 571, or permission of instructor.

Recommended Prerequisite: SWE 619.
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 699: Special Topics in Software Engineering.** 3 credits.
Special topics not occurring in regular SWE sequence. Notes: May be repeated for credit when semester topic is different. Offered by Computer Science (p. 1049). May be repeated within the term.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**700 Level Courses**

**SWE 721: Reusable Software Architectures.** 3 credits.
Investigates software concepts that promote reuse of software architectures. Studies influence of object technology on software design and reuse. Investigates domain modeling methods, which model the application domain as a software product family from which target systems can be configured. Covers reusable software patterns including architecture patterns and design patterns, software components, and object-oriented frameworks. Offered by Computer Science (p. 1049). May not be repeated for credit.

**Recommended Prerequisite:** SWE 621.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 724: Program Analysis for Software Testing.** 3 credits.
Different methods for analyzing software, primarily for purpose of testing. Analysis techniques, algorithms, tools, and applications. Goals are to explore current research issues, learn how to build analysis tools, and understand how these techniques can be applied to software-related activities such as maintenance, reuse and optimization. Offered by Computer Science (p. 1049). May not be repeated for credit.

**Recommended Prerequisite:** A compiler class (e.g. CS 540) OR a testing class (e.g. SWE 637) or permission of the instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 737: Advanced Software Testing.** 3 credits.
Cutting edge concepts and techniques in software testing. An in-depth study of existing approaches to testing software as well as development of new approaches. Applications of existing concepts and techniques to new technologies. Advanced MS students learn in-depth knowledge for how to apply testing in difficult and challenging real-world scenarios. PhD students learn current research trends, both theoretical and practical. Offered by Computer Science (p. 1049). May not be repeated for credit.

**Recommended Prerequisite:** SWE 637.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 760: Software Analysis and Design of Real-Time Systems.** 3 credits.
Background for students who want to conduct research in software engineering of real-time systems. Provides understanding of key real-time software system analysis, design concepts and methods, and how they are used in developing large-scale, real-time software systems. Also explores potential impact of emerging technologies. Includes term project in design and analysis of complex, real-time software system. Offered by Computer Science (p. 1049). May not be repeated for credit.

**Recommended Prerequisite:** SWE 621.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 763: Software Engineering Experimentation.** 3 credits.
Detailed study of scientific process, particularly using experimental method. Examines how empirical studies are carried out in software engineering. Reviews distinction between analytical techniques and empirical techniques. Other topics include experimentation required in software engineering, problems that can be solved using
experimentation, methods used to control variables and eliminate bias in experimentation, and analysis and presentation of empirical data for decision making. Offered by Computer Science (p. 1049). May not be repeated for credit.

**Recommended Prerequisite:** SWE 621, or permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 795:** Advanced Topics in Software Engineering. 3 credits.
Advanced topics not occurring in existing courses. Topics normally assume knowledge in one or more existing MS SWE courses. Notes: Repeatable within degree for credit when subject differs. Offered by Computer Science (p. 1049). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** 12 credits applicable toward MS.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 796:** Directed Readings in Software Engineering. 3 credits.
Analysis and investigation of contemporary problem in software engineering. Requires prior approval by faculty member who supervises student's work. Written report also required. Offered by Computer Science (p. 1049). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Research

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 798:** Research Project. 3 credits.
Master's degree candidates undertake a project using knowledge gained in MS program. Topics chosen in consultation with a faculty sponsor. Research project is chosen under guidance of full-time graduate faculty member, resulting in written technical report. Notes: Prior approval required by faculty sponsor who supervises student's work. To register, students must complete an independent study form available in department office. It must be initialed by the faculty sponsor and approved by the department chair. Offered by Computer Science (p. 1049). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** SWE 621, or permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Thesis

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 799:** Thesis. 1-6 credits.
Research project completed under supervision of faculty member, which results in technical report accepted by three-member faculty committee. Report must be defended in oral presentation. Notes: To register, students must complete independent study form available in department office. It must be initialed by faculty sponsor and approved by department chair. Offered by Computer Science (p. 1049). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Thesis

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**800 Level Courses**

**SWE 821:** Software Engineering Seminar. 3 credits.
Study of application of software engineering principles, design methods, and support tools through real-life problems extracted from faculty and industry projects. Notes: May be repeated with change in topic. Offered by Computer Science (p. 1049). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** SWE 621

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SWE 825:** Special Topics in Web-Based Software. 3 credits.
Advanced topics in specifying, designing, modeling, developing, deploying, testing and maintaining software written as web applications and web services. May be repeated with change in topic. Offered by
Recommended Prerequisite: SWE 642 Software Engineering for the World Wide Web.

Registration Restrictions:
Enrollment is limited to Graduate level students.
Enrollment limited to students in the Volgenau School of Engineering college.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

SPAN 201: Intermediate Spanish I. 3 credits.
Further development of skills in listening, speaking, reading, and writing. SPAN 201 and 202 must be taken in sequence. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 102, 110, 115, appropriate placement score or permission of department.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 202: Intermediate Spanish II. 3 credits.
Application of skills to reading, composition, and discussion. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 201, appropriate placement score or permission of department.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 215: Intermediate Spanish for Heritage Speakers. 3 credits.
Builds on the linguistic resources and sociocultural knowledge of intermediate heritage speakers of Spanish as they prepare for courses at the advanced level. Students will develop their oral and written expression through regular exposure to Spanish-language texts, films, digital media, music, and visual art. Students will also cultivate their critical understanding of the significance of language and other forms of culture for Spanish-language communities. The course is designed to give students multiple opportunities for personal reflection on issues concerning language and identity. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to SPAN 202.

Recommended Prerequisite: SPAN 201 or equivalent

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

SPAN 301: Grammar and Syntax. 3 credits.
In-depth review of Spanish grammar and syntax. Extensive practice in controlled and free writing with emphasis on fundamental difficulties and points of interference that exist between English and Spanish. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 202 or SPAN 215, appropriate placement score, or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
SPAN 305: *Spanish in Context I*. 3 credits.
Integrated content-based approach to the study of Spanish, designed to promote oral and written abilities, as well as critical understanding of Latin American, Latino, and/or Spanish histories and cultures. Includes vocabulary-building activities, grammar review and practice, assigned readings in a variety of genres, critical cultural analysis, in-class discussions, written essays, and the viewing of films. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to SPAN 309, SPAN 315.

Recommended Prerequisite: SPAN 202 or SPAN 215, or equivalent, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 306: *Spanish in Context II*. 3 credits.
Continuation of SPAN 305. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to SPAN 309, SPAN 315.

Recommended Prerequisite: SPAN 305, or equivalent, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Intensive content-based approach to the study of Spanish, designed to promote oral and written abilities, as well as critical understanding of Latin American, Latino, and/or Spanish histories and cultures. Includes vocabulary-building activities, grammar review and practice, assigned readings in a variety of genres, critical cultural analysis, in-class discussions, written essays, and the viewing of films. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to SPAN 305, SPAN 306, SPAN 315.

Recommended Prerequisite: SPAN 202 or SPAN 215, or equivalent, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 315: *Spanish in Context for Heritage Speakers*. 3 credits.
Designed for students who have some communicative ability in Spanish, normally acquired in the home, who want to improve their reading and writing abilities while developing a critical understanding of Latin American, Latino, and/or Spanish histories and cultures. Course components include orthography and vocabulary activities, grammar review and practice, assigned readings in a variety of genres, critical cultural analysis, in-class discussions, written essays, and the viewing of films. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to SPAN 305, SPAN 306, SPAN 309.

Recommended Prerequisite: SPAN 215, appropriate placement score or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 321: *Introduction to Spanish Culture*. 3 credits.
History, culture, economic and social development, and scientific and artistic achievements that have contributed to the formation of modern Spain. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to SPAN 461.

Recommended Prerequisite: ENGL 101 or Permission of Instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 322: *Introduction to Latin American Culture*. 3 credits.
History, culture, economic and social development, and scientific and artistic achievements that have contributed to the formation of modern Latin America. Offered by Modern & Classical Languages (p. 424). Limited to three attempts. Equivalent to SPAN 466.

Mason Core: Global Understanding (p. 142)

Recommended Prerequisite: ENGL 101/ENGH 101 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 323: *Field Study in Hispanic Culture*. 1-3 credits.
Study at an academic institution in a Spanish-speaking country including classroom studies with professors from the host country and field experiences. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: 60 hours or Permission of Instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 324: *Study Abroad in Spanish*. 3 credits.
Study at an academic institution in a Spanish-speaking country including classroom studies with professors from the host country and field experiences. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 202 (or equivalent) or permission of instructor

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 325: *Major Hispanic Writers*. 3 credits.
Study of the works of major Hispanic writers in translation. Writers studied vary. Notes: May be repeated for credit when topic is different. Offered by Modern & Classical Languages (p. 424). May be repeated within the term for a maximum 6 credits.

Mason Core: Literature (p. 142)
Recommended Prerequisite: ENGH 101 or equivalent.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 326: Treasures of Spanish-Language Literature and Culture. 3 credits.
Introduces key themes and trends in Spanish-language literature and culture in the global context. Content varies across texts, media or other cultural practices. Offered by Modern & Classical Languages (p. 424). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: SPAN 202 or SPAN 215, or equivalent, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 329: Special Topics in Spanish and Latin American Literature. 3 credits.
Study of selected topics in Spanish or Latin American literature. Writers and topics vary. Notes: Designed for students who are not pursuing a concentration in Spanish. May be repeated when topic is different. Offered by Modern & Classical Languages (p. 424). May be repeated within the term for a maximum 6 credits.

Recommended Prerequisite: ENG 101 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 351: Oral Spanish. 3 credits.
Development of oral expression on topics of current interest and everyday situations, including written assignments. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 202 or SPAN 215, or equivalent, appropriate placement score, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 370: Spanish Writing and Stylistics. 3 credits.
Improves writing skills by covering formal and stylistic concepts of the Spanish language. Includes practice and exposure to different textual genres in an interdisciplinary fashion. Includes common doubts concerning spelling, expression, and style; business Spanish; journalistic Spanish; academic Spanish; and creative writing. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: SPAN 306 or 309, or SPAN 315, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 375: Introduction to Spanish-Language Cinema. 3 credits.
Introduces the study of film as an art form and the academic discipline of film studies as they relate to the Spanish-speaking world. Focuses on students' acquisition of knowledge on the material and principles of film form and their practice in film analysis of discrete Spanish language films and film genres of significance within the 20th and 21st centuries. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 305 and SPAN 306 or SPAN 309 or SPAN 315.

Recommended Corequisite: SPAN 370, SPAN 385, SPAN 388, SPAN 390.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 335: Topics for Proficiency: The Americas. 3 credits.
Integrated content-based approach to conversational Spanish. Designed to promote increased confidence and fluency in both formal and informal Spanish registers, as well as critical understanding of Latin American and/or Latino histories and cultures. Current events, films, literary texts, and popular culture reflecting issues of Latin Americans and/or Latinos serve as catalysts for class discussions, oral presentations, and debates. Offered by Modern & Classical Languages (p. 424). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: SPAN 202 or SPAN 215, or equivalent, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 336: Topics for Proficiency: Spain. 3 credits.
Integrated content-based approach to conversational Spanish. Designed to promote increased confidence and fluency in both formal and informal Spanish registers, as well as critical understanding of Spanish history and culture. Current events, films, literary texts and popular culture reflecting Spanish issues serve as catalysts for class discussions, oral presentations and debates. Offered by Modern & Classical Languages (p. 424). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: SPAN 202 or SPAN 215, or equivalent, or permission of instructor.
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 388: Introduction to Latina/o Studies. 3 credits.
Interdisciplinary approach to the study of U.S. Latina/o cultural
production, designed to promote critical thinking in understanding Latina/
o histories, literatures, and cultures. Offered by Modern & Classical
Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 335 or permission of instructor.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 390: Introduction to Hispanic Literary Analysis. 3 credits.
Required course that prepares students for the study of Hispanic
literatures. Introduces basic terminology of literary analysis and provides
practice in the examination of texts in the major genres: poetry, narrative,
and drama. Offered by Modern & Classical Languages (p. 424). Limited to
three attempts.

Recommended Prerequisite: SPAN 370 (may be enrolled concurrently) or
permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

SPAN 400: Spanish for the Professions. 3 credits.
Advanced study of the language needed for use in a specific profession,
such as translation, business, social service, or health professions. Notes:
May be repeated when profession differs. Offered by Modern & Classical
Languages (p. 424). May be repeated within the degree for a maximum 6
credits.

Recommended Prerequisite: SPAN 385 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 425: Independent Study. 1-3 credits.
Research and analysis of a selected problem in literature or linguistics
in consultation with a department member. Notes: Maximum of 6 credits
of independent study may be applied to fulfillment of requirements for
the major. Offered by Modern & Classical Languages (p. 424). May be
repeated within the term for a maximum 6 credits.

Recommended Prerequisite: Spanish major with 90 credits, and
permission of instructor.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 426: Independent Study. 1-3 credits.
Research and analysis of a selected problem in literature or linguistics
in consultation with a department member. Notes: Maximum of 6 credits
of independent study may be applied to fulfillment of requirements for
the major. Offered by Modern & Classical Languages (p. 424). May be
repeated within the term for a maximum 6 credits.

Recommended Prerequisite: Spanish major with 90 credits, and
permission of instructor.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 430: Spanish in the United States. 3 credits.
Covers both formal and sociolinguistic aspects of Spanish in the U.S.
by discussing demographic aspects and a historical overview of the
varieties of Spanish spoken in the United States. Gives a foundation in
issues such as linguistic variation, language choice, the relationship
among race, ethnicity, and language; official language policies; individual
and societal bilingualism; and language diversity in education. Offered by
Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 385, or advanced ability in Spanish, or
permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 452: Advanced Written Spanish. 3 credits.
Development of skills required in writing Spanish. Guided and original
compositions. Grammatical structures reviewed and supplemented with
individual corrections. Offered by Modern & Classical Languages (p. 424).
Limited to three attempts.

Recommended Prerequisite: 9 hours of SPAN at the 300 level or
permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 455: Spanish-English Translation. 3 credits.
Introduces the history, theory, analysis, and practice of Spanish-
English and English-Spanish translation. Includes literal versus free
translation; denotation and connotation; regional and social variation;
intercultural pragmatic differences; interlanguage influence and calques;
and genre and audience. Hands-on experience with literary works,
newspaper articles, and advertisements, as well as legal, medical, and
technical documents. Offered by Modern & Classical Languages (p. 424).
Limited to three attempts.

Recommended Prerequisite: SPAN 370 and ENGL 302/ENGH 302; or
permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
SPAN 461: *Spanish Civilization and Culture.* 3 credits.
Survey of Spanish culture and civilization from the pre-Roman era to the 20th century. Offered by Modern & Classical Languages. (p. 424). Limited to three attempts. Equivalent to SPAN 321.

Recommended Prerequisite: SPAN 370 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 466: *Latin American Civilization and Culture.* 3 credits.
Introduction to the study of Latin American civilization and culture from the pre-Columbian era to the 20th century. Offered by Modern & Classical Languages. (p. 424). Limited to three attempts. Equivalent to SPAN 322.

Mason Core: Global Understanding (p. 142)

Recommended Prerequisite: SPAN 370 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 472: *Spanish Phonetics and Phonology.* 3 credits.
Introduction to the analysis of the Spanish sound system, both phonetics and phonology. Topics include the articulatory system, sound production, the classification of vowels and consonants, phonetic transcription, the mental representation of sounds, variation and accent, and processes of sound change, among others. Offered by Modern & Classical Languages. (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 385, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 474: *Spanish Syntax and Semantics.* 3 credits.
Investigates the knowledge Spanish speakers possess that enables them to understand and create expressions they have not heard before. Studies the system unconsciously used by Spanish speakers and writers to connect situations in the real world to the words and sentences that express each situation. Provides opportunities to analyze samples of language in actual use. Offered by Modern & Classical Languages. (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 385, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 476: *Teaching Spanish in the United States.* 3 credits.
Introduction to second language acquisition theory and research, and the application to teaching Spanish as a second language and a heritage language. Includes a discussion of sociocultural and political issues surrounding the teaching of Spanish in the United States. Covers learning objectives, critical pedagogy, course design, grammar instruction, task-based language teaching, computer-assisted language learning, materials evaluation, and assessment. Offered by Modern & Classical Languages. (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 385, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 480: *Special Topics in Spanish.* 3 credits.
Study of a selected theme in Hispanic literature, culture, or linguistics. Notes: May be repeated for credit when topic is different. Offered by Modern & Classical Languages. (p. 424). May be repeated within the term for a maximum 6 credits.

Recommended Prerequisite: SPAN 385, 388 or 390, depending on topic, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 481: *Special Topics in Spanish.* 3 credits.
Study of a selected theme in Hispanic literature, culture, or linguistics. Notes: May be repeated for credit when topic is different. Offered by Modern & Classical Languages. (p. 424). May be repeated within the term for a maximum 6 credits.

Recommended Prerequisite: SPAN 385, 388 or 390, depending on topic, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 482: *Mass Media and Popular Culture in the Spanish-Speaking World.* 3 credits.
Critical examination of the significance of mass media and/or popular culture for the development of Spanish-speaking nation-states in the 19th, 20th, and 21st centuries. Forms studied may include but are not limited to: Newspapers, popular novels, lithography, photography, radio, film, television, public art, sport, performance, digital media. Students will use readings in critical theory to explore ways in which forms of mass and popular culture connect to social imaginaries. Enhancement of advanced analytical skills in Spanish through different modules of lecture, reading, discussion, and writing. Offered by Modern & Classical Languages. (p. 424). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: SPAN 385, 388 or 390, depending on topic, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPAN 483: *Medieval and Early Modern Literature of Spain.* 3 credits.
Examines the main periods, trends, genres, and most representative works of the Spanish peninsular literature from its beginnings to the end of the Golden Age. Offered by Modern & Classical Languages. (p. 424). Limited to three attempts.

Recommended Prerequisite: SPAN 390 or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPAN 484: Modern and Contemporary Literature of Spain.** 3 credits.
Examines the main periods, trends, genres, and most representative works of Spanish peninsular literature from the 18th century to the contemporary period. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

**Recommended Prerequisite:** SPAN 390 or permission of instructor.

**Schedule Type:** Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Schedule Type: Laboratory, Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 116: American Sign Language (ASL) II. 4 credits.
Focuses on expanding basic skills in American Sign Language (ASL) and Deaf culture. Emphasizes development of expressive and receptive skills. Increases knowledge of ASL vocabulary and the syntax, semantics, and pragmatics of the language. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 115\(^C\).
Grading:
C Requires minimum grade of C.

Schedule Type: Laboratory, Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses
EDSE 201: Introduction to Special Education. 3 credits.
Provides a survey of current knowledge on individuals with disabilities within the context of human growth and development across the life span. Includes historical factors, legal aspects, etiology, characteristics, assessment, evidence-based practices, and support services for individuals with disabilities having needs for intervention ranging from mild to severe. Includes the impact of disabilities on academic, social, and emotional performances. Offered by Graduate School of Education (p. 162). Limited to three attempts. Equivalent to EDSE 401.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 203: Disability in American Culture. 3 credits.
Examines disability, past and present, in American culture through changes in historical, political, legal, and societal responses to people with disabilities. Analyzes the disability experience through social and behavioral science perspectives, including diversity, bioethical and human rights conceptualizations/constructs of disability. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 204: Disability in a Global Society. 3 credits.
Examines disability in a global context through political, legal, and societal responses to people with disabilities. Analyzes the global disability experience through social and behavioral science perspectives, including diversity, bioethical and human rights conceptualizations/constructs of disability. Assesses how the growing political, economic, and social gaps that exist between the global north and south impact people with disabilities. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 219: American Sign Language (ASL) III. 4 credits.
Focuses on intermediate level skills in American Sign Language (ASL) and Deaf culture. Increases competencies in person-to-person conversational signing, including expressive and receptive skills, vocabulary, syntax, semantics, and pragmatics. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 116\(^C\).
Grading:
C Requires minimum grade of C.

Schedule Type: Laboratory, Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 241: Characteristics of Students with Disabilities: High-incidence. 3 credits.
Examines the academic, social, and behavioral characteristics of individuals with high-incidence disabilities such as learning disabilities, emotional/behavioral disorders, intellectual disability, autism, and attention deficit disorder. Focuses on etiology, contributing factors, impact on life and family, the challenges of identifying students with disabilities, and the need for intensive instruction, accommodations, and support. Offered by Graduate School of Education (p. 162). Limited to three attempts. Equivalent to EDSE 440.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 251: Classroom Management and Positive Behavior Supports. 3 credits.
Focuses on describing how school and classroom methods are used to establish effective learning environments for individuals with varying degrees of disabilities. Explores classroom and behavior management including technology, social skills, and effective teaching behaviors. Emphasizes developing school and classroom behavior management plans. Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

EDSE 311: Characteristics of Students with Blindness and Visual Impairments. 3 credits.
Provides an overview of the characteristics of and services to persons with blindness and visual impairments, including the impact of blindness and visual impairment on infants’ and children’s growth and development, child and adolescent emotional and social development, and family interaction patterns. Considers the educational, conceptual, psychosocial, and physical implications of a visual impairment. Offered by Graduate School of Education (p. 162). Limited to three attempts. Equivalent to EDSE 411.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 315: American Sign Language (ASL) IV. 3 credits.
Focuses on strengthening expressive and receptive communication in American Sign Language (ASL) through the development of narrative and storytelling skills. Explores the importance of these skills within the Deaf Community. Explores issues of multiculturalism, linguistic code-switching, and language dominance, particularly in relationship to Deaf education. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 219C.
C Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 341: Language Acquisition and Reading Development. 3 credits.
Examines language and reading skills for typical and atypical students and describes language and reading instruction for students with disabilities who access the general curriculum. Explores emergent literacy skills, sound and symbol relationships, spelling development, phonemic awareness, phonics, vocabulary development, and comprehension. Analyzes informal assessment methods to monitor students’ reading progress. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 351: Technology Integration for Specialized Instruction. 3 credits.
Reviews applications of recent educational and assistive technology for instruction. Evaluates strategies for effective integration of mainstreamed instructional technology to promote student learning, successful implementation of individualized assistive technology to access general education curriculum, and delivery of accessible online and blended instruction to all learners through technology-based innovations and Universal Design for Learning. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 352: Assessment. 3 credits.
Offers knowledge and learning activities related to assessment of students with varying degrees of disabilities. Includes statistical and psychometric concepts in assessment. Addresses norm-referenced, criterion-referenced, curriculum-based, and informal assessment for instructional and placement decisions. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 353: Individualized Behavior Supports. 3 credits.
Focuses on identifying, recording, evaluating, and developing comprehensive plans for changing social and academic behaviors of individuals with disabilities. Emphasizes analyzing the function of individuals’ behaviors and developing responsive behavior intervention plans. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 354: Consultation and Collaboration. 3 credits.
Provides professionals in special education, general education, and related fields with knowledge and skills necessary for collaboration with a wide variety of stakeholders. Emphasizes developing and implementing individualized education programs for individuals with disabilities using a team approach. Demonstrates active listening, group process, and
problem-solving strategies. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 361: Characteristics of Students with Severe Disabilities. 3 credits. Examines the academic, social, medical and behavioral characteristics of individuals with severe disabilities such as intellectual disability, autism, traumatic brain injury, and severe/multiple cognitive, physical and/or sensory disabilities. Focuses on etiology, contributing factors, impact on life and family, the challenges of identifying students with disabilities, and the need for intensive instruction, accommodations, and support. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 362: Communication with Severe Disabilities. 3 credits. Provides an overview of augmentative and alternative communication (AAC) for individuals with severe speech and language impairments. Addresses the knowledge and skills needed to assess the potential AAC user, make team decisions, develop and implement instruction, and evaluate the effects of instruction aimed at motivating, building, and expanding communication, choice-making, and social interaction. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 381: Exploratory Field Experience in Special Education. 3 credits. Introduces students to the role of the special educator in academic and non-academic environments with students across disability areas. Facilitates observation and understanding of the professional world of special educators in K-12 schools, specifically in instruction, behavior management, and data collection. Provides exposure to special education at the transition and community-based levels as well as at the policy and leadership levels. Initiates critical reflection focused on examining special education theory and research in application through practice in school and community-based settings. Includes a 2-hour weekly seminar and a total of 20 field experience hours. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 201C.
  C Requires minimum grade of C.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

EDSE 401: Introduction to Special Education. 3 credits. Provides a survey of current knowledge on individuals with disabilities within the context of human growth and development across the life span. Includes historical factors, legislation, etiology, characteristics, needs, educational strategies, assessment, and support services for individuals with disabilities ranging from mild and moderate to severe levels of varying disabilities. Includes the impact of disabilities on academic, social, and emotional performances. Offered by Graduate School of Education (p. 162). Limited to three attempts. Equivalent to EDSE 201.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 402: Classroom Management and Applied Behavior Analysis. 3 credits. Focuses on identifying, recording, evaluating, and changing social and academic behaviors of special and diverse populations. Explores theories of classroom management and various approaches to management, including use of technological advances. Emphasizes developing classroom and individual behavior management plans. Note: Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 403: Language Development and Reading. 3 credits. Identifies literacy skills for typical and atypical students, and describes reading, language, and writing instruction for students with mild disabilities who access the general curriculum. Explores emergent literacy skills, phonemic awareness, vocabulary development, and comprehension. Note: Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Recommended Prerequisite: EDSE 401 and EDSE 440.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 410: Deaf History. 3 credits. Studies the history of the Deaf people in Europe and its influence on the Deaf people in the United States. Explores the Deaf people’s experience as an oppressed minority similar to the experience of many oppressed populations. Applies knowledge to understanding the attitudes toward Deaf people today. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 315C.
  C May be taken concurrently.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 411: Characteristics of Students with Visual Impairments. 2 credits. Provides an overview of the characteristics of and services to persons with visual impairments, including the impact of visual impairment on infants’ and children’s growth and development, child and adolescent emotional and social development, and family interaction patterns. Considers the educational, conceptual, psychosocial, and physical implications of a visual impairment. Notes: Course delivered online.
EDSE 417: Teaching Methods for Students with Blindness and Visual Impairments. 3 credits.
Emphasizes methods of teaching compensatory skills, the core curriculum, and technology for use by students who are blind and visually impaired. Addresses curriculum development, adaptations, and teaching methodology for individuals with visual impairments. Provides information on adaptations within various educational programs and adaptation of general education classroom materials and procedures for use with blind and low vision children and youth. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Recommended Prerequisite: EDSE 311, which may be taken concurrently

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 412: Braille Code. 3 credits.
Provides understanding of the literary code of Braille and its implications for educational/literacy programs for students with a visual disability. Enables students to better understand the Braille code and how to teach it to students with a visual disability. Notes: Delivered online. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Recommended Prerequisite: EDSE 311. Concurrent enrollment is also permitted.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 413: Medical and Educational Implications of Blindness and Visual Impairments. 3 credits.
Provides an introduction to anatomy and physiology of the visual system and the educational implications of visual pathology. Covers anatomy of the human eye, normal visual development, pathology of the eye, examination procedures for the identification of visual pathology, and the effects of pathology on visual learning and development. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Recommended Prerequisite: EDSE 311, which may be taken concurrently.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 414: Orientation and Mobility for Students with Blindness and Visual Impairments. 2 credits.
Provides the foundation for understanding the components and essence of orientation and mobility (O&M). Establishes how the need for independent travel in the blind population created the field of O&M. Explores the philosophy and history of orientation and mobility, including cane instruction, dog guides, and methods of travel. Addresses techniques in developing orientation skills and basic mobility instruction. Emphasizes motor and concept skill development. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Recommended Prerequisite: EDSE 311, which may be taken concurrently.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 418: Curriculum and Assessment of Students with Blindness and Visual Impairments. 3 credits.
Provides students with knowledge and understanding of the educational assessment of students with visual impairments and additional disabilities including deaf-blindness. Provides practice assessing and planning educational programs for students with visual impairments. Addresses assessment of technology for students with visual impairments. Examines determination of learning needs and appropriate learning media, relationship of assessment, IEP development, and placement. Notes: Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Recommended Prerequisite: EDSE 311, which may be taken concurrently.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 419: Braille Reading and Writing. 3 credits.
Provides basic instruction on transcription of advanced Braille codes, including music, foreign language, chemistry, computer Braille, and Nemeth code (Braille math code). Introduces techniques for teaching skills in each code. Explores technology tools used to create Braille and tactile materials in addition to other assistive technologies used for instruction in math and science. Notes: Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Required Prerequisites: EDSE 311C and 412C.
C Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 420: Deaf Culture. 3 credits.
Studies the cultural practices, ideology, power, identity, and heritage of Deaf people in the United States. Analyzes Deaf community as a part of societal diversity. Emphasizes issues of multiculturalism, linguistic code-switching, and language dominance. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Required Prerequisite: EDSE 410C.
C Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
EDSE 428: Elementary Reading, Curriculum, Strategies for Students Who Access the General Education Curriculum. 3 credits.
Applies research on instructional approaches in elementary curriculum for individuals with disabilities accessing general education curriculum. Includes curriculum and instructional strategies in reading, language arts, mathematics, science, social studies; cognitive strategies in study skills; attention and memory; and peer-mediated instruction. Note: Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 432: Positive Behavior Supports. 3 credits.
Explores concepts and skills needed to design, implement, and evaluate positive behavior support programs, derived from functional assessment, to support the specific needs of students with severe disabilities. Addresses relevant replacement skills; facilitates generalization and maintenance of skills; applies instructional strategies to support behavior, and incorporates individually designed crisis intervention procedures. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 434: Communication and Severe Disabilities. 3 credits.
Introduces professionals to augmentative and alternative communication (AAC) for individuals with severe speech and language impairments. Addresses the knowledge and skills needed to assess the potential AAC user, make team decisions, develop and implement instruction, and evaluate the effects of instruction aimed at motivating, building, and expanding communication, choice-making, and social interaction. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 440: Characteristics of Students with Disabilities Who Access the General Curriculum. 3 credits.
Examines the characteristics of students with mild disabilities. Focuses on etiology, contributing factors, conditions that affect learning, the challenges of identifying students with disabilities, and the need for academic, social, and emotional accommodations and support. Note: School-based field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts. Equivalent to EDSE 241.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 441: Instructional Strategies for Reading and Writing. 3 credits.
Integrates knowledge of language assessments and the components of quality reading instruction to plan well-sequence and explicit instruction for students with disabilities in the general education curriculum. Examines objectives that align with curriculum standards while still providing individualization. Implements and applies reading and writing instruction to support learning in all content areas. Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 341 C.
C Requires minimum grade of C.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 443: Instructional Strategies for Math. 3 credits.
Integrate foundational knowledge of numeracy acquisition, mathematical concepts, mathematical thinking, mathematics vocabulary, calculation, and problem-solving to plan well-sequenced and explicit math instruction for students with disabilities in the general education curriculum. Examine objectives that align with the general education curriculum Virginia Standards of Learning in mathematics at the elementary, middle, and secondary levels while still providing individualization. Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 445: Clinical Practice and Seminar I: General. 2 credits.
Exposes teacher candidates to K-12 classroom settings inclusive of students with disabilities who access the general curriculum. Examines the professional realities, roles, and responsibilities of special education teachers based upon a foundation of theory and research designed to stimulate critical reflectivity. Engages with individual and/or small groups of students with high-incidence disabilities in the classroom environment. Assists in the planning and implementation of effective assessment, instruction, and behavior management across subject areas. Includes a 2-hour seminar held nine times throughout the semester and a total of 30 field experience hours. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 381 C.
C Requires minimum grade of C.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 446: Clinical Practice and Seminar 2: General. 2 credits.
Applies coursework in Special Education-General Curriculum to planning and supervised instruction of students with disabilities who access the general curriculum in K-12 school settings. Engages in reflection to analyze instruction within the clinical experience setting. Includes a 2-hour seminar held seven times throughout the semester and a minimum of 75 hours of fieldwork in a K-12 clinical experience setting. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: EDSE 445 C.
C Requires minimum grade of C.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 447: Medical and Developmental Risk Factors for Children with Disabilities. 3 credits.
Examines the nature and causes of disabling or special health conditions. Covers screening and evaluation techniques, characteristics, and educational implications. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 451: Transition and Self-Determination. 3 credits.
Examines relevant legislation and evidence-based practices related to person-centered transition planning for students with varying disabilities throughout the K-12 system and into adult life. Focuses on effective alternative assessment, coordination of community services, functional academic and social/life skills, stakeholder involvement, employment, and independent living. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 452: Intersectionality and Disability. 3 credits.
Examines disability within a diversity and intersectionality context in K-12 schools. Analyzes how diversity and intersectionality informs the educational experience of individuals with and without disabilities to include race, gender, sexual orientation, socioeconomic status, and home/language and culture. Assesses how cultural competency and intersectionality awareness on the part of educators enhance the school success of all students. Develops educator capacity to implement trauma-sensitive interventions in diverse settings for all students. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Registration Restrictions:
Required Prerequisite: EDSE 381.C.
C Requires minimum grade of C.

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 453: Clinical Practice and Seminar 1: Adapted (Severe Disabilities). 2 credits.
Applies coursework in Special Education-Adapted Curriculum (Severe Disabilities) to planning and supervised instruction of students with severe disabilities who access the adapted curriculum in K-12 school settings. Engages in reflection to analyze instruction within the clinical experience setting. Includes a 2-hour seminar held seven times throughout the semester and a minimum of 75 hours of fieldwork in a K-12 clinical experience setting. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 454: Foundations of Language and Literacy for Individuals with Severe Disabilities. 3 credits.
Examines the complexity of language acquisition and literacy development. Focuses on typical and atypical language development, connections between language and literacy, and diversity of communication styles in families and cultures. Emphasizes first and second language acquisition. Field experience required. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 455: Interdisciplinary Approach for Children with Sensory and Motor Disabilities. 3 credits.
Focuses on adaptive strategies for working with individuals who have sensory needs including physical, visual, auditory, and oral needs. Emphasizes positioning, handling, and adaptive strategies and on understanding how sensory and sensory-motor issues impact individuals in a learning environment. Focuses on understanding the roles of related disciplines in collaborative planning and service delivery. Offered by Graduate School of Education (p. 162). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
EDSE 481: Internship: Professional Services. 12 credits. Applies university coursework in Special Education to individuals with disabilities in a variety of community or school-based settings in supervised internship. Applies coursework, theories, and research to professional service settings. Sites chosen by client/stakeholders after approval of faculty supervisors. Includes a 2-hour seminar held six times throughout the year. Offered by Graduate School of Education (p. 162). Limited to three attempts.

**Registration Restrictions:**
Required Prerequisite: EDSE 381 C.
C Requires minimum grade of C.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDSE 482: Internship: General. 12 credits. Applies university coursework in Special Education-General Curriculum to instruction of students with disabilities who access the general curriculum in two supervised internship settings, including an elementary and secondary school placement. Includes a 2-hour seminar held six times throughout the semester. Note: Prior to registration, students must demonstrate that VDOE-required teacher assessments and First Aid/CPR/AED certification for licensure have been met, and application for internship must be on file by program deadline. Offered by Graduate School of Education (p. 162). Limited to three attempts.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 483: Internship: Adapted (Severe Disabilities). 12 credits. Applies university coursework in Special Education-Adapted Curriculum to instruction of students with severe disabilities who access the adapted curriculum in two supervised internship settings, including an elementary and secondary school placement. Includes a 2-hour seminar held six times throughout the semester. Note: Prior to registration, students must demonstrate that VDOE-required teacher assessments and First Aid/CPR/AED certification for licensure have been met, and application for internship must be on file by program deadline. Offered by Graduate School of Education (p. 162). Limited to three attempts.

**Registration Restrictions:**
Required Prerequisite: EDSE 466 C.
C Requires minimum grade of C.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

EDSE 484: Internship: Blindness and Visual Impairments. 12 credits. Applies, in supervised internship, university coursework in Blindness and Visual Impairments to instruction of children and their families in school settings. Note: Prior to registration students must demonstrate that VDOE-required teacher assessments and First Aid/CPR/AED certification for licensure have been met, and application for internship must be on file by program deadline. Offered by Graduate School of Education (p. 162). Limited to three attempts.

**Registration Restrictions:**
Required Prerequisites: EDSE 413 C, 417 C, 418 C and 419 C.
C Requires minimum grade of C.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**500 Level Courses**

EDSE 501: Introduction to Special Education. 3 credits. Provides a survey of current knowledge on individuals with disabilities within the context of human growth and development across the lifespan. Includes historical factors, legislation, etiology, characteristics, needs, educational strategies, assessment, and support services for individuals with disabilities ranging from mild and moderate to severe levels of varying disabilities. Includes the impact of disabilities on academic, social, and emotional performances. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 502: Classroom Management and Applied Behavior Analysis. 3 credits. Focuses on identifying, recording, evaluating, and changing social and academic behaviors of special and diverse populations. Explores theories of classroom management and various approaches to management including use of technological advances. Emphasizes developing classroom and individual behavior management plans. Note: Field experience required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 503: Language Development and Reading. 3 credits. Identifies literacy skills for typical and atypical students, and describes reading, language, and writing instruction for students with mild disabilities who access the general curriculum. Explores emergent
literacy skills, phonemic awareness, vocabulary development, and comprehension. Note: Field experience required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 511: Characteristics of Students with Visual Impairments. 2 credits.
Provides an overview of the characteristics of and services to persons with visual impairments, including the impact of visual impairment on infants’ and children's growth and development, child and adolescent emotional and social development, and family interaction patterns. Considers the educational, conceptual, psychosocial, and physical implications of a visual impairment. Notes: Course delivered online. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 512: Braille Code. 3 credits.
Provides understanding of the literary code of Braille and its implications for educational/literacy programs for students with a visual disability. Enables students to better understand the Braille code and how to teach it to students with a visual disability. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDSE 511. Concurrent enrollment is also permitted.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 513: Medical and Educational Implications of Visual Impairments. 3 credits.
Provides an introduction to anatomy and physiology of the visual system and the educational implications of visual pathology. Covers anatomy of the human eye, normal visual development, pathology of the eye, examination procedures for the identification of visual pathology, and the effects of pathology on visual learning and development. Field experience is required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDSE 511. Concurrent enrollment is also permitted.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

EDSE 514: Orientation and Mobility for Students with Visual Impairments. 2 credits.
Provides the foundation for understanding the components and essence of orientation and mobility (O&M). Establishes how the need for independent travel in the blind population created the field of O&M. Explores the philosophy and history of orientation and mobility, including cane instruction, dog guides, and methods of travel. Addresses techniques in developing orientation skills and basic mobility instruction. Emphasizes motor and concept skill development. Field experience is required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDSE 511. Concurrent enrollment is also permitted.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

EDSE 515: Orientation and Mobility for Students with Visual Impairments. 2 credits.
Provides the foundation for understanding the components and essence of orientation and mobility (O&M). Establishes how the need for independent travel in the blind population created the field of O&M. Explores the philosophy and history of orientation and mobility, including cane instruction, dog guides, and methods of travel. Addresses techniques in developing orientation skills and basic mobility instruction. Emphasizes motor and concept skill development. Field experience is required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDSE 511. Concurrent enrollment is also permitted.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

EDSE 516: American Sign Language (ASL) I. 4 credits.
Focuses on introduction of American Sign Language (ASL) and Deaf culture. Teaches basic person-to-person conversational signing. Emphasizes development of expressive and receptive skills. Increases knowledge of ASL vocabulary and the syntax, semantics, and pragmatics of the language. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDSE 511. Concurrent enrollment is also permitted.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 516: American Sign Language (ASL) II. 4 credits.**
Focuses on expanding basic skills in American Sign Language (ASL) and Deaf culture. Emphasizes development of expressive and receptive skills. Increases knowledge of ASL vocabulary and the syntax, semantics, and pragmatics of the language. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
**Required Prerequisites:** EDSE 515\(^C\) or 115\(^C\).
\(^C\) Requires minimum grade of C.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 517: Computer Applications for Special Populations. 3 credits.**
Explores the applications of computer technology for instructional programs and computer skills used by teachers of special populations. Provides experience with computer technology designed for special populations. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 518: Curriculum and Assessment of Students with Visual Impairments. 3 credits.**
Provides students with knowledge and understanding of the educational assessment of students with visual impairments and additional disabilities including deaf-blindness. Provides practice assessing and planning educational programs for students with visual impairments. Addresses assessment of technology for students with visual impairments. Examines determination of learning needs and appropriate learning media, relationship of assessment, IEP development, and placement. Notes: Field Experience Required. Delivered online. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** EDSE 511. Concurrent enrollment is also permitted.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 519: American Sign Language (ASL) III. 4 credits.**
Focuses on intermediate level skills in American Sign Language (ASL) and Deaf culture. Increases competencies in person-to-person conversational signing, including expressive and receptive skills, vocabulary, syntax, semantics, and pragmatics. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
**Required Prerequisites:** EDSE 516\(^C\) or 116\(^C\).
\(^C\) Requires minimum grade of C.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 531: Transition and Community-Based Instruction. 3 credits.**
Addresses issues in transition for youth with severe disabilities. Covers self-determination, development, and implementation of a transition plan, post-secondary opportunities including education and community-based instruction, and vocational environments. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 532: Positive Behavior Supports. 3 credits.**
Focuses on employing concepts and skills to design, implement, and evaluate behavior support programs derived from functional assessment; addressing relevant replacement skills; facilitating generalization and maintenance of skills; and incorporating individually designed crisis
intervention procedures. Field experience is required. Offered by Graduate
School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 533: Curriculum and Assessment in Severe Disabilities.** 3 credits.
Addresses best practices in curriculum and assessment for individuals
with severe disabilities. Covers the design of assessment and evaluation
techniques and procedures for the severe-needs population, including
adaptations and accommodations. Covers IEP formulation and
implementation with linkage to assessment. Note: Field experience
required. Offered by Graduate School of Education (p. 162). May not be
repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 534: Communication and Severe Disabilities.** 3 credits.
Introduces professionals to augmentative and alternative communication
(AAC) for individuals with severe speech and language impairments.
Addresses the knowledge and skills needed to assess the potential
AAC user, make team decisions, develop and implement instruction, and
evaluate the effects of instruction, aimed at motivating, building, and
expanding communication, choice-making, and social interaction. Offered
by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 540: Characteristics of Students with Disabilities who Access the
General Curriculum.** 3 credits.
Examines the characteristics of students with mild disabilities. Focuses
on etiology, contributing factors, conditions that affect learning, the
challenges of identifying students with disabilities, and the need for
academic, social, and emotional accommodations and support. Notes:
Field experience required. Offered by Graduate School of Education
(p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 544: Adapted Instructional Methods and Transition for Secondary
Learners.** 3 credits.
Provides strategies for teaching functional academics and social/life
skills, facilitating the transition to postsecondary environments. Focuses
on all aspects of transition and alternative assessments for secondary
learners with disabilities. Offered by Graduate School of Education
(p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 547: Medical and Developmental Risk Factors for Children with
Disabilities.** 3 credits.
Examines the nature and causes of disabling or special health conditions.
Covers screening and evaluation techniques, characteristics, and
educational implications. Offered by Graduate School of Education
(p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 557: Foundations of Language and Literacy for Diverse Learners.** 3
credits.
Examines the complexity of language acquisition and literacy
development. Focuses on typical and atypical language development,
connections between language and literacy, and diversity of
communication styles in families and cultures. Emphasizes first and second language acquisition. Notes: Field Experience required Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 562: Foundations of Reading Instruction for Students with Specific Learning Disabilities. 3 credits.
Examines the characteristics of students with specific learning disabilities who demonstrate severe deficits in reading and written language. Addresses language development from an anatomical, physiological, and social perspective. Provides essential knowledge in language development. Examines the legislation that addresses the rights of students with disabilities. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 563: Language Structure and Literacy Development for Students with Specific Learning Disabilities. 3 credits.
Examines the components of the English language, including language processing requirements, integrated with the development of literacy skills. Analyzes language and literacy performance and the variability of language learning in students with specific learning disabilities. Explores environmental, social, and cultural factors, including the impact of second language learning and dual-identification. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 562B.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 564: Phonology, Phonics, and Fluency for Students with Specific Learning Disabilities. 3 credits.
Evaluates phonology, phonics, and fluency skills of students with specific learning disabilities using formal and informal measures. Designs instruction to meet the needs of students with learning disabilities who have deficits in these areas. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 563B.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 565: Vocabulary, Comprehension, and Written Expression for Students with Specific Learning Disabilities. 3 credits.
Evaluates vocabulary, text comprehension, and written expression skills of students with specific learning disabilities using formal and informal measures. Designs instruction to meet the needs of students with learning disabilities who have deficits in these areas. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 564B.
* May be taken concurrently.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 566: Practicum for Specialized Reading Instruction for Students with Specific Learning Disabilities. 3 credits.
Demonstrate competencies for implementing intensive, data-based interventions to students with specific learning disabilities who have severe deficits in reading and writing. Administer and analyze assessments and design interventions for phonics, fluency, word recognition, text comprehension and written expression. Monitor student progress and modify instruction as needed. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 565B.
B- Requires minimum grade of B-

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**EDSE 590: Special Education Research.** 3 credits.
Describes fundamental concepts and practices in educational research in special education. Covers specific applications of educational research methods to problems in special education. Emphasizes review and critique of special education research, and applied classroom research for teachers. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 597: Special Topics in Education.** 1-6 credits.
Provides advanced study on selected topic or emerging issue in Special Education. Offered by Graduate School of Education (p. 162). May be repeated within the degree for a maximum 9 credits.

**Recommended Prerequisite:** Admission to program in Graduate School of Education

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 613: Teaching Methods for Students with Visual Impairments.** 3 credits.
Emphasizes methods of teaching compensatory skills, the core curriculum, and technology for use by students who are blind and visually impaired. Addresses curriculum development, adaptations, and teaching methodology for individuals with visual impairments. Provides information on adaptations within various educational programs and adaptation of general education classroom materials and procedures for use with blind and low vision children and youth. Notes: Delivered online. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** EDSE 511. Concurrent enrollment is also permitted.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 616: Braille Reading and Writing.** 3 credits.
Provides basic instruction on transcription of advanced Braille codes, including music, foreign language, chemistry, computer Braille, and Nemeth code (Braille math code). Introduces techniques for teaching skills in each code. Explores technology tools used to create Braille and tactile materials in addition to other assistive technologies used for instruction in math and science. Notes: Field experience required. Delivered online. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** EDSE 511 (may be taken concurrently), EDSE 512.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

Focuses on basic principles and procedures of applied behavior analysis; identification of factors that contribute to behavioral problems and improved performance; and procedures that can be used to minimize behavioral problems, improve performance, teach new behaviors, and increase probability of behaviors occurring under appropriate circumstances. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** Admission to Applied Behavior Analysis Graduate Certificate Program (ABAC).

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 620: Supporting the Behavior and Sensory Needs of Individuals with Autism. 3 credits.
Describes the behavior and sensory development of individuals with autism spectrum disorder across their lifespans. Analyzes the principles of behavior management and the evidence and research-based interventions that have been proven to be effective with individuals with autism and sensory needs. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Focuses on basic content of applied behavior analysis. Teaches how to implement behavioral procedures and develop behavioral programs for clients with fundamental behavioral needs. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 619B.

B= Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 623: Applied Behavior Analysis: Assessments and Interventions. 3 credits.
Expands on basic content of applied behavior analysis and teaches how to implement behavioral procedures and develop behavioral programs for clients with fundamental behavioral needs. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 619B.

B= Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 624: Applied Behavior Analysis: Applications. 3 credits.
Develops capability to deal with more complex behavioral situations, enabling ability to relate to more sophisticated professional issues and environments. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 619B.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 625: Applied Behavior Analysis: Verbal Behavior. 3 credits.
Expands students’ abilities to deal with more complex behavioral situations and enables students to relate to more sophisticated professional issues and environments. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Required Prerequisite: EDSE 619B.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 627: Assessment. 3 credits.
Offers knowledge and experiential learning activities related to assessment of students with mild disabilities. Includes statistical and psychometric concepts in assessment. Addresses norm-referenced, criterion-referenced, curriculum-based, and informal assessment for instructional and placement decisions. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 628: Elementary Reading, Curriculum, Strategies for Students Who Access the General Education Curriculum.** 3 credits.
Applies research on instructional approaches in elementary curriculum for individuals with disabilities accessing general education curriculum. Includes curriculum and instructional strategies in reading, language arts, mathematics, science, social studies; cognitive strategies in study skills; attention and memory; and peer-mediated instruction. Note: Field experience required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 629: Secondary Curriculum and Strategies for Students with Disabilities who Access the General Curriculum.** 3 credits.
Applies research on teacher effectiveness, accountability, and instructional approaches at the secondary level for individuals with mild disabilities. Includes instructional methods necessary for teaching reading, writing, math, and other content areas across the curriculum. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 634: Characteristics of Individuals with Autism.** 3 credits.
Describes the varying characteristics of individuals with autism spectrum disorders across their lifespans including, (a) diagnosis, (b) early childhood, (c) school-age, (d) transition, (e) employment, and (f) aging. Examines definitions, eligibility criteria, incidence rates, and etiology of autism spectrum disorders. Analyzes perspectives from students, families, educational, community, and career personnel. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 635: Interventions for Individuals with Autism.** 3 credits.
Analyzes evidence and research-based interventions for individuals with autism in a variety of domains across their lifespans including academic, communication, social, and behavioral. Evaluates methods for prioritizing intervention needs for individuals with autism across their lifespans, developing appropriate interventions to address those needs, and measuring the impact of interventions in a variety of service delivery models. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** EDSE 634. Concurrent enrollment is also permitted.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 636: Supporting Communication and Literacy for Individuals with Autism.** 3 credits.
Surveys the characteristics of communication and literacy, as well as the design and implementation of communication systems for individuals with autism spectrum disorder across their lifespans. Explains methods for assessment, identification of priorities, and monitoring progress of communication and literacy instruction in order to improve behavior, academic skills, and social interactions in various environments. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 637: Autism Across the Lifespan: Collaboration with Critical Partners.** 3 credits.
Examines characteristics, milestones, critical issues, and areas of need for individuals with autism spectrum disorder across their lifespans. Prioritizes key features of effective collaboration and partnership. Utilizes a strengths-based problem solving perspective to frame collaboration and partnership for individuals with autism spectrum disorder across their lifespans and simulates partnership practices with a variety of stakeholders across the lifespan of an individual with autism spectrum disorder. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 661: Curriculum and Methods: Severe Disabilities.** 3 credits.
Focuses on current best practices in curriculum, and methods for students with severe disabilities, including specific strategies for teaching students with severe disabilities, general strategies for working with heterogeneous groups of students in inclusive settings, and methods for adapting the general education curriculum to include students with severe disabilities. Note: Field experience required. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 662: Consultation and Collaboration.** 3 credits.
Provides professionals in special education, regular education, and related fields with knowledge and communication skills necessary for collaborative consultation and technical assistance to other educators and service providers. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Recommended Prerequisite:** Teaching licensure or enrollment in a graduate degree program in education.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 663: Collaborative Teamwork to Support Students with Significant Disabilities.** 3 credits.
Focuses on models of teamwork, group decision making, team process, leadership and communication and how they influence services for individuals with significant disabilities and their families. Provides an understanding of collaborative structures and demonstrates knowledge of skills and strategies to maintain effective relationships with a variety of stakeholders in collaborative settings. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 664: Ethical and Professional Conduct for Behavior Analysis.** 3 credits.
Provides a basis in Virginia Behavior Analyst Licensure law, the Behavior Analyst Certification Board Guidelines for Responsible Conduct and Disciplinary Standards, and professional conduct consistent with the practice of applied behavior analysis. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisite: EDSE 619B.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 669: Interdisciplinary Approach for Children with Sensory and Motor Disabilities.** 3 credits.
Emphasizes positioning, handling, and adaptive strategies. Focuses on understanding the roles of related disciplines in collaborative planning and service delivery. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**EDSE 701: Legal Issues and Special Populations.** 3 credits.
Studies the impact of legislation and litigation on the education of special populations emphasizing IDEA and Section 504. Covers emerging trends in special education based on interpretation of landmark court cases related to disability, legal updates on policies and procedures for exceptional learners, and discussion of the guiding principles of special education law when addressing the needs of special populations. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**700 Level Courses**

**EDSE 701: Legal Issues and Special Populations.** 3 credits.
Studies the impact of legislation and litigation on the education of special populations emphasizing IDEA and Section 504. Covers emerging trends in special education based on interpretation of landmark court cases related to disability, legal updates on policies and procedures for exceptional learners, and discussion of the guiding principles of special education law when addressing the needs of special populations. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 702: Managing Resources for Special Education Programs. 3 credits.
Examines development and delivery of specialized programs for exceptional learners. Covers implementation of Individualized Education Plans via Universal Design, financial and human resource allocation and management, effective supervision and evaluation, and student outcome documentation. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 703: Creating a Collaborative Culture. 3 credits.
Provides leaders in school settings with an opportunity to gain the skills needed to facilitate collaborative environments supportive of all learners. Discusses the impact of diversity on educational settings, developing a vision effective communication teaming and co-teaching techniques, family professional partnerships, implementing schoolwide change initiatives, alternative dispute resolution, and maintaining a positive school climate. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 743: Leadership in Special Education Administration. 3 credits.
Examines leadership issues and applies them to the administration of special education programs. Explores current challenges in the delivery of services for exceptional children through case studies and projects. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 744: Current Issues in Special Education. 3 credits.
Helps students develop an understanding of the role of convergent research evidence in addressing current issues in special education practice and policy. Familiarizes students with current issues in special education and the group experimental, single subject, and qualitative research designs used to address these current issues. Students evaluate research studies in terms of their methodological strengths and weaknesses and their part in providing convergent bodies of evidence that can be used for defining practice and policy. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDSE 783: Internship: Special Education in General Curriculum. 3-6 credits.
Applies, in supervised internships, university course work in General Curriculum to instruction of children and their families in school settings. Notes: Demonstration that RVE, VCLA, Praxis Entry, and other program-specific requirements have been met; application for internship on file by program deadline. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 6 credits.

Registration Restrictions:
Enrollment is limited to students with a major, minor, or concentration in General Curriculum (K-12) or Students W/Dis Access Gen Curr.

Enrollment is limited to Graduate level students.

Enrollment limited to students in the Education Human Development college.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDSE 784: Internship: Adapted Curriculum. 3-6 credits.
Applies, in supervised internships, university course work in Adapted Curriculum to instruction of children and their families in school settings. Notes: Demonstration that VCLA, Praxis Entry, and other program-specific requirements have been met; application for internship on file by program deadline. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 6 credits.

Registration Restrictions:
Enrollment is limited to students with a major in Students W/Dis Access Adp Curr.

Enrollment is limited to Graduate or Non-Degree level students.

Enrollment limited to students in a Graduate Certificate degree.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDSE 785: Internship: Visual Impairment. 2-6 credits.
Applies, in supervised internships, university course work in Visual Impairment to instruction of children and their families in school settings. Notes: Passing scores on Praxis Entry requirement; demonstration that reading content and other program specific requirements have been met; application for internship on file by program deadline. Offered by Graduate School of Education (p. 162). May be repeated within the term for a maximum 6 credits.
Recommended Prerequisite: EDSE 411 or 511; EDSE 412 or 512; EDSE 513.

Registration Restrictions:
Enrollment is limited to students with a major in Visual Impairments Lic PK-12.

Enrollment is limited to Graduate or Non-Degree level students.

Enrollment limited to students in a Graduate Certificate degree.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDSE 794: Special Topics. 1-6 credits.
Advanced study of selected topics in education for students preparing for doctoral studies or who have been admitted to the PhD program in education. Offered by Graduate School of Education (p. 162). May be repeated within the degree.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 795: Standard Applied Behavior Analysis Practicum. 3 credits.
Meets standard practicum supervision requirements by the BACB to provide hands-on experience designing, implementing, and evaluating behavior analytic procedures under the supervision of a Board Certified Behavior Analyst. Notes: This Applied Behavior Analysis Practicum follows the experience guidelines of the Behavior Analysis Certification Board (www.BACB.com) Offered by Graduate School of Education (p. 162). May be repeated within the degree for a maximum 18 credits.

Recommended Prerequisite: EDSE 619 or PSYC 619 or permission by the instructor

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDSE 799: Intensive Applied Behavior Analysis Practicum. 6 credits.
Meets intensive practicum supervision requirements by the BACB to provide hands-on experience designing, implementing, and evaluating behavior analytic procedures under the supervision of a Board Certified Behavior Analyst. Notes: This Applied Behavior Analysis Practicum follows the experience guidelines of the Behavior Analysis Certification Board (www.BACB.com). Offered by Graduate School of Education (p. 162). May be repeated within the degree for a maximum 18 credits.

Recommended Prerequisite: EDSE 619 or PSYC 619 or permission of instructor.

Recommended Prerequisite: EDSE 619 or PSYC 619 or permission of the instructor.

Recommended Prerequisite: EDSE 411 or 511; EDSE 412 or 512; EDSE 513.

Registration Restrictions:
Enrollment is limited to students with a major in Visual Impairments Lic PK-12.

Enrollment is limited to Graduate or Non-Degree level students.

Enrollment limited to students in a Graduate Certificate degree.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

EDSE 841: Intervention Research in Special Education. 3 credits.
Provides advanced graduate students with opportunities for in-depth study, analysis, and discussion of original intervention research in special education. Emphasizes analyzing research methodology, coding original intervention research, analyzing results, synthesizing findings, formulating future research questions relevant to individuals with disabilities, and gaining an understanding of the submission process for conferences and publications. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Education.

Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 842: Application of Research Standards for Individuals with Disabilities. 3 credits.
Provides knowledge and skills in the application of research standards across different methods for conducting survey research, single-subject, experimental and correlational research, mixed methods, and qualitative research. Emphasizes application to disability-related research across different contexts. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Education.

Enrollment limited to students in a Doctor of Philosophy degree.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 843: Leading Change in Special Education and Disability Policy. 3 credits.
Examines leadership issues among varied stakeholders within the special education field including leaders in PK12, higher education, government agencies, and special interest groups. Explores current challenges and opportunities in the effort to support and promote appropriate services for individuals with disabilities through case studies and projects. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Education.

Enrollment limited to students in a Doctor of Philosophy degree.

Schedule Type: Seminar

Grading:
EDSE 844: Current Issues in Special Education. 3 credits.
Develops understanding of the role of convergent research evidence in addressing current issues in special education practice and policy. Describes current issues in special education and the group experimental, single subject, and qualitative research designs used to address these current issues. Students evaluate research studies in terms of methodological strengths and weaknesses, and their part in providing convergent bodies of evidence that can be used for defining practice and policy. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Education.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 845: Personnel Preparation Programs in Special Education. 3 credits.
Provides an in-depth study, analysis, and discussion of personnel preparation programs in special education including: scope and sequence of teacher preparation programs as they align with state and national teacher licensure standards, bodies of accreditation, syllabi development, delivery models, and frameworks for curriculum design; teacher evaluation; and how policies, research, and issues of accountability can transform teacher preparation programs. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Education.

Enrollment is limited to Graduate level students.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 846: Assessment, Evaluation, and Instrumentation in Special Education Research. 3 credits.
Provides in-depth study, analysis and discussion of the past, present and future directions of assessment, evaluation, and instrumentation research in special education. Emphasizes reliability and validity of the research instruments, evaluating research methodology, analyzing results, synthesizing findings with respect to present assessment and evaluation policies; formulating future research questions relevant to assessment and evaluation of individuals with disabilities. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Education.

Enrollment is limited to Graduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 847: Problem Solving in Contemporary Initiatives in Special Education. 3 credits.
Addresses contemporary initiatives in special education: those introductory and leading actions intended to implement positive change, that can be promoted by federal agencies, professional or advocacy organizations. Focuses on understanding of contemporary special education initiatives through evaluation and analysis. Background, relevant legislative history, existing empirical evidence, and designing future research addressing contemporary initiatives will be studied and discussed. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Education.

Enrollment is limited to Graduate level students.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

EDSE 885: Writing Grants. 3 credits.
Focuses on identification of funding sources, description of grant components, and development of grant budgets. Includes independent writing of an entire small grant, a significant portion of a large grant, and participation in grant peer-review process. Offered by Graduate School of Education (p. 162). May not be repeated for credit.

Recommended Prerequisite: EDRS 811 or EDRS 812.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Sport Management (SPMT)

100 Level Courses

SPMT 100: Current Events in Sport Business. 1 credit.
Engages students in a discussion about recent developments in the sport industry, using the Sport Business Journal to stimulate the discussion as well as provide the student with current information about this rapidly changing industry. There will be two field trips conducted as part of this class. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 110: Basketball Officiating. 1 credit.
Teaches the fundamentals of officiating basketball including a thorough discussion of each of the rules as well as instruction of two person mechanics. Provides opportunity to become a certified Virginia High School League (VHSL) official. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
SPMT 111: Football Officiating. 1 credit.
Teaches the fundamentals of officiating football including a thorough
discussion of each of the rules as well as instruction of crew mechanics.
Provides opportunity of becoming a certified Virginia High School League
(VHSL) official. Offered by Recreation, Health & Tourism (p. 221). Limited
to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 112: Soccer Officiating. 1 credit.
Teaches the fundamentals of officiating soccer including a thorough
discussion of each of the rules as well as instruction of crew mechanics.
Provides opportunity of becoming a certified Virginia High School League
(VHSL) official. Offered by Recreation, Health & Tourism (p. 221). Limited
to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses
SPMT 201: Introduction to Sport Management. 3 credits.
Introduces sport management profession. Primary focus is on sport
industry, including professional sport entertainment, amateur sport
entertainment, for-profit sport participation, nonprofit sport participation,
sporting goods, and sport services. Notes: Open to non majors. Offered
by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 202: Mental Skills for Sport Performance. 2 credits.
Introduces mental skills training for sport performance used within the
field of sport and exercise psychology. Demonstrates mental practice
techniques to be practiced and assessed. Offered by Recreation, Health &
Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 210: Foundations of Sport Coaching. 3 credits.
Introduction to the scientific bases for coaching sports and the process
of coaching athletes. It includes the development of an individual
coaching philosophy and the application of scientific training in the
psychological, physiological, pedagogical and managerial bases of sport
coaching. Offered by Recreation, Health & Tourism (p. 221). Limited to
three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 241: Practicum. 3 credits.
Paid or voluntary experience in sport industry setting. Work sites chosen
by students after receiving approval of faculty supervisors. Offered by
Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: SPMT 201D.  
D Requires minimum grade of D.
Enrollment is limited to students with a concentration in Sport
Management.

Schedule Type: Internship

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses
SPMT 302: Philosophical and Ethical Dimensions of Sport. 3 credits.
Investigates moral issues in sport and judgments about right and wrong
behavior among athletes, coaches, spectators, and others. Offered by
Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 304: Sport, Culture, and Society. 3 credits.
Analyzes sport from educational, political, economic, and cultural
perspectives. Offered by Recreation, Health & Tourism (p. 221). Limited to
three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 318: Diversity and Inclusion Issues in Sport. 3 credits.
Focuses on sport participant and employee diversity and inclusive
practices; and how differences based on religion disability,
socioeconomic class, sex, gender, sexual orientation and racial
hierarchies impacts historical and current sport experiences and
outcomes. Offered by Recreation, Health & Tourism (p. 221). Limited to
three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 320: Psychology of Sport. 3 credits.
Psychological theories of personality, motivation, and anxiety explored
in sport environment. Examines social-psychological research on
audience effects, team cohesion, leadership, and fan behavior. Offered by
Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SPMT 321: America Through Baseball. 3 credits.
This course is designed for the student to gain an understanding of the
past and present role of baseball in American culture. The course focuses
on the development of professional baseball over the past 160 years and
the ways in which the history of America as a nation and culture can be
"read" through baseball. Offered by Recreation, Health & Tourism (p. 221).
Limited to three attempts.
**400 Level Courses**

**SPMT 405: Sport Venues and Events.** 3 credits.
Principles and techniques of event planning and operations in sport facilities and venues. Emphasizes principles and concepts of organization and administration including communication, personnel management, management of physical resources, and risk management. Examines a variety of sport events and venues such as indoor stadiums, athletic field complexes, and managing recreation and intramural activities. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**SPMT 412: Sport Marketing and Sales.** 3 credits.
Investigates principles and processes in sport marketing and finance. Focuses on research and development, sport promotion, sport sponsorship, advertising, merchandising, and distribution of sporting goods. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**SPMT 420: Economics and Finance in the Sport Industry.** 3 credits.
Examines the principles of economics, budgeting, and finance as it applies to the sport industry. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**SPMT 425: Sport Analytics.** 3 credits.
Discusses theories and concepts in sport analytics. Topics cover player performance, player management, sports data strategies, team management, and game day operations and strategies. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**SPMT 430: Sport Communication.** 3 credits.
Provides a senior-level exploration of the role of sport communication in contemporary cultures. Readings and discussions address questions about how communication about/in sports highlights the importance of sports, the cultural identities of those who engage in sport communication, and the pervasiveness of sport communication practices.
in industry. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** General COMM course.

**Registration Restrictions:**
**Required Prerequisite:** SPMT 201\(^D\).
\(^D\) Requires minimum grade of D.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPMT 440: Global Perspectives in Sport.** 3 credits.
An interdisciplinary examination of sport as a global phenomenon. Historical, cultural, economic, and governance perspectives are considered. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** 60 hours.

**Registration Restrictions:**
**Required Prerequisite:** SPMT 201\(^D\).
\(^D\) Requires minimum grade of D.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPMT 455: Governance and Policy in Sport Organizations.** 3 credits.
Examines sport organizations focused on both professional and amateur governance structures and processes. The study of policy in educational, nonprofit, and professional sport venues is also addressed. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** Completion of 60 hours.

**Registration Restrictions:**
**Required Prerequisite:** SPMT 201\(^D\).
\(^D\) Requires minimum grade of D.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPMT 462: Sport Business Law.** 3 credits.
Students in this course will receive instruction in the major areas of the law that impacts the sport industry. Students will also see how knowledge of sport law can make them better sport managers. There will be an introduction to the legal system in the United States and then we will see how the law has shaped the management of sport organizations and the playing and staging of the games. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** 60 credits.

**Registration Restrictions:**
**Required Prerequisite:** SPMT 201\(^D\).
\(^D\) Requires minimum grade of D.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPMT 470: Strategic Management and Leadership in Sport Organizations.** 3 credits.
Provides a foundation in organizational studies. It addresses the theoretical underpinnings and applications of leadership. It examines strategic planning processes and management within sport organizations. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** 60 hours.

**Registration Restrictions:**
**Required Prerequisite:** SPMT 201\(^D\).
\(^D\) Requires minimum grade of D.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPMT 475: Sport Management Professional Development Seminar.** 3 credits.
This is a seminar format in which students synthesize and apply theories, concepts, and practices in the leadership and management of sport organizations. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Recommended Prerequisite:** 75 hours.

**Registration Restrictions:**
**Required Prerequisite:** SPMT 241\(^D\).
\(^D\) Requires minimum grade of D.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPMT 480: Special Topics in Sport Management.** 3 credits.
Selected topics reflecting interest in specialized areas of sport management announced in advance. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the degree for a maximum 6 credits.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SPMT 490: Internship.** 12 credits.
Paid or voluntary work experience in sport industry settings. Requires minimum period of 10 to 12 weeks of full-time employment. Applies course work, theories, and research to work settings. Work sites chosen by students after approval of faculty supervisors. Includes meetings and assignments before and during the internship. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

**Mason Core:** Capstone (p. 142)

**Recommended Prerequisite:** SPMT 475 and completion of 90 credits.

**Registration Restrictions:**
**Required Prerequisite:** SPMT 241\(^C\).
Requires minimum grade of C.

Enrollment is limited to students with a concentration in Sport Management.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SPMT 499: Independent Study. 1-3 credits.
Faculty-directed independent study of approved topics in sport management. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

500 Level Courses

SPMT 551: Sport in the Global Marketplace. 3 credits.
Explores sport business internationally including the production and consumption of professional and Olympic-linked sports and the impact of globalization on sport. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPMT 555: The Australian Model of Sport. 3 credits.
Examines the Australian model of sport which has been adopted in many countries. Analyzes government sport policy and the organization and administration of Australian professional sports. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Recommended Prerequisite: SPMT 551.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPMT 611: Sport Marketing and Sales. 3 credits.
Examines principles and processes in sport marketing. Focuses on research and development, sport promotion, sport sponsorship, advertising, merchandising, and distribution of sporting goods. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPMT 612: Economics and Financial Management in the Sport Industry. 3 credits.
Examines principles of economics, budgeting, and finance as they apply to the sport industry. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPMT 613: Strategic Leadership in Sport Organizations. 3 credits.
Examines the theoretical underpinnings and effective strategic processes of leadership in sport organizations. Leader behaviors, characteristics, situational influences, and the cognitive dimensions of leadership will be explored within the organizational context. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.
**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SPMT 614: Legal Issues in Sport.** 3 credits.
Examines legal issues as they apply to the sports industry. Course content includes, but is not limited to: tort law, risk management procedures, product liability, constitutional/contract/administrative/statutory law, crowd control/security, personal/professional values, and situational analysis. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SPMT 620: Ethical Issues in Global Sport.** 3 credits.
Investigates moral issues in sport, and judgments about right and wrong behavior among organizations, athletes, coaches, spectators, and others at the global level. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SPMT 631: Theoretical Models of Sport Coaching.** 3 credits.
Examines the scientific bases for coaching athletes. Emphasizes philosophical underpinnings and theoretical foundations in the psychological, physiological, pedagogical, and managerial bases of sport coaching. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

**Recommended Prerequisite:** SPMT 551.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SPMT 652: Governance and Policy in International Sport. 3 credits.
Explores sport governance and policy in the international context with focus on international federations, professional leagues and comparative analyses of governmental sporting policies. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Recommended Prerequisite: SPMT 551.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Sports and Recreation Studies (SRST)

200 Level Courses

SRST 200: History of Sport and Leisure in America. 3 credits.
Traces the history of sport and leisure in America. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

300 Level Courses

SRST 360: Sport Based Youth Development. 3 credits.
An interdisciplinary examination of current trends and issues in youth sport, with a focus on non-school based community programs. Emphasis is placed on the structural characteristics of sport and physical activity programs as they pertain to proper development of children and adolescents. Offered by Recreation, Health & Tourism (p. 221). Limited to two attempts. Equivalent to PHED 360.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

SRST 450: Research Methods. 3 credits.
Covers the development of empirical research designs for both practical and theoretical problems in health, fitness, and recreation resources management. Includes literature review of hypothesized relationships, and formulation of research proposals. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: 60 credits.

Registration Restrictions:
Required Prerequisites: STAT 250\textsuperscript{C}, DESC 210\textsuperscript{C}, OM 210\textsuperscript{C} or IT 250\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

500 Level Courses

SRST 595: Thesis Preparation. 2 credits.
Provides a basic overview and working knowledge of the procedures to be used towards completion of the thesis. With competencies gained in previous sport and recreation studies courses, the student will begin to form the criteria, considered evidence, and judgment towards a research topic for SRST 799. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Schedule Type: Independent Study

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SRST 598: Special Topics. 1-6 credits.
Focuses on projects related to sport and/or recreation studies. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SRST 599: Independent Study in Sport and Recreation Studies. 1-3 credits.
Studies problem area in sport and recreation studies research, theory, or practice under direction of faculty member. Notes: Students engage in one-on-one or seminar independent study with an SRST faculty member. The faculty member may be the student’s thesis or project supervisor. While SRST 599 is repeatable, 3 credit hours must be designated for Preparation of Thesis or Project Proposal. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the degree for a maximum 3 credits.

Schedule Type: Independent Study

Grading:
This course is graded on the Graduate Special scale. (p. 84)
600 Level Courses

SRST 606: Foundations of Sport and Recreation Studies. 3 credits.
Examines the historical development of the Sport and Recreation Studies fields. Explores the interconnection between these phenomena in the context of the social, cultural and economic forces shaping American and global societies. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to English Language, Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SRST 623: Research Design and Statistical Reasoning. 3 credits.
Introduces basic principles of scientific and scholarly inquiry in Sport and Recreation Studies. Explores the logic and practice of methods and techniques employed in research related to sport and recreation. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SRST 796: Seminar in Sport and Recreation Studies. 1 credit.
Scholarly forum for the presentation and discussion of contemporary topics in sport and recreation studies. Graduate students, faculty, and visiting scholars/practitioners share ongoing research and practical applications. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Recommended Prerequisite: All other coursework with the exception of concurrent capstone.

Schedule Type: Seminar

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SRST 798: Master's Project/Internship. 1-6 credits.
Offers capstone experience to enable students to demonstrate their integrative knowledge and skills accrued through study in their concentration area within Sport and Recreation Studies. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the degree for a maximum 6 credits.

Recommended Corequisite: SRST 796.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Thesis

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

SRST 799: Master's Thesis. 1-6 credits.
Explores sport and recreation problem using appropriate research methodology and under supervision of graduate faculty member. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:

Recommended Pre-requisite: SRST 623B.
B- Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Thesis

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

Statistics (STAT)

200 Level Courses

STAT 250: Introductory Statistics I. 3 credits.
Elementary introduction to statistics. Topics include descriptive statistics, probability, and estimation and hypothesis testing for means and proportions. Statistical software used for assignments. Offered by Statistics (p. 1136). Limited to three attempts.

Mason Core: Quantitative Reasoning (p. 142)

Recommended Prerequisite: High school algebra.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 260: Introduction to Statistical Practice I. 3 credits.
Data-oriented introduction to fundamental concepts and methods of applied statistics. Topics include: exploratory data analysis; sampling and principles of experimental design; sampling distributions; confidence intervals and tests for one and two sample means and proportions; analysis of contingency tables; simple linear regression; and correlation. Extensive use of statistical software. Intended primarily for students in the Statistics Bachelor's program. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:

Required Prerequisites: MATH 113 C, 115 C or 124 C.

May be taken concurrently.
300 Level Courses

STAT 334: Introduction to Probability Models and Simulation. 3 credits.
Introduction to basic probability and principles of simulation. Emphasis is placed on formulation of models and simulation applications to statistical methodology. Topics include: basic probability rules, counting methods, discrete and continuous probability spaces, independence, conditional probability, expectation, variance, and limit theorems. Distributions covered include the binomial, hypergeometric, Poisson, normal, Gamma, Beta, multinomial, and bivariate normal. Intended primarily for students in the Statistics Bachelor’s program. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: STAT 260\(^C\) and (MATH 114\(^C\) or 116\(^C\)) and STAT 362\(^C\).
\(^C\) May be taken concurrently.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 344: Probability and Statistics for Engineers and Scientists I. 3 credits.
Introduction to probability and statistics with applications to computer science, engineering, operations research, and information technology. Basic concepts of probability, random variables and expectation, Bayes rule, bivariate distributions, sums of independent random variables, correlation and least squares estimation, central limit theorem, sampling distributions, confidence interval construction, and hypothesis testing for a single sample and two samples. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: (MATH 114\(^C\) or 116\(^C\)).
\(^C\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 346: Probability for Engineers. 3 credits.
Introduction to probability with applications to electrical and computer engineering, operations research, information technology, and economics. Basic concepts of probability, conditional probability, random variables and moments, specific probability distributions, multivariate distributions, moment-generating functions, limit theorems, and sampling distributions. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: (MATH 213\(^C\) or 215\(^C\)).
\(^C\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 350: Introductory Statistics II. 3 credits.
Further examination of statistics and data analysis with an emphasis on applications. Inference for comparing multiple samples, experimental design, analysis of variance and post-hoc tests. Simple linear, multiple and logistic regression. Analysis of contingency tables and categorical data. A statistical computer package is used for data analysis. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: STAT 250\(^C\) or 260\(^C\).
\(^C\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 354: Probability and Statistics for Engineers and Scientists II. 3 credits.
Multivariate probability distributions, variable transformations, properties of estimators, inference on means, variances, and proportions for two samples, contingency tables, goodness-of-fit test, nonparametric tests, simple linear regression, multiple linear regression, logistic regression, ANOVA, basic experimental design, basic resampling methods such as the bootstrap. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: STAT 334\(^C\) or 344\(^C\) or (STAT 346\(^C\) and 362\(^C\)).
\(^C\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 356: Statistical Theory. 3 credits.
Introduction to the mathematical theory of statistical inference, emphasizing inference for standard parametric families of distributions. Topics include: properties of estimators; Bayes and maximum likelihood estimation; sufficient statistics; properties of test of hypotheses; most powerful and likelihood-ratio tests; and distribution theory for common statistics based on normal distributions. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: STAT 346\(^C\) or MATH 351\(^C\).
\(^C\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 360: Introduction to Statistical Practice II.** 3 credits.
Continued study of the process, concepts, and methods of statistical investigations with the communication of statistical results being emphasized. Topics in the course will include: chi-square procedures, an introduction to the design and analysis of experiments, ANOVA, simple linear and multiple regression, nonparametric methods and basic resampling methods such as bootstrap. Statistical software will be used extensively throughout the course. Offered by Statistics (p. 1136). Limited to two attempts.

**Registration Restrictions:**
Required Prerequisites: (STAT 250\* or 260\*) and (MATH 114\* or 116\*).
*C Requires minimum grade of C.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 362: Introduction to Computer Statistical Packages.** 3 credits.
Use of computer packages in statistical analysis of data. Topics include data entry, checking, and manipulation, and use of computer statistical packages for graphical procedures, basic descriptive and inferential procedures, and regression. Offered by Statistics (p. 1136). Limited to two attempts.

**Registration Restrictions:**
Required Prerequisites: STAT 250\*, 260\*, BUS 310\* or STAT 344\*.
*C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**400 Level Courses**

**STAT 455: Experimental Design.** 3 credits.
Introduces problems and techniques inherent in design of experiments, which refers to planning an experiment so that collected data can be analyzed by statistical methods. Covers the two aspects to any experimental problem: the design itself and the analysis of the resulting data. Examples from numerous disciplines in the sciences and the humanities are discussed. Data analysis is emphasized. Offered by Statistics (p. 1136). Limited to two attempts.

**Recommended Corequisite:** STAT 362

**Registration Restrictions:**
Required Prerequisites: STAT 350\*, 354\* or 360\*.
*C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 456: Applied Regression Analysis.** 3 credits.
Introduces statistical modeling with a focus on regression. Topics include: Correlation, simple and multiple regression models, model fitting, variable selection, diagnostic tools, model validation, inference for regression parameters, and matrix forms for multiple regression. Additional topics covered include logistic regression and time series analysis with a focus on smoothing techniques and decomposition. A statistical software package is used extensively throughout the course. Offered by Statistics (p. 1136). Limited to two attempts.

**Registration Restrictions:**
Required Prerequisites: STAT 350\*, 354\* or 360\*.
*C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 460: Introduction to Biostatistics.** 3 credits.
Focuses on biostatistical aspects of design and analysis of biomedical studies, including epidemiologic observational studies and randomized clinical trials. Topics include randomization principle, confounding, ethics in human experimentation, methods of randomization, stratification, primary outcome analyses, covariate-adjusted analyses, epidemiologic measures, and sample size and power computation. Offered by Statistics (p. 1136). Limited to two attempts.

**Registration Restrictions:**
Required Prerequisites: (STAT 350\*, 354\* or 360\*) and (STAT 362\*).
*M May be taken concurrently.
*C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 462: Applied Multivariate Statistics.** 3 credits.
Introduces a variety of multivariate statistical methods as aids to analyzing and interpreting large data sets. These methods will have general applications across a wide range of disciplines. Topics include: principal components analysis, cluster analysis, discriminant analysis, multi-dimensional scaling, correspondence analysis, and canonical correlation analysis. Extensive use of statistical software. Offered by Statistics (p. 1136). Limited to two attempts.

**Recommended Corequisite:** STAT 362

**Registration Restrictions:**
Required Prerequisites: STAT 350\*, 354\* or 360\*.
*C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 463: Introduction to Exploratory Data Analysis.** 3 credits.
Features statistical graphics, maps and simple models used to bring out patterns in data. Introduces statistical software and addresses data access and import. Presents exploratory strategies motivating data transformations. Stresses the cognitive foundations of good graphics.
Graphics include dot plots, box plots, Q-Q plots, parallel coordinate plots, scatterplot matrices and linked views. Exploration includes use of dynamic graphics. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: STAT 350C, 354C, 360C or BUS 310C.
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 465: Nonparametric Statistics and Categorical Data Analysis. 3 credits.
Introduction to nonparametric methods and categorical data analysis. Topics include: tests for one-sample, two-related samples, and two independent samples; concepts of nonparametric ANOVA; tests for proportions; chi-squared tests, log-linear models, and contingency tables; goodness-of-fit tests; correlation and association analysis; nonparametric regression including logistic and Poisson regression; and bootstrapping, jackknifing, and cross-validation. Notes: Students may not receive credit for both STAT 465 and STAT 525. Offered by Statistics (p. 1136). Limited to two attempts.

Recommended Corequisite: STAT 362

Registration Restrictions:
Required Prerequisites: STAT 350C, 354C or 360C.
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 472: Introduction to Statistical Learning. 3 credits.

Recommended Corequisite: STAT 362

Registration Restrictions:
Required Prerequisite: STAT 456C.
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 474: Introduction to Survey Sampling. 3 credits.
Introduction to design and analysis of sample surveys. Sample designs include simple random sampling; systematic sampling; and stratified, cluster, and multistage sampling. Analytical methods include sample size determination, ratio and regression estimation, imputation for missing data, and nonsampling error adjustment. Practical problems encountered in conducting a survey are discussed, such as questionnaire design. Methods applied to case studies of actual surveys. Class project may be required. Notes: Recommended for students of decision, information, social sciences, and mathematics. Offered by Statistics (p. 1136). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: (STAT 350C, 354C or 360C) and STAT 362C.
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 489: Pre-Capstone Professional Development. 3 credits.
Develops skills in the areas of technical writing and oral communication. Students will develop a historical and ethical appreciation of the field of statistics as well as connect methods from their undergraduate coursework to solve problems. Students will work in small groups to develop a project proposal for STAT 490. Offered by Statistics (p. 1136). Limited to two attempts.

Specialized Designation: Writing Intensive in Major

Registration Restrictions:
Required Prerequisites: (STAT 354C or 360C) and STAT 362C and ENGH 302C and (COMM 100C or 101C).
C Requires minimum grade of C.

Enrollment limited to students with a class of Senior.

Enrollment is limited to students with a major in Statistics.

Enrollment limited to students in a Bachelor of Science degree.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

STAT 490: Capstone in Statistics. 3 credits.
Students will synthesize methods and ideas acquired in their undergraduate courses by working in small groups on a project and presenting their findings in a written report and an oral presentation. Offered by Statistics (p. 1136). Limited to two attempts.

Mason Core: Capstone (p. 142)

Registration Restrictions:
Required Prerequisite: STAT 489C.
C Requires minimum grade of C.

Enrollment is limited to students with a major in Statistics.

Enrollment limited to students in a Bachelor of Science degree.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture
Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 494:** *Intermediate Methods*. 3 credits.
Topics of special interest to undergraduates. Notes: May be repeated if topics are substantially different. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Completion of at least 60 credits.

**Registration Restrictions:** Enrollment is limited to students with a major in Statistics.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 498:** *Independent Study in Statistics*. 1-3 credits.
Directed self-study of special topics of current interest in statistics. Notes: May be repeated if topics are substantially different. Offered by Statistics (p. 1136). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** 60 hours. Must be arranged with a faculty member of the Statistics Department and approved by the department chair before registering.

**Registration Restrictions:** Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 499:** *Special Topics in Statistics*. 0-3 credits.
Topics of special interest to undergraduates. Notes: May be repeated if topics are substantially different. Offered by Statistics (p. 1136). May be repeated within the term for a maximum 6 credits.

**Recommended Prerequisite:** 60 undergraduate credits.

**Registration Restrictions:**
Washington Consortium level students may not enroll.

Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**STAT 515:** *Applied Statistics and Visualization for Analytics*. 3 credits.
Introduces multivariate regression and random forests for modeling data. Addresses data access, variable selection and model diagnostics. Introduces foundations for visual thinking. Reviews common statistical graphics such as dot plots, box plots, q-q plots. Addresses more advanced methods such as scatterplot matrices enhanced by smoothed or density contours, and search tools for finding graphics with suggestive patterns. Notes: Course will introduce R software for analysis. A final project will involve visualization of a real data set. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** STAT 250 or equivalent.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 517:** *Experimental Design*. 3 credits.
Introduces problems and techniques inherent in design of experiments, which refers to planning an experiment so that collected data can be analyzed by statistical methods. Covers the two aspects to any experimental problem: the design itself and the analysis of the resulting data. Examples from numerous disciplines in the sciences and the humanities are discussed. Data analysis is emphasized. Notes: Students may not receive credit for both STAT 455 and STAT 517. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
**Required Prerequisites:** STAT 535 or 554.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 522:** *Applied Multivariate Statistics*. 3 credits.
Introduces a variety of multivariate statistical methods as aids to analyzing and interpreting large data sets. These methods will have general applications across a wide range of disciplines. Topics include: principal components analysis, cluster analysis, discriminant analysis, multi-dimensional scaling, correspondence analysis, and canonical correlation analysis. Extensive use of statistical software. Notes: Students may not receive credit for both STAT 462 and STAT 522. Cannot be used to satisfy requirements for MS in Statistical Science. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
**Required Prerequisites:** STAT 535 or 554.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 525: Nonparametric Statistics and Categorical Data Analysis. 3 credits.
Introduction to nonparametric methods and categorical data analysis. Topics include tests for one-sample, two-related samples, and two independent samples; concepts of nonparametric ANOVA; tests for proportions; chi-squared tests, log-linear models, and contingency tables; goodness-of-fit tests; correlation and association analysis; nonparametric regression including logistic and Poisson regression; and bootstrapping, jackknifing, and cross-validation. Notes: Students may not receive credit for both STAT 465 and STAT 525. Cannot be used to satisfy requirements for MS in Statistical Science. Offered by Statistics (p. 1136). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: STAT 536B- or 554B-.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 526: Applied Regression Analysis. 3 credits.
Introduces statistical modeling with a focus on regression. Topics include: Correlation, simple and multiple regression models, model fitting, variable selection, diagnostic tools, model validation, inference for regression parameters, and matrix forms for multiple regression. Additional topics covered include logistic regression and time series analysis with a focus on smoothing techniques and decomposition. A statistical software package is used extensively throughout the course. Notes: Students may not receive credit for both STAT 456 and STAT 526. Cannot be used to satisfy requirements for MS in Statistical Science. Offered by Statistics (p. 1136). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: STAT 536B- or 554B-.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 527: Topics in Applied Statistics. 0-3 credits.
Topics in applied statistics of interest to graduate students in statistics certificate programs. Notes: May be repeated for credit when topic is different. Cannot be used to satisfy requirements for MS in Statistical Science. Offered by Statistics (p. 1136). May be repeated within the degree for a maximum 3 credits.

Recommended Prerequisite: Permission of instructor; specific prerequisites vary with the nature of the topic.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 544: Applied Probability.** 3 credits.
The axioms of probability, conditional probability, random variables and expectation, multivariate and conditional distributions, conditional expectation, order statistics, transformations, moment generating functions, special distributions, limit theorems. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** MATH 213 and STAT 346, or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 554: Applied Statistics I.** 3 credits.
Application of basic statistical techniques. Focus is on the problem (data analysis) rather than on the theory. Topics include descriptive statistics; exploratory data analysis; sampling distributions; one- and two-sample tests and confidence intervals for means, medians, proportions, and variances; and goodness-of-fit tests. Normal theory is introduced first with discussion of what happens when assumptions break down. Alternative robust and nonparametric techniques are presented. Notes: Certificate program students granted credit for only one of STAT 535 or 554. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** MATH 114 and (STAT 334 or STAT 344 or STAT 346) and (Course in Statistics)

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 574: Survey Sampling I.** 3 credits.
Design and implementation of sample surveys. Covers components of a survey; probability sampling designs to include simple random, systematic, Bernoulli, proportional to size, stratified, cluster and two-stage sampling; and ratio and regression estimators. Discusses practical problems in conducting a survey. Methods applied to case studies of actual surveys. Class project may be required. Notes: Students may not receive credit for both STAT 474 and STAT 574. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** STAT 346 and a course in Statistics, or STAT 344; and working knowledge of SAS.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**600 Level Courses**

**STAT 634:** Case Studies in Data Analysis. 3 credits.
Examination of a wide variety of case studies illustrating data-driven model building and statistical analysis. With each case study, various methods of data management, data presentation, statistical analysis, and report writing are compared. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Working knowledge of SAS and R.

**Registration Restrictions:**

**Required Prerequisites:** STAT 654\(^B\) and 544\(^B\). \(^B\) Requires minimum grade of B.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.
Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 652: *Statistical Inference.* 3 credits.
Fundamental principles of estimation and hypothesis testing. Topics include limiting distributions and stochastic convergence, sufficient statistics, exponential families, statistical decision theory and optimality for point estimation, Bayesian methods, maximum likelihood, asymptotic results, interval estimation, optimal tests of statistical hypotheses, and likelihood ratio tests. Offered by Statistics (p. 1136). May not be repeated for credit. Equivalent to CSI 672.

Registration Restrictions:
Required Prerequisites: STAT 544\(^B\) and 554\(^B\).
\(^*\) May be taken concurrently.
\(^B\) Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 654: *Applied Statistics II.* 3 credits.
Overview of statistical principles of modeling. Topics include methods for analyzing data based on generalized linear models and diagnostic methods for assessing the assumptions of such models. Methods covered include multiple regression, analysis of variance, simultaneous inference, logistic and Poisson regression, and hierarchical log linear models for contingency tables. Offered by Statistics (p. 1136). May not be repeated for credit.

Recommended Prerequisite: MATH 203 and MATH 213 and STAT 346

Registration Restrictions:
Required Prerequisite: STAT 554\(^B\).
\(^B\) Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy or Graduate.

Enrollment is limited to students with a major in Biostatistics or Statistical Science.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 656: *Regression Analysis.* 3 credits.
Simple and multiple linear regression, polynomial regression, general linear models, subset selection, step-wise regression, and model selection. Also covered are multicollinearity, diagnostics, and model building as well as the theory and practice of regression analysis. Offered by Statistics (p. 1136). May not be repeated for credit. Equivalent to CSI 676.

Registration Restrictions:
Required Prerequisites: STAT 544\(^B\) and 554\(^B\).
\(^*\) May be taken concurrently.
\(^B\) Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 657: *Nonparametric Statistics.* 3 credits.
Distribution-free procedures for making inferences about one or more samples. Tests for lack of independence, association or trend, and monotone alternatives are included. Measures of association in bivariate samples and multiple classifications are discussed. Both theory and applications are covered. Students are introduced to appropriate statistical software. Offered by Statistics (p. 1136). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: (STAT 544\(^B\) and 554\(^B\)).
\(^B\) Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

STAT 658: *Time Series Analysis and Forecasting.* 3 credits.
Modeling stationary and nonstationary processes, autoregressive, moving average and mixed model processes, autocovariance functions, autocorrelation functions, partial autocorrelation functions, spectral density functions, identification of models, estimation of model parameters, and forecasting techniques. Offered by Statistics (p. 1136). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: (STAT 544\(^B\) and 554\(^B\)).
\(^B\) Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 662: Multivariate Statistical Methods. 3 credits.**
Standard techniques of applied multivariate analysis. Topics include review of matrices, multivariate normal theory, principal components, canonical correlation, classification, factor analysis, clustering, and multidimensional scaling. Applications to data analytics. Computer implementation via a statistical package is an integral part of the course. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Matrix algebra, and working knowledge of SAS.

**Registration Restrictions:**
**Required Prerequisites:** STAT 554\textsuperscript{B-} and 544\textsuperscript{B-}.
\textsuperscript{1} May be taken concurrently.
\textsuperscript{B-} Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 663: Statistical Graphics and Data Exploration I. 3 credits.**
Introduces statistical graphics that show distribution features and functional relationships in the presence of noise. Introduces cognitive research guidance for graphics design and reasoning. Stresses quantitative comparisons from multiple perspectives. Features new micromaps designs for spatial and temporal comparisons. Introduces R, the grammar of graphics, and dynamic graphics software. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** A 300-level statistics course and a programming course, or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 665: Categorical Data Analysis. 3 credits.**
Analyzes cross-classified categorical data in two and higher dimensions. Topics include association tests and measures of association in two- and three-dimensional contingency tables, logistic regression, and log linear models. SAS is used extensively for data analysis. Offered by Statistics (p. 1136). May not be repeated for credit.

**Required Prerequisite:** Working knowledge of SAS.

**Registration Restrictions:**

---

**Recommended Prerequisites:** STAT 654\textsuperscript{B-} and 544\textsuperscript{B-}.
\textsuperscript{1} May be taken concurrently.
\textsuperscript{B-} Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 668: Survival Analysis. 3 credits.**
Survival Analysis is a class of statistical methods for studying the occurrence and timing of events. In medical research, the events may be deaths, and the objective is to determine factors affecting survival times of patients following treatment, usually in the setting of clinical trials. Methods can also be applied to the social and natural sciences and engineering where they are known by other names (reliability, event history analysis). Concepts of censored data, time-dependent variables, and survivor and hazard functions are central. Nonparametric methods for comparing two or more groups of survival data are studied. The Cox regression model (proportional hazards model), Weibull model, and the accelerated failure time model are studied in detail. Concepts are applied to analysis of real data from major medical studies using SAS software. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Working knowledge of R and SAS.

**Registration Restrictions:**
**Required Prerequisites:** (STAT 544\textsuperscript{B-} and 554\textsuperscript{B-}).
\textsuperscript{B-} Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 672: Statistical Learning and Data Analytics. 3 credits.**
The course focuses on statistical learning theory by introducing the statistical and optimization background essential for understanding statistical learning algorithms. Also discusses applications of statistical learning algorithms to the solution of important problems in many areas of science. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
**Required Prerequisites:** (STAT 544\textsuperscript{B-} and 554\textsuperscript{B-}).
\textsuperscript{B-} Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 674: Survey Sampling II.** 3 credits.
Continuation of STAT 574. Applications to case studies of actual surveys. Categorical data analysis, regression models, and domain estimation from complex sampling designs, introduction to variance estimation, weighting adjustments for nonresponse, and imputation. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisite: (STAT 574B).
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 676: Alternative Regression Methods.** 3 credits.
Presents several modern regression methodologies that are useful in data analysis when some of the assumptions of linear regression theory fail to hold. Topics include non-linear regression, quantile regression, robust regression, and computational methods for fitting these models. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Working knowledge of SAS.

**Registration Restrictions:**
Required Prerequisite: STAT 654B.
B- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 689: Topics in Statistics.** 1-3 credits.
Special topics of interest to graduate students in statistics. Notes: May be repeated for credit when topic is different. Offered by Statistics (p. 1136). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** Permission of instructor; specific prerequisites vary with the nature of the topic.

**Registration Restrictions:**

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 758: Advanced Time Series Analysis.** 3 credits.
Mathematical modeling and methods for model identification and forecasting of nonstationary and seasonal time series data (ARIMA models), multivariate time series, and state-space models. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisite: (STAT 658B).
B- Requires minimum grade of B-.

Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 760: Advanced Biostatistical Methods.** 3 credits.
Advanced statistical methods in the drug development process. Provides the theoretical statistical basis for the design and analysis of pharmaceutical clinical trials. Topics include the theory of randomization, randomization-based inference, restricted, response-adaptive, and covariate-adaptive randomization, the modern theory of group sequential monitoring, statistical aspects of determination of dose-response relationships. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Working knowledge of statistical programming language.

**Registration Restrictions:**
Required Prerequisites: (STAT 652B and 654B).
B- Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 763: Statistical Graphics and Data Exploration II.** 3 credits.
Addresses data set size and human comprehension challenges. Introduces case and variable reduction methods, and overview production. Incorporates cognitive science guidance. Utilizes data mining models and visual analytic algorithms to find patterns and prioritize graphics. Addresses applications from both information and scientific visualization. Tracks advances in web graphics including citizen science.
projects harnessing the visual power of thousands of people. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**

**Required Prerequisites:** (STAT 663\(^B\) or 515\(^B\)).

B\(^-\) Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**STAT 771:** *Spatial Data Analysis.* 3 credits.

Presents analysis techniques for spatially-indexed or spatially-correlated data that arise in many areas of science, including medicine, transportation, and atmospheric sciences. Focus is on data analysis rather than theory, though theory will necessarily be covered. Topics include analysis of point patterns, trend and surface estimation, and spatial regression. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Working knowledge of R and SAS.

**Registration Restrictions:**

**Required Prerequisites:** (STAT 652\(^B\) and 654\(^B\)).

B\(^-\) Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**STAT 773:** *Statistical Methods for Longitudinal Data Analysis.* 3 credits.

Presents modern statistical approaches to the analysis of longitudinal data, i.e., data collected repeatedly on experimental units over time (or other conditions). Topics include linear mixed effects models, generalized linear models for correlated data (including generalized estimating equations), and computational issues and methods for fitting models. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Working knowledge of SAS.

**Registration Restrictions:**

**Required Prerequisites:** (STAT 652\(^B\) and 654\(^B\)).

B\(^-\) Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**STAT 778:** *Algorithms and Simulation for Statistics in C.* 3 credits.

Introduces high level simulations and algorithms for complex statistical problems using C. Topics include: pointers, arrays, random number generation, iterative numerical algorithms, sorting, matrix operation, numerical integration and Bayesian computation, advanced data structure for complex problems, and parallel processing. Complex programming problems related to statistical modeling and inference are studied. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**

**Required Prerequisites:** STAT 652\(^B\) or CSI 672\(^B\).

B\(^-\) Requires minimum grade of B-.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**STAT 796:** *Independent Studies/Directed Readings.* 1-3 credits.

Reading and research on a specific topic in statistics under guidance of graduate faculty member. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** Permission of instructor and department’s graduate coordinator.

**Registration Restrictions:**

Enrollment is limited to Graduate, Non-Degree or Washington Consortium level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Independent Study

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**STAT 798:** *Master’s Research Project.* 3 credits.

Project chosen and completed under guidance of graduate faculty member that results in acceptable technical report. Offered by Statistics (p. 1136). May not be repeated for credit.

**Recommended Prerequisite:** 9 graduate credits, and permission of instructor.

**Registration Restrictions:**

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Thesis

**Grading:**

This course is graded on the Graduate Special scale. (p. 84)

**STAT 799:** *Master’s Thesis.* 1-6 credits.

Project chosen and completed under guidance of graduate faculty member that results in acceptable technical report and oral defense. Offered by Statistics (p. 1136). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** 9 graduate credits, and permission of instructor.

**Registration Restrictions:**

Enrollment is limited to Graduate or Non-Degree level students.
Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Thesis

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

### 800 Level Courses

**STAT 889:** Advanced Topics in Statistics. 3 credits.
Advanced topics not occurring in regular sequence. Offered by Statistics (p. 1136). May be repeated within the degree for a maximum 12 credits.

**Recommended Prerequisite:** Doctoral standing and permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 896:** Advanced Directed Reading. 3 credits.
Individualized study with a graduate faculty member in the Department of Statistics. Syllabus and grading criteria must be preapproved by the PhD in Statistical Science Program Director. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major in Statistical Science.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

### 900 Level Courses

**STAT 971:** Probability Theory. 3 credits.
A rigorous measure-theoretic treatment of probability. Includes expectation, distributions, laws of large numbers and central limit theorems for independent random variables, characteristic function methods, conditional expectations, martingales, strong and weak convergence, and Markov chains. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students in the VS-PHD-STAT program.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 972:** Mathematical Statistics I. 3 credits.
Focuses on theory of estimation. Includes method of moments, least squares, maximum likelihood, and maximum entropy methods. Details of minimum variance unbiased estimation. Topics include sufficiency and completeness of statistics, Fisher information, Cramer-Rao bounds, Bhattacharyya bounds, asymptotic consistency and distributions, statistical decision theory, minimax and Bayesian decision rules, and applications to engineering and scientific problems. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisites: (STAT 652B or CSI 672B) and (CSI 876*B, STAT 971**B or CSI 971*B).
* May be taken concurrently.
**B Requires minimum grade of B-.

Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 973:** Mathematical Statistics II. 3 credits.
Continuation of STAT 972/CSI 972. Concentrates on theory of hypothesis testing. Topics include characterizing decision process, simple versus simple hypothesis tests, Neyman-Pearson Lemma, uniformly most powerful tests, unbiasedness and invariance of tests, and randomized and sequential tests. Applications of testing principles made to situations in normal distribution family and other families of distributions. Offered by Statistics (p. 1136). May not be repeated for credit.

**Registration Restrictions:**
Required Prerequisites: (STAT 972B or CSI 972B).
**B Requires minimum grade of B-.

Enrollment is limited to Graduate level students.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**STAT 990:** Dissertation Topic Presentation. 1 credit.
Students put together a professional presentation of a research proposal and present it for critique to fellow students and interested faculty. Notes: May be repeated with change of research topic, but credit towards doctoral degree is given once. Offered by Statistics (p. 1136). May not be repeated for credit. Equivalent to CEIE 990, CS 990, IT 990.

**Recommended Prerequisite:** Completion of all course requirements for PhD, or permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Research

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**STAT 998:** Doctoral Dissertation Proposal. 1-12 credits.
Work on research proposal that forms basis for doctoral dissertation. Notes: No more than 24 credits of STAT 998 and 999 may be applied to
doctoral degree requirements. Offered by Statistics (p. 1136). May be repeated within the degree.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**STAT 999: Doctoral Dissertation.** 1-12 credits.
Formal record of commitment to doctoral dissertation research under direction of faculty member in statistics. Notes: No more than 24 credits of STAT 998 and 999 may be applied to doctoral degree requirements. Offered by Statistics (p. 1136). May be repeated within the degree.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy.

Enrollment is limited to Graduate level students.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

# System Engineering (SYST)

## 100 Level Courses

**SYST 101: Understanding Systems Engineering.** 3 credits.
Introduces systems engineering and curriculum for BS in field. Introduces large and small systems, and explains them through some hands-on experiences. Key concepts include understanding requirements for system and translation of system-level requirements to component-level requirements. Several different kinds of example systems presented and discussed: objectives, major components, how system works, and major design issues. Each student gives a similar presentation on system of choice. Students work in groups design, develop, and test system, and give oral presentation. Students are responsible for writing several short papers on curriculum and presentations they have heard. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Registration Restrictions:**
Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 198: Independent Study in Systems Engineering.** 1-3 credits.
Must be arranged with instructor and approved by department chair before registering. Directed self-study of special topics of current interest in systems engineering. Notes: May be repeatable if topics are substantially different. Offered by Systems Engr & Operations Rsch (p. 1151). May be repeated within the term for a maximum 6 credits.

**Registration Restrictions:**
Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

## 200 Level Courses

**SYST 202: Engineering Systems in a Complex World.** 3 credits.
This course introduces students to the study of engineering systems as a means of understanding larger historical trends in a global society. Students will use case studies and historical analyses to think strategically and globally about the management and execution of complex systems in the context of culture, environment, politics and economics, and learn how to employ such analyses as decision-making tools for leadership. Students will be required to critically analyze articles and books, and work in groups to investigate and present topics of current national and international relevance. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts. Equivalent to HIST 202.

**Mason Core:** Global Understanding (p. 142)

**Registration Restrictions:**
Students with the terminated from VSE major attribute may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 205: Systems Engineering Principles.** 3 credits.
Introduction to systems engineering principles. Emphasize development of analytical, technical, management, and teamwork skills through exercises in planning, documentation, presentation, and the creative process of IT and engineering design. Analyze case studies involving systems engineering role in cyber security, IT, engineering, non-engineering, or management disciplines. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Registration Restrictions:**
Students cannot enroll who have a major in Systems Engineering.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 210: Systems Design.** 3 credits.

**Recommended Prerequisite:** SYST 101.

**Registration Restrictions:**
Students with a class of Freshman may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 220: Dynamical Systems I.** 3 credits.
Introduces modeling of dynamical systems. Formulation of mathematical models from system descriptions, including computer, biological, economic, transportation, and mechanical systems. Analytical and
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Laboratory

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 230: Object-oriented Modeling and Design. 4 credits.
This course describes fundamental principles of object-oriented modeling, requirements development, analysis, and design. Topics include specification of software requirements; object-oriented analysis approaches, including dynamic and static modeling with the Unified Modeling Language (UML); object-oriented design; object-oriented reuse, including design patterns; and software implementation concerns. Other topics include the Systems Modeling Language (SysML), Object-Oriented Systems Engineering Methodology (OOSEM), managing object-oriented projects, and the Object Constraint Language (OCL). There will be an emphasis on the systems engineering lifecycle (requirements capture, architecture definition, sub-system design and testing, integration, implementation and validation) and project management. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: (CDS 130 or CS 112) and (SYST 210 or 205). * May be taken concurrently.
C Requires minimum grade of C.

Schedule Type: Laboratory, Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 335: Discrete Systems Modeling and Simulation. 3 credits.
Introduces basic concepts of modeling complex discrete systems by computer simulation. Topics include Monte-Carlo methods, discrete-event modeling, specialized simulation software, and statistics of input and output analysis. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts. Equivalent to OR 335.

Registration Restrictions:
Required Prerequisites: (CDS 130 or CS 112) and (SYST 334, 344, 346 or MATH 351) and (SYST 230 or CS 211). * May be taken concurrently.
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 371: Systems Engineering Management.** 3 credits.
Study of basics of systems engineering management. Includes engineering economics, planning, organizing, staffing, monitoring, and controlling process of designing, developing, and producing system to meet stated need in effective and efficient manner. Discusses management tools, processes, and procedures, including various engineering documentation templates, managerial processes, and dealing with personnel issues. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Registration Restrictions:**
**Required Prerequisites:** SYST 210°C and 330°C.
\* May be taken concurrently.
\* Requires minimum grade of C.

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 395: Applied Systems Engineering.** 3 credits.
The course will enhance the student's system engineering experience by designing and building projects involving real world complex systems. The course will build physical models that follow the steps of system life cycle process: statement of need, design, requirements, architecture, implementation, testing, verification and validation. Projects are multidisciplinary in nature, requiring the student teams to learn about various real world systems such as internet communications, navigation, robotics, creating a GUI, and transmitting and receiving data from sensors. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Registration Restrictions:**
**Required Prerequisites:** (SYST 210°C and 101°C) and (SYST 220°C, 221°C, 335°C and 371°C).
\* May be taken concurrently.
\* Requires minimum grade of C.

Students cannot enroll who have a major in Undeclared.

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**400 Level Courses**

**SYST 420: Network Analysis.** 3 credits.

**Registration Restrictions:**
**Required Prerequisites:** (OR 441°C) and (MATH 213°C or 215°C).
\* Requires minimum grade of C.

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 421: Classical Systems and Control Theory.** 3 credits.

**Registration Restrictions:**
**Required Prerequisite:** ECE 220°C.
\* Requires minimum grade of C.

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 438: Analytics for Financial Engineering and Econometrics.** 3 credits.
Introduces the basic analytics for financial engineering and econometrics. Topics include financial transactions and econometric data management, correlation, linear and multiple regressions for financial and economic predictions, financial time series analysis, portfolio theory, and risk analysis. Provides a foundation of basic theory and methodology as well as applied examples with techniques to analyzing large financial and econometric data. Hands-on experiments with R will be emphasized throughout the course. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts. Equivalent to OR 438.

**Recommended Corequisite:** STAT 354

**Registration Restrictions:**
**Required Prerequisites:** STAT 250°C, 260°C, 334°C, 344°C, 346°C or MATH 351°C.
\* Requires minimum grade of C.

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 460: Introduction to Air Traffic Control.** 3 credits.
Introduction to Air Traffic Control (ATC) for those who plan professions in the air transportation industry. Surveys the entire field, presenting the history of ATC and how it came to be as it is, the technology on which the system is based, the procedures used by controllers to meet the safety and efficiency goals of the system, the organizational structure of the FAA, challenges facing the system, and means under investigation to meet these challenges. Some fieldwork will be required to acquire and analyze airport operational data. A brief introduction to airport design will be discussed. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.
**Recommended Prerequisite:** Junior standing or graduate standing.

**Registration Restrictions:** Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 461:** Air Transportation System Engineering. 3 credits.
Focuses on the theory and practice of system engineering in a national air transportation system. Stresses the application of mathematical techniques to analyze and design complex network transportation systems, airports, airspace, airline schedules, and traffic flow. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Recommended Prerequisite:** SYST 460 or permission of instructor.

**Registration Restrictions:** Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 462:** Flight Training Lab I. 3 credits.
This course fulfills the requirements of 14 CFR, Section 141, Appendix B for obtaining a private pilot certificate with airplane category, single engine land class rating. Flight Training 1 will include the flight training up to and including maneuvering and navigating the aircraft. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Recommended Corequisite:** SYST 460.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Aviation Flight Trng and Mgmt.

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Laboratory

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 463:** Flight Training Lab II. 3 credits.
This course fulfills the requirements of 14 CFR, Section 141, Appendix B for obtaining a private pilot certificate with airplane category, Airplane - Single Engine Land class rating. Flight Training II will include the flight training up to and including the dual and solo flight instruction in cross-country navigation by pilotage, dead reckoning, and use of VOR, NDB, and HSI. Flight test preparation for private pilot certification. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Recommended Prerequisite:** SYST 462.

**Registration Restrictions:**
Enrollment is limited to students with a major, minor, or concentration in Aviation Flight Trng and Mgmt.

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Laboratory

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 465:** Pricing in Optimization and Game Theory. 3 credits.
Allocation of limited resources among competing activities to maximize the outcome or minimization of expenses required to produce a given assortment of goods and services are two typical problems faced by any economic institution. Mathematical modeling of such problems and finding efficient mathematical tools for solving them are two main goals of modern optimization theory. Pricing theory can also give rise to numerical methods for finding optimal solutions and economic equilibrium. Fundamental tools in pricing theory are the classical Lagrangian and Lagrange multipliers for constrained optimization. Covers the basic ideas and methods of linear programming and matrix games. Particular emphasis to pricing for both theoretical analysis and numerical methods. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Recommended Prerequisite:** MATH 203 or 216 and OR 441, or permission of instructor.

**Registration Restrictions:** Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 468:** Applied Predictive Analytics. 3 credits.
Introduces students to the fundamentals of data analysis and some of the most widely used models in applied predictive analytics. The students learn how to summarize data and explore relationship between variables, including principle component analysis and multidimensional scaling. Class instruction follows with a presentation of commonly used tables, visualizations, and statistical tests for comparing groups. Linear predictive models for both continuous and binary outcomes (logistic regression) are discussed in detail. The course introduces students to clustering and classification using random forest and naive Bayes. The course concludes with topics on choice modeling. Hands-on programming with R is emphasized. While no prior knowledge on R is required, students must be well prepared in programming. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Registration Restrictions:**
Required Prerequisites: (STAT 334°C, 344°C, 250°C, 260°C or MATH 351°C) and (CDS 130°C, IT 206°C or CS 112°C).

Students with the terminated from VSE major attribute may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**SYST 469:** Human Computer Interaction. 3 credits.
Covers principles of human-computer interaction, including information processing design, cognitive models, ergonomics, and design metaphors. Students learn to evaluate interface design in terms of effectiveness, efficiency, and cost. Notes: Students who receive credit for SYST 470 may not receive credit for this course. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.
Registration Restrictions:
Required Prerequisites: (STAT 250 C, 260 C, 334 C, 344 C or MATH 351 C) and (IT 106 C, 109 C or CS 112 C).
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 470: Human Factors Engineering. 3 credits.
Human information processing, inferential analysis, biases and heuristics in human information processing, support systems to aid in human information processing, human-system interaction, and software systems engineering considerations. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: SYST 210 C and (STAT 334 C, 344 C, 346 C or MATH 351 C).
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 473: Decision and Risk Analysis. 3 credits.
Studies analytic techniques for rational decision making that address uncertainty, conflicting objectives, and risk attitudes. Covers modeling uncertainty; rational decision making principles; representing decision problems with value trees, decision trees, and influence diagrams; solving value hierarchies, decision trees and influence diagrams; defining and calculating the value of information; incorporating risk attitudes into the analysis; and conducting sensitivity analyses. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Registration Restrictions:
Required Prerequisites: STAT 250 C, 260 C, 334 C, 344 C, 346 C or MATH 351 C.
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 480: Economic Systems Design I: Principles and Experiments. 3 credits.
Introduces design principles used in developing systems used to allocate resources. Students required to participate in experiment demonstrations of different allocation mechanisms. Students are also exposed to experimental methods in economics and market design. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts. Equivalent to ECON 440.

Recommended Prerequisite: OR 441.

Recommended Corequisite: SYST 465.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 488: Financial Systems Engineering. 3 credits.
This course is an introduction to financial engineering. Financial engineering is a cross-disciplinary field which relies on mathematical finance, numerical methods, and computer simulations to make trading, hedging, and investment decisions. This course will introduce basic types of derivatives, such as forward, futures, swaps, and options; as well as financial models such as Brownian motion, Ito’s formula, and Black-Scholes model. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Recommended Prerequisite: OR 441.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 489: Senior Seminar. 3 credits.
Introduces several important topics in systems engineering, providing additional experience in writing and giving presentations, and obtaining feedback on curriculum for BS in systems engineering. Several lectures devoted to ethics; writing and making presentations also covered. Students attend technical lectures and write paper. Students are required to a write long paper on new technology. Instructor and guest lecturers present material not part of required course load to expand horizons. Examples are “knowledge-based” design, enterprise-wide reengineering, electronic commerce, and optimization by “natural analogy” (simulated annealing, neural networks, genetic algorithms). In addition, students work in teams to critique and redesign curriculum. Each group delivers written product, and provides at least one briefing to class. Best critique and redesign presented to faculty. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Specialized Designation: Writing Intensive in Major

Registration Restrictions:
Required Prerequisite: SYST 490 C.
* May be taken concurrently.
C Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 490: Senior Design Project I. 3 credits.
First part of capstone course in systems engineering program. Students apply knowledge they have gained to group project. Students perform concept definition and requirements analysis. Plan for carrying out project is developed, culminating in proposal presented to faculty at end of semester. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.
Recommended Prerequisite: 90 satisfactory credits.

Registration Restrictions:
Required Prerequisites: (SYST 335\(^\text{C}\), 371\(^\text{C}\) and 395\(^\text{C}\)) and (SYST 320\(^\text{C}\), 470\(^\text{C}\), 473\(^\text{C}\), 489\(^\text{C}\) and OR 441\(^\text{C}\)).
\(^\text{C}\) May be taken concurrently.
\(^\text{C}\) Requires minimum grade of C.

Enrollment is limited to students with a major in Systems Engineering.
Enrollment limited to students in a Bachelor of Science degree.
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 491: Industrial Project. 1-3 credits.
Semester-long work experience in systems engineering in industrial or governmental organization. Work supervised jointly by systems engineer from sponsoring organization and department faculty member. Project and arrangements for supervision must be approved by student’s faculty advisor. Periodic reports, presentations, and a written final report are required. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Recommended Prerequisite: 75 credits toward BS in Systems Engineering; SYST 330; GPA of at least 3.00.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 495: Senior Design Project II. 3 credits.
Second part of capstone course. Design project plans formulated in SYST 490 are reviewed and modified. Additional instruction on documentation and project management is given. Design project completed; formal report prepared, presented, and evaluated. Students are strongly recommended to take STAT 354 before enrolling in SYST 490/495. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Mason Core: Capstone, Synthesis (p. 142)

Registration Restrictions:
Required Prerequisites: (SYST 320\(^\text{C}\), 470\(^\text{C}\), 473\(^\text{C}\), 489\(^\text{C}\) and 490\(^\text{C}\)) and (SYST 330\(^\text{C}\) and STAT 354\(^\text{C}\)).
\(^\text{C}\) May be taken concurrently.
\(^\text{C}\) Requires minimum grade of C.

Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 497: Applied Engineering Abroad. 3 credits.
Introduces students to applications of engineering processes outside USA. The students will gain hands-on project management, critical thinking, intercultural and career skills by exploring engineering aspects such as auto assembly, airliner manufacturing, metropolitan infrastructure, and bridge designs. By visiting technology museums, students will learn to appreciate the rich history of the country’s technology and manufacturing. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts. Equivalent to CEIE 497, ME 497.

Mason Core: Global Understanding (p. 142)

Registration Restrictions:
Enrollment limited to students with a class of Junior, Senior Plus or Senior.
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Internship

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 498: Independent Study in Systems Engineering. 1-3 credits.

Recommended Prerequisite: 60 credits towards BS in systems engineering, and GPA of at least 3.00.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

SYST 499: Special Topics in Systems Engineering. 3 credits.
Topics of special interest to undergraduates. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

Recommended Prerequisite: 60 credits toward BS in systems engineering; specific prerequisites vary with nature of topic.

Registration Restrictions:
Students with the terminated from VSE major attribute may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

500 Level Courses

SYST 500: Quantitative Foundations for Systems Engineering. 3 credits.
Provides quantitative foundations necessary for core courses in systems engineering and operations research master's program, and certificate program in C4I. Topics include vectors and matrices, infinite series, partial differentiation, multiple integrals, differential and difference equations; linear systems; Laplace and Z-transforms, and probability theory. Students receive graduate credit for this course, which, when used on plan of study, extends minimum credit requirements for degree. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to CSI 600.

Recommended Prerequisite: MATH 203 and 213.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 505: Systems Engineering Principles. 3 credits.
This course is an introduction and overview of the methods and tools systems engineers use to define, develop, and deploy systems. It serves as a foundation for the other courses in the MS/SE curriculum. During this course, the different components of the system lifecycle will be explored as well as the economic value of systems engineering. The course will convey to students the essential elements of systems engineering; including systems thinking, concept and system definition, integration and test, product and service life management, systems engineering management, logistics and supportability, and disposal/system retirement. This course is suitable for those who are new to systems engineering or have limited knowledge and/or experience in the field. Students enrolling in this course should have an engineering, science, or mathematics degree and one year of experience in science or engineering, or permission from the student’s academic advisor and the course instructor. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 508: Complex Systems Engineering Management. 3 credits.
Introduces the organizational, economic, technological and societal factors (POETS) that apply to the development of large-scale, complex mega-systems, and shows that "one size does not fit all" when it comes to the project management of mega-systems. Notes: Course cannot be applied for credit toward the MS in Systems Engineering degree. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 514: Systems Thinking.** 3 credits.
Enables students to understand and use systems thinking concepts, tools and techniques that can apply across all system types, especially those which exhibit a fusion of technology and human activities. Additionally, the course extends the understanding of systems beyond technology, to systems with significant human activity components, such as organizations and enterprises. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Corequisite:** SYST 505.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 520: System Engineering Design.** 3 credits.
System engineering design methods are studied and practiced, including object-oriented and structured analysis based techniques. Design Description languages such as UML, SysML, IDEF0 and IDEF1x are introduced and used in carrying out complete system designs. Teams make presentations of their designs. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to ECE 550.

**Recommended Corequisite:** SYST 505

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 521: Network Analysis.** 3 credits.

**Recommended Prerequisite:** MATH 203 and 213, OR 441 or OR 541.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 523: Engineering Resilient and Agile Enterprise Systems.** 3 credits.
Large-scale enterprise systems have ill-defined boundaries, complex behaviors, and evolve in unplanned ways. Enterprise systems need to be resilient and agile. This course introduces several tools and frameworks that can be used to understand resilience and agility, design resilience and agility into enterprises, and measure the degree of enterprise resilience and agility. Case studies are used to explore these concepts. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Prerequisite:** SYST 503.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 530: Systems Engineering Management I.** 3 credits.
Provides techniques for evaluating cost and operational effectiveness of system designs and systems management strategies. Discusses performance measurement, work breakdown structures, cost estimating, quality management, configuration management, standards, and case studies of systems from different application areas. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Prerequisite:** SYST 510.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**SYST 538:** Analytics for Financial Engineering and Econometrics. 3 credits. This course introduces the basic analytics for financial engineering and econometrics, topics include financial transactions and econometric data management, correlation, linear and multiple regressions for financial and economic predictions, financial time series analysis, portfolio theory and risk analysis. It will provide a foundation of basic theory and methodology as well as applied examples with techniques to analyzing large financial and econometric data. Hand-on experiments with R will be emphasized throughout the course. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 538.

**Recommended Prerequisite:** STAT 515 or STAT 544.

**Registration Restrictions:**

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**SYST 542:** Decision Support Systems Engineering. 3 credits. Studies design of computerized systems to support individual or organizational decisions. Teaches systems engineering approach to decision support system (DSS) development. DSS is end product of development process, and process is key to successfully integrating DSS into organization. Any DSS is built on a theory (usually implicit) of what makes for successful decision support in given context. Empirical evaluation of specific DSS and the underlying theory should be carried on throughout development process. Course examines prevailing theories of decision support, considers issues in obtaining empirical validation for theory, and discusses empirical support that exists for theories considered. Students design decision support system for semester project. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Prerequisite:** SYST 301

**Registration Restrictions:**

**Required Prerequisites:** SYST 573B, 473B or OR 681B.

B* Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**SYST 560:** Introduction to Air Traffic Control. 3 credits. Introduction for those who plan professions in aviation industry. Surveys entire field, presenting history of ATC and how it came to be, technology on which system is based, procedures used by controllers to meet safety and efficiency goals, organizational structure of the FAA, challenges facing system, and means under investigation to meet these challenges. Involves some field work for data collection and analysis. Class project requiring system simulation required. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Registration Restrictions:**

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**SYST 563:** Evidence-Based Systems Engineering. 3 credits. A common cause of failure and risk in system development is making decisions when lacking clear evidence to support them. This course presents frameworks and methods used to make sound, evidence-based decisions throughout the system lifecycle. Students learn what information to gather, how to analyze it, and how to present those analyses when deciding on the adequacy of programmatic decisions. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Prerequisite:** STAT 344 and STAT 354 or equivalent.

**Registration Restrictions:**

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 568: Applied Predictive Analytics. 3 credits.**
Introduces predictive analytics with applications in engineering, business, and econometrics. Topics include time series and cross-sectional data processing, correlation, linear and multiple regressions, time series decomposition, predictive modeling and case study. Provides a foundation of basic theory and methodology with applied examples to analyze large engineering and econometric data for predictive decision making. Hands-on experiments with R will be emphasized. Offered by Systems Engr & Operations Rsch. (p. 1151). May not be repeated for credit. Equivalent to OR 568.

**Recommended Prerequisite:** STAT 515 or enrollment in the MSOR or MSSE programs.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Undergraduate level students.

- Students in a Non-Degree Undergraduate degree may **not** enroll.
- Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 574: Quality Control and Process Management. 3 credits.**
Provides fundamentals of quality control and process management methodologies that are applicable in manufacturing industries. Introduces the basic concepts of engineering process and product quality management techniques. Provides exposition of fundamentals of lean Six Sigma and total quality management and maintainability. Offered by Systems Engr & Operations Rsch. (p. 1151). May not be repeated for credit. Equivalent to OR 574.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

- Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
- Students in a Non-Degree Undergraduate degree may **not** enroll.
- Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 576: Manufacturing Systems Analysis. 3 credits.**
Provides fundamentals of modeling and analysis of general manufacturing systems that are also applicable to semiconductor manufacturing. Introduces the basic concepts of scheduling, inventory control, and enterprise resource management. Offered by Systems Engr & Operations Rsch. (p. 1151). May not be repeated for credit. Equivalent to OR 576.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

- Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.
- Students in a Non-Degree Undergraduate degree may **not** enroll.
- Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 584: Heterogeneous Data Fusion. 3 credits.**
Introduces the theory, design and implementation of multi-source information fusion systems in various domains. The course covers distinct technologies for combining data from multiple, heterogeneous sources and performing inferences in support to applications such as cyber security, Semantic Web, decision support systems, situational awareness, intrusion detection, crisis management, and others. The technical content is largely multi-disciplinary, encompassing disciplines such as knowledge engineering, ontologies, statistical learning, artificial intelligence, and data mining. Offered by Systems Engr & Operations Rsch. (p. 1151). May not be repeated for credit. Equivalent to OR 584.
**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 588: Financial Systems Engineering I: Introduction to Options, Futures, and Derivatives. 3 credits.**

This course is an introduction to financial engineering. Financial engineering is a cross-disciplinary field which relies on mathematical finance, numerical methods, and computer simulations to make trading, hedging, and investment decisions. This course will introduce basic types of derivatives, such as forward, futures, swaps, and options; as well as financial models such as Brownian motion, Ito’s formula, and Black-Scholes model. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 588.

**Recommended Prerequisite:** Eng. or Math Graduate standing, or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**600 Level Courses**

**SYST 611: System Methodology and Modeling. 3 credits.**

Provides broad yet rigorous foundations and applications of dynamic modeling. Emphasizes methodologies used across various disciplines. Topics include modeling and analysis of time-driven and event-driven, linear and nonlinear systems. The applications are presented with real-world example systems. Methodologies address dynamic systems using the concepts of composition, abstraction, execution, and performance. The issues of stochastic modeling and decision analysis are also covered. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Prerequisite:** SYST 500 or equivalent.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 618: Model-based Systems Engineering. 3 credits.**

Model-based Systems Engineering (MBSE) provides a formalized application of modeling to support the engineering of systems. The purpose of the course to study and practice the leading methodologies for MBSE and illustrate the MBSE approaches in systems engineering and management. The advanced objected-oriented systems engineering methodology and model transformation techniques are addressed. Software tools are introduced and used for supporting systems engineering design. Students are expected to develop a system design of their choice using MBSE approaches presented in class and they will make presentations on these designs. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Prerequisite:** SYST 520.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 620: Discrete Event Systems. 3 credits.**

Introduces modeling and analysis of discrete event dynamical systems. Course covers elements of discrete mathematics and then focuses on Petri Net models and their basic properties. Relation to other discrete event models of dynamical systems. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to ECE 673.

**Recommended Prerequisite:** SYST 611 or ECE 521, or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.
Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 621: Systems Architecture Design.** 3 credits.
Architecture design and representation and the methodologies used to obtain them. Approaches based on system engineering constructs such as object orientation and service oriented architectures are used to design architectures and then represent them in conformance with an architecture framework such as DoDAF. Executable models of the architecture are derived to be used for architecture evaluation. Examples from current practice are used. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to ECE 674.

**Recommended Prerequisite:** SYST 520/ECE 550.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 630: Systems Engineering Management II.** 3 credits.
Study of more advanced topics in systems engineering management. Students expected to read selections from current literature as well as make presentations and produce papers on engineering management topics. Work in groups to create SEMP, RMP, and PAP. Focuses strongly on the practical impacts of various system engineering management techniques and practices on projects, organizations, and personnel. Offered by Systems Engr & Operations Rsch (p. 1151). Limited to two attempts.

**Recommended Prerequisite:** SYST 471 or SYST 530.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Students with the terminated from VSE major attribute may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 659: Topics in Systems Engineering.** 3 credits.
Topics not covered in department’s regular systems engineering offerings. Course content may vary each semester depending on instructor and the perception of students’ needs. Offered by Systems Engr & Operations Rsch (p. 1151). May be repeated within the term for a maximum 6 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 660: Air Transportation Systems Modeling.** 3 credits.
Introduces range of current issues in air transportation, including public policy toward the industry, industry economics, system capacity, current system modeling capability, human factors considerations, safety analysis and surveillance systems, and new technological developments. Students expected to develop broad understanding of contemporary and future issues. Knowledge evaluated through class discussions, a take-home midterm exam and a term project to be completed by the end of the semester. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 660.

**Recommended Prerequisite:** SYST 460/560, or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 664: Bayesian Inference and Decision Theory.** 3 credits.
Introduces decision theory and relationship to Bayesian statistical inference. Teaches commonalities, differences between Bayesian and frequentist approaches to statistical inference, how to approach statistics problem, and how to combine data with informed expert judgment to derive useful and policy relevant conclusions. Teaches theory to develop understanding of when and how to apply Bayesian and frequentist methods; and practical procedures for inference, hypothesis testing, and developing statistical models for phenomena. Teaches fundamentals of Bayesian theory of inference, including probability as
a representation for degrees of belief, likelihood principle, use of Bayes Rule to revise beliefs based on evidence, conjugate prior distributions for common statistical models, and methods for approximating the posterior distribution. Introduces graphical models for constructing complex probability and decision models from modular components. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to CSI 674, OR 664.

Recommended Prerequisite: STAT 544, STAT 554, or equivalent.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 670: Metaheuristics for Optimization. 3 credits.
Course on the theory and practice of metaheuristics, i.e. solution search techniques for solving combinatorial optimization problems. It will introduce the theory, applications (scheduling in manufacturing, transportation, and in other engineering and service industries), and computational aspects of directly searching for solutions to solve computationally complex optimization problems without a well-defined analytical model. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 670.

Recommended Prerequisite: OR 441/541 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 671: Judgment and Choice Processing and Decision Making. 3 credits.
How do people make judgments and decisions? Course presents initial review of scientific literature directed toward answering this question, and emphasizes importance when performing decision analysis and designing systems to support judgment and decision processes. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 671.

Recommended Prerequisite: STAT 344/354, OR 542 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 674: Dynamic Programming. 3 credits.
Theory and practice of dynamic programming, i.e., optimal sequential decision making over time in the presence of uncertainties is covered. Stresses intuition, the mathematical foundations being for the most part elementary. It will introduce the theory, applications (finance, engineering, and biology), and computational aspects of dynamic programming for deterministic and stochastic problems. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 674.

Recommended Prerequisite: OR 442 or OR 542 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 675: Reliability Analysis. 3 credits.
Introduction to component and system reliability, their relationship, and problems of inference. Topics include component lifetime distributions and hazard functions, parameter estimation and hypothesis testing, life testing, accelerated life testing, system structural functions, and system maintainability. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 675.

Recommended Prerequisite: STAT 544/554, OR 542 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 680: Principles of Command, Control, Communications, Computing, and Intelligence (C4I).** 3 credits.
Broad introduction to fundamental principles of command, control, communications, computers, and intelligence (C4I). Principles and techniques applicable to wide range of civilian and military situations. Discusses modeling and simulation of combat operations. Studies in detail sensing, fusion, and situation assessment processes. Derives optimal decision-making rules; discusses concepts of C4 architectures; and develops tools to evaluate and design C4 systems such as queuing theory. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to ECE 670.

**Recommended Prerequisite:** ECE 528 or OR 542 or SYST 611 or equivalent.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 682: Space Systems Engineering.** 3 credits.
Overview of the scientific and engineering foundations of spacecraft systems and interaction among satellite subsystems. Topics include fundamentals on astrodynamics, power, communications, command and data handling, thermal management, attitude control, mechanical configuration, structures and launch systems. In addition to traditional instruction, a number of case studies and a team design project provide further breadth and exposure. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Recommended Prerequisite:** SYST 520

**Registration Restrictions:**
**Required Prerequisites:** SYST 500 and MATH 203.
- Requires minimum grade of B-.
- Requires minimum grade of B-.

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 683: Modeling, Simulation, and Gaming.** 3 credits.

**Recommended Prerequisite:** MATH 213, SYST 500 or equivalent, and graduate standing.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 687: Cybersecurity Systems Engineering.** 3 credits.
This course addresses cybersecurity from the standpoint of systems engineers. It introduces core principles for the design and management of resilient and robust systems throughout their complete lifecycle. Topics include but are not limited to lifecycle assurance of systems, risk analysis, models for secure systems development and management, gap analysis, quantitative methods for cybersecurity, and special topics in cybersecurity. The course also covers the technology and methodologies for assessing system vulnerabilities, measuring and modeling risk, reducing uncertainty in risk management, and others. Target audience consists of engineers who want to expand their skill sets to better align with the demands of current cyber security jobs, as well as those who intend to work on cyber security research. Cyber security professionals would also benefit from the course by being exposed to a systems engineering, holistic perspective on cyber security design, development, and management. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 688: Financial Systems Engineering II: Derivative Products and Risk Management.** 3 credits.
Financial engineering is a cross-disciplinary field which relies on mathematical finance, numerical methods, and computer simulations to make trading, hedging, and investment decisions, as well as facilitating the risk management of those decisions. This course will focus on risk management for both market risk and credit risk. It will cover a broad range of derivatives products and hedging strategies with emphasis on how risks are managed in financial institutions. Offered by Systems Engr
Recommended Prerequisite: OR 588 or SYST 588 or permission of instructor.

Registration Restrictions: Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

SYST 735: Advanced Stochastic Simulation. 3 credits.
Special topics and recent developments in Monte Carlo simulation methodology for discrete-event stochastic systems. Contents vary; possible topics include statistical analysis of simulation output data, random number and random variate generation, variance reduction techniques, sensitivity analysis and optimization of simulation models, distributed and parallel simulation, object-oriented simulation, and specialized applications. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 735.

Recommended Prerequisite: OR 635 or permission of instructor.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

SYST 740: Advances in Multi-Modeling. 3 credits.
Focuses on the inter-operation of multiple models expressed in different modeling languages but which draw from the same data set: i.e., multi-modeling. Socio-technical systems often require a variety of modeling tools to define their operation accurately. An ontology based approach is used to analyze the validity of a proposed modeling architecture and workflow to address a specific issue. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

Recommended Prerequisite: SYST 620 or ECE 673 or permission of instructor.

Registration Restrictions: Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading: This course is graded on the Graduate Regular scale. (p. 84)

SYST 750: Advanced Topics in Systems Engineering. 3 credits.
Advanced topics not covered in department’s regular systems engineering offerings. Course content may vary each semester depending on instructor and the perception of students’ needs. May be repeated for credit when topics are distinctly different. Offered by Systems Engr
Recommended Prerequisite: 600-level course that varies with content of course.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 763: Research Methods in Systems Engineering and Information Technology. 3 credits.
Examines alternative paradigms of scientific research and their applicability to research in information technology. Topics include fundamental elements of scientific investigation, basic principles of experimental design and statistical induction, philosophy of science and its relation to the information technology sciences, and case studies of information technology research. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 763.

Recommended Prerequisite: STAT 554, OR 542, or permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 787: Cybersecurity Systems Engineering. 3 credits.
This course addresses cybersecurity from the standpoint of systems engineers. It introduces core principles for the design and management of resilient and robust systems throughout their complete lifecycle. Topics include but are not limited to lifecycle assurance of systems, risk analysis, models for secure systems development and management, gap analysis, quantitative methods for cybersecurity, and special topics in cybersecurity. The course also covers distinct technologies for assessing system vulnerabilities, measuring and modeling risk, reducing uncertainty in risk management, and others. Target audience consists of engineers who want to expand their skill sets to better align with the demands of current cyber security jobs, as well as those who intent to work on cyber security research. Cyber security professionals would also benefit from the course by being exposed to a systems engineering, holistic perspective on cyber security design, development, and management. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

SYST 799: Master's Thesis. 1-6 credits.
Research project chosen and completed under the guidance of a graduate faculty member, which results in a technical report acceptable to a three-member faculty committee, and an oral defense. Offered by Systems Engr & Operations Rsch (p. 1151). May be repeated within the degree.

Recommended Prerequisite: 21 graduate credits and permission of instructor.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

Schedule Type: Thesis

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

800 Level Courses

SYST 842: Models of Probabilistic Reasoning. 3 credits.
Survey of alternative views about how incomplete, inconclusive, and possibly unreliable evidence might be evaluated and combined. Discusses Bayesian, Baconian, Shafer-Dempster, and Fuzzy systems for probabilistic reasoning. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit.
**Recommended Prerequisite:** STAT 544, OR 542, OR 681 or permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 850: Topics in Systems Integration Engineering.** 3 credits.
Covers lifecycles; large systems comprising heterogeneous components; human, organizational, and technological basis for integration; societal and cultural basis; conceptual frameworks; structure, function, and purpose of industry; risk management; user requirements and functional specifications; bid and proposal process; systems integration and federal government; standards; integration of systems and federations of systems; integrated process and product development; architectures; systems management and cost estimation; reengineering; quality management; increasing returns to scale, network effects, and path dependency issues; and systems integration ecology and evolutionary systems integration Notes: May be repeatable if topics are substantially different. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 944.

**Recommended Prerequisite:** SYST 510 or SYST 520.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SYST 888: Distributed Estimation and Multisensor Tracking and Fusion.** 3 credits.
Centralized and distributed estimation theory, hierarchical estimation, tracking and data association, multisensor multtarget tracking and fusion, distributed tracking in distributed sensor networks, track-to-track association and fusion, and Bayesian networks for fusion. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 888.

**Recommended Prerequisite:** ECE 734 or SYST 611.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**900 Level Courses**

**SYST 944: The Process of Discovery and Its Enhancement in Engineering Applications.** 3 credits.
Studies ingredients of imaginative reasoning as they concern efficient discovery of new ideas and valid evidential test of them. Topics include different interpretations of Peirce's theory of abductive reasoning and other forms of reasoning, Hintikka's analysis of process of inquiry, and current attempts to design systems that provide assistance in discovery-related or investigative activities. Offered by Systems Engr & Operations Rsch (p. 1151). May not be repeated for credit. Equivalent to OR 944.

**Recommended Prerequisite:** IT 842, or permission of instructor.

**Registration Restrictions:**
Enrollment is limited to Graduate level students.

Enrollment limited to students in the College of Science or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**Systems Engineering and Operations Research (SEOR)**

**700 Level Courses**

**SEOR 750: Advanced Topics in Systems Engineering and Operations Research.** 3 credits.
Advanced topics, applications, or recent developments in the interface of systems engineering and operations research. Course content may vary each semester depending on instructor and the perception of students' needs. May be repeated for credit when topics are distinctly different. Offered by Systems Engr & Operations Rsch (p. 1151). May be repeated within the degree for a maximum 12 credits.

**Recommended Prerequisite:** 600-level course.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**SEOR 796: Directed Reading and Research.** 1-3 credits.
Reading and research on specific topic in systems engineering or operations research under direction of faculty member. Offered by Systems Engr & Operations Rsch (p. 1151). May be repeated within the degree for a maximum 6 credits.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

### 900 Level Courses

**SEOR 998: Doctoral Dissertation Proposal.** 1-12 credits.
Work on research proposal that forms basis for doctoral dissertation. Notes: No more than 24 credits of SEOR 998 and 999 may be applied to doctoral degree requirements. Offered by Systems Engr & Operations Rsch (p. 1151). May be repeated within the degree.

**Registration Restrictions:**
Enrollment limited to Graduate level students.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**SEOR 999: Doctoral Dissertation.** 1-12 credits.
Formal record of commitment to doctoral dissertation research under direction of faculty member approved by SEOR Department. Offered by Systems Engr & Operations Rsch (p. 1151). May be repeated within the degree.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy.

Enrollment is limited to Graduate level students.

Enrollment limited to students in the Volgenau School of Engineering college.

**Schedule Type:** Dissertation

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

### Technology Management (TECM)

#### 600 Level Courses

**TECM 601: Business Models.** 1 credit.
Provides an introduction to high tech industries, emerging technologies and business models that are transforming technology-intensive industries such as music, financial services and healthcare. The course covers techniques for analyzing how organizations create, deliver and capture value. The students use case-based approach to analyze traditional and high-tech organizations to understand their business models, and identify causes for success and failures. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 603: IT Leadership and the Global CIO.** 1 credit.
This course provides an introduction and overview of Information Technology (IT) leadership and the role of the evolving CIO. The focus is on the global nature of the CIO position in organizations today. The relationship between the CIO and other c-level executives is examined including new positions such as the Chief Digital Officer that overlap with the CIO position. The responsibilities of the CIO in organizations in the US and abroad are explored. This course integrates with the global residency and global business perspectives course. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 611: Leadership and Change Management.** 2 credits.
Examines the critical roles and functions of leadership with special attention to how leaders influence organizational performance and manage change. Topics include providing direction, creating a culture for effectiveness, the use of power and influence, leadership development, leading under changing conditions, and leading and managing change. Offered by School of Business (p. 888). May not be repeated for credit. Equivalent to MSIS 611.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 614: Financial and Cost Accounting.** 2 credits.
Focuses on the economics and analysis of business transactions and financial reporting. Topics include an introduction to the financial reporting framework, review of how accountants measure and manage financial reporting, an introduction to cost concepts and product costing, and an analysis of capital investments and management control. Emphasis is placed on providing an analytic framework for evaluating transactions and companies. Offered by School of Business (p. 888). May not be repeated for credit. Equivalent to MSIS 614.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 620: Economics of Global Technology Management.** 1-3 credits. This course will take an economics-based approach to developing a framework for managers to use in analyzing problems and making decisions in a global business context. Emphasis will be placed on the importance of incentives and information in shaping decisions and results. Major elements to be treated include factors influencing the global demand for products and services, the nature of input-output relationships, the determinants of costs and profitability, and the global competitive environment within which firms operate. Particular attention will be directed toward the role of information-technology resources in determining organizational performance, the significant features of global markets related to information technology, and the potential for innovation to create competitive advantages. Offered by School of Business (p. 888). May not be repeated for credit. Equivalent to MSIS 620.

**Recommended Prerequisite:** Admission to Technology Management Program or permission of the program director.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 635: Decision Models for Technology Management.** 1-3 credits. Explores current metrics and metric development for quality, intangible assets, and project management as required within information technology companies. Applies statistical tools of best use with these metrics. Offered by School of Business (p. 888). May not be repeated for credit. Equivalent to MSIS 635.

**Recommended Prerequisite:** Admission to Technology Management Program or permission of the program director.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 641: Negotiation and Conflict Management.** 1-3 credits. Students acquire insights and skills for negotiation and conflict resolution as they relate to a variety of organizational situations - including teamwork, communication and coordination, power and influence, legal disputes, career development, cross-cultural and international issues, as well as tackling ethical problems. The course is highly experiential, and is built on a foundation of hands-on exercises and extensive class discussion. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 643: Managerial Finance.** 2 credits. Surveys the theory and practice of corporate financial management with specific application to the technology sector. Students develop an understanding of key elements required in the valuation of project alternatives; including their strategic importance. Students evaluate and use financial management models and gain an understanding of how finance can be employed as a source of potential competitive advantage. Offered by School of Business (p. 888). May not be repeated for credit. Equivalent to MSIS 643.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 696: Directed Studies in Technical Management.** 1-3 credits. Approval by faculty member and program director required prior to registration. Studies specialized topics in business not otherwise available in the curriculum. Offered by School of Business (p. 888). May be repeated within the degree for a maximum 3 credits.

**Recommended Prerequisite:** Admission to the TECM program or permission of the program director.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Schedule Type: Independent Study
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 697: Special Topics in Technology Management. 1-3 credits.
Sections established as necessary to focus on various topical issues that emerge in practice of business. Offered by School of Business (p. 888). May be repeated within the term for a maximum 6 credits.

Recommended Prerequisite: Admission to the TECM program or permission of the program director.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

700 Level Courses

TECM 702: Building High Performance Global Teams. 2 credits.
This course seeks to deepen your understanding of human behavior in organizations and to improve your ability to manage human capital from a global business perspective. Topics include effective managerial learning, problem solving, decision making, building and maintaining effective work relationships, building and leading teams, and motivating and evaluating performance from a cultural and international business context. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students with a major in Professional Studies(Tech Mgt) or Technology Management.

Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Special scale. (p. 84)

TECM 711: Deriving Strategic Value from IT Investments. 2 credits.
Reviews approaches for aligning IT strategy and investment with organizational strategy. The course covers methodologies for IT investment, planning and control including cost benefit, economic and risk analysis; benefits of alternative IT investments; methods of technology road mapping; and capital investment analysis. IT performance assessment methodologies and acquisition planning and design, are also reviewed. Offered by School of Business (p. 888). May not be repeated for credit. Equivalent to MSIS 711.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 720: Competitive Strategy in Technology Industries. 2 credits.
Provides students with an understanding of the impact of information technology on firms and industries and equips them to develop and execute appropriate strategies. Although the emphasis is on information technology firms and industries, a key goal of the course is to better prepare students to respond to a diverse array of information technology challenges. Course work covers the demand and the supply side of information technology, as well as the development of frameworks and analytical tools to help put events, behaviors, and processes into understandable contexts. Offered by School of Business (p. 888). May not be repeated for credit.

Recommended Prerequisite: Admission to Technology Management Program or permission of the program director. TECM 615 and 620.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 721: Digital Transformation. 1-3 credits.
This course will focus on understanding IT strategy and the alignment to business strategy and current digital transformation initiatives. Digital transformation represents a major initiative for most companies and requires considerable organizational change over time. Many companies have hired Chief Digital Officers to lead this effort in companies. This course will provide industry perspectives on digital transformation trends and competitive implications. Industry examples and company strategies will be examined. Students will learn the skills to set a vision, develop a
strategy, and execute a plan for digital transformation for an organization. This course is designed around industry perspectives with experts on digital transformation across industries participating in the classes. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 735:** Technology Management Capstone Project. 0 credits.
Teams undertake a strategic evaluation and plan for IT-driven business initiatives. Presentation includes analysis of competitive forces and the value chain; recommendations, including changes in goals and organizational design; plan of action integrating marketing, human resource development, organizational design, finance, and information technology; and implementation plan using theories of communication and change management, to include business case and business plan. Offered by School of Business (p. 888). May not be repeated for credit. Equivalent to MSIS 735.

**Recommended Prerequisite:** Admission to Technology Management Program or permission of the program director.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**TECM 745:** Leading and Managing IT Operations. 2 credits.
Explores best practices in the IT industry. Students analyze practices in terms of gaining competitive advantage in an industry where the scarcity economic model for products no longer applies. Course work focuses on leading an organization with the IT function. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to students with a major in Professional Studies(Tech Mgt) or Technology Management.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TECM 746:** Enterprise Architecture and IT Governance. 2 credits.
Examines the operational, financial and strategic considerations of leading enterprise architecture and reviews the historical development of enterprise architecture. Major enterprise architecture frameworks including Zachman and TOGAF are examined. The relationship of enterprise architecture to IT governance, approaches to IT governance and the role of the CIO, and the relationship of IT governance to organizational performance, are also discussed. Offered by School of Business (p. 888). May not be repeated for credit.

**Registration Restrictions:**
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
Register Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 747: Information Assurance and Security Management. 2 credits.
Addresses the increasingly critical areas of information security and information assurance. Specific focus is on best practices for assessment, planning and management of information security strategy, policy, organizations and controls to minimize the risks pertaining to unauthorized use, processing, storage, and communication of digital information. Pertinent legislation and policy requirements are also covered. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 749: Developing and Emerging Technologies. 1–3 credits.
This course will focus on an understanding of the current technology landscape of emerging technologies and technologies that are moving into the maturing phase. It is essential that IT leaders keep abreast of the latest technologies and understand the implications for industries, the workplace, and society. Emerging technologies can be disruptive to business as usual and understanding the business implications early is crucial for success. The course is designed around industry perspectives with experts on various technologies participating in the classes. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to students for a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 750: Global Technology Management. 1–3 credits.
Provides the opportunity for students to spend a week in a country or countries that are leading edge in technology and technology management. Students visit corporations and governments and interact with corporate and IT executives, and government leaders. Topics include CIO and eGovernment, commercialization of emerging technologies, national competitiveness, international development, global supply chains and virtual teams. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 752: Global Technology Management. 1–3 credits.
Provides the opportunity for students to spend a week in a country or countries that are leading edge in technology and technology management. Students visit corporations and governments and interact with corporate and IT executives, and government leaders. Topics include CIO and eGovernment, commercialization of emerging technologies, national competitiveness, international development, global supply chains and virtual teams. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 753: Global Leadership Perspectives. 1–3 credits.
This course will focus on understanding global dimensions of doing business across borders that IT leaders need to understand to conduct their business successfully. It has become essential that IT leaders understand the political, legal, economic, social, and technological issues that impact business operations in other countries. Global supply chains and integration of technology through global networks require an understanding of global operations, differences in negotiating contracts, and importance of establishing relationships. Understanding differences and similarities in developing and emerging markets is key to reverse innovation success in these markets. This course is designed around industry perspectives with various experts on global topics participating in the classes. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 760: CIO Applied Project. 1–3 credits.
This course represents the applied project for the CIO Certificate. Students will develop a strategic IT project that addresses an IT issue that impacts business operations in other countries. Global supply chains and integration of technology through global networks require an understanding of global operations, differences in negotiating contracts, and importance of establishing relationships. Understanding differences and similarities in developing and emerging markets is key to reverse innovation success in these markets. This course is designed around industry perspectives with various experts on global topics participating in the classes. Offered by School of Business (p. 888). May not be repeated for credit.

Registration Restrictions:
Required Prerequisites: TECM 602B, 620B, 702B, 752B, and 763B.
B- Requires minimum grade of B.

Enrollment is limited to students with a major in Technology Management.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Fieldwork

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TECM 761: Global IT Leadership Applied Project. 1–3 credits.
This course is a Global IT applied project that intersects with a specific company need and student team interest. Students will work in teams to complete a project that relates to global IT management and provides value to the company undertaking the project. Projects may focus on global reverse innovation strategies, global expansion strategies, merger and acquisition strategies across borders, or other project that has a
substantial IT component that IT leaders might encounter. Students will present their recommendations to representatives of the company and/or faculty and others from the business community. Offered by School of Business (p. 888). May be repeated within the term for a maximum 3 credits.

**Registration Restrictions:**
**Required Prerequisites:** TCOM 602\(^B\), 620\(^B\), 702\(^B\) and 752\(^B\).
- \(^B\) Requires minimum grade of B-.

Enrollment is limited to students with a major in Global IT Leadership or Technology Management.

Enrollment is limited to Graduate level students.

**Schedule Type:** Fieldwork

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 762:** IT Strategy and Digital Transformation Applied Project. 1-3 credits.
This course represents the applied project for the IT Strategy and Digital Transformation Certificate. Students will work in teams to develop a digital transformation strategy for a company. Company representatives will work with students to develop the strategy based on requirements of the company that may be comprehensive or focus on a particular domain such as customer experience. Prior course work provides the foundation and skills for students to complete this applied project. Students will present their recommendations to representatives of the company and/or faculty and others from the business community. Offered by School of Business (p. 888). May be repeated within the term for a maximum 3 credits.

**Registration Restrictions:**
**Required Prerequisites:** TCOM 602\(^B\), 620\(^B\), 702\(^B\) and 752\(^B\).
- \(^B\) Requires minimum grade of B-.

Enrollment is limited to students with a major in Global IT Leadership or Technology Management.

Enrollment is limited to Graduate level students.

**Schedule Type:** Fieldwork

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**Telecommunications (TCOM)**

**500 Level Courses**

**TCOM 500:** Modern Telecommunications. 3 credits.
Comprehensive overview of telecommunications, including current status and future directions. Topics include review of evolution of telecommunications; voice and data services; basics of signals and noise, digital transmission, network architecture and protocols; local area, metropolitan and wide area networks and narrow band ISDN; asynchronous transfer mode and broadband ISDN; and satellite systems, optical communications, cellular radio, personal communication systems, and multimedia services. Examples of real-life networks illustrate basic concepts and offer further insight. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 575, or equivalent.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 514:** Basic Switching: Lecture and Laboratory Course. 3 credits.
Basic switching techniques and protocols for low and high-speed digital packet networks (Ethernet, Frame Relay, ATM, X.25) are taught within a half semester lecture series, followed by hands-on laboratory for remainder of semester. Real-life scenarios taught in the laboratory element through exercises that involve configuring switches and routers. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 530.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 515:** Internet Protocol Routing: Lecture and Laboratory Course. 3 credits.
Internet Protocol (IP) routing overview; static routing; dynamic routing; default routing; access lists; route redistribution; RIP, OSPF, IGRP, EIGRP, IS-IS, and BGP protocols submitted for comment. Real-life scenarios taught in laboratory element through exercises that involve configuring routers as network elements. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 535.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.
Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 521: Systems Engineering for Telecommunications Management.** 3 credits.
Advanced software principles, techniques, and processes for designing and implementing complex telecommunication systems. Planning and implementation of telecommunications systems from strategic planning through requirements, initial analysis, general feasibility study, structured analysis, detailed analysis, logical design, and implementation. Current system documentation through use of classical and structured tools and techniques for describing flows, data flows, data structures, file designs, input and output designs, and program specifications. Practical experience gained through project. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 500.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 530: Data Communications Fundamentals.** 3 credits.
Covers the foundations of modern data communications. The lower layers of the OSI reference model are discussed with an emphasis on the data link and the network layers. Concepts are illustrated by drawing examples from important data networks ranging from local are networks to the Internet. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 535: The TCP/IP Suite of Internet Protocols.** 3 credits.

**Recommended Prerequisite:** TCOM 530.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 547: Project Management in Telecommunications.** 3 credits.
Develops integrated approach to managing major telecommunications project; evaluates and uses tools and software for project management, with specific goals of containing costs and time overruns; introduces elements for resolving conflict resolution and applying motivation within project team, and gaining the ability to monitor and control projects in changing environment; develops understanding of unique attributes of major telecommunications systems such as interoperability requirements and international technical standards. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 551: Digital Communication Systems.** 3 credits.
Digital transmission of data, voice, and video. Covers signal digitization; modulation and demodulation; error correction coding; multiple access methods; multiplexing; synchronization; channel equalization; frequency spreading; encryption; transmission codes; digital transmission using bandwidth compression techniques; elements of information theory; and development of link budget evaluation such as system noise temperature, Nyquist filter concepts, antenna gain, and filter bandwidth. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.
Recommended Prerequisite: TCOM 500.

Registration Restrictions:
Enrollment restricted to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TCOM 552: Introduction to Mobile Communications Systems. 3 credits.
Introduces mobile communication system design and analysis. Topics include mobile communication channel, access and mobility control, mobile network architectures, connection to fixed network, and signaling protocols for mobile communication systems. Offers examples of mobile communication systems including panEuropean GSM system, North American DAMPS system, and Personal Communication Systems. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

Recommended Prerequisite: TCOM 500, TCOM 551.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TCOM 561: Security, Privacy, and Applied Cryptography for Telecommunications. 3 credits.
Introduces the full spectrum of network security. Topics include taxonomy such as language commonality in incident handling, national strategy for secure cyberspace, and cybersecurity organizations; organizational structure for network defense; best practices, security policy, and threats; actors and tools, countermeasures, vulnerability identification/correction, intrusion detection, and impact assessment; firewalls and intrusion detection systems; antivirus software; active defense; disaster recovery; and law enforcement and privacy issues. Reviews threats and vulnerabilities in network systems based on reports, case studies available in the literature, and actual experience. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

Recommended Prerequisite: TCOM 500 and TCOM 530.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TCOM 598: Independent Study in Telecommunications. 1.5-3 credits.
Directed self-study of special topics in telecommunications that relate to
specialty modules 1, 2, and 3. Topics must be arranged with instructor
and approved by program director before registering. Notes: May be taken
for either 1.5 credits or 3.0 credits in fall and spring semesters. No more
than total 6 credits may be taken from combination of TCOM 598, 599,
696, and 697 courses for credit in TCOM program. Offered by Electrical &
Comp. Engineering (p. 1086). May be repeated within the degree for a
maximum 6 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of
Policy and Gov or Volgenau School of Engineering colleges.

Schedule Type: Independent Study

Grading:
This course is graded on the Graduate Special scale. (p. 84)

600 Level Courses

TCOM 606: Advanced Mobile Communications Systems. 3 credits.
Introduction to post-second generation cellular systems; benefits and
features of third-generation (3G) systems and personal communications
services (PCS); review of air interface standards and transmission
technologies for mobile and quasi-stationary wireless systems, including
cellular networks, satellite networks, indoor systems (Wi-Fi, Personal
Local Area Networks, Orthogonal Frequency Multiplexing, Ultra Wide
Band technologies); review of network control strategies; investigation
of user authentication, privacy, and data and voice encryption aspects.
Evolving technology, analysis of competing multiple access methods,
transition plans, and backward compatibility between 2G, 21/2 G, 3G,
and future systems, with possible fallback plans. Offered by Electrical &
Comp. Engineering (p. 1086). May not be repeated for credit.

Recommended Prerequisite: TCOM 552.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of
Policy and Gov or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TCOM 607: Satellite Communications. 3 credits.
Topics include introduction to satellite communications systems;
historical aspects; orbital mechanics and launchers; satellite
components such as payload, orbital maneuvering systems, cooling
systems, and antennas; look angle predictions; link budget; overall
link design; multiple access such as TDMA, CDMA, ALOHA, TDMA, and
MFTDMA; error control for digital satellite links; propagation effects on
satellite links; elements of VSAT systems and nongeostationary satellite
systems; and direct broadcast satellite services. Offered by Electrical &
Comp. Engineering (p. 1086). May not be repeated for credit.

Recommended Prerequisite: TCOM 551.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of
Policy and Gov or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TCOM 608: Optical Communications Systems. 3 credits.
Introduction and Overview of Optical Fiber Communications Systems
and Optical Communication Networks. Specific topics include Optical
Resonators; Photons and Matter, Lasers, Photons in Semiconductors;
Semiconductor Photon Sources and Detectors; Light Emitting Diodes;
Modulation of Optical Signals; Optoelectronic Networks; FDDI, Fiber
channel, SONET, SDH, Ethernet on Optical Networks; Wavelength Division
Multiplexing (WDM) networks; Basics of Fiber Optic System Design.
Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated
for credit.

Recommended Prerequisite: TCOM 500.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy,
Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level
students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of
Policy and Gov or Volgenau School of Engineering colleges.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TCOM 609: Interior Gateway Protocol (IGP) Routing. 3 credits.
Discusses development of Interior Gateway Protocols, including
standards documents; interaction between various interior and exterior
gateway protocols; design procedures and implementation aspects; field
trial issues; and analysis of latest RFC information posted on IETF web
site. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 515 and TCOM 535, or equivalent.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 610:** *Border Gateway Protocol (BGP) Routing*. 3 credits.
Discusses development of Border Gateway Protocol and its application in today's Internet routing architecture. Covers evolution of Internet, BGP routing standard specifications (RFCs), interaction between various routing protocols, network BGP routing design principals and procedures for enterprise and ISP networks, BGP's real-world implementation and configuration syntax, network scalability and convergence issues, and the latest extension and proposals for new standards. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 509 and TCOM 515, or equivalent.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 611:** *Multi-Protocol Label Switching (MPLS)*. 3 credits.
Develops full understanding of Multi-Protocol Label Switching (MPLS) theory, technology, and implementation aspects through detailed analysis of MPLS routing concepts and protocol stacks, and completion of major project to reinforce understanding of MPLS. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 609 or 610

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 614:** *Advanced Routing Lab*. 3 credits.
Covers the principles and theory of Multiprotocol Label Switching (MPLS). Topics include MPLS Architecture, Label Distribution Protocols, MPLS Virtual Private Network, MPLS traffic engineering, Any Transport over MPLS (AToM), and Quality of Service (QoS). The class is interleaved with hands-on labs, detailing how to implement and troubleshoot MPLS and its applications. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 535 and (TCOM 514 or TCOM 515)

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 616:** *Scalable Network Architecture*. 3 credits.
Covers concepts and protocols associated with designing highly available and scalable networks on the cloud. Topics include server class operating systems and their application in Internet and enterprise deployments, techniques used to support an enterprise cloud network, networking in virtualized environments and fundamentals of cloud computing. Course also includes exercises and lab work that applies concepts learned throughout the course. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 514, TCOM 515 and TCOM 535

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Laboratory, Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 617:** *Enterprise Network Architecture*. 3 credits.
Cover various advanced technologies used in ensuring quality for critical business applications and cost-effective solutions for providing both secure and non-secure communication across a public infrastructure. Topics covered include Quality of Service Performance Routing (PFR), IPSec Virtual Private Networks (VPNs), and Data Center Interconnect (DCI). Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 535

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 631:** Voice Over IP. 3 credits.

Presents the protocols used for transporting voice over Packet Switched Network. Topics include: Signaling basics; Topics; VoIP Network Scenarios and Connection Strategies; Communication Protocols: RTP, RTCP; VoIP Decomposition; Performance and quality metrics for VoIP; VoIP Signaling Protocols: H.323, SIP, SS7; Softswitches: architecture, functionality, application; VoIP-PSTN integration and migration; VOIP Quality and QoS; VoIP Security: Vulnerabilities, remedies; NextGen VoIP. VoIP Mobility, Equipment, Voice XML, IMS; Future of VoIP. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 535.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 653:** Global Positioning System (GPS). 3 credits.

**Recommended Prerequisite:** TCOM 500.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 660:** Network Forensics. 3 credits.

Deals with collection, preservation, and analysis of network-generated digital evidence so it can be successfully presented in civil or criminal court of law. Examines relevant federal laws and private sector applications. Examines capture/intercept of digital evidence, analysis of audit trails, recordation of running processes, and reporting of such information. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit. Equivalent to CFRS 660.

**Recommended Prerequisite:** TCOM 535, and working knowledge of computer programming.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 661:** Digital Media Forensics. 3 credits.

Covers the collection, preservation, and analysis of digital media such that the evidence can be successfully presented in a court of law (both civil and criminal). The relevant federal laws and private sector applications will be examined, as well as the seizure, preservation, and analysis of digital media. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit. Equivalent to CFRS 661.

**Recommended Prerequisite:** CFRS 510 and a working knowledge of computer operating systems (e.g. CYSE 211, IT 342, or equivalent).

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the following colleges:

- College of Science
- Schar School of Policy and Gov
- School of Business
- Volgenau School of Engineering

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
TCOM 662: Advanced Secure Networking. 3 credits. Advanced technologies in network security that can be applied to enhance enterprise and ISP’s network security. Covers network perimeter defense concept and various components for complete layered defense system. Examines each component and its technologies, including TCP/IP protocol vulnerabilities, router access control list (ACL), dynamic ACL, firewall, network address translation (NAT), virtual private network (VPN), IPSec tunnels, intrusion detection system (IDS), routing protocol security, denial-of-service (DOS) attack, DOS detection and mitigation techniques. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** TCOM 535 and TCOM 562, and a working knowledge of network routing protocols.

**Registration Restrictions:** Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:** This course is graded on the Graduate Regular scale. (p. 84)

TCOM 663: Operations of Intrusion Detection for Forensics. 3 credits. Introduces students to network and computer intrusion detection and its relation to forensics. Addresses intrusion detection architecture, system types, packet analysis, and products. Presents advanced intrusion detection topics such as intrusion prevention and active response, decoy systems, alert correlation, data mining, and proactive forensics. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit. Equivalent to CFRS 663.

**Recommended Prerequisite:** TCOM 535 and a working knowledge of computer programming.

**Registration Restrictions:** Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:** This course is graded on the Graduate Regular scale. (p. 84)

TCOM 690: Advanced Topics in Telecommunications. 3 credits. Advanced topics from recent developments and applications in various engineering disciplines in specialty modules 1, 2, and 3 of TCOM program. Advanced topics chosen so that they do not duplicate existing TCOM courses. Active participation of students encouraged in form of writing and presenting papers in various research areas of advanced topic. Enhances professional engineering community’s understanding of breakthrough developments in specific areas. Offered by Electrical & Comp. Engineering (p. 1086). May be repeated within the term for a maximum 9 credits.

**Recommended Prerequisite:** Permission of instructor; specific prerequisites vary.

**Registration Restrictions:** Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:** This course is graded on the Graduate Regular scale. (p. 84)

TCOM 696: Independent Reading and Research. 1.5-3 credits. Study of selected area in specialty modules 1, 2, or 3 under supervision of faculty member. Written report required. Notes: No more than total of 6 credits may be taken from combination of TCOM 598, 599, 696, and 697 for credit in TCOM program. Offered by Electrical & Comp. Engineering (p. 1086). May be repeated within the degree for a maximum 6 credits.

**Registration Restrictions:** Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Independent Study

**Grading:**

This course is graded on the Graduate Special scale. (p. 84)

**TCOM 698:** **Telecommunications Projects Course.** 3 credits.

To be taken toward end of degree program within any of modules 1, 2, or 3. Primary activity is completing major applied project, preferably with group of two to three people. Secondary goal is consolidating training before graduation so that, in some cases, it may act as capstone course. Students and outside telecommunication industry managers present ideas for projects and, through grouping of students, new skills and approaches may be learned. Some class time used for discussion of projects, either to monitor progress or explore alternative approaches. Readings, class-time discussion of current trends, difficulties, and new opportunities for industry most relevant to module. Concludes with presentations of projects to department faculty. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** Graduate standing with at least 18 credits or permission of department.

**Registration Restrictions:**

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Graduate Regular scale. (p. 84)

**TCOM 750:** **Coordinating Seminar.** 3 credits.

Open only to students in MA or MS in telecommunications programs with at least 18 credits of course work prior to registration. Topics include specific telecommunications problems in management, law, engineering, education, and communications. Focuses on ways a problem in one area can create or solve a problem in other areas. Offered by Electrical & Comp. Engineering (p. 1086). May not be repeated for credit.

**Recommended Prerequisite:** Open only to students in the MA or MS in telecommunications programs with at least 18 credit hours of course work prior to registration.

**Registration Restrictions:**

Enrollment limited to students with a major in Telecommunications or Telecommunications.

Enrollment is limited to Graduate or Non-Degree level students.

**Recommended Prerequisite:** Open only to students with a major in Telecommunications or Telecommunications.

**Registration Restrictions:**

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may **not** enroll.

Enrollment limited to students in the College of Science, Schar School of Policy and Gov or Volgenau School of Engineering colleges.

**Schedule Type:** Laboratory

**Grading:**

This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 101:** **Theatrical Medium.** 3 credits.

Theater from the inside workings of production to informed and lively engagement with the art. Enhances an understanding of the nature of theater in society. Offered by Theatre (p. 878). Limited to three attempts.

**Mason Core:** Arts (p. 142)

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 150:** **Greeks to Restoration.** 3 credits.

Examines the development of Western drama and the collective art of theater from its beginnings through Shakespeare. Considers readings in dramatic literature and history of theater in social and cultural contexts. Offered by Theatre (p. 878). Limited to three attempts.

**Mason Core:** Arts (p. 142)

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 151:** **Romanticism to Present.** 3 credits.

Considers readings in dramatic literature and history of western theater in social and cultural contexts from the romantic period to present day. Offered by Theatre (p. 878). Limited to three attempts.

**Mason Core:** Arts (p. 142)

**Schedule Type:** Lecture

**Grading:**

This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 191:** **Theater Support/Engagement.** 0 credits.

Each semester, registered students complete four activities in support of the School of Theater. To graduate as a Theater major, students must complete 4 semesters of the course. Offered by Theatre (p. 878). May be repeated within the term for a maximum 12 credits.

**Schedule Type:** Laboratory

**Grading:**

This course is graded on the Satisfactory/No Credit scale. (p. 84)

**THR 196:** **Performance or Design Practicum.** 1 credit.

Academic credit awarded for satisfactory completion of a minimum of 30 hours of assignment on a Mason Player production. Assignments include performance, design, and stage management. Open to all Theater majors, theater minors, and non-majors. Notes: Successful completion of this
course is required to earn a Theater degree. Offered by Theatre (p. 878)
Limited to three attempts.

**Schedule Type:** Studio

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**THR 197:** Stage or Literary Practicum. 1 credit.
Academic credit awarded for satisfactory completion of a minimum of 30 hours of assignment on a Mason Players production. Positions include directing, dramaturgy, and leadership in technical productions. Open to all theater majors, theater minors, and non-majors. Notes: Successful completion of this course is required to earn a Theater degree. Offered by Theatre (p. 878). Limited to three attempts.

**Schedule Type:** Studio

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**THR 198:** Theatrical Construction Practicum. 1 credit.
Academic credit awarded for satisfactory completion of a minimum of 30 hours of participation on a Mason Players production. Areas include scenery construction, scene painting, costume construction, props and other technical assignments. Theater majors, theater minors, and non-majors welcomed. Notes: Successful completion of this course is required to earn a Theater degree. Recommended for freshman Theater majors, first year transfers, and new Theater majors. Contact School of Theater for CRN. Offered by Theatre (p. 878). Limited to three attempts.

**Schedule Type:** Laboratory

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**THR 199:** Production Run Crew Practicum. 1 credit.
Academic credit awarded for satisfactory completion of a minimum of 30 hours of assignment on a Mason Players production. Assignments include run crew, light board operator, sound board operator, wardrobe, and fly crew. Theater majors, theater minors, and non-majors welcomed. Notes: Successful completion of this course is required to earn a Theater degree. Recommended for freshman Theater majors, first year transfers, and new Theater majors. Contact School of Theater for CRN. Offered by Theatre (p. 878). Limited to three attempts.

**Schedule Type:** Laboratory

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**200 Level Courses**

**THR 200:** Play Production Practicum. 1 credit.
Academic credit is awarded for satisfactory completion of a minimum of 30 hours of assignment on a Mason Players production. Students who have completed THR 196, THR 197, THR 198, and THR 199 may register for THR 200 to receive credit for their participation on additional productions. Offered by Theatre (p. 878). May be repeated within the term for a maximum 8 credits.

**Schedule Type:** Laboratory

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)

**THR 201:** Stage Management. 3 credits.
Introduction to the fundamentals of stage management and the stage manager’s role for production. Learn and develop the organizational skills of running and maintaining a production with emphasis on skillful methods in communication and problem solving. Analyzes text from a Stage Manager’s perspective. Requirements include creating a stage manager prompt book containing important show documents. Offered by Theatre (p. 878). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 210:** Acting I. 3 credits.
Students practice contemporary acting techniques individually and in a group. Promotes and develops performance and practical communication skills. Attend theatrical productions, and respond to those experiences. Offered by Theatre (p. 878). Limited to three attempts.

**Mason Core:** Arts (p. 142)

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 230:** Fundamentals of Production. 3 credits.
Students explore current production practices in scenery, costumes, lighting, and sound through classroom and hands on experience. Concepts and skills acquired in this class may be applied in theater, film, dance, game design, art, corporate events, and architecture. Lab hours include work on live performances. Offered by Theatre (p. 878). Limited to three attempts.

**Mason Core:** Arts (p. 142)

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**300 Level Courses**

**THR 300:** Voice and Speech. 3 credits.
For performers, presenters, and anyone wishing to improve their speaking voice. Basic techniques in breathing, vocal production, and articulation. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 210 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 301:** Advanced Study in Voice. 3 credits.
Addresses various topics in technique of vocal production for the actor with an emphasis on playing characters for stage, radio, voice-over, and screen. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 9 credits.

**Recommended Prerequisite:** THR 300 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 303: Movement for Actors.** 3 credits.
Develops the physical aspect of the actor’s instrument emphasizing free and responsive expression of impulse and intention, as well as character development and visual storytelling. Offered by Theatre (p. 878). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 304: Advanced Movement for Actors.** 3 credits.
Advanced work in physical expression, for character development. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 305: Unarmed Stage Combat.** 3 credits.
Studies safe, effective techniques for performing violence for stage and screen. Emphasizes acting the fight, safety, and storytelling. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 210 and 310 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 306: Movement in Musical Theater.** 3 credits.
Students will explore and perform Movement for Musical Theater to include both character development and choreography. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

**Registration Restrictions:**
Enrollment is limited to students with a major in Arts Management, Art and Visual Technology, Dance, Film and Video Studies, Computer Game Design, Music or Theatre.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 310: Acting I.** 3 credits.
Depends on existing skills in observation, sense memory, relaxation, and improvisation. Students learn variety of methods for scene preparation to apply to their own acting process. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 210 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 311: Acting II.** 3 credits.
Practical and theoretical instruction on becoming theatrical electrician. Includes ideas on workplace safety, basic electrical procedures, theatrical electrical production, integrating with other theater professionals, and professionalism. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 210 or permission of instructor.

**Recommended Corequisite:** THR 200.

**Schedule Type:** Studio

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 312: Scene Painting.** 3 credits.
A theoretical and practical study of event technology. The course will include specifications, layout installation techniques and operation of sound systems, lighting systems and video systems for event industry sectors. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 313: Scene Technical Production.** 3 credits.
Students experience the art and craft of scene painting with the goal of translating design elevations into paint on muslin. Students learn fundamental scene painting techniques and how to use them in combinations to create portraits, murals, landscapes, and textures. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Studio

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**THR 314: Lighting Stagecraft.** 3 credits.
Builds on existing skills in observation, sense memory, relaxation, and improvisation. Students learn variety of methods for scene preparation to apply to their own acting process. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Recommended Corequisite:** THR 200.

**Schedule Type:** Studio

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)
THR 321: *Acting Shakespeare*. 3 credits.
Develops understanding of challenges of performing Shakespeare by building on body of acting skills and knowledge. Focuses on how structure of language in plays reflects, reveals, and expresses character's emotional life. Students use detailed script analysis, expansion of vocal range, and use of actions and objectives to achieve experience of transforming Shakespeare's language into powerful theatrical expressions. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 210 and 310 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 329: *Directing*. 3 credits.
Introduces process for directing through text analysis, rehearsal and staging techniques, and collaborative development of production idea. Students direct and apply concepts to develop a critical and productive perspective. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 150, 151, THR 210, THR 350, or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 330: *Seminar in Technical Theater*. 3 credits.
Offered periodically; addresses selected topic in design or technical theater on advanced level. Offered by Theatre (p. 878). May be repeated within the term for a maximum 24 credits.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 331: *Drafting and Model Making*. 3 credits.
Studies conventions and techniques of drafting and model making as methods of communication in the theatrical production process. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 332: *History of Fashion and Dress*. 3 credits.
Explores evolution of silhouette, color, fabric, accessories, and make-up appropriate to development of clothing during specific historical eras. Offers broader understanding of sociological context influencing Western dress. Notes: May be repeated if specific course content differs. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 333: *Scenic Design*. 3 credits.
Fundamentals of creating, developing, and communicating design idea through sketches, plans, rendering, or models. Analysis of text from designer's perspective. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 334: *Lighting Design*. 3 credits.
Introduces the fundamentals of lighting design, including research, paperwork communication, and technology for lighting. Topics include the controllable qualities of light, basic terminology, equipment, personnel and procedures. Learn to see light and develop a shared vocabulary for describing light and the process. Analyzes texts from designer's perspective. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 335: *Costume Design*. 3 credits.
Project-oriented class emphasizing the art and process of designing costumes for the stage and screen, including historical period, script analysis, design concepts, color theory, and costume rendering. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 336: *Technical Direction*. 3 credits.
Analyze scenic units for construction including building techniques, material choices, hardware, stage rigging, and budget estimates. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 337: *Sound Design*. 3 credits.
Study theory and practice of sound design for theater and the entertainment industry. Offered by Theatre (p. 878). Limited to three attempts.

**Recommended Prerequisite:** THR 230 or permission of instructor.

**Schedule Type:** Studio

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)
THR 339: Principles of Design. 3 credits.
Introduction to the principles of theatrical design. Course explores various design responsibilities and methods to create visual images for the stage through script analysis, research, and production team collaboration. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 230 or permission of instructor.

Schedule Type: Studio
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 340: Advanced Studies in Directing. 3 credits.
Expands directing techniques through staging extended scenes or one-act plays. Emphasizes collaborative process and production organization. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: THR 329 or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 341: Puppetry. 3 credits.
Project-oriented class emphasizing puppetry, and experiments with building and performance styles, through Original work. Offered by Theatre (p. 878). May be repeated within the term for a maximum 9 credits.

Recommended Prerequisite: THR 150 or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 342: Makeup Design. 3 credits.
Project-oriented class emphasizing makeup for different performance spaces, character age analysis, facial anatomy, and specialized application for theater, opera, dance, film, and television. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 230 or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 343: Costume Technology. 3 credits.
This course focuses on methods of costume construction. Lectures and demonstrations will address patterning, cutting, and sewing. The class will include hands-on lab activities. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 230 or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 344: World Stages. 3 credits.
Introduces variety of theatrical traditions and performance theories from around the world, with special emphasis on those not covered in introductory Western drama survey courses, 150 and 151. Students read and discuss dramatic texts, performance theory, and video clips to understand variety of theatrical traditions in cultural and historical contexts. Requirements include two team presentations (taking turns as writer and presenter), one midterm paper, and one solo presentation with accompanying paper. Offered by Theatre (p. 878). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 345: Script Analysis. 3 credits.
Critical analysis of dramatic literature as preparation for production and performance. Examination of plot, character, theme, audience impact, and cultural context, and the transformation of intellectual ideas into physical theatrical production elements. Offered by Theatre (p. 878). Limited to three attempts.

Specialized Designation: Writing Intensive in Major

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 351: Dramatic Theory and Criticism. 3 credits.
Chronological study of development of dramatic theory and criticism from Plato and Aristotle through modern movements. Students read plays, theoretical works, and critical responses, and write original criticism of performances or texts. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 150 or permission of instructor.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 352: Dramatic Literature Seminar. 3 credits.
Rotating topic. Intensive study of particular topic, period, or genre in dramatic literature. Notes: May be repeated if specific course content differs. Offered by Theatre (p. 878). May be repeated within the term for a maximum 9 credits.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 355: Moral Vision in American Theater. 3 credits.
Examines vision of American society created and presented in contemporary American theater. Subject defined as "moral" vision because focus is on how we perceive ourselves in relation to others and society's value standards. Perspectives include sociology, theory of culture, practical theater craft, and literary criticism. Features plays by range of American playwrights. Offered by Theatre (p. 878). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 359: World Stages. 3 credits.
Introduces variety of theatrical traditions and performance theories from around the world, with special emphasis on those not covered in introductory Western drama survey courses, 150 and 151. Students read and discuss dramatic texts, performance theory, and video clips to understand variety of theatrical traditions in cultural and historical contexts. Requirements include two team presentations (taking turns as writer and presenter), one midterm paper, and one solo presentation with accompanying paper. Offered by Theatre (p. 878). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
THR 365: Characterization. 3 credits.
Explores method and approach of understanding and creating characters for theater modeled on people from personal experience and observation, imagination, dreams, and other media. Transforms that information into detailed, specific, and vivid physical manifestations. Through presentations of characters drawn from personal experience, students shift understanding of characterization from "outward directed" physical adjustments to physical characteristics and personality character traits that are immediate, familiar, and completely realized from "inner driven" connections to their own lives. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 210.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 380: Playwriting I. 3 credits.
Exposure to principles of dramatic writing, including character, plot, dramatic structure, dialogue, exposition, setting, and creating theatrical images using examples from plays, screenplays, and students' own work. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 381: Playwriting II. 3 credits.
Intensive continuation of work begun in THR 380. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: THR 380 or permission of instructor.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 382: Screenplay Workshop. 3 credits.
Studies screenwriting as dramatic form of 20th, 21st centuries. Explores story, plot structure, three act-structures, mythic structures, fundamental story patterns, character, thinking, and writing visually. Offered by Theatre (p. 878). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 395: Theater as the Life of the Mind. 3 credits.
Traces four subjects (battle of the sexes, good gifts, cyclical tragedy, and eschatology) from ancient theater to contemporary plays, television, and movies, using literary criticism, history, political theory, comparative religion, sociology, and anthropology. Offered by Theatre (p. 878). Limited to three attempts.

Mason Core: Arts (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

THR 401: Professional Presentation. 3 credits.
Examines persuasive communication, with an emphasis on making presentations and addressing groups, both large and small. Hones the ability to project a personal passion while communicating information about any discipline to general audiences. Offered by Theatre (p. 878). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 405: Advanced Stage Combat. 3 credits.
Armed Stage Combat techniques are explored, unarmed techniques solidified, and advanced choreography mastered in this study of safe and effective theatrical storytelling through violence for Stage and Screen appropriate towards national certification as Actor-Combatant. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 9 credits.

Recommended Prerequisite: THR 305 or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 410: Acting for the Camera. 3 credits.
Designed for students with a strong interest in pursuing a professional career in acting and is focused primarily on the particular techniques for screen acting in film and television. Offered by Theatre (p. 878). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: THR 310C.
C Requires minimum grade of C.

Enrollment is limited to students with a major, minor, or concentration in Theatre.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 411: Great Film Directors. 3 credits.
Students view and analyze films in order to explore important film genres and examine influential directors. Offered by Theatre (p. 878). Limited to three attempts.

Mason Core: Arts (p. 142)

Recommended Prerequisite: Sophomore standing (30 credit hours completed).

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 412: Great Film Performances. 3 credits.
Students view and analyze films in order to examine the development and evolution of film acting. Offered by Theatre (p. 878). Limited to three attempts.
Mason Core: Arts (p. 142)

Recommended Prerequisite: Sophomore standing (30 credit hours completed).

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 415: Advanced Sound Engineering. 3 credits.
Advanced study in theory and practice of audio engineering for theater and the entertainment industry. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 315 and THR 230 or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 420: Advanced Performance Studio. 3 credits.
Advanced scene study for stage and film. Rotating topics address professional perspectives and acting styles. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 9 credits.

Registration Restrictions:
Required Prerequisite: THR 320\(^C\).
\(^C\) Requires minimum grade of C.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 421: One-Person Show. 3 credits.
Explores creative writing, staging, and performance while developing short, original work culminating in the successful writing, a one-person show. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 210 and 310 or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 423: Audition Techniques: Stage and Camera. 3 credits.
Develops effective audition techniques for performers through preparation of material for stage and camera, and explores industry standards and casting protocols through practical application. Offered by Theatre (p. 878). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: (THR 310\(^C\)).
\(^C\) Requires minimum grade of C.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 424: Contemporary Women Playwrights. 3 credits.
Explores identity and culture, sexuality and gender, work, relationships, and power through the eyes of female dramatists and performance artists. Analyzes texts and issues through readings, video, and live performances. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 9 credits.

Recommended Prerequisite: Junior standing or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 425: Verse Speaking. 3 credits.
Explores verse literature and mechanics of verse structure through reading, discussing, and reciting major verse plays of Western drama from the Middle Ages through the 20th century. Focuses on various verse forms, paying particular attention to vocal clues within verse structure, the meaning of rhythm, and practicing vocal techniques used in speaking texts in class. Students also prepare weekly presentations of playwrights, and historical backgrounds of plays and their periods. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: THR 210 and 310 or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 427: Musical Theater Workshop. 3 credits.
Develops performance techniques necessary for performance in musical theater. Students will prepare and perform musical theater pieces. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 12 credits.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 428: Musical Theater Ensemble. 3 credits.
Rehearses a musical or musical theater review in a workshop environment. The result of the work will be public performance(s). Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Audition.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

THR 434: Advanced Lighting Design. 3 credits.
In-depth study of lighting design focused on the aesthetics of stage lighting and advanced conceptualization and communication of design ideas. Extensive work with script analysis, research, and graphic representation of theatrical lighting designs. Intensive practical experience in laboratory and production assignments. Offered by Theatre (p. 878). Limited to three attempts.
Recommended Prerequisite: THR 230, THR 334, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 440: Advanced Studies in Directing/Dramaturgy. 3 credits.
Examines theory and practice of collaborative development of production ideas by director and dramaturg teams. Students draw from extensive study in field to support production ideas from classical and modern repertoire to be presented as written and oral projects before faculty panel. Offered by Theatre (p. 878). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Recommended Prerequisite: Junior or Senior standing. Completion, or concurrent enrollment in, all Mason Core courses. THR 150 or 151, and THR 329, or permission of instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 448: Foundations of Theater Education. 3 credits.
Introduces and explores various theater teaching specialties. Examines philosophical, pedagogical, and practical issues in context of diverse teaching situations and venues that range from public school to undergraduate and graduate training to commercial establishments. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Junior standing (60 credit hours completed) and Theater Teaching Concentration admission requirements or permission of the instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 449: Elementary Theater Education. 3 credits.
An in-depth exploration of teaching methods and classroom management for PK-6 theater education. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Junior standing (60 credit hours completed) Theater Teaching Concentration admission requirements or permission of the instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 450: Secondary Theater Education. 3 credits.
This course explores teaching methods for theater that are appropriate for all students, including exceptional students, gifted and talented, and those with disabling conditions. It will cover requirements of the Virginia Theater Standards of learning, curriculum and instructional procedures for secondary grades 6-12 (both middle and secondary schools). Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: Junior standing (60 credit hours completed) Theater Teaching Concentration admission requirements or permission of the instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 455: Theater Education Internship. 6-12 credits.
Full semester of supervised teaching experience in approved school programs PK-12. Credits based on number of teaching contact hours per week. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 12 credits.

Recommended Prerequisite: Successful completion of Theater Teaching Concentration Coursework and students must pass the VCLA before student teaching (and the Praxis II (Theater: Content Knowledge) test during the internship semester).

Schedule Type: Internship

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 480: Advanced Playwriting. 3 credits.
Advanced playwriting workshop in which students explore their own voice in theatrical writing. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: THR 381 or Permission of Instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 482: Advanced Screenplay Workshop. 3 credits.
Screenwriting workshop emphasizing student development in screenplay form, structure, and storytelling with emphasis on craft, character, and story culminating in a screenplay. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Specialized Designation: Writing Intensive in Major

Recommended Prerequisite: THR 382 or ENGH 332/ENGH 372 or other writing preparation course as approved by the instructor.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 484: Translation & Adaptation for Stage & Screen. 3 credits.
This interdisciplinary course will introduce students to the arts of translation and adaptation for the stage and screen. Students will read examples of translations and adaptations, identify challenges in each, and discuss them with professionals who translate or adapt works for theater, film and/or opera. Students are also expected to apply their skills to one short and one long translation/adaptation project, and present their work to the class. Offered by Theatre (p. 878). Limited to three attempts.

Recommended Prerequisite: Junior standing

Schedule Type: Seminar
THR 493: Field Experience. 1-6 credits.
Experience in a theatrical organization to provide opportunity to apply classroom training, knowledge, skills, and theory in a professional situation. Activity must be approved by department chair. Offered by Theatre (p. 878). May be repeated within the term for a maximum 12 credits.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

THR 495: Senior Capstone Project. 3 credits.
Student must submit a written project proposal to area of concentration for consultation. If accepted, proposal will be presented to the full faculty for approval. Notes: Production proposals will be subject to calendar availability. Course is repeatable with permission of Chair. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Must have declared a concentration, have completed at least 60 credit hours, and must have completed 4 credits of Practicum.

Schedule Type: Studio

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 496: Text in Production. 3 credits.
In-depth investigation of collaborative nature of theatrical arts. Examines discrete creative disciplines; acting, directing, dramaturgy, and design as discussed by distinguished professionals and scholars. In-depth exploration of one selected playscript for the entire semester. Students will work collaboratively in small groups to research, design, direct, and perform scenes from selected text. Offered by Theatre (p. 878). Limited to three attempts.

Mason Core: Synthesis (p. 142)

Recommended Prerequisite: Completion or concurrent enrollment in all theater core courses and in all other required Mason Core courses.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

THR 497: Independent Study. 1-6 credits.
Individual research and creative project in close consultation with instructor. Selection from projects in performance, directing, technical theater and design, playwriting, or theater history and criticism. Notes: May be repeated, provided suffix citing specific course content is different. Offered by Theatre (p. 878). May be repeated within the term for a maximum 24 credits.

Recommended Prerequisite: Open only to THR majors with 90 hours and by permission of department chair.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
500 Level Courses

THR 525: Advanced Musical Theater Workshop. 3 credits.
Students hone performance techniques necessary for performance in musical theater and contemporary operetta. Students will practice and perform musical theater pieces. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 530: Topics in Theater Design. 3 credits.
In-depth study of scenic, costume, lighting, or sound design. Extensive work with script analysis, historical and conceptual research, visual communication of design ideas, and technical paperwork. Focus on aesthetics, production requirements, and collaboration. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 12 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Special scale. (p. 84)

THR 539: Aesthetics for the Theater. 3 credits.
Students will develop skills in design while exploring significant developments within the area of concentration. Creative projects, including research and design, will be supervised on an individual basis. Offered by Theatre (p. 878). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 540: Directing Techniques. 3 credits.
As an examination of the directorial process for stage and screen, this course will explore directing theory, preparation, and practice. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 548: Advanced Foundations of Theater Education. 3 credits.
Explores various theater teaching specialties in venues that range from public school to undergraduate and graduate training to commercial establishments. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Graduate standing, eligibility for post-baccalaureate certificate in Theater Education or permission of the instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 549: Advanced Elementary Theater Ed. 3 credits.
An in-depth exploration of teaching methods and classroom management for PK-6 theater education combined with advanced managerial skill training. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Graduate standing, eligibility for post-baccalaureate in Theatre Education Licensure, or permission of the instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)
THR 550: Advanced Secondary Education. 3 credits.
This course explores teaching methods for theater that are appropriate for all students, including exceptional students, including gifted and talented and those with disabling conditions. It will cover requirements of the Virginia Theater Standards of Learning, curriculum and instructional procedures, as well as theater classroom management, for secondary grades 6-12 (both middle and secondary schools). Offered by Theatre (p. 878). May not be repeated for credit.

Recommended Prerequisite: Graduate standing, eligibility for post-baccalaureate certificate in Theater Education or permission of the instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 555: Theater Education Internship. 1-12 credits.
Full semester of supervised teaching experience in approved school programs PK-12. Credits based on number of teaching contact hours per week. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 12 credits.

Recommended Prerequisite: Successful completion of Theater Teaching Concentration Coursework and students must pass the VCLA and Praxis I prior to the internship semester.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Internship
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 560: Advanced Script Analysis. 3 credits.
Critical analysis of dramatic literature as preparation for production and performance. Examination of plot, character, theme, audience impact, and cultural context, and the transformation of intellectual ideas into physical theatrical production elements. Offered by Theatre (p. 878). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 571: Advanced Playwriting Workshop. 3 credits.
Advanced playwriting workshop in which students explore their own voice in theatrical writing. Offered by Theatre (p. 878). May not be repeated for credit.

Recommended Prerequisite: Undergraduate degree or equivalent, or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 590: Special Topics for Graduate Study. 1-6 credits.
Rotating topic. Advanced seminar in topics for stage and screen studies, including education, performance, design, research, writing, and styles in theater or other media. Offered by Theatre (p. 878). May be repeated within the term for a maximum 18 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

THR 591: Graduate Seminar. 1-3 credits.
Addresses the realities living and working in the theater and the film industry. Notes: Rotating Topics. Dependent on credits hours offered, class time will vary from 1 hour to 2 hours, 40 minutes. Offered by Theatre (p. 878). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to students with a major in Theatre.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture
Grading:
This course is graded on the Graduate Regular scale. (p. 84)

**THR 599: Independent Study. 1-6 credits.**
Independent reading, performance, or research on a specific project under direction of selected faculty member. May include attendance in a parallel undergraduate course. Offered by Theatre (p. 878). May be repeated within the term for a maximum 18 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

### 600 Level Courses

**THR 610: Acting Mentorship. 3 credits.**
This class gives students the chance to work with a faculty mentor while they apply their acting skills to a full-length public performance. Students create a record of the creative process through mentored practical production assignments. Actors enrolled in this course must receive prior approval for their projects for the stage or screen and will be expected to submit a written reflection on the complete acting process. Offered by Theatre (p. 878). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**THR 620: Acting Techniques. 3 credits.**
Students explore selected acting techniques for stage and screen. Topics vary from scene work to specialty areas - such as movement, voice and style - with an emphasis on developing bold physical, psychological and emotional expression. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 12 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**THR 630: Design Mentorship. 3 credits.**
Students work with a mentor while they apply design and technical skills to a full-length public performance. Students create a record of the creative process through mentored practical production assignments. Students must receive prior approval on projects for the stage or screen and will be expected to submit a written reflection on the process. Notes: Students must attain a B or higher to receive credit. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**THR 640: Directing Mentorship. 3 credits.**
This class gives students the chance to work with a faculty mentor while they apply their directing skills to a full-length public performance. Students create a record of the creative process through mentored practical production assignments. Directors enrolled in this course must receive prior approval for their projects for the stage or screen and will be expected to submit a written reflection on the full directorial process. Offered by Theatre (p. 878). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**THR 651: Advanced Dramatic Theory and Criticism. 3 credits.**
A chronological study of development of dramatic theory and criticism from Plato and Aristotle through modern movements. Students read plays, theoretical works, and critical responses, and write original criticism of performances or texts. They also take turns leading critical texts, meet one-on-one with their instructor for individualized mentoring, and prepare at least one essay for publication. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 9 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)
**THR 652: Writing Seminar. 3 credits.**

Students develop writing skills and explore significant developments and periods within the field. Offered by Theatre (p. 878). May not be repeated for credit.

**Recommended Prerequisite:** Admission to Graduate Program in CVPA.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

---

**THR 655: Teaching Practicum. 3 credits.**

Students develop and teach undergraduate curriculum related to their area of emphasis. Notes: Students must attain a B or higher to receive credit. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

**Recommended Prerequisite:** Admission to Graduate Program in CVPA.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Internship

---

**THR 691: Professional Development. 1 credit.**

Students develop materials and strategies toward the next stage of career in the field. Offered by Theatre (p. 878). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Independent Study

---

**THR 694: Graduate Field Experience. 1-6 credits.**

Experience in a professional theater or screen production. Activity is subject to prior faculty approval. Students will present a final portfolio of work. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Internship

---

**THR 696: Advanced Acting Practicum. 3 credits.**

Academic credit awarded for satisfactory completion of a minimum of 60 hours approved production experience. Offered by Theatre (p. 878). May be repeated within the degree.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Laboratory

---

**THR 697: Advanced Playwriting and Dramaturgy Practicum. 1-3 credits.**

Academic credit awarded for satisfactory completion of a minimum of 60 hours approved production experience. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Laboratory

---

**THR 698: Advanced Directing Practicum. 1-3 credits.**

Academic credit awarded for satisfactory completion of a minimum of 60 hours approved production experience. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.
Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Laboratory

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

THR 699: Advanced Design Practicum. 1-3 credits.
Academic credit awarded for satisfactory completion of a minimum of 60 hours of approved production experience. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Laboratory

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

THR 740: Directors and Dramaturg in Collaboration. 3 credits.
Students work in director-dramaturg pairs to create a hypothetical theater company, craft its mission, plan its season and pitch their ideas for production. Additional assignments include a director's approach, dramaturg's protocol, annotated bibliography, research paper and lecture on a related topic. Notes: Students must attain a B or higher to receive credit. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

Registration Restrictions:
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

THR 755: Academic Track Practicum. 3 credits.
Students prepare a semester worth of course material for undergraduate class. Notes: Students must attain a B or higher to receive credit. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

Recommended Prerequisite: Admission to Graduate Program in CVPA.

Registration Restrictions:
Enrollment limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Laboratory

Grading:
This course is graded on the Graduate Special scale. (p. 84)

THR 790: Directed Research. 3 credits.
Students delve into a specialty topic of research in the area of emphasis within the Theater concentration. Notes: Students must attain a grade of B or higher to receive credit. Offered by Theatre (p. 878). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study

Grading:
This course is graded on the Graduate Special scale. (p. 84)

THR 796: Directed Reading. 1 credit.
In preparation for a thesis, students develop and complete a body of reading relating to their thesis. Offered by Theatre (p. 878). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study

Grading:
This course is graded on the Graduate Special scale. (p. 84)

THR 797: Project Preparation. 3 credits.
Students document their pre-production process in preparation for their culminating artistic project. Notes: Students must attain a B or higher to receive credit. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 6 credits.

Recommended Corequisite: THR 796.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Independent Study

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

THR 798: Project Practicum. 3 credits.
Students document their production process during the culminating artistic project. Notes: Students must attain a B or higher to receive credit. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

Recommended Corequisite: THR 797.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Thesis

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)
THR 799: Thesis. 1-3 credits.
Students reflect upon their culminating artistic project and articulate original conclusions regarding practice in their area of emphasis. Notes: Subject to Faculty majority. Students must attain a B or higher to receive credit. Offered by Theatre (p. 878). May be repeated within the degree for a maximum 3 credits.

Recommended Prerequisite: Research Methods Core Requirement.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Thesis

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

Tourism and Events Management (TOUR)

100 Level Courses

TOUR 110: Professionalism and Civility. 1 credit.
Focuses on developing competencies in the areas of professionalism and civility in a variety of settings including professional image, conduct at work, telephone, written, oral, and electronic etiquette, table manners, and social networking with an emphasis on the cultural needs for honoring commitments and obligation. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 190: Wedding Planning. 3 credits.
Introduction to the planning and management of weddings. Explores social, political, economic, cultural, religious, and historical influences on wedding planning decision-making and business strategies. Reviews practices relevant to successful wedding planning, and consultancy for diverse clients and settings. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

TOUR 200: Introduction to Tourism Management. 3 credits.
Introduces travel and tourism from local to international levels. Covers the scale, scope and organization of the industry. Emphasizes the development and management of natural, cultural, heritage and recreational resources of tourism. Identifies issues related to the economic, technological and political aspects of tourism. Notes: Open to nonmajors. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 210: Global Understanding through Travel and Tourism. 3 credits.
Examines tourism as a global industry and human activity that promotes and facilitates understanding of historical and cultural values, and of international institutions that characterize the broader global system. Notes: Open to nonmajors. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 214: Hospitality Tourism and Events Management Accounting. 3 credits.
Provides an overview of financial accounting for hospitality, tourism and event managers. Presents financial accounting from the perspective of recording financial transactions, developing financial statements and evaluating investment and operational decisions. Emphasizes efficient use of spreadsheets in managerial decision making. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 220: Introduction to Event Management. 3 credits.
Explores principles and practices of managing medium- and large scale events including festivals, conventions, concerts, shows, sporting events, and ceremonies. Emphasizes organization, site preparation, communications, personnel, and security as well as evaluation and innovation. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 221: Event Implementation and Evaluation. 3 credits.
Introduction to event implementation and evaluation through involvement in on-site event delivery and analysis. Studies participant motivation and economic, social, environmental, and cultural impacts in relation to an event’s products and services. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 220°.
°Requires minimum grade of D.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 230: Introduction to Hospitality Management. 3 credits.
This course is an introduction to hospitality management, including an overview of management in the hospitality industry and professional opportunities. The concepts and practices of hospitality management are examined and discussed. The scope and forms of hospitality organizations are reviewed, as well as trends within these organizations. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 241: Hospitality, Tourism, and Events Management Practicum. 3 credits.
Provides 120 hours of introductory supervised professional fieldwork experience in an approved tourism, events, or hospitality management setting for 10 to 14 weeks (10 weeks only for the Summer term) under the supervision of a practicum Faculty Supervisor and Agency Supervisor. Includes meetings and assignments before, during, and after the practicum. Notes: Students must complete the mandatory pre-experience orientation session online before registering for this course. Hourly requirement per week is 15-20 for Summer term. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: TOUR 200D, 220D and 230D.
D Requires minimum grade of D.

Students with a class of Freshman may not enroll.

Enrollment is limited to students with a major in Tourism and Events Management.

Schedule Type: Internship

Grading: This course is graded on the Satisfactory/No Credit scale. (p. 84)

300 Level Courses

TOUR 301: Hotel Management. 3 credits.
Explores interrelated systems in hotel management, including front desk, reservations, housekeeping, food/beverage, telecommunications, guest services and security. Reviews and segments hotel products and associated management challenges. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 230D.
D Requires minimum grade of D.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 310: Food and Beverage Management. 3 credits.
Explores the principles of foodservice management regarding production and selling of food and beverage products. Categorizes various types of food, wine, beer and spirits. Reviews foodservice buying, pricing, menu planning, production, storage, service, controls and quality assurance. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 230D.
D Requires minimum grade of D.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 311: Women and Tourism. 3 credits.
Focuses on women as hosts and guests. Using social theory, explores issues regarding the history and evolution of tourism as a gendered system. Addresses family, solo and business travel, and employment, taking into consideration issues related to more and lesser developed countries as they relate to the roles of women in international tourism. Notes: Open to nonmajors. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Mason Core: Social/Behavioral Sciences (p. 142)

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 313: Event Technical Production. 3 credits.
Explores theoretical and practical considerations of event technology. Examines specifications, layout installation techniques and operation of sound systems, lighting systems and video systems for event industry sectors. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 220D.
D Requires minimum grade of D.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 314: Hospitality, Tourism, and Events Revenue Management. 3 credits.
Provides an overview of revenue management as utilized in a hospitality context. Presents the dynamics of revenue management and demonstrates strategic and operations perspectives. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: TOUR 200C, 220C or 230C.
C Requires minimum grade of C.

Students with a class of Freshman or Sophomore may not enroll.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 320: Hospitality, Tourism and Event Management Information Systems. 3 credits.
Introduces management information systems (MIS) technology and its application to hospitality, tourism and event management (HTEM) sectors from managerial and strategic perspectives. Surveys computer applications, products and trends in gathering, analyzing, storing and communicating information within the HTEM sectors. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: TOUR 200D, 220D or 230D.
D Requires minimum grade of D.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 330: Resort Management. 3 credits.
Surveys effective practices in the management of resort recreation enterprises. Examines basic resort operations, including front desk, food and beverage, amenities, and housekeeping. Covers management of a variety of resort types, such as ski resorts, beach resorts, dude ranches, business retreats, adventure camps, health spas, and golf resorts. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: TOUR 200\(^D\) or 230\(^D\).
\(^D\) Requires minimum grade of D.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 331: Cruise Ship Management. 3 credits.
Surveys effective practices in the management and operation of cruise ships. Includes on-site examination of basic cruise operations including sales and booking, food and beverages, hotel operations, security, recreation activities, shore excursions and personnel management. Examines historical foundations of the cruise industry, related leisure and management theory, and leisure trends specific to mass international maritime travel. Notes: Includes on-campus classroom lectures and week-long on-board cruise ship instructional experience. Must be 21 years of age by beginning of semester. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: TOUR 200\(^C\) and 230\(^C\).
\(^C\) Requires minimum grade of C.

Students with a class of Freshman or Sophomore may not enroll.

Enrollment is limited to students with a major in Tourism and Events Management.

Enrollment limited to students in a Bachelor of Science degree.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 340: Sustainable Tourism. 3 credits.
Studies the characteristics of environmentally, economically and socioculturally sustainable tourism and assesses the possibilities and limitations for its implementation within a variety of destinations and product settings. Emphasizes conventional “mass” tourism and small-scale “alternative” tourism as they apply to hospitality, event, and tourism management. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Specialized Designation: Green Leaf Focused Course

Registration Restrictions:
Required Prerequisite: TOUR 200\(^D\).
\(^D\) Requires minimum grade of D.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 341: Film and Medical Tourism. 3 credits.
This two-part course introduces film-induced tourism and medical tourism. The evolution of each type of tourism, and the opportunities and challenges of each type of tourism, will be explored in-depth. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 200\(^C\).
\(^C\) Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 342: Sacred Spaces and Dark Tourism. 3 credits.
In-depth examination of the tourist experience at popular sacred sites and at attractions that offer socially unapproved or harmful personal touristic experiences. Management issues at touristic sacred sites and dark tourism enterprises will be identified and compared. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 200\(^C\).
\(^C\) Requires minimum grade of C.

Enrollment limited to students with a class of Junior, Senior Plus or Senior.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 343: Wine and Food Tourism. 3 credits.
Considers the characteristics of food and wine tourism related to environmental, economic and socio-cultural sustainable tourism and assess the possibilities and limitations for implementation within a variety of destinations and settings. Includes the development of the global food chain, artisan food and drink production, and the role of food and wine in the tourist experience. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 200\(^C\).
\(^C\) Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 352: Heritage and Cultural Tourism. 3 credits.
Analyzes historical and cultural attractions, including museums, canals, monuments, pilgrimage sites, military sites, and cultural and heritage landscapes. Covers presentation and interpretation, African-American and Native American heritage, management and operational considerations, and marketing. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 200\(^D\).
\(^D\) Requires minimum grade of D.
Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 355: Event Logistics. 3 credits.
Explores practical considerations of event logistics and operations for conferences, conventions and exhibitions throughout the event industry sector. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 220\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 362: Cultural and Environmental Interpretation. 3 credits.
Focuses on communication processes and practices used by professionals to explain and interpret special characteristics of cultural and environmental resource sites for visitors. Discusses conceptual principles for planning interpretive programs, as well as techniques for analyzing and disseminating information and entertainment through various media. Examines delivery of interpretive messages across a variety of audiences, strategies for programming interpretive services, and the administration and evaluation of interpretive services at tourism, event, and recreation sites. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts. Equivalent to PRLS 362.

Registration Restrictions:
Required Prerequisites: PRLS 300\textsuperscript{C} or TOUR 352\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses

TOUR 410: Tourism Economics. 3 credits.
Introduces both macro and micro economic theory as it relates to hospitality, tourism and events management fields. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 241\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 412: Hospitality, Tourism, and Events Management Marketing and Sales. 3 credits.
Provides understanding and tools for marketing and management of financial resources in entrepreneurial tourism enterprises. Also includes market planning, business planning, feasibility assessment, investment analysis, basic accounting, and operational control. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: TOUR 241\textsuperscript{C} or PRLS 241\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 414: Hospitality, Tourism, and Events Management Finance. 3 credits.
Develops skills and competencies for the management of financial resources in hospitality, tourism and events management enterprises. Covers economic principles, the time value of money, revenue streams, pricing and expenditure management. Applies fundamental principles to personal financial management. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisites: TOUR 241\textsuperscript{C} and 214\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 420: Tourism Planning/Policy. 3 credits.
Principles of planning and policy that apply to integrated and sustainable tourism development at the international, national, state, regional, local, and site scale. Considers government, industry, and community perspectives. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Specialized Designation: Green Leaf Focused Course

Registration Restrictions:
Required Prerequisite: TOUR 241\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 430: Destination Marketing and Management. 3 credits.
Discusses the theories and concepts of destination management with a comprehensive approach that emphasizes planning, development, and marketing a destination. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 241\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 440: Meetings and Conventions. 3 credits.
Analyzes meetings, incentives, conventions, and exhibitions with respect to business environment and structure, industry suppliers, site and facility selection, human resource management, legal and financial issues, marketing and promotion, and event organization. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 241\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 445: Restaurant Management. 3 credits.
Advances knowledge gained in Food and Beverage Management, basic cooking skills, and human resource management to include hands-on operations of a full-service restaurant. Knowledge needed to successfully manage both back-of-the-house and front-of-the-house operations will be taught. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: Safe Serve Certification

Registration Restrictions:
Required Prerequisites: TOUR 310\textsuperscript{C}, 450\textsuperscript{C} and NUTR 410\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Laboratory

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 450: Hospitality Human Resources Management. 3 credits.
Reviews concepts and methods related to the achievement of strategic business goals through employee recruitment, training and development. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 241\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 460: Hospitality Facilities Operations. 3 credits.
Explores the principles applied to facilities systems operations in hospitality sectors. Considers design, planning, layout and maintenance of hospitality properties and systems. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 230\textsuperscript{C}.
\textsuperscript{C} Requires minimum grade of C.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 470: Career Preparation. 1 credit.
Focuses on current issues in tourism, events and hospitality management with an emphasis on career development strategies. Notes: Meets for half the semester Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Registration Restrictions:
Required Prerequisite: TOUR 241\textsuperscript{D}.
\textsuperscript{D} Requires minimum grade of D.

Students with a class of Freshman or Sophomore may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 480: Special Topics. 1-3 credits.
Selected topics reflect interest in specialized area of tourism and events management. Announced in advance. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the term for a maximum 9 credits.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TOUR 490: Hospitality, Tourism, and Events Management Internship. 12 credits.
Provides 400 hours of advanced supervised professional experience in an approved tourism, events, or hospitality management setting for a minimum of 30 hours/week, and a maximum of 40 hours/week (summer term only). Provides a continuous and structured opportunity to apply principles and skills developed in the classroom to the solution of practical problems. Notes: Students must attend mandatory pre-experience orientation session before registering and must participate in the mandatory final presentations upon completion of internship. Can register for only one additional course for up to 3 credits. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Mason Core: Capstone (p. 142)

Registration Restrictions:
Required Prerequisites: TOUR 241\textsuperscript{D} and 470\textsuperscript{D}.
\textsuperscript{D} Requires minimum grade of D.

Enrollment limited to students with a class of Senior Plus or Senior.

Enrollment is limited to students with a major in Tourism and Events Management.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

TOUR 499: Independent Study. 1-3 credits.
Faculty directed independent study of approved topics in tourism and events management. Offered by Recreation, Health & Tourism (p. 221). Limited to three attempts.

Recommended Prerequisite: TOUR 200 and 220, and 90 credits.

Registration Restrictions:
Enrollment is limited to students with a major in Tourism and Events Management.

Schedule Type: Independent Study

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)
500 Level Courses

TOUR 540: Sustainable Tourism Management. 3 credits.
Examines components and interrelationships within tourism systems and assesses the potential economic, sociocultural, and environmental impacts associated with this sector. Considers managerial strategies that minimize the negative impacts and maximize the positive impacts, thereby attaining sustainable tourism. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Specialized Designation: Green Leaf Focused Course

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TOUR 598: Special Topics in Hospitality, Tourism and Events Management. 3 credits.
Focuses on Hospitality, Tourism and Events Management projects related to sport and recreation studies. Offered by Recreation, Health & Tourism (p. 221). May be repeated within the degree for a maximum 6 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

100 Level Courses

TURK 110: Elementary Turkish. 6 credits.
Introduces elements of grammar, vocabulary, oral skills, listening comprehension, and reading. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

700 Level Courses

TOUR 710: Advanced Administrative Practices in Tourism and Events. 3 credits.
Explores best practices in the administration of tourism and events businesses. Particular emphasis will be placed on contract management, and strategic planning for dynamic markets and changing technologies, with specific applications to geographically dispersed consumers and suppliers. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

TOUR 712: Marketing Tourism and Event Planning Services. 3 credits.
Focuses on the unique challenges and opportunities faced by tourism and event marketers in producing, delivering, pricing, and promoting tourism and event services. Offered by Recreation, Health & Tourism (p. 221). May not be repeated for credit.

Registration Restrictions:
Enrollment is limited to Graduate or Non-Degree level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

Turkish (TURK)

100 Level Courses

TURK 110: Elementary Turkish. 6 credits.
Introduces elements of grammar, vocabulary, oral skills, listening comprehension, and reading. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

TURK 201: Intermediate Turkish I. 3 credits.
Further development of skills in listening, speaking, and writing. Notes: TURK 201 and 202 must be taken in sequence. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: TURK 110, or permission of department.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

TURK 202: Intermediate Turkish II. 3 credits.
Further development of skills in listening, speaking, and writing. Notes: TURK 201 and 202 must be taken in sequence. Offered by Modern & Classical Languages (p. 424). Limited to three attempts.

Recommended Prerequisite: TURK 201, or permission of department
University Studies (UNIV)

100 Level Courses

UNIV 100: *Introduction to Mason.* 1 credit.
This course assists first-year students with their transition from high school to college life at Mason. It helps students to be successful through academic skill-building, educational planning, and career preparation. It provides information regarding campus resources and ways to engage in the Mason community. Although all sections have a core curriculum, certain sections also focus on a particular theme, student population, or course of study. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 106, UNIV 108, UNIV 140, UNIV 150, UNIV 160.

Registration Restrictions:
Enrollment limited to students with a class of Freshman.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 150: *INTO Mason Pathway Transition.* 0-1 credits.
Assists first-year international and multilingual standard and accelerated pathway students with their transition from high school to college life. It helps prepare students for successful progression to their chosen degree plan the promoting acculturation to academic norms and expectations at Mason, the development of self-efficacy, and engagement with the Mason community. It encourages to seek out and take full advantage of a wide range of campus resources. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 106.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 160: *INTO Mason Pathway Extended Transition.* 0-1 credits.
Serves as a continuation of UNIV 140. It provides extended first-year transition support for standard pathway students in the second semester. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 100, UNIV 106, UNIV 140, UNIV 150.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 106: *Mason Transitions for Diverse Learners I.* 0-2 credits.
Assists first-year students with their transition from high school to college life and offers the opportunity to learn resources, skills, and strategies that will guide them to academic success. This course is open only to diverse learners identified by Disability Services. Offered by Provost's Office (p. 1190). May be repeated within the degree for a maximum 2 credits. Equivalent to UNIV 100, UNIV 108, UNIV 150, UNIV 160.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Special scale. (p. 84)

UNIV 108: *Mason Transition.* 0-1 credits.
Specialized transition to Mason courses with identified student populations. Notes: Only repeatable with department approval. Offered by Provost's Office (p. 1190). May be repeated within the degree for a maximum 2 credits. Equivalent to UNIV 100, UNIV 106, UNIV 140, UNIV 150, UNIV 160.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 140: *Academic Success.* 0-1 credits.
Focuses on academic transition and planning issues for students in their first or second year. Emphasis is placed on resources and techniques to assist students with improving their academic performance. Students work closely with the instructor to track their academic progress over the course of the semester. Offered by Provost's Office (p. 1190). Limited to three attempts.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 141: *First Year Living Learning Communities.* 0-1 credits.
This course is available for students who are members of a first year LLC. It is the learning component of the program for students who live together on a residence hall floor. The course follows the core University 100 curriculum, but is tailored to the particular theme or academic discipline of the LLC. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 100, UNIV 106, UNIV 140, UNIV 150, UNIV 160.

Registration Restrictions:
Enrollment limited to students with a class of Freshman.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 151: *First Year Living Learning Communities Extended Transition.* 0-1 credits.
This course serves as a continuation of University 150 into the second freshman semester. It extends the transition support of students in the First Learning Communities Program. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 101, UNIV 141.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 160: University Scholars Transition Seminar. 0-2 credits.
A first year transition seminar for students in the University Scholars Program. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 100, UNIV 106, UNIV 108, UNIV 140, UNIV 150.

Recommended Prerequisite: Admittance to the University Scholars Program.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 170: Special Topics. 0-1 credits.
Varied UNIV course topics are offered to first and second year undergraduate students. Notes: May be repeated when topic is different. Offered by Provost's Office (p. 1190). May be repeated within the term for a maximum 3 credits.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 190: Introduction to Research Opportunities. 0-1 credits.
Provides an opportunity to learn more about participating in research and creative projects at Mason and acquire skills needed to be successful in research. Offered by Provost's Office (p. 1190). Limited to three attempts.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

**200 Level Courses**

UNIV 206: Mason Transitions for Diverse Learners II. 0-2 credits.
Explores identity and social development within the university environment. This course is open only to diverse learners identified by Disability Services. Offered by Provost's Office (p. 1190). May be repeated within the degree for a maximum 2 credits.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Special scale. (p. 84)

UNIV 220: Decide and Confirm Majors. 0-1 credits.
This course focuses on helping students clarify or choose a major or career. Students explore and assess their interests, values and skills, as well as research various majors, careers, and the world of work as information for the decision-making process. Notes: Only one of UNIV 220, UNIV 320, UNIV 420, UNIV 421, or UNIV 422 may be taken per semester. Offered by Provost's Office (p. 1190). Limited to three attempts.

Recommended Prerequisite: Second-semester freshman standing.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 250: Second Year Living Learning Communities. 0-1 credits.
Students in a Second Year Living Learning Community live together on a residence hall floor and attend this course together to fulfill the learning component of the LLC program. Notes: For students who are members of a Second Year Living Learning Community. Offered by Provost's Office (p. 1190). Limited to three attempts.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

**300 Level Courses**

UNIV 300: Transfer Transition. 0-1 credits.
This course assists new transfer students with a successful transition to Mason. This course addresses academic success, time management, and course schedule planning, as well as graduate school/career readiness, degree requirements, and other university policies and procedures. Students explore campus resources and opportunities for engaging in the Mason community. Notes: Only transfer students in their first or second semester at Mason are eligible to take this course. Only repeatable with department approval. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 302, UNIV 303, UNIV 305, UNIV 308.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 302: College of Science Transfer Transition. 0-1 credits.
This course is intended for new transfer students in the College of Science to assist them with a successful transition to Mason. This course addresses academic success, time management, and course schedule planning, as well as graduate school/career readiness, degree requirements, and other university policies and procedures. Students explore campus resources and opportunities for engaging in the Mason community. Notes: Only transfer students in their first or second semester at Mason are eligible to take this course. Only repeatable with department approval. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 300, UNIV 303, UNIV 305, UNIV 308.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 303: Veteran Transition. 1 credit.
This course is for students with veteran status. Based on theory and research specific to the needs of veterans, this course builds a foundation for success in college and beyond, including career planning, translating military experience on a resume, practical interviewing techniques, and networking and engaging with other veterans in a military-friendly environment. Notes: Only transfer students in their first or second semester at Mason are eligible to take this course. Only repeatable with department approval. Offered by Provost's Office (p. 1190). Limited to three attempts. Equivalent to UNIV 300, UNIV 302, UNIV 305, UNIV 308.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 304: Bachelor Individualized Studies Transfer Transition. 1 credit.
This course serves new transfer students in the Bachelors of Individualized Studies (BIS) program, and assists them with a successful transition to Mason. Students develop relationships with peers, staff,
Registration Restrictions:
Enrollment limited to students with a class of Junior, Senior Plus or Senior.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 320: Internship and Career Readiness. 0-1 credits.
This course helps students confirm major/career choices and actively pursue internships, research assistantships, and other career-related experiences. With a focus on career readiness, students prepare a resume and cover letter, practice interviewing techniques, and conduct career research. Notes: Only one of UNIV 220, UNIV 320, UNIV 420, UNIV 421, or UNIV 422 may be taken per semester. Offered by Provost’s Office (p. 1190). Limited to three attempts. Equivalent to UNIV 306.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 330: Peer Leadership: Peer Advisors. 0-1 credits.
This course prepares upperclass students to serve as University 100 Peer Advisors, a role that helps first-year students transition successfully from high school to college. This course provides Peer Advisors with the necessary information, tools, and resources to co-teach University 100 effectively. Notes: For students who have been selected as a Peer Advisor by the University Transitions Program. Only repeatable with department approval. Offered by Provost’s Office (p. 1190). Limited to three attempts.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 331: Peer Leadership: Patriot Leaders. 0-1 credits.
This course introduces students who will serve as Patriot Leaders to the principles of effective leadership. Students will apply knowledge gained through the course directly to their roles and responsibilities as Patriot Leaders through readings and discussions, experiential activities, and class assignments. Notes: For students who have been selected as a Patriot Leader by the New Student and Family Programs Office. Offered by Provost’s Office (p. 1190). May be repeated within the degree for a maximum 1 credits.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 332: Peer Leadership: Resident Advisors. 0-1 credits.
For students who have been selected for Resident Advisor education by the Office of Housing and Residence Life. Notes: For students who have been selected as a Resident Advisor by the Office of Housing and Residence Life. Enrollment is contingent upon approval by Student Academic Affairs - Advising, Retention, and Transitions - in consultation with the Office of Housing and Residence Life. Only repeatable with department approval. Offered by Provost’s Office (p. 1190). May be repeated within the degree for a maximum 2 credits.

Schedule Type: Seminar

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

**UNIV 333: Peer Leadership: Peer Mentors.** 0-1 credits.
Prepares students to serve as Peer Mentors in a variety of Mason departments and programs. Students learn and put into practice leadership approaches and strategies. They become familiar with communication tools and campus resources that will enable them to mentor fellow students successfully. Notes: For students who have been selected as a Peer Mentor in a Mason department or program. Only repeatable with department approval. Offered by Provost’s Office (p. 1190). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**UNIV 350: Third Year Living Learning Communities.** 0-1 credits.
Students in a Third Year Living Learning Community live together on a residence hall floor and attend this course together to fulfill the learning component of the LLC program. Notes: For students who are a member of a Third Year Living Learning Community. Offered by Provost’s Office (p. 1190). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**UNIV 370: Special Topics.** 0-1 credits.
Notes: May be repeated when topic is different. Offered by Provost’s Office (p. 1190). May be repeated within the term for a maximum 3 credits.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**UNIV 371: Dimensions of Well-Being.** 0-1 credits.
Introduces students to the terminology and basic science of well-being. Students will learn about evidence-based practices to cultivate resilience, optimism, mindfulness, and happiness. Practical application assignments will give students a chance to experiment with building a lifestyle to promote greater well-being. The course also addresses community and national well-being and the shared responsibilities of enhancing well-being in our society. Offered by Provost’s Office (p. 1190). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**UNIV 391: Students as Scholars Scholarly Inquiry.** 0-9 credits.
Students contribute to scholarly, research, or creative projects by engaging in the recursive process of scholarly inquiry as preparation for participation in an individualized original project. Students will hold regular meetings with their project mentor, and make satisfactory contributions to the project. Notes: Enrollment only with permission from OSCAR. Offered by Provost’s Office (p. 1190). May be repeated within the degree for a maximum 27 credits.

**Specialized Designation:** Scholarly Inquiry.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

### 400 Level Courses

**UNIV 406: Mason Transitions for Diverse Learners IV.** 0-2 credits.
Prepares students for the workplace or graduate school. Students will practice interviewing and interpersonal skills, as well as develop and practice strategies for success in post-graduation endeavors. This course is open only to diverse learners identified by Disability Services. Offered by Provost’s Office (p. 1190). May be repeated within the degree for a maximum 2 credits.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Special scale. (p. 84)

**UNIV 420: College to Career.** 1 credit.
This course supports second semester juniors and seniors with transitioning into the professional workplace. Students develop a tailored resume and cover letter, refine their interviewing skills, and discuss important workforce issues, such as compensation packages and workplace dynamics. Notes: Only one of UNIV 220, UNIV 320, UNIV 420, UNIV 421, or UNIV 422 may be taken per semester. Offered by Provost’s Office (p. 1190). Limited to three attempts. Equivalent to ENGH 303, FRLN 309, GLOA 305, HIST 385, PHIL 393.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**UNIV 421: College to Graduate School.** 1 credit.
This course supports second semester juniors and seniors. The academic emphasis is on transition readiness for graduate or professional school. Students learn about application and testing options and strategies, interviewing skills, budgeting, and career development. Notes: Only one of UNIV 220, UNIV 320, UNIV 420, UNIV 421, or UNIV 422 may be taken per semester. Offered by Provost’s Office (p. 1190). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**UNIV 422: Professional Skills Development.** 0-1 credits.
Is for seniors preparing for success in the workplace. Course topics include: building skills employers demand, advocating for yourself in challenging situations, preparing for performance reviews, understanding employment benefits such as compensation, health, and financial plans, and more. This course helps prepare students for meeting 21st century workplace challenges in a practical, experiential, and collaborative workplace-simulated environment. Notes: Only one of UNIV 220, UNIV 320, UNIV 420, UNIV 421, or UNIV 422 may be taken per semester. Offered by Provost’s Office (p. 1190). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)
UNIV 490: Critical Decisions in Postgraduate Transitions. 0-1 credits.
This course guides and supports students through the postgraduate fellowship application process and postgraduate decisions. Students create a resume, complete a fellowship application, prepare for a scholarship interview, and refine their educational and career goals. Notes: Enrollment through the Office of Fellowships. Only repeatable with approval from the Office of Fellowships. Offered by Provost's Office (p. 1190). May be repeated within the degree for a maximum 1 credits.

Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 491: RS: Students as Scholars Individualized Scholarly Experience. 0-9 credits.
Students actively participate in the process of scholarship and make a significant contribution to the creation of scholarly, research, or creative project. Students meet regularly with their project mentor, make satisfactory progress towards the completion of the project, and create a disciplinary product for evaluation. Notes: Enrollment only with permission from OSCAR. Offered by Provost's Office (p. 1190). May be repeated within the degree for a maximum 27 credits.

Specialized Designation: Research/Scholarship Intensive
Schedule Type: Independent Study
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 495: RS: Undergraduate Research Scholars Program Seminar. 0-1 credits.
Students accepted into Undergraduate Research Scholars Program participate in a weekly seminar, hold regular meetings with their project mentor, and make satisfactory progress on their research or creative project. At the end of the semester, students either complete their project and present the results in a professional context or apply for continuation through UNIV 496. See oscar.gmu.edu for more information and application. Notes: Enrollment only with acceptance into the URSP through OSCAR. Offered by Provost's Office (p. 1190). Limited to three attempts.

Specialized Designation: Research/Scholarship Intensive
Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

UNIV 496: RS: Undergraduate Research Scholars Program Continuation. 0 credits.
Students continuing their participation in the Undergraduate Research Scholars Program hold regular meetings with their project mentor and make satisfactory progress on their research or creative project. At the end of the semester, students either complete their project and present the results in a professional context or apply for continuation. See oscar.gmu.edu for more information and application. Notes: Enrollment only with acceptance into the URSP through OSCAR. Offered by Provost's Office (p. 1190). May be repeated within the degree.

Specialized Designation: Research/Scholarship Intensive
Recommended Prerequisite: UNIV 495.

Urban and Suburban Studies (USST) 300 Level Courses
USST 301: Urban Growth in a Shrinking World. 3 credits.
Examines process of urbanization historically and comparatively. For major world regions, attention is given to the political economy of urbanization and its impact on social and economic relations. Examines growing globalization of the world economy, implications for urban life, and urban political economy of the future. Offered by Schar School of Policy & Govt (p. 961). Limited to three attempts.

Specialized Designation: Green Leaf Related Course
Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

USST 390: Special Topics in Urban and Suburban Studies. 3 credits.
Subject varies according to specialization of instructor. Offered by Schar School of Policy & Govt (p. 961). Limited to three attempts.

Schedule Type: Lecture
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

400 Level Courses
USST 401: Seminar: The Future of Metropolitan America. 3 credits.
Examines trends in the development of American metropolis, including impact of information economy and technological developments on metropolitan form and life, continuing outward growth and increasing decentralization of metropolitan areas, changing functional organization of urban space, and continued social segregation in metropolitan areas. Analyzes contemporary predictions about future of metropolitan life in America, and explores how alternative public policies can shape that future. Students work on research projects in metro area. Offered by Schar School of Policy & Govt (p. 961). Limited to three attempts.

Recommended Prerequisite: 12 hours of USST approved courses, including USST 301, or Permission of Instructor.
Schedule Type: Seminar
Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

USST 490: Internship. 3 credits.
Approved work-study programs that focus on urban and suburban issues with an approved agency or firm. Placement depends on student qualifications and availability of positions. Students work with onsite supervisor and coordinator of urban and suburban studies. Offered by Schar School of Policy & Govt (p. 961). Limited to three attempts.

Recommended Prerequisite: Open only to authorized students with 12 hours of USST; see USST coordinator. Individualized Section Form required.
Schedule Type: Internship
Volgenau School of Engineering (VSE)

500 Level Courses

VSE 501: Fundamentals of Computing, Engineering & Technology Education. 3 credits.
Aimed at educating future and current engineering faculty on basic concepts, ideas, and issues of computing, engineering, and technology (CET) education to prepare them for future professoriate career and/or help improve current teaching practices. The course material provides a broad introduction to CET education covering historical foundations, theories of learning, and current topics of interest. It focuses on key conceptual questions related to CET learning including what are the characteristics of CET cognition, how is it different than other content areas, what approaches work best for CET learning, how to use theory-driven approaches in education, and the role of technology, including learning analytics and educational data mining, in CET education. Offered by Volgenau School of Engineering (p. 1011). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

Recommended Corequisite: Completion of at least 18 credit hours.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate or Non-Degree.

Students in a Non-Degree Undergraduate degree may not enroll.

Enrollment limited to students in the Volgenau School of Engineering college.

Schedule Type: Internship

Grading:
This course is graded on the Satisfactory/No Credit scale. (p. 84)

Women and Gender Studies (WMST)

100 Level Courses

WMST 100: Global Representations of Women. 3 credits.
Explores ways women are portrayed around the world in advertising, film, TV, cartoons, and news media; literature and religious texts; as well as photography, and the visual and performing arts. Through interdisciplinary study, students evaluate the powerful effects these representations have on the political, economic, and social lives of women throughout the world. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Mason Core: Global Understanding (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

200 Level Courses

WMST 200: Introduction to Women and Gender Studies. 3 credits.
Interdisciplinary introduction to women’s, gender and sexuality studies, encompassing key concepts in the field, history of women’s movements and women’s studies in America, cross-cultural constructions of gender, and a thematic emphasis on the diversity of women’s experience across class, race, and cultural lines. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Mason Core: Social/Behavioral Sciences (p. 142)

Schedule Type: Lecture

Grading:
This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 208: Introduction to Lesbian, Gay, Bisexual, Transgender, and Queer Studies. 3 credits.
Explores major events in lesbian, gay, bisexual, transgender, transsexual, and queer culture and history in the United States to understand how identities, experiences, and movements have been socially constructed and have changed in different times and places, often as a result of race, class, and gender inequities. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.
**Recommended Prerequisite:** WMST 200: Introduction to Women and Gender Studies

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

### 300 Level Courses

**WMST 300: Current Issues in Women and Gender Studies.** 1-6 credits. Study of selected topics central to contemporary women and gender studies. Topics vary but include subjects such as women and violence, women and international development, women’s myth and ritual, LGBTQ topics, the history and politics of sexuality, psychoanalysis, and religion. Notes: May be repeated for credit when topic is different. Offered by Women & Gender Studies (p. 2286). May be repeated within the term.

**Recommended Prerequisite:** WMST 200 or permission of instructor.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 307: Women and Work.** 3 credits. Historical and contemporary accounts of women's participation in paid and unpaid labor. Analyzes the nature of women's work through the divisions in the labor market due to gender, race, nationality, ethnicity, and class. Provides a detailed look at occupational sex segregation, sexual harassment, the glass ceiling, and the role of religion, culture, and education in determining women's opportunities and their value as workers and as family providers. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Recommended Prerequisite:** 30 credits.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 309: Black Social Movements: Gendering of Violence and Activism.** 3 credits. Examines racialized gendered conceptions of popular culture, violence, and the legal system and their role in structuring systems of segregation, discrimination and exclusion. Looks at the gendered strategies and conflicts of organizations that arose to combat racial violence and overturn legal and social barriers to equal opportunity and citizenship rights. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 314: Stories of Gender and Human Rights.** 3 credits. Examines global human rights issues through memoir, poetry and fiction. Explores the ways women use literary expression to voice their dissent and to struggle against human rights violations. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 315: Women During the Enslavement Era.** 3 credits. Examines the general experiences of enslaved women and nominally free women. Includes the lives of female reformers involved in the public arena as orators, writers, preachers, abolitionists and women's rights activists. Explores the effect of gender, class, and race on the development of ideologies concerning abolition, colonization, women's rights, and enslavement. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 316: Gendered Pan-Africanism.** 3 credits. Gendered Pan-Africanism. Explores the writings and activism of African Americans who traveled to Africa in search of a shared cultural past and present or an opportunity to build pan-African allegiances. Examines these encounters within the context of the Cold War, US civil rights and African anti-colonial movements, and racial and gender ideologies of the time. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 318: Gender, Social Justice, and Activism.** 3 credits. Course will address historical and contemporary social movements and the intersections of gender into these movements. Will serve as the Gender and Social Justice Living Learning Community Common Course and each year will change topics. Offered by Women & Gender Studies (p. 2286). May be repeated within the degree for a maximum 12 credits.

**Recommended Prerequisite:** This course is intended for students who are enrolled in the Gender and Social Justice Living Learning Community only.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 319: Gender, Health, and Culture in the United States.** 3 credits. Examines issues related to gender, culture, and health in the United States from a variety of interdisciplinary perspectives. Encompasses racial and ethnic identification, geographic region, sexual orientation, gender identity, generational status. Will be framed to emphasize the interplay between cultural, social, economic, environmental, and political factors associated with health, and methodological issues in research on
400 Level Courses

WMST 400: Internship in Women and Gender Studies. 1-3 credits. Community- or campus-based service or experiential learning related to women's or gender issues. Independent course in which students develop, in consultation with a faculty member, individual contracts defining the learning and competencies they plan to gain from the experience. Includes a paper and/or portfolio component. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Recommended Prerequisite: WMST 200 or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 330: Theoretical Perspectives in Women and Gender Studies. 3 credits. Introduces students to theoretical work in feminism, women's and gender studies, and queer theory. Examines the history of feminist and queer theories, key concepts and thinkers, and the intersection of feminist and queer theories with other areas of social analysis such as race and class. Explores social inequalities and forms of resistance. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Recommended Prerequisite: WMST 200 or permission of instructor.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 375: Gender, Race, Sexuality, and TV. 3 credits. Focuses on constructions of race, gender, and sexuality in contemporary and classical television and how these identity groups are represented on television today. Examines the genres of television programs and how the medium of consumption of television is important when looking at reception of a series (Prime Time, Netflix, etc.). Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Schedule Type: Seminar

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 390: Study Abroad. 1-3 credits. Study abroad under supervision of George Mason University faculty. Course topics, content and locations vary. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 399: Current Topics in LGBTQ Studies. 3 credits. Examines contemporary issues and policies within LGBTQ issues. Explores the intersections of race, gender, age, class, disability, and national identity in relation to LGBTQ identities. May be repeated for credit when the topic is different. Offered by Women & Gender Studies (p. 2286). May be repeated within the term for a maximum 18 credits.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 400: Internship in Women and Gender Studies. 1-3 credits. Community- or campus-based service or experiential learning related to women's or gender issues. Independent course in which students develop, in consultation with a faculty member, individual contracts defining the learning and competencies they plan to gain from the experience. Includes a paper and/or portfolio component. Offered by Women & Gender Studies (p. 2286). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Completion of 60 hours, WMST 200 or permission of instructor.

Schedule Type: Internship

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 401: Experiential Learning in Women and Gender Studies. 1-3 credits. Community- or campus-based service or experiential learning as it relates to a specific WMST course, taken at the same time. Students develop, in consultation with faculty member, individual contracts defining learning and competencies they plan to gain from the experience. Notes: Only 3 credits of WMST 400 or 401 may be applied toward the women and gender studies interdisciplinary minor. Offered by Women & Gender Studies (p. 2286). May be repeated within the degree for a maximum 6 credits.

Recommended Prerequisite: Concurrent enrollment in women and gender studies course and approval of advisor and instructor.

Schedule Type: Internship

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 402: Queer Theory. 3 credits. Challenges rigid categories and definitions in order to create a space for marginalized voices. Examines the inconsistencies and erasures that often characterize notions of sex, gender, sexuality, and sexual desire. Explores categories that intersect with sexualized identities such as race, ethnicity, class, nationality, location, and age. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Schedule Type: Lecture

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 403: Lesbian and Bisexual Theories. 3 credits. Examines how lesbian and bisexual theories intersect with other interdisciplinary areas of thought, including feminist and queer theory, psychoanalysis and poststructuralist theory, disability theory, critical race theory, and theories of transnationalism and globalization. Focuses on lesbian and bisexual subjectivities; lesbian historiography and methods; lesbian and bisexual representation in the media; and lesbian and bisexual identities in a transnational frame. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

Recommended Prerequisite: WMST 208, WMST 402

Schedule Type: Seminar

Grading: This course is graded on the Undergraduate Regular scale. (p. 84)

WMST 404: Gender, Sexuality, and Disability. 3 credits. Examines the social construction of disability as it pertains to questions of gender, sexuality, race, and class; representations of disability in literature and film; disability, embodiment, and reproductive rights; queerness and disability; the concept of “passing” and invisible disabilities: asexuality and disability; and rhetorics of disability in the U.S.
academy. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 405: Social Dynamics of Family Violence.** 3 credits.
Through seminar readings, videos, assignments, and class discussions, course explores forms of family violence, including child abuse, elder abuse, and intimate partner, and same-gender couple violence. Includes discussions of intervention, prevention and solutions. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 406: Gender and Violence in Social Institutions.** 3 credits.
Examines gender-based violence in institutions such as the military, prisons, the Catholic Church, sports, and fraternities that share structural qualities including sex segregation, high rates of violence, and internal systems of justice. Concludes by examining strategies to reduce violence in each institution. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 407: Transnational Sexualities.** 3 credits.
Explore the globalization of sexual identities, cultures, and social movements from a transnational perspective. Engaging with literature from across the social sciences and humanities, we will consider how sexual rights discourse get defined and utilized in relation to theories of desire and the body; sexual health and reproductive rights; sex work; travel and tourism; border-crossing and migration; and neoliberalism and development. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 408: Gender, Sexuality, and Human Rights.** 3 credits.
Explores the globalization of women’s and LGBTQ human rights discourses from transnational and global perspectives. Issues include: women’s human rights and the war on terrorism; rape and sexual violence; HIV/AIDS; sex work and sex trafficking; girls’ human rights; lesbian, gay, bisexual, transgender and intersex rights; and disability rights for women and sexual minorities. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 409: Gender, Sexuality, and International Migration.** 3 credits.
Explores how gender and sexuality structure contemporary processes of immigration and border-crossing in Europe and the U.S. Addresses the history of U.S. immigration controls in relation to questions of race, class, gender and sexuality; women’s and LGBTQ claims for political asylum in Europe and the United States; child migration; sex work, trafficking and migration; and feminist and queer anti-deportation activism. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 410: Feminist Approaches to Social Research.** 3 credits.
Introduces feminist approaches to social research for advanced undergraduate students. Focuses on the techniques for collecting, analyzing, and writing-up research data and examines central methodological issues raised by feminist scholars. Emphasizes a learning-by-doing approach to conducting social research. Recommended that students take WMST 330 before this course. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Specialized Designation:** Scholarly Inquiry

**Recommended Prerequisite:** WMST 410 or permission of instructor

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 411: RS: Feminist Research Practice.** 3 credits.
Undertake a semester-long research project investigating an issue of importance to feminist scholarship utilizing a variety of methods typically used by feminist scholars, including quantitative, qualitative, historical, or textual. Enhance understanding of techniques for collecting, analyzing, and writing up empirical material as well as critical engagement with ethical, interpretive, and representational considerations relating to feminist research. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Specialized Designation:** Research/Scholarship Intensive

**Recommended Prerequisite:** WMST 410 or permission of instructor

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 412: Challenging Pride: Bias Within the LGBTQ Community.** 3 credits.
Explores the other "isms" that exist within the LGBTQ community such as racism, sexism, classism, ageism, and xenophobia. Interrogates LGBTQ social movements both historical and contemporary in which many people who identify in this community are left out due to these intersecting systems of oppression. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 413: LGBTQ Issues in Education.** 3 credits.
Provides an overview of contemporary issues and concepts related to lesbian, gay, bisexual, trans, and queer persons and communities as they relate to systems, structures, and experiences within educational contexts, such as schools, museums, and community organizations.
Focuses on theories, methods, and practices to support learners and educators in settings inclusive of all sexual identities and orientations. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Recommended Prerequisite:** WMST 208

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 415: LGBTQ Health.** 3 credits.
Examines health status and health disparities among lesbian, gay, bisexual, transgender, and queer (LGBTQ) communities across the lifespan. Measurement and methodological considerations in LGBTQ health research, as well as health-related interventions targeting LGBTQ populations will be emphasized. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Recommended Prerequisite:** WMST 208: Introduction to LGBTQ Studies

**Schedule Type:** Lecture

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 416: Policing Black Bodies.** 3 credits.
Interrogates the myriad ways in which Black Bodies are formally and informally policed. Special focus is given to the ways in which Black women's bodies are policed not only by the criminal justice system, but also informally through sexual and intimate partner violence, forced sterilization and contraception. Course utilizes the theoretical lenses of intersectionality and of color blind racism. Offered by Women & Gender Studies (p. 2286). Limited to three attempts.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 450: Current Topics in Women and Gender Studies.** 1-3 credits.
Studies selected topics central to contemporary women and gender studies. Includes topics such as women and violence, women and international development, women's myth and ritual, LGBTQ topics, the history and politics of sexuality, disability, transnational issues and religion. Offered by Women & Gender Studies (p. 2286). May be repeated within the term for a maximum 18 credits.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

**WMST 490: Independent Study in Women and Gender Studies.** 1-3 credits.
Reading or research on a specific topic related to women and/or gender issues, under the direction of a faculty member. May involve a combination of reading assignments, tutorials, papers, presentations, or off-campus activities. Offered by Women & Gender Studies (p. 2286). May be repeated within the degree for a maximum 6 credits.

**Recommended Prerequisite:** WMST 200 or Permission of Instructor.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Undergraduate Regular scale. (p. 84)

### 500 Level Courses

**WMST 503: Lesbian and Bisexual Theories.** 3 credits.
Examines how lesbian and bisexual theories intersect with other interdisciplinary areas of thought, including feminist and queer theory, psychoanalysis and poststructuralist theory, disability theory, critical race theory, and theories of transnationalism and globalization. Focuses on lesbian and bisexual subjectivities; lesbian historiography and methods; lesbian and bisexual representation in the media; and lesbian and bisexual identities in a transnational frame. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

**Recommended Prerequisite:** WMST 208, WMST 402

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**WMST 504: Gender, Sexuality, and Disability.** 3 credits.
Examines the social construction of disability as it pertains to questions of gender, sexuality, race, and class; representations of disability in literature and film; disability, embodiment, and reproductive rights; queerness and disability; the concept of "passing" and invisible disabilities: asexuality and disability; and rhetorics of disability in the U.S. academy. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

**WMST 505: Social Dynamics of Family Violence.** 3 credits.
Through seminar readings, videos, assignments, and class discussions, course explores forms of family violence, including child abuse, elder abuse, and intimate partner, and same-gender couple violence. Includes discussions of intervention, prevention and solutions. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

**Schedule Type:** Seminar

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

WMST 506: Gender and Violence in Social Institutions. 3 credits.
Examines gender-based violence in institutions such as the military, prisons, the Catholic Church, sports, and fraternities that share structural qualities including sex segregation, high rates of violence, and internal systems of justice. Concludes by examining strategies to reduce violence in each institution. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 507: Transnational Sexualities. 3 credits.
Explore the globalization of sexual identities, cultures, and social movements from a transnational perspective. Engaging with literature from across the social sciences and humanities, we will consider how sexual rights discourse get defined and utilized in relation to theories of desire and the body; sexual health and reproductive rights; sex work; travel and tourism; border-crossing and migration; and neoliberalism and development. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 508: Gender, Sexuality, and Human Rights. 3 credits.
Explores the globalization of women's and LGBTQ human rights discourses from transnational and global perspectives. Issues include: women's human rights and the war on terrorism; rape and sexual violence; HIV/AIDS; sex work and sex trafficking; girls' human rights; lesbian, gay, bisexual, transgender and intersex rights; and disability rights for women and sexual minorities. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 509: Gender, Sexuality, and International Migration. 3 credits.
Explores how gender and sexuality structure contemporary processes of immigration and border-crossing in Europe and the U.S. Addresses the history of U.S. immigration controls in relation to questions of race, class, gender and sexuality; women's and LGBTQ claims for political asylum in Europe and the United States; child migration; sex work, trafficking and migration; and feminist and queer anti-deportation activism. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 516: Policing Black Bodies. 3 credits.
Interrogates the myriad ways in which Black Bodies are formally and informally policed. Special focus is given to the ways in which Black women's bodies are policed not only by the criminal justice system, but also informally through sexual and intimate partner violence, forced sterilization and contraception. Course utilizes the theoretical lenses of intersectionality and of color blind racism. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 550: Current Topics in Women and Gender Studies. 1-3 credits.
Studies selected topics central to contemporary women and gender studies. Includes topics such as women and violence, women and international development, women's myth and ritual, LGBTQ topics, the history and politics of sexuality, disability, disability, transnational issues and religion. Offered by Women & Gender Studies (p. 2286). May be repeated within the term for a maximum 18 credits.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

600 Level Courses

WMST 600: Special Topics. 3 credits.
Study of selected topics central to contemporary women and gender studies. Topics vary but include representation and images, violence,
public policy, international development, transmigration of labor, myth and ritual, history and politics of sexuality, psychoanalysis, and religion. Notes: May be repeated for credit when topic is different. Offered by Women & Gender Studies (p. 2286). May be repeated within the term.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 602: Queer Theory. 3 credits.
Challenges rigid categories and definitions in order to create a space for marginalized voices. Examines the inconsistencies and erasures that often characterize notions of sex, gender, sexuality, and sexual desire. Explores categories that intersect with sexualized identities such as race, ethnicity, class, nationality, location, and age. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 610: Feminist Approaches to Social Research. 3 credits.
Introduces feminist approaches to social research. Focuses on the techniques for collecting, analyzing, and writing-up research data and examines central methodological issues raised by feminist scholars. Emphasizes a learning-by-doing approach to conducting social research. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Recommended Prerequisite: 3 credits of 600-level WMST courses, or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 611: Feminist Research Practice. 3 credits.
Undertake a semester-long research project investigating an issue of importance to feminist scholarship utilizing a variety of methods typically used by feminist scholars, including quantitative, qualitative, historical, or textual. Enhance understanding of techniques for collecting, analyzing, and writing up empirical material as well as critical engagement with ethical, interpretive, and representational considerations relating to feminist research. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Recommended Prerequisite: WMST 610 or permission of instructor.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 630: Feminist Theories across the Disciplines. 3 credits.
Multidisciplinary course examines the central issues of feminist theory and explores the various strategies of feminist theorists. Analyzes the ways in which feminist theories have challenged established disciplinary boundaries and contested the traditional assumptions of the humanities, the social sciences, and the sciences. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)

WMST 640: Transnational and Global Feminisms. 3 credits.
Multidisciplinary course explores the complex issues women face in different regions of the world. Addresses women's diverse and shared transnational and global concerns and provides students with the tools to analyze and understand women in a global context. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

Registration Restrictions:
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Seminar

Grading:
This course is graded on the Graduate Regular scale. (p. 84)
WMST 690: Directed Readings and Research in Women and Gender Studies. 1-3 credits.
Advanced individualized study of gender through readings, discussion, research, and/or projects under the direction and supervision of a member of the women's studies faculty. Offered by Women & Gender Studies (p. 2286). May be repeated within the term for a maximum 9 credits.

**Recommended Prerequisite:** Admission to graduate program in woman's studies and permission of director.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Research

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

WMST 695: Internship. 3 credits.
Community or campus-based service or experiential learning related to women's or gender issues. Students develop, in consultation with a faculty member, individual contracts defining the learning and competencies they plan to gain from the experience. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

**Recommended Prerequisite:** Completion of 15 graduate credits in Interdisciplinary Studies, including 9 credits in Women and Gender Studies or permission of instructor.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Internship

**Grading:**
This course is graded on the Graduate Regular scale. (p. 84)

WMST 699: Capstone Portfolio. 0 credits.
Prior to graduation and in consultation with their advisor, students will reflect on and synthesize their work in the women and gender studies certificate program by selecting three items taken from their work in the program and discussing these items in a 7-10 page essay. Work selected may include course papers, videos of their performances, exhibit photos, music recordings, and other items as agreed upon by student and advisor. Offered by Women & Gender Studies (p. 2286). May not be repeated for credit.

**Recommended Prerequisite:** Students must have completed their course work for women and gender studies certificate or be in the last semester of their course work.

**Registration Restrictions:**
Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non-Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may **not** enroll.

**Schedule Type:** Independent Study

**Grading:**
This course is graded on the Satisfactory/No Credit scale. (p. 84)
